POLICE DEPARTMENT.

The 19th June 1891.

NOTICES.

A reward of Rs. 300 (Rs. 200 by Government and Rs. 100 by Phaniyappa, brother of the deceased Nemar Krishna Rao of the Koppa Taluk) is offered for such information as will lead to the detection of the case and the apprehension of the murderer.

The 30th June 1891.

A reward of Rs. 50 is offered by Government to any one furnishing information as will lead to the detection of Khasim Sab, as per undermentioned descriptive roll, who absconded after murdering his Nika wife Baiya on the night of the 21st June 1891, in a mantapam situated in Venkatappa's field near Bandiraddipalya attached to Kotamanahalli, Yesavantapur Station, Bangalore Taluk.

Descriptive Roll.

Name.—Khasim Sab, *Age.*—About 45 years, *Caste.*—Musalman, *Color.*—Fair, was a spare man.

He had a scanty beard with grey hairs here and there. Was a Railway gang cooly. Had sunken cheeks. Wore a white turband, a jacket with black spots (chintz) and a trousers covering himself with a pair of handkerchief. Talks Telugu, Canarese and Tamil besides his native tongue.

Is supposed to be a native of Cuddappa or Kurnool.

Was at times seen wearing a coat or vest of European pattern.

L. RICKETTS,
Inspector General of Police.

EDUCATION DEPARTMENT.

NOTIFICATION.

The 1st July 1891.

As the present Head of the Government Central Book Depôt at Bangalore is styled Curator, Educational Employés and the general public are requested, when writing to the Depôt for books and stationery, to address the Curator, Government Central Book Depôt and to make all remittances payable to the same officer.

H. J. BHABHA,
Education Secretary.

BANGALORE DISTRICT.

NOTIFICATIONS.

The 17th June 1891.

It is hereby notified for general information, that the right to collect the Pasare products in the District Jungles of Dodballapur Taluk, for the year Khara 1891-92, will be sold by public auction at the Taluk Cutcherry, by the Amildar on the 18th July 1891, at 12 noon.

2. Bids will not be accepted after the time fixed for the sale has expired.

3. The highest bidder shall, immediately on the closing of the sale, deposit 25 per cent of the sale amount and shall also give proper security for the payment of the balance, soon after the confirmation of the sale.

4. When such deposit shall not be made over, nor the remaining purchase money paid up in due course, the Pasare products shall be resold at the expense and risk of the first purchaser.

5. The sale held by the Amildar will be subject to the confirmation of the Deputy Commissioner, Bangalore District.

6. The Pasare products shall be removed before the end of February next and after which date admission into the jungles will be strictly prohibited.

7. The purchaser shall be strictly responsible for the safety of the trees in the jungles and he shall in no way damage the trees in collecting the Forest products.

8. The purchaser is not entitled to the Pasare products of the trees in the holdings of all raiyats, but, as usual, is entitled only to the products of those trees that are in batayi.

The 19th June 1891.

It is hereby notified for general information, that the right to collect the Pasare products in the District Jungles of Anekal Taluk, for the year Khara, 1891-92, will be sold by public auction, by the Amildar on the dates specified below :—

Jungle.	*Date of Sale.*	*Where Sale will be held.*
Tamanayakanahalli, District Jungle.	18th July 1891.	Taluk Cutcherry at Anekal.
Ragihalli, District Jungle.	20th July 1891.	

2. Bids will not be accepted after the time fixed for the sale has expired.

3. The highest bidder shall, immediately on the closing of the sale, deposit 25 per cent of the sale amount and shall also give proper security for the payment of the balance, soon after the confirmation of the sale.

4. When such deposit shall not be made over, nor the remaining purchase money paid up in due course, the Pasare products shall be resold at the expense and risk of the first purchaser.

5. The sale held by the Amildar will be subject to the confirmation of the Deputy Commissioner, Bangalore District.

6. The Pasare products shall be removed before the end of February next, and after which date admission into the jungles will be strictly prohibited.

7. The purchaser shall be strictly responsible for the safety of the trees in the jungles and he shall in no way damage the trees in collecting the Forest products.

8. The purchaser is not entitled to the Pasare products of the trees in the holdings of all raiyats, but, as usual, is entitled only to the products of those trees that are in batayi.

SYED NASIRUDDIN,
Offg. Dy. Commissioner.

KOLAR DISTRICT.

NOTIFICATIONS.

The 15th June 1891.

It is hereby notified for general information that the right of quarrying and removing granite stones from unoccupied Government lands in the undermentioned villages of the Bowringpet Taluk of the Kolar District, will be put up to public auction at the Taluk Cutcherry on the 20th July 1891, commencing from 11 A. M.

2. The sale will be conducted by the Amildar or Sheristadar of the Taluk.

3. The sale will not become absolute until it has been confirmed by the Deputy Commissioner of the Kolar District.

4. The lease will be in force up to 31st March 1892.

5. The purchaser will be required to deposit 25 per cent of the purchase money at the time of the sale and where the remainder of the purchase money together with the prescribed local cess on the whole amount at one anna in the Rupee, may not be paid within 7 days from the date of his being informed of the confirmation of the sale, the money so deposited shall be liable to forfeiture. Where such deposits shall not be made nor the remaining purchase money paid up, the right shall be re-sold at the expense, &c., and risk of the first purchaser.

6. The conditions of the sale are :—

(*a*) That the lessee is not to interfere with the grazing of the hulbanni izardars or renters of pasture.

(*b*) That the lessee is to allow unoccupied lands covered by the sale to be given out for cultivation by Government reserving to himself the right of taking the stones wherever found in them.

(c) That the lessee is not to interfere with the privileges conceded to the villagers by Government in respect of the removal of the stones required for their own *bonâ fide* domestic or agricultural purposes.

(d) That the lessee is to allow the removal of stones free of cost for Government works or works of public utility whenever such removal is permitted by the Deputy Commissioner.

(e) That in the exercise of his right, the lessee is not to do any act injurious to the land covered by the sale and which is likely to render it unfit for cultivation.

BETMANGALA HOBLI.

3	Chintamani	6	Chikballapur	9	Malur.

C. MADIAH,
Dy. Commissioner.

MYSORE DISTRICT.

NOTIFICATIONS.

The 22nd June 1891.

T. Ramachandra Rao, Acting Amildar and 3rd Class Magistrate of the Seringapatam Taluk, is hereby invested with the following additional powers :—

I. Power to make orders prohibiting repetitions of nuisances, Section 143, C. P. C.

II. Power to make orders under Section 144, C. P. C.

III. Power to take cognizance of offences upon complaints, Section 191, C. P. C.

IV. Power to take cognizance of offences upon Police reports, Section 191, C. P. C.

V. Power to hold inquests, Section 174, C. P. C.

D. NAMAKAL RAO,
Offg. District Magistrate.

The 24th June 1891.

It is hereby notified for general information that the right of collecting kuranga or whet stones in the Mandya Taluk will be put up to auction on the 13th day of August 1891 at the Taluk Cutcherry at 11 A. M.

2. The Amildar or Sheristadar will hold the sale.

3. The sale will not become absolute until it has been confirmed by the Sub-Division Officer, French Rocks.

The ... will be in force up to 31st March 1892.

5. The purchaser will be required to deposit twenty-five per cent of the purchase money at the time of sale and where the remainder of the purchase money, together with the prescribed local cess on the whole amount at one anna in the rupee, may not be paid within seven days from the date of his being informed by the Sub-Division Officer of the confirmation of the sale, the money so deposited shall be liable to forfeiture. When such deposits shall not be made nor the remaining purchase money paid up, the right shall be resold at the expense and risk of the first purchaser.

6. The conditions of the sale are:—

(*a*) That the lessee is not to collect the stone on occupied lands except with the consent of the occupants, who however are not authorized to collect the stones on their lands or to sell them to any person other than the lessee.

(*b*) That the lessee is not to interfere with the grazing of the hulbanni izardars or renters of pastures.

(*c*) That the lessee is to allow unoccupied lands to be given out for cultivation by Government, reserving to himself the right of collecting the stone wherever found in them.

(*d*) That the lessee shall not dig up the lands for the collection of the stone and if the lands are dug up, shall fill up the pits so as to leave the lands fit for cultivation.

D. DEVARAJ ARS,
Sub-Division Officer, French Rocks.

REMARKS.

There were 97 deaths during the month, 2 from small-pox, 27 from fever, 2 from bowel-complaints, 1 from suicide, 3 from wounding and 62 from other causes as detailed in the previous page.

The number of deaths in April 1891 as compared with that of March 1891 is as follows:—

Of Europeans nil against 1, Muhammadans 13 against 12, Hindus 84 against 79 being 5 more than the previous month and 205 below the total number registered in the corresponding month of the last year.

II. Letter from the Manager, Binny's Oil Mills, requesting remission of Octroi duty on copre or dry cocoanut used by them in extracting oil and also informing that it is proposed to open a Soap Manufactory in connection with the Oil Mill.

Resolution.—The application for the remission of Octroi duty on dry cocoanut cannot be entertained. There is no objection to establish a Soap Manufactory provided satisfactory arrangements are made to carry the drainage so as not to pollute the Agrahar Tank.

III. Proceedings of the Bangalore City Rate-Payers' Association, dated 23rd April 1891, received with the Honorary Secretary's docket, dated 29th April 1891.

Resolution.—The several matters noted in the Proceedings will be referred to the Vice-President and 2 of the Municipal Commissioners for enquiry and report.

IV. Docket No. 953, dated 16th April 1891, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, forwarding for favorable consideration letter from the resident Assistant Surgeon in charge, Maternity and Hospital for Women and Children, asking for an additional peon.

Resolution.—Sanctioned. The cost, *viz.*, Rs. 6 per mensen to be met from the savings under Maternity.

Additional Propositions.

I. Proceedings of the Government of Mysore No. 1703-10—Cir. No. 29, dated 15th May 1891, requesting that steps be at once taken in the City of Bangalore for giving effect to the rules regarding the constitution and conduct of business of the Mysore Representative Assembly.

Resolution.—Read and recorded. Necessary action will be taken by the Vice-President. Messrs. Hart and Sambasiva Iyer will be deputed to attend the Mysore Representative Assembly of 1891 in behalf of the City Municipality.

II. Mahazar from the residents of Laskar Lines praying for widening of the Laskar Line Road leading to Mavalli, &c.

Resolution.—The consideration of this project be deferred for the next Meeting of the Board.

III. Proceedings of Government of Mysore, No. 1663-5—L. 140, dated 13th instant, sanctioning the purchase of ornamental lamp posts for the Cubbon Park at a cost of Rs. 1,000 to be borne by Government.

Resolution.—Read and recorded.

IV. Application from Mr. Narasimmaiengar, requesting that the Karanji pipe may be carried to his new house in Sultanpete and stating that he would contribute a moiety of the cost of the work.

Resolution.—It is not considered advisable to sanction the opening of new Karanjis for the present. Mr. Narasimmaiengar may be informed accordingly.

V. Application from certain raiyats residing in Gaudanpete, Bidikalpete and Ranasingpete, requesting that the stacking of ragi straw in their backyard may not be interfered with.

Resolution.—The terms of the Municipal Regulation must be strictly enforced, the stacking in the backyards of houses being a source of danger to the City.

Muddappa, Esq.

Subjects.

I. Statements of receipts and disbursements on account of Municipal Board for the months of March and April 1891.

Passed.

II. Read letter from Educational Secretary No. 340—17, dated 15th April 1891, with regard to the two grants of Rs. 25 each to Sivarampete Girls' School and the Zanana School being blended into one.

Resolved—that the grant of Rs. 25 to the Girl School shall continue and the other grant of Rs. 25 shall be paid for Home teaching.

III. Read letter from Mr. Raja Rao, Municipal Commissioner, requesting reconsideration of the question of the imposition of tax on animals and the introduction of 'Tolls' system into the City of Mysore mentioned in Government Proceedings No. 13410—1765—L 37, datd 23rd February 1891.

Resolved—that the question be postponed to another Meeting.

IV. Applications with regard to house service pipes.

Resolved—that the applications be kept in abeyance till there is a sufficient quantity of water in the Kukarhalli tank.

V. Correspondence relating to the Dispensary newly to be opened at Eranagere.

Resolved—that the building may be purchased at the price offered if the Civil Surgeon approves of it for a Dispensary.

VI. The question of disposal of tenders received for the supply of Kerosine oil and wicks for 1891—92.

Resolved—that the subject be postponed to another Meeting.

VII. Appointment of Auditors for the year 1891—92.

Resolved—that Messrs. Shek Ibrahim Sahib, T. Nanjunda Setti and Dodda Mallanna be the Auditors for the year.

VIII. Read Yadi from Municipal Commissioner Mr. Amble Annaiya Pandit, recommending a grant-in-aid for the newly established Vernacular Schools in Krishnaraj and Fort Mohallas.

Resolved—that the subject be postponed to another Meeting.

IX. Remission statements of Mohatarfa tax.

Resolved—that the subject be postponed to another Meeting.

Proposed by Mr. Haigh and seconded by Mr. Raja Rao that the Board desires to place on record its appreciation of the energy, ability and courtesy with which Mr. Standish Lee did his work as Vice-President of this Municipality and unanimously accord to Mr. Muhammad Ali a hearty welcome.

Resolved—that an extract of the above Resolution be sent to Mr. Lee.

E. P. LOVERY,

POLICE DEPARTMENT.

The 9th July 1891.

NOTICES.

A reward of Rs. 700 (Rs. 200 by Government and Rs. 500 by Phaniyappa, brother of the deceased Nemar Krishna Rao of the Koppa Taluk) is offered for such information as will lead to the detection of the case. This cancels the notice of the 10th June 1891.

The 30th June 1891.

A reward of Rs. 50 is offered by Government to any one furnishing information as will lead to the detection of Khasim Sab, as per undermentioned descriptive roll, who absconded after murdering his Nika wife Baiya on the night of the 21st June 1891, in a mantapam situated in Venkatappa's field near Bandiraddipalya attached to Ketamanahalli, Yesavantapur Station, Bangalore Taluk.

Descriptive Roll.

Name.—Khasim Sab, *Age.*—About 45 years, *Caste.*—Musalman, *Color.*—Fair, was a spare man.

He had a scanty beard with grey hairs here and there. Was a Railway gang cooly. Had sunken cheeks. Wore a white turband, a jacket with black spots (chintz) and a trousers covering himself with a pair of handkerchief. Talks Telugu, Canarese and Tamil besides his native tongue.

Is supposed to be a native of Cuddappa or Kurnool.

Was at times seen wearing a coat or vest of European pattern.

L. RICKETTS,
Inspector General of Police.

SYED NASIRUDDIN,
Offg. Dy. Commissioner.

KOLAR DISTRICT.

NOTICE.

The 26th June 1891.

FIREWOOD SUPPLY TO THE GOLD MINES.

Sealed tenders will be received by the Deputy Commissioner, Kolar District, up to the 2nd August 1891 for the exclusive privilege of cutting firewood jointly in the undermentioned Block No. I and of the Block No. II (unworked) of the Kamasandra Jungles in the Bowringpet and Malur Taluks for a period of one year.

2. Each tender shall contain the highest rate of seigniorage offered per ton of 68 cubic feet stacked with sawn wood. No tenders shall be received unless accompanied by a deposit of Rs. 300 in cash or in currency notes.

3. The trees to be felled will be marked out by the Forest Department. The contractor shall bind himself in a reasonable penalty to fell only such trees in the manner required. No trees of the reserved kinds or fruit trees or trees bearing minor produce or trees reserved as standards shall be lopped or cut down.

4. The felling by contractor should include the trees on the demarcation lines within the blocks leased out to him.

5. Further particulars together with the conditions of contract can be ascertained by applying at the Deputy Commissioner's Office.

6. Tenders will be opened by the Deputy Commissioner, or any officer nominated by him, at his office at noon on the 2nd August 1891, in the presence of such tenderers as may choose to attend.

8. The deposit of the successful competitor will be retained and will be forfeited if he fails to execute the necessary agreement on proper stamp or to furnish security to the amount of Rs. 500 in cash within 10 days from the date of the acceptance of his offer being made known to him for the regular working and the due fulfilment of the terms of the agreement.

Tenders to be superscribed "Tenders for the exclusive privilege of cutting firewood from Block No. II and the notified part of Block No. I of the Kamasandra Jungles."

DESCRIPTION OF BLOCK No. II.

Boundaries.

} Felling permitted in the portions unworked by the late contractor.

C. MADIAH,
Dy. Commissioner.

MYSORE DISTRICT.

NOTIFICATION.

The 24th June 1891.

It is hereby notified for general information that the right of collecting kuranga or whet stones in the Mandya Taluk will be put up to auction on the 13th day of August 1891 at the Taluk Cutcherry at 11 A. M.

2. The Amildar or Sheristadar will hold the sale.

3. The sale will not become absolute until it has been confirmed by the Sub-Division Officer, French Rocks.

4. The lease will be in force up to 31st March 1892.

5. The purchaser will be required to deposit twenty-five per cent of the purchase money at the time of sale and where the remainder of the purchase money, together with the prescribed local cess on the whole amount at one anna in the rupee, may not be paid within seven days from the date of his being informed by the Sub-Division Officer of the confirmation of the sale, the money so deposited shall be liable to forfeiture. When such deposits shall not be made nor the remaining purchase money paid up, the right shall be resold at the expense and risk of the first purchaser.

6. The conditions of the sale are:—

(*a*) That the lessee is not to collect the stone on occupied lands except with the consent of the occupants, who however are not authorized to collect the stones on their lands or to sell them to any person other than the lessee.

(*b*) That the lessee is not to interfere with the grazing of the hulbanni izardars or renters of pastures.

(*c*) That the lessee is to allow unoccupied lands to be given out for cultivation by Government, reserving to himself the right of collecting the stone wherever found in them.

(*d*) That the lessee shall not dig up the lands for the collection of the stone and if the lands are dug up, shall fill up the pits so as to leave the lands fit for cultivation.

D. DEVARAJ ARS,
Sub-Division Officer, French Rocks.

A. F. DOBSON, M. B.,
for *Offg. Senior Surgeon and Sanitary Commr. with the Government of Mysore.*

CIVIL AND MILITARY STATION, BANGALORE.

IN THE COURT OF THE CIVIL JUDGE.

Mis. Application No. 220 *of* 1891.

In the matter of the estate of Haji Harun Janu Muhammad Sait .. .. *Deceased.*
Abbu Bakar Haji Harun Sait.. .. .. *Applicant.*

Whereas Abbu Bakar Haji Harun Sait, resident of Varada Mutheopen Street, Madras, claiming to be the son of the said Haji Harun Janu Muhammad Sait deceased, has applied to this court for a cer-

tificate under Act VII of 1889 to collect debts payable in respect of the estate of Haji Harun Janu Muhammad Sait deceased, resident of Civil and Military Station, Bangalore.

Notice is hereby given of the said application; and all claimants in the estate of the said Haji Harun Janu Muhammad Sait deceased, are invited to appear in this court on Wednesday, the 22nd day of July 1891, at 11 A. M., when the petition of the said Abbu Bakar Haji Harun Sait, applicant will be heard, and the right to the certificate will be determined.

Given under my hand and the seal of this court, this 2nd day of July 1891.

W. HILL,
Civil Judge.

COORG.

NOTICE.

The 30th June 1891.

Tenders are invited for carting to Hunsur the following logs of timber from the following Forests. The Deputy Conservator does not bind himself to accept the lowest or any tender. Tenders should be made separately for each Forest at a rate per cubic foot.

From Nalkeri Forest, average distance 30 miles, 500 logs of teak, honne, bite, &c., = 12,500 c. ft.

From Hutgut Forest, average distance 23 miles, 500 logs of teak, honne, bite, &c., =12,500 c. ft.

From Karmad Forest, average distance 25 miles, 500 logs, 12,500 c. ft. of teak, honne bite, &c.

From Arkeri Forest, average distance 20 miles, 300 logs of teak, honne, bite, &c.=10,500 c. ft.

From Tittimatti Forest, average distance 23 miles, 200 logs of teak, honne, bite, &c.=5,000 c. ft.

Tenders should be forwarded to the Deputy Conservator under sealed cover superscribed "Tenders for carting timber". Tenders will be opened in the Deputy Conservator's Office on the 1st August 1891.

The above timber to be delivered at Hunsur Depôt by the 30th of next April.

J. MICKEE,
Dy. Conservator of Forests.

REDUCTION IN THE PRICE OF THE PURE SULPHATE OF QUININE.

MANUFACTURED AT THE BENGAL GOVERNMENT CINCHONA PLANTATION.

On and after 1st April 1891, the price of this Quinine will be as follows :—

1	pound	tin	Rs.	16	„	or, post free,	Rs.	16	as.	12
½	„	„	„	8	„	or, post free,	„	8	„	8

FINANCIAL DEPARTMENT.

MYSORE RAILWAY LOAN, 1882.

The 6th July 1883.

The Mysore Government having arranged with Messrs. Coutts and Co., Bankers, No. 59 Strand, London, for payment by them of interest on such Debentures of the above Loan as may be enfaced for payment of interest in London, parties desirous of drawing the interest on their Debentures in London should send them to the office of the undersigned for enfacement.

Interest will be paid in Rupees by demand drafts in duplicate on the Bank of Madras, Madras.

No fee will be charged for enfacement.

H. HUDSON,
Comptroller.

THE MYSORE GAZETTE.

Published by Authority.

BANGALORE, SATURDAY, JULY 18, 1891.

☞ Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART II.

Notifications by the Govt. of India: Resident: Chief Court, &c.

FINANCIAL DEPARTMENT.

To—The Deputy Commissioners of Districts, Treasury Department, and the Comptroller in charge, Huzur Treasury, Circular letter No. 1756, *dated* 13*th July* 1891.

It has come to the notice of the Comptroller that the unauthorized practice has crept into the Revenue Deposit accounts in certain Districts, of grouping deposits of a similar nature remaining unpaid at the close of an official year and entering it in a lump-sum in the accounts of the next year as a fresh deposit, by debiting the same in the accounts of previous year as repayments. This practice is in direct contravention of Codal rules, and the Deputy Commissioners, Treasury Department, are requested to stop the practice wherever it exists and that all items which are not adjusted in the same year are invariably shown in the outstanding Balance Statement according to the entries in the original accounts, *vide* Chapter XV, Rule 7, of the Civil Account Code.

A. RANGASWAMAIENGAR,
Comptroller.

POLICE DEPARTMENT.

The 9th July 1891.

NOTICES.

A reward of Rs. 700 (Rs. 200 by Government and Rs. 500 by Phaniyappa, brother of the deceased Nemar Krishna Rao of the Koppa Taluk) is offered for such information as will lead to the detection of the case. This cancels the notice of the 10th June 1891.

The 30th June 1891.

A reward of Rs. 50 is offered by Government to any one furnishing information as will lead to the detection of Khasim Sab, as per undermentioned descriptive roll, who absconded after murdering his Nika wife Baiya on the night of the 21st June 1891, in a mantapam situated in Venkatappa's field near Bandiraddipalya attached to Ketamanahalli, Yesavantapur Station, Bangalore Taluk.

Descriptive Roll.

Name.—Khasim Sab, *Age.*—About 45 years, *Caste.*—Musalman, *Color.*—Fair, was a spare man.

He had a scanty beard with grey hairs here and there. Was a Railway gang cooly. Had sunken cheeks. Wore a white turband, a jacket with black spots (chintz) and a trousers covering himself with a pair of handkerchief. Talks Telugu, Canarese and Tamil besides his native tongue.

Is supposed to be a native of Cuddappa or Kurnool.

Was at times seen wearing a coat or vest of European pattern.

The 15th July 1891.

A reward of Rs. 50 (fifty) is offered for such information as will lead to the detection of a case of murder in which Valapat Munidasari is accused of having murdered his wife Burada Dasari Govindi at the village of Kutli, Magadi Taluk, on the night of the 29th ultimo, and is said to have absconded.

Descriptive Roll of the Offender.

Name.—Valapat Munidasari, *Father's Name.*—Ganga, *Caste.*—Burado Dasari, *Complexion, &c.*—Dark, round face, long nose, stout and of medium size, *Height.*—About 5 feet 6 inches, *Age.*—About 40 years.

Has two of his front teeth rivetted with gold wire flowered. Has a black discoloration of skin across his forehead about ½ an inch in breadth. Has heavy curling moustaches with one or two grey hairs, here and there. Has worn gold murus in his ears. Wears red turband. Had tied a white panche. Accustomed to sing songs and relate stories. Drinks arrack and toddy, smokes bhang. Always carries a bag containing ganja.

L. RICKETTS,
Inspector General of Police.

KOLAR DISTRICT.

NOTICE.

The 26th June 1891.

FIREWOOD SUPPLY TO THE GOLD MINES.

Sealed tenders will be received by the Deputy Commissioner, Kolar District, up to the 2nd August 1891 for the exclusive privilege of cutting firewood jointly in the undermentioned Block No. I and of the Block No. II (unworked) of the Kamasandra Jungles in the Bowringpet and Malur Taluks for a period of one year.

2. Each tender shall contain the highest rate of seigniorage offered per ton of 68 cubic feet stacked with sawn wood. No tenders shall be received unless accompanied by a deposit of Rs. 300 in cash or in currency notes.

3. The trees to be felled will be marked out by the Forest Department. The contractor shall bind himself in a reasonable penalty to fell only such trees in the manner required. No trees of the reserved kinds or fruit trees or trees bearing minor produce or trees reserved as standards shall be lopped or cut down.

4. The felling by contractor should include the trees on the demarcation lines within the blocks leased out to him.

5. Further particulars together with the conditions of contract can be ascertained by applying at the Deputy Commissioner's Office.

6. Tenders will be opened by the Deputy Commissioner, or any officer nominated by him, at his office at noon on the 2nd August 1891, in the presence of such tenderers as may choose to attend.

7. The Deputy Commissioner reserves to himself the right of rejecting any tender without assigning any reason for so doing.

8. The deposit of the successful competitor will be retained and will be forfeited if he fails to execute the necessary agreement on proper stamp or to furnish security to the amount of Rs. 500 in cash within 10 days from the date of the acceptance of his offer being made known to him for the regular working and the due fulfilment of the terms of the agreement.

Tenders to be superscribed "Tenders for the exclusive privilege of cutting firewood from Block No. II and the notified part of Block No. I of the Kamasandra Jungles."

DESCRIPTION OF BLOCK No. II.

Boundaries.

} Felling permitted in the portions unworked by the late contractor.

C. MADIAH,
Dy. Commissioner.

MYSORE DISTRICT.

NOTIFICATION.

The 24th June 1891.

It is hereby notified for general information that the right of collecting kuranga or whet stones in the Mandya Taluk will be put up to auction on the 13th day of August 1891 at the Taluk Cutcherry at 11 A. M.

2. The Amildar or Sheristadar will hold the sale.

3. The sale will not become absolute until it has been confirmed by the Sub-Division Officer, French Rocks.

4. The lease will be in force up to 31st March 1892.

5. The purchaser will be required to deposit twenty-five per cent of the purchase money at the time of sale and where the remainder of the purchase money, together with the prescribed local cess on the whole amount at one anna in the rupee, may not be paid within seven days from the date of his being informed by the Sub-Division Officer of the confirmation of the sale, the money so deposited shall be liable to forfeiture. When such deposits shall not be made, nor the remaining purchase money paid up, the right shall be resold at the expense and risk of the first purchaser.

6. The conditions of the sale are—

(*a*) That the lessee is not to collect the stone on occupied lands except with the consent of the occupants, who however are not authorized to collect the stones on their lands or to sell them to any person other than the lessee.

(*b*) That the lessee is not to interfere with the grazing of the hulbanni izardars or renters of pastures.

(*c*) That the lessee is to allow unoccupied lands to be given out for cultivation by Government, reserving to himself the right of collecting the stone wherever found in them.

(*d*) That the lessee shall not dig up the lands for the collection of the stone and if the lands are dug up, shall fill up the pits so as to leave the lands fit for cultivation.

D. DEVARAJ ARS,
Sub-Division Officer, French Rocks.

KADUR DISTRICT.

NOTIFICATION.

The 30th June 1891.

Notice is hereby given for general information that the arrears due on the undermentioned coffee lands being still unpaid, the lands will be put up to public auction at the Chikmagalur Taluk Cutcherry at noon on Monday the 3rd August 1891, and sold for the arrears due, subject to the usual conditions, which will be explained at the time of sale by the Officer conducting it :—

Under Section 9 of the Forest Rules of 1878, the boundaries of the following demarcated State Forest in the Shimoga District are published for general information :—

Chornyadehalli block of the Mublibail State Forest. Area about 10 square miles.

On the North.—A cleared line running from the Samudradahalli Survey No. 59 to 5th furlong of 10th mile, on the Shimoga-Yedahalli road.

On the East.—From the above point the line goes along the Shimoga-Yedahalli road to the 5th furlong of the 7th mile.

On the South.—A cleared line running from the last named point to Survey No. 18 of Hal-Lakvali near the Yelselu branch of the Tunga River.

On the West.—From the above point the line goes and joins the starting point.

L. RICKETTS,
Inspector General of Forests and Plantations in Mysore.

The 4th July 1891.

Notice is hereby given that gall-nut as noted below, the produce of the Bangalore District State Forests, for 1890-91, will be sold by public auction at Bangalore Sandal Kôti on the 5th August 1891 :—

	Tons.	Cwt.	lb.	Oz.
Gall-nut	3	1	52	0

Terms—Vide Inspector General of Forests' Notification dated 11th June 1887, which will be read out at the time of sale.

C. NARAYANA RAO,
Asstt. Conservator of Forests, Bangalore District.

The 16th July 1891.

Tenders specifying the rate per mile for each forest will be received up to the 10th August 1891 for the clearing of the demarcation lines, 36 feet wide, round the State Forests noted below :—

		Probable distance.
1.	Chornyedahalli	8 miles.
2.	Umblibail Hunsekatte	16 „
3.	Aldhara	10 „

2. Each tender should be accompanied by a deposit of Rs. 100 which will be returned on the non-acceptance of the tender and should be superscribed "Tender for cutting demarcation lines."

3. The lines to be cut will be marked out by a Forest Officer and the work should be completed by the end of November 1891.

4. A deposit of Rs. 300 will be required from the successful tenderer upon his tender being accepted and will be forfeited if the work is not completed by the 30th November 1891.

5. The undersigned does not bind himself to accept the lowest tender or to give any reasons for the rejection thereof.

6. The undersigned reserves to himself the right of cancelling the contract at any time if the work does not proceed satisfactorily.

7. Every thing on the line should be cut and removed clear of the line to the width prescribed. All the trees of any value should have their tops and branches lopped off, leaving only the serviceable portions of the stems. The same should be done in the case of all bamboos.

8. Trees above 4 feet girth to be cut within 2 feet of the ground level and saplings and bamboos of all kinds at ground level with their heads smashed in.

E. P. LOVERY,
Superintendent of Forests, Shimoga District.

L. RICKETTS,
Inspector General of Police.

BANGALORE DISTRICT.

NOTIFICATION.

The 22nd July 1891.

It is hereby notified for public information that the right to collect the "Pasare Products" (Sitaphala) in the jungles noted below, for the year Khara, 1891-92, will be sold by public auction at 12 noon on the dates specified opposite the Hoblis by the Amildar of Closepet :—

Hobli.	*Date of Sale.*	*Where sale will be held.*
Bairamangala ..	21st August 1891 ..	Bidadi.
Bidadi ..	Do ..	Do.
Kunigal ..	24th August 1891 ..	Closepet.

The conditions are :—

1. That bids will not be accepted after the time fixed for the sale has expired.
2. That the highest bidder shall, immediately on the closing of the sale, deposit 25 per cent of the sale amount, and shall also give proper security for the payment of the balance soon after the confirmation of the sale.
3. When such deposit shall not be made over, nor the remaining purchase money paid up in due course, together with local cess on the total amount, the Pasare products shall be resold at the expense and risk of the first purchaser.
4. The sale held by the Amildar will be subject to the confirmation of the Deputy Commissioner, Bangalore District.
5. The Pasare products of (Sitaphala) shall be removed before the end of February next and after which date, admission into the jungles will be strictly prohibited.
6. The purchaser shall be strictly held responsible for the safety of the trees in the jungles and he shall in no way damage the trees in collecting the Sitaphala produce.

SYED NASIRUDDIN,
Offg. Dy. Commr.

KOLAR DISTRICT.

NOTICE.

The 26th June 1891.

FIREWOOD SUPPLY TO THE GOLD MINES.

Sealed tenders will be received by the Deputy Commissioner, Kolar District, up to the 2nd August 1891 for the exclusive privilege of cutting firewood jointly in the undermentioned Block No. I and of the Block No. II (unworked) of the Kamasandra Jungles in the Bowringpet and Malur Taluks for a period of one year.

2. Each tender shall contain the highest rate of seigniorage offered per ton of 68 cubic feet stacked with sawn wood. No tenders shall be received unless accompanied by a deposit of Rs. 300 in cash or in currency notes.

3. The trees to be felled will be marked out by the Forest Department. The contractor shall bind himself in a reasonable penalty to fell only such trees in the manner required. No trees of the reserved kinds or fruit trees or trees bearing minor produce or trees reserved as standards shall be lopped or cut down.

4. The felling by contractor should include the trees on the demarcation lines within the blocks leased out to him.

5. Further particulars together with the conditions of contract can be ascertained by applying at the Deputy Commissioner's Office.

6. Tenders will be opened by the Deputy Commissioner, or any officer nominated by him, at his office at noon on the 2nd August 1891, in the presence of such tenderers as may choose to attend.

7. The Deputy Commissioner reserves to himself the right of rejecting any tender without assigning any reason for so doing.

8. The deposit of the successful competitor will be retained and will be forfeited if he fails to execute the necessary agreement on proper stamp or to furnish security to the amount of Rs. 500 in cash within 10 days from the date of the acceptance of his offer being made known to him for the regular working and the due fulfilment of the terms of the agreement.

Tenders to be superscribed "Tenders for the exclusive privilege of cutting firewood from Block No. II and the notified part of Block No. I of the Kamasandra Jungles."

DESCRIPTION OF BLOCK No. II.

Boundaries.

East.—Chikponnandahalli Plantation.
West.—Tamatamakanahalli Plantation.

R. B. PLUMER,
for *Acting Registrar.*

HASSAN DISTRICT.

NOTIFICATION.

The 4th July 1891.

The right of collecting kuranga or whet stones in the Hassan Taluk will be put up to auction on Wednesday the 5th day of August 1891 at the Taluk Cutcherry commencing at 11 A. M.

2. The Amildar or the Sheristadar will hold the sale.

3. The sale will not become absolute until it has been confirmed by the Deputy Commissioner of Hassan.

4. The lease will be in force up to 31st March 1893.

5. The purchaser will be required to deposit twenty-five per cent of the purchase money at the time of the sale, and where the remainder of the purchase money together with the prescribed local cess on the whole amount at one anna in the rupee, may not be paid within seven days from the date of his being informed by the Deputy Commissioner of the confirmation of the sale, the money so deposited shall be liable to forfeiture. When such deposits shall not be made, nor the remaining purchase money paid up, the right shall be resold at the expense and risk of the first purchaser.

6. The conditions of the sale are :—

(*a*) That the lessee is not to collect the stone on occupied lands, except with the consent of the occupants, who however are not authorized to collect the stones on their lands, or to sell them to any person other than the lessee.

(*b*) That the lessee is not to interfere with the grazing of the hulbanni izardars, or renters of pastures.

(*c*) That the lessee is to allow unoccupied lands to be given out for cultivation by Government, reserving to himself the right of collecting the stone wherever found in them.

(*d*) That the lessee shall not dig up the lands for the collection of the stone, and if the lands are dug up, shall fill up the pits so as to leave the lands fit for cultivation.

N. GOPALAIENGAR,
for *Dy Commissioner.*

KADUR DISTRICT.

NOTIFICATION.

The 30th June 1891.

Notice is hereby given for general information that the arrears due on the undermentioned coffee lands being still unpaid, the lands will be put up to public auction at the Chikmagalur Taluk Cutcherry at noon on Monday the 3rd August 1891, and sold for the arrears due, subject to the usual conditions, which will be explained at the time of sale by the Officer conducting it :—

II. Correspondence regarding the opening of a Branch Dispensary at Arlepet, together with Government Proceedings on the subject.

Read.—Resolution passed by the Board at a Special Meeting held on the 20th June 1891 and resolved that the Arlepet Dispensary and the Chattram Hospital be opened at once in anticipation of sanction of Government as authorized in Government Proceedings Nos. 2992-4—L. 222, and 34-36, dated 13th and 15th June 1891, respectively.

III. Letter No. 1184, dated 1st June 1891, from the Senior Surgeon and Sanitary Commissioner, regarding the proposed transfer of the Incurable Ward to the Medicial Department together with previous correspondence.

Resolved.—That as the question of removing the present Leper and Lunatic Asylums to another and less objectionable locality and the construction of a contageous disease ward is engaging the attention of Government, the proposal to build a separate ward for the incurables may be submitted to Government for consideration.

IV. Annual statements of receipts and disbursements for the official year 1890-91.

Resolution.—Read and passed. The same be submitted to Government. The Board also resolve that in future the Annual statements showing receipts and disbursements be printed and circulated to the Municipal Commissioners before being laid before the Board.

V. List of works sanctioned by the Vice-President during the month of June 1891.

No.	Name of Works.	Amount.		
1	Improving roof of Bonded Ware-house	193	0	0
2	Constructing railings along south-east corner of Sampangi Tank ..	33	0	0
	Total....	226	0	0

Resolution.—Approved and the usual notification be submitted to Government.

Deferred Propositions.

VI. Mahazar from the residents of Laskar Lines praying for the widening of the Laskar Lines road leading to Mavalli, &c.

Resolved—The proposal to widen the road is approved. Municipal Engineer will submit estimate of cost and carry out the work after obtaining sanction thereto.

SYED NASIRUDDIN,
President.

Dodda Mallanna, Esq.
N. Puttanna, Esq.
C. Raja Rao, Esq.
Raghavachar, Esq.
Virasangappa, Esq.
Periyatambi Pille, Esq.
R. Muddappa, Esq.

Subjects.

I. Read statement of receipts and disbursements on account of the Municipal Board for the month of May 1891.

Passed.

II. Read application from the Manager, Anglo-Vernacular School, Etigegud, for a site for constructing school.

The Board unanimously agree that the site shown in Plan A may be given gratis, on condition that the Manager of the School duly execute Muchalika stipulating that a building as shown in Plan B will be erected there within 6 months or a satisfactory progress shown towards it.

III. Suitable sites finally to be selected for the Bamboo Bazaars.

Suggested that sites may be selected in the following Mohallas:—

I. Mandi Mohalla near the Market, so as to be convenient for Lashkkar Mohalla also.

II. Krishnaraj Mohalla, near Kollapur-Devargudi, so as to be convenient for Chamraj and Devaraj Mohallas also.

III. Near the bund under Dodkere, so as to be convenient for the Fort, Itigegud and a portion of Krishnaraj Mohalla.

IV. Opposite to Mr. Sheik Ibrahim Sahib's house in Nazarbad.

IV. Suitable sites to be selected for the manufacturers of Tellicherry Copper pots.

The Board are not unanimous in proposing that these manufacturers should be removed from their present places.

Adjourned Subjects.

V. Read letter from Mr. Raja Rao, requesting reconsideration of the question of imposition of tax on animals and the introduction of tolls' system, mentioned in Government Proceedings No.13410-27—1765 of 23rd February 1891.

Adjourned to another Meeting

VI. Tenders received for the supply of Kerosine oil and wicks for 1891-92.

The Board leave the matter at the disposal of the Vice-President.

VII. Read Yadi from Mr. Amble Annaiya Pandit, recommending grant-in-aid to schools newly established.

Agreed that $\frac{1}{3}$ of the respective contributions to the two schools, namely, 12 Rupees each, may be granted.

VIII. Read remission statements of Mohatarfa tax of Krishnaraj Mohalla.

PART II.

Notifications by the Govt. of India: Resident: Chief Court, &c.

FOREST DEPARTMENT.

NOTIFICATIONS.

The 15th July 1891.

Under Section 9 of the Forest Rules of 1878, the boundaries of the following demarcated State Forest in the Shimoga District are published for general information:—

Chornyadehalli block of the Umblibail State Forest. Area about 10 square miles.

On the North.—A cleared line running from the Samudradahalli Survey No. 59 to 5th furlong of 10th mile, on the Shimoga-Yedahalli road.

On the East.—From the above point the line goes along the Shimoga-Yedahalli road to the 5th furlong of the 7th mile.

On the South.—A cleared line running from the last named point to Survey No. 18 of Hal-Lakvali near the Yelselu branch of the Tunga River.

On the West.—From the above point the line goes and joins the starting point.

L. RICKETTS,
Inspector General of Forests and Plantations in Mysore.

The 4th July 1891.

Notice is hereby given that gall-nut as noted below, the produce of the Bangalore District State Forests, for 1890-91, will be sold by public auction at Bangalore Sandal Kôti on the 5th August 1891:—

	Tons.	Cwt.	lb.	Oz.
Gall-nut	3	1	52	0

Terms.—*Vide* Inspector General of Forests' Notification dated 11th June 1887, which will be read out at the time of sale.

C. NARAYANA RAO,
Conservator of Forests, Bangalore District.

The 16th July 1891.

Tenders specifying the rate per mile for each forest will be received up to the 10th August 1891 for the clearing of the demarcation lines, 36 feet wide, round the State Forests noted below :—

		Probable distance.
1.	Chornyedahalli	8 miles.
2.	Umblibail Hunsekatte	16 "
3.	Aldhara	10 "

2. Each tender should be accompanied by a deposit of Rs. 100 which will be returned on the non-acceptance of the tender and should be superscribed "Tender for cutting demarcation lines."

3. The lines to be cut will be marked out by a Forest Officer and the work should be completed by the end of November 1891.

4. A deposit of Rs. 300 will be required from the successful tenderer upon his tender being accepted and will be forfeited if the work is not completed by the 30th November 1891.

5. The undersigned does not bind himself to accept the lowest tender or to give any reasons for the rejection thereof.

6. The undersigned reserves to himself the right of cancelling the contract at any time if the work does not proceed satisfactorily.

7. Every thing on the line should be cut and removed clear of the line to the width prescribed. All the trees of any value should have their tops and branches lopped off, leaving only the serviceable portions of the stems. The same should be done in the case of all bamboos.

8. Trees above 4 feet girth to be cut within 2 feet of the ground level and saplings and bamboos of all kinds at ground level with their heads smashed in.

E. P. LOVERY,
Superintendent of Forests, Shimoga District.

POLICE DEPARTMENT.

NOTICE.

The conditions are :—

1. That bids will not be accepted after the time fixed for the sale has expired.
2. That the highest bidder shall, immediately on the closing of the sale, deposit 25 per cent of the sale amount, and shall also give proper security for the payment of the balance soon after the confirmation of the sale.
3. When such deposit shall not be made over, nor the remaining purchase money paid up in due course, together with local cess on the total amount, the Pasare products shall be resold at the expense and risk of the first purchaser.
4. The sale held by the Amildar will be subject to the confirmation of the Deputy Commissioner, Bangalore District.
5. The Pasare products of (Sitaphala) shall be removed before the end of February next and after which date, admission into the jungles will be strictly prohibited.
6. The purchaser shall be strictly held responsible for the safety of the trees in the jungles and he shall in no way damage the trees in collecting the Sitaphala produce.

SYED NASIRUDDIN,
Offg. Dy. Commr.

KOLAR DISTRICT.

NOTICE.

The 26th June 1891.

FIREWOOD SUPPLY TO THE GOLD MINES.

Sealed tenders will be received by the Deputy Commissioner, Kolar District, up to the 2nd August 1891 for the exclusive privilege of cutting firewood jointly in the undermentioned Block No. I and of the Block No. II (unworked) of the Kamasandra Jungles in the Bowringpet and Malur Taluks for a period of one year.

2. Each tender shall contain the highest rate of seigniorage offered per ton of 68 cubic feet stacked with sawn wood. No tenders shall be received unless accompanied by a deposit of Rs. 300 in cash or in currency notes.

3. The trees to be felled will be marked out by the Forest Department. The contractor shall bind himself in a reasonable penalty to fell only such trees in the manner required. No trees of the reserved kinds or fruit trees or trees bearing minor produce or trees reserved as standards shall be lopped or cut down.

4. The felling by contractor should include the trees on the demarcation lines within the blocks leased out to him.

5. Further particulars together with the conditions of contract can be ascertained by applying at the Deputy Commissioner's Office.

6. Tenders will be opened by the Deputy Commissioner, or any officer nominated by him, at his office at noon on the 2nd August 1891, in the presence of such tenderers as may choose to attend.

7. The Deputy Commissioner reserves to himself the right of rejecting any tender without assigning any reason for so doing.

8. The deposit of the successful competitor will be retained and will be forfeited if he fails to execute the necessary agreement on proper stamp or to furnish security to the amount of Rs. 500 in cash within 10 days from the date of the acceptance of his offer being made known to him for the regular working and the due fulfilment of the terms of the agreement.

Tenders to be superscribed "Tenders for the exclusive privilege of cutting firewood from Block No. II and the notified part of Block No. I of the Kamasandra Jungles."

DESCRIPTION OF BLOCK No. II.

Boundaries.

East.—Chikponnandahalli Plantation.
West.—Tamatamakanahalli Plantation.
North.—Kolamier and Jodi Yerragodalu.
South.—Palmaribetta.

DESCRIPTION OF BLOCK No. I.

Boundaries.

East.—Mallesurabetta.
West.—Chikponnandahalli Plantation.
North.—Bakalapalli, Toppanahalli.
South.—Adarabetta.

} Felling permitted in the portions unworked by the late contractor.

C. MADIAH,
Dy. Commissioner.

KADUR DISTRICT.

NOTIFICATION.

The 24th July 1891.

Notice is hereby given for general information that the arrears due on the undermentioned coffee lands being still unpaid, the said lands will be put up to public auction at the Chikmagalur Taluk Cutcherry at noon on Monday the 31st August 1891, and sold for the arrears due, subject to the usual conditions, which will be explained at the time of sale by the officer conducting it :—

(As measured and demarcated by the Survey.)

N. B.—Notice served. Errors excepted.

J. A. CAMPBELL, *Colonel*,
Dy. Commissioner.

HASSAN DISTRICT.

NOTIFICATION.

The 4th July 1891.

The right of collecting kuranga or whet stones in the Hassan Taluk will be put up to auction on Wednesday the 5th day of August 1891 at the Taluk Cutcherry commencing at 11 A. M.

2. The Amildar or the Sheristadar will hold the sale.

3. The sale will not become absolute until it has been confirmed by the Deputy Commissioner of Hassan.

4. The lease will be in force up to 31st March 1892.

5. The purchaser will be required to deposit twenty-five per cent of the purchase money at the time of the sale, and where the remainder of the purchase money together with the prescribed local cess on the whole amount at one anna in the rupee, may not be paid within seven days from the date of his being informed by the Deputy Commissioner of the confirmation of the sale, the money so deposited shall be liable to forfeiture. When such deposits shall not be made, nor the remaining purchase money paid up, the right shall be resold at the expense and risk of the first purchaser.

6. The conditions of the sale are :—

(*a*) That the lessee is not to collect the stone on occupied lands, except with the consent of the occupants, who however are not authorized to collect the stones on their lands, or to sell them to any person other than the lessee.

(*b*) That the lessee is not to interfere with the grazing of the kulbanni [illegible]

(c) That the lessee is to allow unoccupied lands to be given out for cultivation by Government, reserving to himself the right of collecting the stone wherever found in them.

(d) That the lessee shall not dig up the lands for the collection of the stone, and if the lands are dug up, shall fill up the pits so as to leave the lands fit for cultivation.

N. GOPALAIENGAR,
for *Dy Commissioner.*

PART II.

Notifications by the Govt. of India: Resident: Chief Court, &c.

FOREST DEPARTMENT.

NOTIFICATIONS.

The 15th July 1891.

Under Section 9 of the Forest Rules of 1878, the boundaries of the following demarcated State Forest in the Shimoga District are published for general information :—

Chornyadehalli block of the Umblibail State Forest. Area about 10 square miles.

On the North.—A cleared line running from the Samudradahalli Survey No. 59 to 5th furlong of 10th mile, on the Shimoga-Yedahalli road.

On the East.—From the above point the line goes along the Shimoga-Yedahalli road to the 5th furlong of the 7th mile.

On the South.—A cleared line running from the last named point to Survey No. 18 of Hal-Lakvali near the Yelselu branch of the Tunga River.

On the West.—From the above point the line goes and joins the starting point.

L. RICKETTS,
Inspector General of Forests and Plantations in Mysore.

The 31st July 1891.

Is hereby given that a reward of Rs. 100 (one hundred) for each elephant will be offered to any person who may kill the two rogue elephants, one frequenting Mastigudi and the other Naihalla portions of the Kakankote Forests, on obtaining a license which will be granted on application by the Deputy Commissioner, Mysore District.

A. KRISHNASWAMAIENGAR,
for Inspector General of Forests.

68.

BANGALORE DISTRICT.

NOTIFICATIONS.

The 22nd July 1891.

It is hereby notified for public information that the right to collect the "Pasare Products" (Sitaphala) in the jungles noted below, for the year Khara, 1891-92, will be sold by public auction at 12 noon on the dates specified opposite the Hoblis by the Amildar of Closepet :—

Hobli.		*Date of Sale.*		*Where sale will be held.*
Bairamangala	..	21st August 1891	..	Bidadi.
Bidadi	..	Do	..	Do.
Kunigal	..	24th August 1891	..	Closepet.

The conditions are :—

1. That bids will not be accepted after the time fixed for the sale has expired.
2. That the highest bidder shall, immediately on the closing of the sale, deposit 25 per cent of the sale amount, and shall also give proper security for the payment of the balance soon after the confirmation of the sale.
3. When such deposit shall not be made over, nor the remaining purchase money paid up in due course, together with local cess on the total amount, the Pasare products shall be resold at the expense and risk of the first purchaser.
4. The sale held by the Amildar will be subject to the confirmation of the Deputy Commissioner, Bangalore District.
5. The Pasare products of (Sitaphala) shall be removed before the end of February next and after which date, admission into the jungles will be strictly prohibited.
6. The purchaser shall be strictly held responsible for the safety of the trees in the jungles and he shall in no way damage the trees in collecting the Sitaphala produce.

SYED NASIRUDDIN,
Offg. Dy. Commr.

The 6th August 1891.

As the Moharram Festival will commence on the 7th instant, all persons desirous of conducting any Tabut, Panja or any other procession for the occasion, should apply to the Town Magistrate 5 days previously and obtain the license for that purpose.

2. The license will specify the route along which the procession in each case shall pass, the dates and hours at which it shall pass, and reach its destination and the resting places.

3. The license shall be carried by the person conducting the procession and shall be produced by him when demanded by a Magistrate or Police Officer. Any person infringing the above orders, will be liable to immediate arrest and prosecution.

4. Similarly, persons desirous of assuming disguises, will be required to apply for licenses, to the said Magistrate.

5. License granted for one place, cannot be made use of in another place.

6. The Magistrate will, in communication with the Police, mark out the route to be taken by each procession, and while conforming to usuage, as far as practicable, will lay down definite directions so as to obviate collisions.

7. During the passage of the procession, the Police will be instructed to abstain from all interference, which is not imperatively called for. The District Magistrate relies upon responsible members of the several sections of the community, to use their influence and authority to avoid all occasion for such interference.

8. No person shall parade the streets with offensive or dangerous weapons or sticks, on pain of being arrested by the Police.

9. The rules requiring cessation of music in front of places of worship of different persuasions, shall be strictly enforced.

10. The Town Magistrate shall promptly comply with the requisitions of the Police for special Police Officers under Section 17 of the Police Act V of 1861 and shall also be present to direct the operations of the Police.

11. The above instructions shall be at once promulgated by beat of tom toms.

V. P. MADHAVA RAO,
District Magistrate.

MYSORE DISTRICT.

NOTIFICATION.

The 30th July 1891.

T. Ramachandra Rao, Acting Amildar and 3rd Class Magistrate of the Chamrajnagar Taluk, is invested with the following additional powers :—

1. Power to make orders prohibiting repetitions of nuisances, Section 143, C. P. C.
2. Power to make orders under Section 144, C. P. C.
3. Power to hold inquests, Section 174, C. P. C.
4. Power to take cognizance of offences upon complaint, Section 191, C. P. C. arising within his local jurisdiction.
5. Power to take cognizance of offences upon Police reports, Section 191, C. P. C.

POLICE DEPARTMENT.

NOTICES.

The—August 1891.

A reward of Rs. 100 is offered for such information as will lead to the detection and conviction of person or persons concerned in the murder of Ramegauda of Kanenahalli village in the Mudgere Taluk, who disappeared from the said village about the first week in March 1890, and is supposed to have gone to Harvingandi village in the Chikmagalur Taluk, and thence to Malalaramma's car festival and has not since been heard of.

According to another report, Ramegauda is supposed to have gone to Heggurvalli in February 1890 and has met his death there in connection with the finding of a Treasure trove.

A reward of Rs. 30 is offered for such information as will lead to the discovery of the whereabouts of the girl Siddi aged about 17 years or what became of her. She is the wife of Sivachar Nanjegauda of Kamenahalli, and is supposed to have left Anagur near Gonibede in the Mudgere Taluk about the middle of 1889.

A reward of Rs. 30 is offered for such information as will lead to the discovery of the whereabouts or what became of the girl Vasanti, who was missed from Hantur in the Mudgere Taluk about the latter part of 1889.

NOTIFICATION.

The 15th August 1891.

It is hereby notified under Section 3 of Chief Commissioner's Notification No. 6, dated 17th April 1867, (relating to the finding of hidden treasure) that on or about the 15th December 1890, 194 (one hundred and ninety-four) Queen's Rupees were found by one Basti Timma, while digging the

All persons claiming the same or any part thereof are hereby required to appear personally or by duly authorized agent before the Deputy Commissioner of Chitaldroog at his office on the 1st February 1892 in order that their claims may be enquired into and determined according to the provisions of the law.

B. TIRUMALACHARLU,
Dy. Commissioner.

BANGALORE CITY MUNICIPALITY.

NOTICE.

The 12th August 1891.

Whereas the City Municipal Commissioners have, after obtaining the opinion of competent Medical authority, resolved to close on sanitary grounds the present Hindu burial and cremation ground lying to the east of the Maharaja of Mysore Spinning and Manufacturing Co.'s premises, it is hereby notified for general information that from and after the 1st November 1891, no burial or cremation will be allowed in or near the above locality and the public are further informed that another site lying to the west of the Railway bridge and in front of the kodi of Jakkarayan tank has been made available for the purpose and is within a reasonable distance from the town. There is a road leading to it from the northern bund of the said tank under the Railway bridge.

V. P. MADHAVA RAO,
President.

Notifications by the Govt. of India: Resident: Chief Court, &c.

POLICE DEPARTMENT.

NOTICES.

The—August 1891.

A reward of Rs. 100 is offered for such information as will lead to the detection and conviction of person or persons concerned in the murder of Ramegauda of Kanenahalli village in the Mudgere Taluk, who disappeared from the said village about the first week in March 1890, and is supposed to have gone to Harvingandi village in the Chikmagalur Taluk, and thence to Malalaramma's car festival and has not since been heard of.

According to another report, Ramegauda is supposed to have gone to Heggurvalli in February 1890 and has met his death there in connection with the finding of a Treasure trove.

A reward of Rs. 30 is offered for such information as will lead to the discovery of the whereabouts of the girl Siddi aged about 17 years or what became of her. She is the wife of Sivachar Nanjegauda of Kamenahalli, and is supposed to have left Anagur near Gonibedo in the Mudgere Taluk about the middle of 1889.

A reward of Rs. 30 is offered for such information as will lead to the discovery of the whereabouts or what became of the girl Vasanti, who was missed from Hantur in the Mudgere Taluk about the latter part of 1889.

L. RICKETTS,
Inspector General of Police.

2. All tenders to be superscribed as follows :—"Tender for collecting timber and bamboos to the ———— Depôt" and they should be accompanied with currency notes to the value of Rs. 100 for each Depôt which will be returned if the tender is rejected.

3. Tenders to be addressed to the Superintendent of Forests, Shimoga District. These will be received up to 30th September 1891.

4. Each tenderer should specify the lowest rate for felling, preparing, squaring and carting per cubic foot as follows :—

(1) For logs of 12 cubic feet and under.
(2) „ of above 12 cubic feet up to 20 C. ft.
(3) „ above 20 C. ft.
(4) For poles of 4 cubic feet and under.
(5) „ of from 4 to 8 cubic feet.
(6) „ above 8 cubic feet.
(7) For bamboos per 100.

5. The successful tenderer will be bound to execute a bond within a week from the date of the acceptance of the tender is made known to him and to deposit a further sum of Rs. 200 as security for the due fulfilment of his contract. In the event of his failing to fulfil any of the conditions of his contract, the security amount will be forfeited to Government.

6. The contractor shall be required to conform strictly to such rules and regulations as may be laid down by the District Forest Officer during the fire season.

7. The contractor is bound to fell only the trees marked by the Forest Department and no other, and to adze the logs properly according to Forest Officer's instructions.

8. The District Forest Officer does not bind himself to accept any or the lowest tender and such acceptance shall be subject to the sanction of the Inspector General of Forests.

9. The intending contractor will have to make his own arrangements for carting and the Department is not bound to make any roadways or cart-tracks, and no excuse in this behalf will be accepted for non-carting of wood in time.

11. Any further information required by intending contractors may be had on application at the office of the Superintendent of Forests, Shimoga District, where copy of this Notification and of contract bond required will be found affixed on the Notice Board.

The 27th August 1891.

1. Tenders will be received by the undersigned for clearing 100 acres of jungle for plantation purposes in Sakrebail State Forest as detailed below up to 30th of September 1891.

2. The area to be cleared is divided into 4 blocks of about 25 acres each, for each or all of which tenders may be given.

3. The tenderer should specify the rate per acre at which the tenderer is willing to do the work.

4. In clearing all bamboos big and small and useless junglewood trees within a girth of 4 feet should be cut down and the same burnt or removed by the 31st March 1892.

5. All serviceable bamboos should have their thorns removed and stacked in heaps of 100 each in convenient places for sale hereafter.

6. The successful tenderer will be required to deposit a security of Rs. 200 which would be forfeited if the area is not completely cleared and burnt as above by the 31st March 1892.

The 25th August 1891.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Tumkur Division, up to 20th September 1891, for restoring the Gutlahalli Tank, R. No. 164 of Maddagiri Taluk. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of 1st April 1893.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Tumkur between the hours of 11 A. M. and 5 P. M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 100 in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for restoring the Gutlahalli Tank, R. No. 164 of Maddagiri Taluk"; in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within 8 days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 100 in cash or Government Promissory Notes as earnest money, and be superscribed "Tender for opening out Koratagere-Bommaladevapur road;" in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within 8 days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond ; in default of which, his tender will be considered cancelled and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

P. H. BENSON, M. B.,
Offg. Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

SOUTHERN MAHRATTA RAILWAY COMPANY.

NOTICE.

Dharwar, the 11th August 1891.

Tenders are invited and will be received by the Agent up to the 30th September 1891 for the supply of 30,000 teak sleepers required during 1892 for renewals on the Mysore State Railway between Mysore and Gubbi.

Tenderers' schedule and specification with any further information required can be obtained from the Chief Engineer, Dharwar, or the Resident Engineer, Bangalore.

The tenders must be addressed to the Agent, Southern Mahratta Railway at Dharwar, in sealed covers which should be superscribed "Tenders for teak sleepers."

The Agent does not bind himself to accept the lowest or any tender.

J. CAMPBELL,
Agent, S. M. R.

REDUCTION IN THE PRICE OF THE PURE SULPHATE OF QUININE.

MANUFACTURED AT THE BENGAL GOVERNMENT CINCHONA PLANTATION.

On and after 1st April 1891, the price of this Quinine will be as follows :—

1	pound	tin	Rs.	16	„	or, post free,	Rs.	16	as.	12
½	„	„	„	8	„	or, post free,	„	8	„	8
¼	„	„	„	4	„	or, post free,	„	4	„	8

Analysis shows this Quinine to be of the purest manufacture ; and it is guaranteed to be free from wilful mixture with the inferior alkaloids Cinchonine and Cinchonidine. It is for sale only to Government officers, and only for cash, and may be had from the SUPERINTENDENT, Botanic Garden, Seebpore, near Calcutta. It can be had either white or coloured pink.

REDUCTION IN PRICE OF CINCHONA FEBRIFUGE.

From 1st April 1891, and until further orders, Cinchona Febrifuge can be purchased by all Government officers and by any one taking *ten pounds* at a time, from the Superintendent, Botanic Garden, Calcutta, at the following rates : four ounce tin *Rs.* 2, *ans.* 8 ; eight ounce tin *Rs.* 5 ;-one pound tin *Rs.* 10.—The general public can be supplied by the Superintendent, Botanic Garden, *for Cash only* at the undernoted rates : per four ounce tin *Rs.* 3 ; per eight ounce tin *Rs.* 6 ; per pound tin *Rs.* 12. This medicine is also sold by the principal European and Native druggists in Calcutta. POLICE DEPARTMENT.

NOTICES.

The—August 1891.

A reward of Rs. 100 is offered for such information as will lead to the detection and conviction of person or persons concerned in the murder of Ramegauda of Kanenahalli village in the Mudgere Taluk, who disappeared from the said village about the first week in March 1890, and is supposed to have gone to Harvingandi village in the Chikmagalur Taluk, and thence to Malalaramma's car festival and has not since been heard of.

According to another report, Ramegauda is supposed to have gone to Heggurvalli in February 1890 and has met his death there in connection with the finding of a Treasure trove.

A reward of Rs. 30 is offered for such information as will lead to the discovery of the whereabouts of the girl Siddi aged about 17 years or what became of her. She is the wife of Sivachar Nanjegauda of Kamenahalli, and is supposed to have left Anagur near Gonibede in the Mudgere Taluk about the middle of 1889.

A reward of Rs. 30 is offered for such information as will lead to the discovery of the whereabouts or what became of the girl Vasanti, who was missed from Hantur in the Mudgere Taluk about the latter part of 1889.

L. RICKETTS,
Inspector General of Police.

2. All tenders to be superscribed as follows :—"Tender for collecting timber and bamboos to the ———— Depôt" and they should be accompanied with currency notes to the value of Rs. 100 for each Depôt which will be returned if the tender is rejected.

3. Tenders to be addressed to the Superintendent of Forests, Shimoga District. These will be received up to 30th September 1891.

4. Each tenderer should specify the lowest rate for felling, preparing, squaring and carting per cubic foot as follows :—

(1) For logs of 12 cubic feet and under.
(2) „ of above 12 cubic feet up to 20 C. ft.
(3) „ above 20 C. ft.
(4) For poles of 4 cubic feet and under.
(5) „ of from 4 to 8 cubic feet.
(6) „ above 8 cubic feet.
(7) For bamboos per 100.

5. The successful tenderer will be bound to execute a bond within a week from the date of the acceptance of the tender is made known to him and to deposit a further sum of Rs. 200 as security for the due fulfilment of his contract. In the event of his failing to fulfil any of the conditions of his contract, the security amount will be forfeited to Government.

6. The contractor shall be required to conform strictly to such rules and regulations as may be laid down by the District Forest Officer during the fire season.

7. The contractor is bound to fell only the trees marked by the Forest Department and no other, and to adze the logs properly according to Forest Officer's instructions.

8. The District Forest Officer does not bind himself to accept any or the lowest tender and such acceptance shall be subject to the sanction of the Inspector General of Forests.

9. The intending contractor will have to make his own arrangements for carting and the Department is not bound to make any roadways or cart-tracks, and no excuse in this behalf will be accepted for non-carting of wood in time.

11. Any further information required by intending contractors may be had on application at the office of the Superintendent of Forests, Shimoga District, where copy of this Notification and of contract bond required will be found affixed on the Notice Board.

The 27th August 1891.

1. Tenders will be received by the undersigned for clearing 100 acres of jungle for plantation purposes in Sakrebail State Forest as detailed below up to 30th of September 1891.

2. The area to be cleared is divided into 4 blocks of about 25 acres each, for each or all of which tenders may be given.

3. The tenderer should specify the rate per acre at which the tenderer is willing to do the work

4. In clearing all bamboos big and small and useless junglewood trees within a girth of 4 feet should be cut down and the same burnt or removed by the 31st March 1892.

5. All serviceable bamboos should have their thorns removed and stacked in heaps of 100 each in convenient places for sale hereafter.

6. The successful tenderer will be required to deposit a security of Rs. 200 which would be forfeited if the area is not completely cleared and burnt as above by the 31st March 1892.

E. P. LOVERY,
Offg. Supt. of Forests, Shimoga District.

KOLAR DISTRICT.

NOTIFICATIONS.

The 4th September 1891.

Proclamation and Notification of sale of Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by Ramasastri and others, revenue defaulters, the undermentioned immovable property will be sold by public auction at the office of the Amildar of the Chikballapur Taluk, Kolar District, on the 23rd October 1891. The sale will commence at 11 A. M. and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is Rs. 139—5—3 as shown in detail in the statement at foot.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf or claiming on interest in the property, tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided, parties deeming themselves aggrieved by the sale, shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale, and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final order in such appeal.

2. All tenders to be superscribed as follows :—"Tender for collecting timber and bamboos to the ———— Depôt" and they should be accompanied with currency notes to the value of Rs. 100 for each Depôt which will be returned if the tender is rejected.

3. Tenders to be addressed to the Superintendent of Forests, Shimoga District. These will be

4. Each tenderer should specify the lowest rate for felling, preparing, squaring and carting per cubic foot as follows :—

(1) For logs of 12 cubic feet and under.
(2) " of above 12 cubic feet up to 20 C. ft.
(3) " above 20 C. ft.
(4) For poles of 4 cubic feet and under.
(5) " of from 4 to 8 cubic feet.
(6) " above 8 cubic feet.
(7) For bamboos per 100.

5. The successful tenderer will be bound to execute a bond within a week from the date of the acceptance of the tender is made known to him and to deposit a further sum of Rs. 200 as security for the due fulfilment of his contract. In the event of his failing to fulfil any of the conditions of his contract, the security amount will be forfeited to Government.

6. The contractor shall be required to conform strictly to such rules and regulations as may be laid down by the District Forest Officer during the fire season.

7. The contractor is bound to fell only the trees marked by the Forest Department and no other, and to adze the logs properly according to Forest Officer's instructions.

8. The District Forest Officer does not bind himself to accept any or the lowest tender and such acceptance shall be subject to the sanction of the Inspector General of Forests.

9. The intending contractor will have to make his own arrangements for carting and the Department is not bound to make any roadways or cart-tracks, and no excuse in this behalf will be accepted for non-carting of wood in time.

10. Any further information required by intending contractors may be had on application at the office of the Superintendent of Forests, Shimoga District, where copy of this Notification and of contract bond required will be found affixed on the Notice Board.

The 27th August 1891.

1. Tenders will be received by the undersigned for clearing 100 acres of jungle for plantation purposes in Sakrebail State Forest as detailed below up to 30th of September 1891.

2. The area to be cleared is divided into 4 blocks of about 25 acres each, for each or all of which tenders may be given.

3. The tenderer should specify the rate per acre at which the tenderer is willing to do the work.

4. In clearing all bamboos big and small and useless junglewood trees within a girth of 4 feet should be cut down and the same burnt or removed by the 31st March 1892.

5. All serviceable bamboos should have their thorns removed and stacked in heaps of 100 each in convenient places for sale hereafter.

6. The successful tenderer will be required to deposit a security of Rs. 200 which would be forfeited if the area is not completely cleared and burnt as above by the 31st March 1892.

E. P. LOVERY,
Offg. Supt. of Forests, Shimoga District.

The 31st August 1891.

The undermentioned trained elephants will be sold by public auction at the Woodyard, Mysore, on Friday the 16th October by the Assistant Conservator of Forests, Mysore District :—

No.	Names.	Sex.	Height. Ft.	Height. In.	Date of Capture.	Remarks.
1	Vijiya Lakshmi .	Female .	7	3	2nd November 1889.	Well trained and believed to be thoroughly sound.
2	Parvati ..	Do ..	7	5	3rd October 1885 .	They had been employed hitherto for training newly captured elephants.

Terms.—Twenty-five per cent deposit to be paid at once, and the balance within 15 days from the date of sale and before removal ; failing which the deposits will be forfeited, and the animals will be resold at the risk of the first purchaser, who shall not participate in any increase that may arise. Purchasers to bear all expenses of up-keep from date of purchase.

B. RAMASWAMI IYER,
Offg. Asstt. Conservator of Forests,

The 4th September 1891.

Tenders are invited for the preparation and carting of timber and bamboos up to 31st March 1892 from the Forests mentioned opposite to the names of the following Depôts :—

Names of Depôts.	Description.	Number to be collected.	Approximate distance from the Jungles to the Depôt.	Forests from which the collection to be made.
1	2	3	4	5
1. Lakvalli Depôt ..	Fresh reserved logs ..	* 300	Miles 5 to 14 .	State and District Forests of Lakvalli.
	Do unreserved logs..	* 200		
2. Tarikere Depôt ..	Teak poles .	* 1,000	Miles 8 to 20 .	Hadikere, Sasavahalli and Gopalgudda jungles.
	Small bamboos ..	50,000		Siddarahalli and Gangur portions of the Jungles of the Ubrani State Forest.

	Do unreserved logs .	* 50		

* Marked by the Forest Department.

2. All tenders to be superscribed with the words "Tenders for the preparation and carting of timber and bamboos from the Forests to the respective Depôts in the District."

3. Tenders will be received by the Assistant Conservator of Forests, Kadur District, up to 15th October 1891.

4. The intending contractors must, in the event of their tendering for preparation and carting for more than one of the above named forests, specify the lowest rates at which they offer to fell, prepare and cart the timber or bamboos from each of such forests separately to the Depôts, the preparation to be according to the usual method of preparation in the District which has always been in vogue.

5. In the case of logs, &c., the rate per cubic foot, in the case of bamboos the rate per 100 must be noted

6. Each successful tenderer on acceptance of his tender will deposit a sum of Rs. 100 as security for due performance of the contract according to agreement which he will be required to sign.

7. The Assistant Conservator of Forests does not bind himself to accept any or the lowest tender.

8. Any further information required by intending contractors may be had on application to the Office of the Assistant Conservator of Forests, Kadur District.

NARAYANAIENGAR,
for *Assistant Conservator, Kadur District.*

NOTICE.

The 12th September 1891.

There are at present two temporary vacancies in the Bangalore Deputy Commissioner's Office of Rs. 25 each consequent on two Accountants being lent to the Census Department.

Applications from Graduates and F. A.'s will be received for the same up to the 20th instant.

V. M. MADHAVA RAO,
Dy. Commissioner.

110.

KOLAR DISTRICT.

NOTIFICATIONS.

The 4th September 1891.

Proclamation and Notification of sale of. Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by Ramasastri and others, revenue defaulters, the undermentioned immovable property will be sold by public auction at the office of the Amildar of the Chikballapur Taluk, Kolar District, on the 23rd October 1891. The sale will commence at 11 A. M. and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is Rs. 139—5—3 as shown in detail in the statement at foot.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf or claiming an interest in the property, tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided, parties deeming themselves aggrieved by the sale, shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale, and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final order in such appeal.

I. Cash account current for the month of June 1891 was read and passed.

Mortuary Return and the Itinerant Medical Officer's Return for the same month were read and recorded.

II. Letter No. 198, dated 27th June 1891, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, recommending that Dr. King's lanoline vaccine paste be used by the City Municipality.

Read also the letter subsequently received from Dr. King, intimating the closing of the Depôt.

Resolution.—Recorded.

III. Docket No. 555, dated 3rd June 1891, from the Deputy Commissioner, Bangalore District, forwarding for information copy of Government Proceedings No. 2866—L. 217 of 11th ultimo in the matter of acquiring the land requiring for Contagious Disease Ward.

Resolution.—The question of a Contagious Disease Ward being a pressing one, the Board express a hope that some suitable land will be acquired by the Government at an early date.

IV. Statement showing the description of vessels required for the use of the Government Chattram, also supply of clothing to the Langarkhana paupers.

Resolution.—A sum of Rs. 200 for purchase of vessles for use of the Chattram and Rs. 262 for the supply of cloths to the Langarkhana paupers is sanctioned. Also resolved that the Vice-President and Messrs. Sambasiva Iyer and Annaiyappa Chetti be requested to form a Committee to examine and report whether the present recipients of charity from the Langarkhana are really deserving of relief from the institution.

V. Letter from the Principal, Medical College, Madras, reporting that stipendiary student Miss S. Patton failed at the final examination for the Diploma of Apothecary and the Senior Surgeon's opinion regarding the same.

Resolution.—As recommended by the Senior Surgeon, Miss Sarah Patton may be allowed a further period of one year to enable her to continue her studies in view to qualify for the [illegible] necessary Diploma next year.

VI. Letter from the President, Municipality, Civil and Military Station, dated 30th June last, requesting that the subject of levying tolls within City Municipal limits may be laid before the Board.

Resolution.—The papers connected with this question and also the introduction of the wheel tax are before the Government pending orders. Meanwhile the President, Municipality, Civil and Military Station, be requested to bring up also the proposition to levy wheel tax in the Civil and Military Station provided in the regulations.

VII. Proceedings of the Government of Mysore No. 3896—112, dated 4th July 1891, regarding the Loom tax and the Oil-mill tax.

Resolution.—The Board regret that in the present financial condition of the Municipality, they are unable to give up a steady annual revenue of Rs. 5,000 under "Looms" and Rs. 1,000 under "Oil-mills". The fact that houses in which looms are working are already paying house assessment under the regulations, may be pointed out to Government.

VIII. Petition from the sheep slaughter house Contractor, complaining against the present system of slaughtering which affects the amount of his income from fees.

Resolution.—The rate of 1½ annas per sheep slaughtered in the afternoon having been reduced to one anna in consequence of the change in the hours of slaughter, a reduction of Rs. 20 per month is sanctioned in the present contract amount of the slaughter house Contractor to compensate for his loss.

IX. Proceedings of the Government of Mysore No. 3573-4—L. 264, dated 26th June last, passing orders on the Proceedings of the Rate-Payers Association, dated 9th idem.

Resolution.—The Board consider it necessary to remove the Leper and Lunatic Asylums from the present locality and to build them near the proposed Contagious Disease Ward. The subject of arrack and toddy shops be deferred to the next meeting for consideration.

X. The utilization of Rs. 3,500 of the Jubilee Fund which it is proposed to hand over to the City Municipality.

Resolution.—The Board is of opinion that the funds in the hands of the Jubilee Committee should not be divided between the two Municipalities, but should be devoted towards the establishment, in some central locality, of a school of industry under the joint management of the City and Station Municipalities.

Additional Propositions.

I. Opening out of a new lane in Bassettipete.

Resolution.—Sanctioned. Charges to be met under head "Compensation."

II. Statement showing the cost of removing Korachars' huts from the grounds adjoining Dharmambudhi feeder to Agrahar gate.

Resolution.—Sanctioned. Rs. 90 to be met under head "Compensation." The remaining huts to be also removed as early as possible.

III. Entertainment of a small temporary establishment in the Collection Department to help in collecting arrears.

Resolution.—A temporary establishment costing not more than Rs. 100 is sanctioned. To be met from the Process fees recovered during the year.

The 15th September 1891.

Memo of Propositions to be laid before the Ordinary Meeting of the Bangalore City Municipal Commission to be held on Wednesday, the 30th September 1891, at 8 A. M., in the Municipal Office, Fort.

I. Cash account current, mortuary return, Itinerant Medical officer's return and Progress Report of works for August 1891.

II. Letter No. 3309—266, dated 8th September 1891, from the Education Secretary to the Government of Mysore, informing that the Government Girls' School, Bangalore, had ceased to be under the control and supervision of the Municipal Board, a separate Managing Committee having been appointed under orders of Government.

III. Docket No. 1739, dated 24th August 1891, from the Senior Surgeon and Sanitary Commissioner, recommending an additional charge allowance of Rs. 10 per mensem being granted to the Hospital Assistant in charge of the Arlepete Dispensary.

IV. Proceedings of the Government of Mysore, No. 6427—L. 431, dated 3rd September 1891, forwarding for report copy of letter from Mr. Henry Hart, Manager, "Zion Works, Bangalore," requesting to be exempted from payment of duty on kopre and salt imported into Bangalore for extracting oil and manufacturing soap respectively.

V. Application from Mr. Vinall for a triangular piece of ground adjoining his compound on the Race Course Road.

VI. Petition dated 29th July 1891, from Lighting Contractor B. Munisami Chetti, soliciting a higher rate than entered in the contract bond.

VII. Application, dated 16th July 1891, from the Head Master, Kannada Boys' School, for a grant for prize distribution and also for purchase of furniture.

VIII. Docket No. 214, dated 8th September 1891, from the Senior Surgeon and Sanitary Commissioner, forwarding for favorable consideration letter from the servants attached to the Branch Dispensary near the Market, requesting an increase to their salaries.

IX. Petition from certain residents of the City of Bangalore, praying that a road may be constructed from Gavipuram to Rudraswami Temple.

X. Reply dated 9th September 1891, from Mr. William Pringle, Chemical Examiner and Analyst, to the terms offered by the Municipality for retaining his services for 6 months.

K. P. PUTTANNA CHETTI,
Vice-President.

Proceedings of a Special Meeting of the City Municipal Commission held on the 20th June 1891.

Read Proceedings of the Government of Mysore, No. 2992-4—L. 222 of the 13th June 1891 and No. 34-36 of 15th June 1891.

Resolution.—The subject matter contained in the above was fully discussed and it was resolved that arrangements be made to open a Branch Dispensary in Arlepete, as early as possible, in communication with the Senior Surgeon and Sanitary Commissioner. The establishment and furniture for this Dispensary will be on the same scale as those in the Branch Dispensary near the Market. The Government have ordered that the Municipality should bear $\frac{1}{3}$rd of the cost of the menial establishment and contingencies, the remaining $\frac{2}{3}$rds being borne by the District Funds. A suitable building will be rented for the purpose.

The following items of first cost on account of the Chattram Hospital to be newly opened are sanctioned :—

		Rs.	A.	P.
1.	Medicines and Apothecary's supply ..	131	9	8

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Tumkur Division, up to 20th September 1891, for restoring the Gutlahalli Tank, R. No. 164 of Maddagiri Taluk. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of 1st April 1893.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Tumkur between the hours of 11 A. M. and 5 P. M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 100 in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for restoring the Gutlahalli Tank, R. No. 164 of Maddagiri Taluk"; in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within 8 days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

J. CAMERON,
Superintendent.

Season Report of the Bangalore District for the month of August 1891.

Rain-fall.—Two inches and 40 cents of rain were gauged at District Head-quarters.

State of the Crops.—The standing crops were reported to be in fair condition ; but withering in parts of the District for want of sufficient rain. Paddy, sugar-cane, eleusine corocana, cow and horse gram, pigeon pea and sorghum vulgare were sown and sugar-cane and paddy harvested in some places. Out-turn 8 to 12 annas.

Public Health.—Good generally.

Mortality.—There were 889 deaths in the month of July against 841 in the preceding month.

Cattle.—One thousand seven hundred and thirty-six head of cattle died during the month ; of which, 200 were killed by wild beasts.

Lands.—Lands assessed at Rs. 2,667—5—4 were taken up for cultivation.

A. F. DOBSON, M. B.,
for *Senior Surgeon and Sanitary Commissioner with the Government of Mysore.*

CIVIL AND MILITARY STATION, BANGALORE.

IN THE COURT OF THE DISTRICT JUDGE.

Mis. Application No. 305 *of* 1891.

In the matter of the estate of the late S. Nagoji Rao, 1st Class Store-keeper, Commissariat Department, Belgaum .. .. *Deceased.*
Rukma Bayi .. .. *Applicant.*

Whereas Rukma Bayi, claiming to be the widow of the said S. Nagoji Rao, deceased, has applied to this Court for a certificate under Act VII of 1889 to collect debts payable in respect of the estate of S. Nagoji Rao, deceased, resident of Belgaum.

124.

Notice is hereby given of the said application; and all claimants in the estate of the said S. Nagoji Rao, deceased, are invited to appear in this Court on Wednesday, the 23rd day of September 1891, at 11 A. M., when the petition of the said Rukma Bayi, applicant, will be heard, and the right to the certificate will be determined.

Given under my hand and the seal of this Court, this 2nd day of September 1891.

P. S. KRISHNA RAO,
Judge.

SOUTHERN MAHRATTA RAILWAY COMPANY.

NOTICE.

Dharwar, the 11th August 1891.

Tenders are invited and will be received by the Agent up to the 30th September 1891 for the supply of 30,000 teak sleepers required during 1892 for renewals on the Mysore State Railway between Mysore and Gubbi.

Tenderers' schedule and specification with any further information required can be obtained from the Chief Engineer, Dharwar, or the Resident Engineer, Bangalore.

The tenders must be addressed to the Agent, Southern Mahratta Railway at Dharwar, in sealed covers which should be superscribed "Tenders for teak sleepers."

The Agent does not bind himself to accept the lowest or any tender.

J. CAMPBELL,
Agent, S. M. R.

REDUCTION IN THE PRICE OF THE PURE SULPHATE OF QUININE.

MANUFACTURED AT THE BENGAL GOVERNMENT CINCHONA PLANTATION.

On and after 1st April 1891, the price of this Quinine will be as follows :—

1	pound	tin	Rs.	16	„	or, post free,	Rs.	16	as.	12
½	„	„	„	8	„	or, post free,	„	8	„	8
¼	„	„	„	4	„	or, post free,	„	4	„	8

Analysis shows this Quinine to be of the purest manufacture; and it is guaranteed to be free from wilful mixture with the inferior alkaloids Cinchonine and Cinchonidine. It is for sale only to Government officers, and only for cash, and may be had from the SUPERINTENDENT, Botanic Garden, Seebpore, near Calcutta. It can be had either white or coloured pink.

L. RICKETTS,
Inspector General of Police.

KOLAR DISTRICT.

NOTIFICATIONS.

The 4th September 1891.

Proclamation and Notification of sale of Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by Ramasastri and others, revenue defaulters, the undermentioned immovable property will be sold by public auction at the office of the Amildar of the Chikballapur Taluk, Kolar District, on the 23rd October 1891. The sale will commence at 11 A. M. and the property will be [illegible]

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is Rs. 130—5—3 as shown in detail in the statement at foot.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf or claiming an interest in the property, tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided, parties deeming themselves aggrieved by the sale, shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale, and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final order in such appeal.

TUMKUR DIVISION.

ADVERTISEMENT.

The 15th September 1891.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Tumkur Division, up to 15th October 1891, for restoring the Magodi Tank, R. No. 29 of Sira Taluk. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of March 1893.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Tumkur between the hours of 11 A. M. and 5 P. M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 100 in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for restoring the Magodi Tank, R. No. 29 of Sira Taluk"; in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within 8 days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

C. T. Dalal,
Executive Engineer.

SPECIAL IMPROVEMENTS DIVISION.

Advertisement.

The 14th September 1891.

Tenders are hereby invited for constructing range of bazaars from Sivarampet Bridge to Jagan Mohan Palace Road. An approximate estimate of quantities is given below. These quantities are not guaranteed.

2. The plans, estimates, schedule of rates and conditions may be seen at the Sanitary Engineer's Office between the hours of 11 A. M. and 5 P. M. daily.

3. Printed forms of tender will be supplied on application, free of cost, by the Sanitary Engineer. These forms should be filled in, signed by the contractor and forwarded in sealed covers to the Sanitary Engineer before the 30th September 1891.

4. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

5. No tenders will be received unless accompanied by a deposit of Rs. 100 as earnest money.

6. Within 8 days of the acceptance of the tender, the contractor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be taken to meet any loss that may be sustained by Government.

7. The name of the contractor, whose tender has been accepted, will be posted on the notice board in the Sanitary Engineer's Office in due course. No enquiries respecting the acceptance or rej-

132.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned to applicants in due course.

The return of visitors to the Srinivasa Mandiram Library was read and recorded.

Resolved.—That the Municipal Commissioners of the Bale Pete Division be Ex-Officio Visitors of the Library.

II. Budget statements for 1891-92 with explanatory Memo *re* the Proceedings of Governme No. 2856-7—L. 215, dated 10th June 1891.

Resolution.—The amended Budget showing a cash balance of Rs. 28,000 at end of the official year 1891-92 be submitted to Government for sanction with explanatory letter regarding the several points mooted in the above Proceedings.

Read also Proceedings of the Government of Mysore No. 5631-2—L. 414, dated 11th August 1891, appointing Messrs. B. Nugesha Rao and M. B. Tivari as City Amildar and Executive Engineer respectively.

Resolution.—The Board, in accepting the arrangements made, have much pleasure in recording a vote of thanks to the Government for effecting these important changes calculated to increase the efficiency of the Collection and the Engineering Departments, at a small cost of only Rs. 50 per month to the Municipality.

Provision to be made to meet this charge in the Budget. The Board wish it to be recorded also that however well the proposed arrangement about a Vice-President may work now, they are doubtful if the supervision will be effective if a separate full-time Vice-President is not appointed.

III. Proceedings of the Bangalore City Rate-Payers' Association dated 2nd August 1891.

Resolution.—Read and recorded. Necessary action will be taken as regards the publication of the names of Registrars of Births and Deaths and the publishing of Bye-laws in the vernaculars. The Board would like to be furnished with full information about the constitution and rules of business of the Rate-Payers' Association, the number at present borne on the register, the propo[illegible]hey bear to the total rate-paying population of the City and whether the members now [illegible]ho[illegible]ates to the Municipality and of what kind.

IV. Letter dated 7th August 1891, from Mr. William Pringle, Che[illegible]r and Analyst, offering to analyse water, ghee, milk, &c., on payment of a certain honora[illegible]

Resolution.—Mr. Pringle's services may be engaged tentatively f[illegible]n a retaining fee of Rs. 1,000 on condition that he agrees to conduct 8 analyses of 1st cl[illegible] every month free of charge.

V. Letter dated 27th June 1891, from the Lady Superioress of St. Martha's Hospital, applying for permission to enclose some vacant site lying to the east of the Government Book Depôt.

Resolution.—Referred to a Sub-Committee composed of—

The Vice-President.	Mr. Leonard.
Mr. Scaldwell.	The Amildar of Bangalore Taluk,

for inspection and report.

VI. Plan and estimate amounting to Rs. 3,134 for connecting the Fort drain with the main d[illegible] near the Bamboo Bazar.

Resolution.—Approved. To be submitted to Government for sanction.

VII. List of works sanctioned during July 1891 :—

Constructing V Drain in Cubbonpete	88	0	0
Do to the west of Mr. Rangaswamaiengar's house	36	0	0
Do Steps to fresh-water well, Barr lines	39	0	0
Do V Drain in Tiglarpete	45	0	0
	208	0	0

Resolution.—Passed.

VIII. Proposed rules regarding the sale of unwholesome articles of food or drink such as adulterated ghee, &c.,

Resolution.—The Board consider it necessary that something should be done to prevent the sale of adulterated articles of food and drink. They understand however that the revision of the Municipal Regulations is now before the Government and therefore resolve to submit this proposition also to the Government for consideration and disposal.

IX. Papers connected with the land granted to the Muhammadan community for Idga.

Resolution—The matter be left to the President for disposal.

X. Proposal to prohibit bathing in the Agrahar Tank.

Resolution.—The bathing was prohibited as a special case when there were a few cases of cholera recently in Kalasipalya. The prohibition may now be withdrawn as owing to want of other places for bathing and washing it will be a hardship to close this tank altogether. But early steps should be taken to divert the sewage of the Town from the Agrahar Tank. The construction of bathing ghats about which the Board has already expressed its approval, should also be expedited.

XI. Appointment of Municipal Commissioners to fill the existing vacancies.

Read letter No. 440 of 18th July 1891, from the President, to the Chief Secretary to Government.

Resolution.—The names of the following gentlemen be submitted to Government for appointment as Municipal Commissioners.

High Ground Division ..		Dr. Penno.
Balepete Division ..		Mr. B. Gungiah,
Fort Division ..	1.	Mr. Gopalaiengar.
	2.	Mr. A. Singarvelu Mudaliar.
Nagarta Pete Division ..		Name will be submitted shortly.

None of the Municipal Commissioners being in a position to recommend the former nominee for Bale Pete Division, the President suggested it would perhaps be a good arrangement if the Rate-Payers' Association who had lately evinced much interest in the proceedings of the Municipality could be asked to select a member.

Resolved—That the Rate-Payers' Association be requested to nominate a Municipal Commissioner for the Balepete Division and submit the same for the approval of the Board, the grounds of recommendation and the method of the nominee's election being fully explained for the information of the Board.

XII. [illegible]om the residents of Kankanpalya, praying that a road may be opened to their village.

Note.—[illegible]king the road is estimated at Rs. 101.

Resolution.—[illegible]

XIII. Lette[illegible] August 1891, from the Honorary Secretary, Friend-in-need Society, regarding the utili[illegible] Jubilee Fund.

Read also docket No. 16, dated 26th August 1891, from the Honorary Secretary, Jubilee Committee, on the same subject.

Resolution.—Referred to a Sub-Committee composed of—

The Vice-President.	Mr. Leonard.
Mr. Scaldwell.	Mr. Krishnaswamaiengar.
Mr. Cameron.	Mr. Sambasivaiyer.
	Mr. M. Mariyanna,

for consideration and report as to how the Fund should be utilized.

Deferred Proposition.

XIV. Proceedings of the Rate-Payers' Association dated 9th June 1891.

Resolution.—The Board consider that the proposal for the wholesale removal of arrack and toddy shops from the town is such as cannot be entertained. Action can be taken only when the Association are able to point out specifically the localities in which it is undesirable to locate or retain arrack and toddy shops and assign good reasons for the removal of such shops.

V. P. MADHAVA RAO,
President.

The 21st September 1891.

Memo of Additional Propositions to be laid before the next Meeting of the Board to be held on Wednesday, the 30th September 1891.

I. Proceedings of the Government of Mysore No. 6936—L. 537, dated 17th September 1891, forwarding for report a petition from certain inhabitants of the Bangalore City, regarding the appointment of a Municipal Commissioner for the Nagarta Pete Division.

II. Correspondence *re* the allowance recommended to be granted to Mr. Knight and P. Swamidas Pille for special duty done by them in connection with the late Census of the Bangalore City.

III. Letter No. 256, dated 15th September 1891, from the Executive Engineer to the Municipality, requesting sanction to entertain a temporary Sub-Surveyor for 3 months on a monthly salary of Rs. 30 to complete the survey map of the Petta and other projects.

IV. Application from the cartmen of the conservancy Department, praying for an increased rate of pay.

V. Letter No. 977, dated 9th September 1891, from the Deputy Commissioner, Bangalore District, *re* compensation to be paid for the land taken up for the Hindu burial ground near the Jakkarayan Tank.

K. P. PUTTANNA CHETTI,
Vice-President.

MYSORE CITY MUNICIPALITY.

ADDITIONAL SUBJECTS.

The 14th September 1891.

V. Proposal of Mr. Amble Annaiya Pandit regarding certain arrangements to be made for the cart-stand behind Dodkere.

VI. Proposal of Educational Secretary regarding the transfer of certain Grant-in-aid to the Wesleyan High School in addition to the existing grant.

VII. Proposals of certain Municipal Members regarding the acquisition of a house and a site situated near Sanskrit Patasala in Devaraj Mohalla belonging to Hampapur Rama Rao.

T. RAGHAVENDRA RAO,
Vice-President.

Season Report of the Mysore District for the month of August 1891.

Rain-fall.—The rain-fall at Taluk head-quarters during the month was as follows :—

	I.	C.		I.	C.
Mysore ..	1	44	T. Narsipur ..	0	48
Yedatore ..	0	46	Seringapatam ..	0	31
Hunsur ..	0	80	Krishnarajpete ..	1	3
Heggaddevankote ..	1	85	Nagamangala ..	0	40
Gundlupet ..	0	28	Mandya ..	1	20
Chamrajnagar ..	0	0	Malvalli ..	0	87
Nanjangud ..	0	30			

Crops.—Horse-gram green, gram, black gram, tobacco and paddy were sown during the month; jola, yellu and ragi were harvested. The standing crops ragi, tuvar, ballar, paddy, &c. are reported to be withering for want of rain.

Cattle.—Murrain prevailed in parts of Mysore, Chamrajnagar, Nanjangud and Seringapatam Taluks. The number of deaths from murrain was 163 and from other causes 1,026, making a total of 1,189. Want of fodder for cattle is much felt.

Health.—The public health was reported to be good in all the taluks, except in some villages of the Yedatore Taluk where cholera broke out.

Prices.—Rice, 1st sort, 7½ seers per rupee.

2nd	„	8½	do do
Ragi		23	do do
Horse-gram		19	do do

Lands.—Lands assessed at Rs. 893—0—11 were taken up for cultivation.

Notifications by the Govt. of India: Resident: Chief Court, &c.

JUDICIAL DEPARTMENT.

IN THE CHIEF COURT OF MYSORE.

Civil Side.

Rule of Practice No. 83, *dated* 21*st August* 1891.

The Chief Court directs that, when a memorandum of objections is filed by a Respondent under Section 561, or when objections are taken to findings under Section 567, Civil Procedure Code, the party filing such objections should certify to the Court, that due notice of the same has been given to the other side.

2. Such notice may be sent by post Registered by the party or his Advocate, to the opposite party or the Advocate representing him.

By the Court,

S. HAMIDJEE ROW,
Registrar.

FINANCIAL DEPARTMENT.

MYSORE BUDGET ESTIMATES FOR 1892-93.

Circular No. 1758, *dated the* 28*th September* 1891.

The Government having ordered that the Budget Estimates should in future be printed and issued before the commencement of the official year, the Comptroller has the honor to request that the Heads of Offices and Departments will be good enough to prepare their Budget Estimates of Receipts and Disbursements for 1892-93, and despatch them so as to reach this Office not later than the 15th November next.

2. The Budget Estimates should invariably be sent direct to this office. Such of them as may be found to require the orders of Government will be submitted thereto by this Office.

3. The Receipt Budget should include only what is expected to be actually received during the year. The Disbursement Budget should provide as regards fixed charges, the full amount of the sanctioned scale and as regards fluctuating charges such as contingencies, travelling allowances, &c., the fixed amounts wherever they have been so fixed and the average based on the actuals of the previous 3 years for all other items. If any saving be anticipated, a proportionate reduction should be made; if on the other hand the average is exceeded, a note should be added giving reasons for the same.

4. No new charge should be included in the Budget Estimates until sanctioned by Government, but a note may be made separately in red ink at the end of the Budget of any fresh charge which may [illegible] for payment during the year.

5. The figures to be enterd under Estimates for 1891-92 are those shown in the printed Budget of this Office for that year, as modified by the memo of additions and alterations made in the estimates of that year, appended to the Financial Report of this Office for 1890-91. The figures to be entered in the column of Actuals for 1890-91 should be verified from the Treasury Accounts as far as possible before they are entered in the Budgets.

6. Full explanation should be given in separate columns for all the differences between the Actuals of 1890-91 and the Estimates of the coming year, and also for the differences between the Estimates of 1891-92 and 1892-93; but in case of receipts, the explanation may be restricted to only those items in which the differences exceed Rs. 1,000 under major heads. If any variations are based on orders of Government, their number and date should be quoted.

7. The Budget Estimates relating to the Department of Forest, Excise, Registration, Civil and Criminal Courts and Jails and Lockups, Police, Education and Medical should be reviewed and compiled by Heads of the respective Departments, and one consolidated statement sent to this Office by each Department within the prescribed date.

To save unnecessary trouble and correspondence, the Heads of Offices and Departments are specially requested to see that these instructions are fully attended to before the Budgets are signed and forwarded to this Office.

H. EAGLES,
for *Comptroller.*

EDUCATION DEPARTMENT.

NOTIFICATIONS.

The 12th September 1891.

THE GOVERNMENT ORIENTAL LIBRARY.

Government having established an Oriental Library for public use are prepared to receive Sanskrit and Kannada manuscripts from private owners and managers of the Temple and Matha Libraries and to make proper arrangements for their preservation and safe custody in the Government Library. The name of the donors will be attached to the manuscripts, and should any of them be printed the donors will be entitled to receive from Government a few copies of the printed volumes. Government are prepared also to purchase rare and useful manuscripts. All communications relating to manuscripts offered for preservation or for sale should be made to the Education Secretary.

Education Secretary.

FOREST DEPARTMENT.

NOTIFICATIONS.

The 4th September 1891.

Tenders are invited for the preparation and carting of timber and bamboos up to 31st March 1892 from the Forests mentioned opposite to the names of the following Depôts :—

Names of Depôts.	Description.	Number to be collected.	Approximate distance from the Jungles to the Depôt.	Forests from which the collection to be made.
1	2	3	4	5
1. Lakvalli Depôt ..	Fresh reserved logs ..	* 300	Miles 5 to 14 .	State and District Forests of Lakvalli.
	Do unreserved logs..	* 200		
2. Tarikere Depôt ..	Teak poles .	* 1,000	Miles 8 to 20 .	Hadikere, Sasarahalli and Gopalgudda jungles.
	Small bamboos ..	* 50,000		Siddarahalli and Gangur portions of the Jungles of the Ubrani State Forest.
3. Hebbe Temporary Depôt.	Fresh teak logs ..	* 200	Miles 5 to 8..	Tagur Gudda and Muthodi State and District Forests.
	Do reserved logs ..	* 150		
4. Chikmagalur Depôt.	Fresh teak logs ..	* 50	Miles 20 to 25.	Muthodi State and District Forests.
	Do reserved logs .	* 25		
	Do unreserved logs .	* 25		
	Jungle poles ..	* 300		Hunasevalli and Hukkimukki District Jungles.
	Small bamboos ..	50,000		
	Large bamboos ..	1,000		
5. Birur Depôt ..	Fresh teak logs ..	* 50	Miles 20 to 22.	Kathlekhan portion of the Lakvalli State and District Jungle.
	Do reserved logs ..	* 100		
	Do unreserved logs .	* 50		

* Marked by the Forest Department.

2. All tenders to be superscribed with the words "Tenders for the preparation and carting of timber and bamboos from the Forests to the respective Depôts in the District."

3. Tenders will be received by the Assistant Conservator of Forests, Kadur District, up to 15th October 1891.

4. The intending contractors must, in the event of their tendering for preparation and carting for more than one of the above named forests, specify the lowest rates at which they offer to fell, prepare and cart the timber or bamboos from each of such forests separately to the Depôts, the preparation to be according to the usual method of preparation in the District which has always been in vogue.

5. In the case of logs, &c., the rate per cubic foot, in the case of bamboos the rate per 100 must be noted.

6. Each successful tenderer on acceptance of his tender will deposit a sum of Rs. 100 as security for due performance of the contract according to agreement which he will be required to sign.

7. The Assistant Conservator of Forests does not bind himself to accept any or the lowest tender.

8. Any further information required by intending contractors may be had on application to the Office of the Assistant Conservator of Forests, Kadur District.

NARAYANAYYANGAR

The 31st August 1891.

The undermentioned trained elephants will be sold by public auction at the Woodyard, Mysore, on Friday the 16th October by the Assistant Conservator of Forests, Mysore District :—

No.	Names.	Sex.	Height. Ft.	Height. In.	Date of Capture.	Remarks.
1	Vijiya Lakshmi .	Female .	7	3	2nd November 1889.	Well trained and believed to be thoroughly sound.
2	Parvati ..	Do ..	7	5	3rd October 1885 .	They had been employed hitherto for training newly captured elephants.

Terms.—Twenty-five per cent deposit to be paid at once, and the balance within 15 days from the date of sale and before removal ; failing which the deposits will be forfeited, and the animals will be resold at the risk of the first purchaser, who shall not participate in any increase that may arise. Purchasers to bear all expenses of up-keep from date of purchase.

B. RAMASWAMI IYER,
Offg. Asstt. Conservator of Forests,
Mysore District.

POLICE DEPARTMENT.

TUMKUR DIVISION.

ADVERTISEMENT.

The 15th September 1891.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Tumkur Division, up to 15th October 1891, for restoring the Magodi Tank, R. No. 29, of Sira Taluk. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of March 1893.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Tumkur between the hours of 11 A. M. and 5 P. M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 100 in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for restoring the Magodi Tank, R. No. 29, of Sira Taluk"; in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within 8 days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

C. T. DALAL,
Executive Engineer.

SPECIAL IMPROVEMENTS DIVISION.

ADVERTISEMENT.

The 14th September 1891.

Tenders are hereby invited for constructing range of bazaars from Sivarampet Bridge to Jagan Mohan Palace Road. An approximate estimate of quantities is given below. These quantities are not guaranteed.

2. The plans, estimates, schedule of rates and conditions may be seen at the Sanitary Engineer's Office between the hours of 11 A. M. and 5 P. M. daily.

3. Printed forms of tender will be supplied on application, free of cost, by the Sanitary Engineer These forms should be filled in, signed by the contractor and forwarded in sealed covers to the Sanitary Engineer before the 30th September 1891.

4. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

5. No tenders will be received unless accompanied by a deposit of Rs. 100 as earnest money.

6. Within 8 days of the acceptance of the tender, the contractor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be taken to meet any loss that may be sustained by Government.

7. The name of the contractor, whose tender has been accepted, will be posted on the notice board in the Sanitary Engineer's Office in due course. No enquiries respecting the acceptance or rejec-

148

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned to applicants in due course.

MYSORE MUNICIPALITY.

Proceedings of the Meeting of the Municipal Board of Mysore held at the Town Hall on Saturday the 25th July 1891.

Present.

President.

D. Namakal Rao, Esq.

Vice-President.

K. Muhammad Ali, Esq.

Ex-Officio Members.

The Police Superintendent, Mysore.

Non-Official Members.

Revd. Henry Haigh.
Mr. Davud Khan.
„ Shek Ibrahim.
„ H. Lingaraj Ars.
„ C. Raja Rao.
„ E. S. Subrayer.
„ W. P. Narayanaswami Mudaliar.
„ Dodda Mallaiya.
„ N. Puttanna.
„ Amble Annaiya Pandit.
„ Linganna.
„ Mallappa.
„ Lakshmipataiya.
„ Tunga Nanjunda Setti.
„ Muhammad Gulkhan.

Absent.

Ex-Officio Members.

The Civil Surgeon, Mysore.

The Palace Controller, Mysore.

The Amildar of Mysore Taluk.

The Executive Engineer, Mysore Division.

Non-Official Members.

Mr. M. A. Krishnaiengar.
„ W. Srinivasa Rao.
„ Sahukar Gudiyappa.

Subjects.

I. Read statement of receipts and disbursements on account of the Municipal Board for the month of June 1891.—Passed.

II. Read correspondence regarding the Sewage Farm now in charge of the Superintendent of the Jail, Mysore.

Resolved that the lease be cancelled.

III. Read Government Proceedings No. 2677—L.-198, dated 9th June 1891, directing to submit proposals for adoption of the rules for the conduct of business.

Proposed that a Sub-Committee be appointed to frame rules and these rules for the conduct of business to be circulated for the opinion of the Board before being finally passed.

The following gentlemen have been elected to form the Sub-Committee:—

Revd. Henry Haigh.
Mr. E. S. Subbrayer.
„ C. Raja Rao.
Mr. Shek Ibrahim.
„ Amble Annaiya Pandit.

IV. Assistant Conservator's proposals received with the Deputy Commissioner's docket No. 915, dated 2nd July 1891, in connection with certain modifications in the rules on the levy of Octroi duty on timber were read.

Adjourned to another meeting.

V. List of officials elegible for pension to be paid agreeably to Government Proceedings No. 2682-3—L.-202, dated 9th June 1891.

Adjourned to another meeting.

VI. Read correspondence regarding the contributions requesting to be paid towards the Eastern frontage of the Market.

Resolved to ask for a postponement of the instalment for 3 years.

VII. Government Proceedings No. 2525-6—L.-184 of 2nd June 1891, requesting the submission of valuation statement in connection with tax.

To enable the Board to take over the water-supply, it is proposed to enfore Section 199 of the Regulation, and in reply to above Proceedings to submit a detailed statement.—Carried.

VIII. Reconsideration of the tax to be imposed on animals and introduction of Tolls' system in lieu of Octori.

As Octori is being collected, this tax cannot be levied. Former proposal cancelled.

IX. Memorandum of Mr. Amble Annaiya Pandit, Municipal Commissioner, recommending to appoint City Amildar as a member of the Board.

The proposal was withdrawn by Mr. Amble Annaiya Pandit.

X. Read Memorandum of Mr. Amble Annaiya Pandit suggesting the selection of members for inspecting Aided Municipal Schools.

Proposed that the Educational Secretary be requested to send copy of his report to the Vice-President for circulation to the members, and the following members be appointed official visitors of the Schools, who will send a report of the result of their visit, if necessary, to the Vice-President:—

Mr. E. S. Subbrayer.
„ C. Raja Rao.
„ Amble Annaiya Pandit.
„ Mallappa.
Mr. Shek Ibrahim.
„ Davud Khan.
„ W. P. Narayansami Mudaliar.

Mr. Raja Rao desired to be placed on record the useful services rendered by the former members, notably Mr. Raghavachari who always evinced a great interest in the affairs of the Municipality.
Seconded by Mr. Amble Annaiya Pandit.—Carried.

The Police Superintendent, Mysore.
The Executive Engineer, Mysore Division.

Non-Official Members.

Lingaraj Ars, Esq.
N. Puttanna, Esq.
T. Nanjunda Setti, Esq.
Gudiyappa, Esq.
Revd. Henry Haigh.

Subjects.

I. Read statement of receipts and disbursements on account of the Municipal Board for July 1891. The accounts have been checked by auditors.—Passed and recorded.

II. Read letter of Mr. Raja Rao, Municipal Commissioner, mentioning certain arrangements regarding Durgaiya's Kola, for consideration of the Board.

Resolved.—That the state of the well being insanitary and dangerous to human life, the matter be laid before a Magistrate as the owner has not come forward to lessen the water or erect a wall around.

III. Read letter of the Amildar of Mysore Taluk, bringing to notice the insufficieney of sweepers for the consideration of the Board.

Resolved.—That the matter be referred to the Vice-President for disposal.

IV. Read petition of the residents of Krishnaraj Mohalla, praying for grant-in-aid to Vani-Vilasa School.

Resolved that a grant of Rs. 12 be given to the school.

V. Lock-ups of the Eastern frontage of the Devaraj Market.

Resolved.—That the lock-ups completed be handed over to the Municipality and that the Sanitary Engineer be requested to complete the incompleted ones.

VI. Read proposals of Forest Assistant Conservator, relating to certain modifications in the rules on the levy of Octroi duty on timber.

The majority resolved that the present rates be continued as there seemed to be no particular necessity to alter the rates.

Account current of the Mysore City Municipality for the month of July 1891.

A. F. DOBSON, M. B.,
for *Senior Surgeon and Sanitary Commissioner with the Government of Mysore.*

REDUCTION IN THE PRICE OF THE PURE SULPHATE OF QUININE.

MANUFACTURED AT THE BENGAL GOVERNMENT CINCHONA PLANTATION.

On and after 1st April 1891, the price of this Quinine will be as follows :—

1 pound tin Rs. 16 „ or, post free, Rs. 16 as. 12
½ „ „ „ 8 „ or, post free, „ 8 „ 8
¼ „ „ „ 4 „ or, post free, „ 4 „ 8

Analysis shows this Quinine to be of the purest manufacture ; and it is guaranteed to be free from wilful mixture with the inferior alkaloids Cinchonine and Cinchonidine. It is for sale only to Government officers, and only for cash, and may be had from the SUPERINTENDENT, Botanic Garden, Seebpore, near Calcutta. It can be had either white or coloured pink.

REDUCTION IN PRICE OF CINCHONA FEBRIFUGE.

From 1st April 1891, and until further orders, Cinchona Febrifuge can be purchased by all Government officers and by any one taking *ten pounds* at a time, from the Superintendent, Botanic Garden, Calcutta, at the following rates : four ounce tin *Rs.* 2, *ans.* 8 ; eight ounce tin *Rs.* 5 ; one pound tin *Rs.* 10.—The general public can be supplied by the Superintendent, Botanic Garden, *for Cash only* at the undernoted rates : per four ounce tin *Rs.* 3 ; per eight ounce tin *Rs.* 6 ; per pound tin *Rs.* 12. This medicine is also sold by the principal European and Native druggists in Calcutta. Postage four annas per 4 *oz.* tin, eight annas per 8 *oz.* tin, and twelve annas per pound tin, in addition to the foregoing rates.

L. RICKETTS,
Director of Statistics and Agriculture.

TUMKUR DIVISION.

ADVERTISEMENT.

The 15th September 1891.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Tumkur Division, up to 15th October 1891, for restoring the Magodi Tank, R. No. 29, of Sira Taluk. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of March 1893.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Tumkur between the hours of 11 A.M. and 5 P.M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 100 in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for restoring the Magodi Tank, R. No. 29, of Sira Taluk" ; in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within 8 days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond ; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

158

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

REDUCTION IN THE PRICE OF THE PURE SULPHATE OF QUININE.

MANUFACTURED AT THE BENGAL GOVERNMENT CINCHONA PLANTATION.

On and after 1st April 1891, the price of this Quinine will be as follows :—

1	pound tin	Rs. 16	„	or, post free,	Rs. 16 as. 12
½	„	„ „ 8	„	or, post free,	„ 8 „ 8
¼	„	„ „ 4	„	or, post free,	„ 4 „ 8

Analysis shows this Quinine to be of the purest manufacture ; and it is guaranteed to be free from wilful mixture with the inferior alkaloids Cinchonine and Cinchonidine. It is for sale only to Government officers, and only for cash, and may be had from the SUPERINTENDENT, Botanic Garden, Seebpore, near Calcutta. It can be had either white or coloured pink.

REDUCTION IN PRICE OF CINCHONA FEBRIFUGE.

From 1st April 1891, and until further orders, Cinchona Febrifuge can be purchased by all Government officers and by any one taking *ten pounds* at a time, from the Superintendent, Botanic Garden, Calcutta, at the following rates : four ounce tin *Rs.* 2, *ans.* 8 ; eight ounce tin *Rs.* 5 ; one pound tin *Rs.* 10.—The general public can be supplied by the Superintendent, Botanic Garden, *for Cash only* at the undernoted rates : per four ounce tin *Rs.* 3 ; per eight ounce tin *Rs.* 6 ; per pound tin *Rs.* 12. This medicine is also sold by the principal European and Native druggists in Calcutta. Postage four annas per 4 *oz.* tin, eight annas per 8 *oz.* tin, and twelve annas per pound tin, in addition to the foregoing rates.

COMMISSARIAT ADVERTISEMENTS.

No. 32.

The 22nd September 1891.

Sealed tenders for the supply to the Bangalore Commissariat of the undermentioned articles in the quantities and at the places noted below from 1st April 1892 to 31st March 1893 will be received by the Chief Commissariat Officer (hereinafter referred to as the Commissariat Officer) at Bangalore up to noon on the dates specified below, and then and there opened in the presence of all parties who may choose to attend.

2. No tenders will be received except on form obtainable from Chief Commissariat Office at Bangalore, which, as well as any information required regarding the contract, will be given on application to the Commissariat Officer at Bangalore up to 5 o'clock P. M. on the day previous to opening tenders. No addition or alteration must be made in the tender forms.

3. Seals of tenderers will not be accepted ; they should have their marks verified by witnesses.

4. Covers to be superscribed "Tender for the supply of ."

5. The tender may be for all or any of the articles required, but should comprise the total requirement of the article or articles tendered for, and the term of contract must be as noted above and the rate an average for the whole period. The Commissariat Officer shall have the power to accept a tender in whole or in part, or to reject a tender without assigning any cause for so doing, but in the event of the tender being accepted in part only, and the tenderer failing to take up the contract, the whole earnest-money deposited for the article or articles in question will be confiscated.

6. Each tender must be accompanied with separate earnest-money for each description of article in Government Promissory notes or by Bank of Bengal or Treasury receipt * for the amounts noted below. Tenders without earnest-money will not be attended to.

* The receipt may be for currency notes or cash.

7. Earnest-money will be confiscated if the tenderer withdraws from his tender.

8. Samples of the articles to be supplied can be inspected at the Chief Commissariat Office at Bangalore.

No. 35.

The 21st September 1891.

Sealed tenders for the supply to the Bangalore Commissariat of meat for Bangalore from 1st April 1892 to 31st March 1893 at the stations in the Bangalore Commissariat Division and in the quantities noted in the memorandum at foot will be received by the Chief Commissariat Officer, hereinafter referred to as the Commissariat Officer, at Bangalore up to noon on the 4th November 1891 and then and there opened in the presence of all parties who may choose to attend.

2. No tenders will be received except on forms obtainable from the Chief Commissariat Office at Bangalore, which, as well as any information required regarding the contract, will be given on application to the Commissariat Officer at Bangalore up to 5 o'clock P. M. on the 3rd November 1891. No addition or alteration must be made in the tender forms.

3. Seals of tenderers will not be accepted ; they should have their marks verified by witnesses.

3*a*. Meat agents of the Commissariat Department are permitted to tender, and if their tenders are accepted, they will be discharged on becoming contractors.

4. Covers to be superscribed " Tender for supply of meat."

5. The tender must be for the supply of the whole requirement, and rates must be stated for the supply in camps and on command, without which tenders will not be attended. Government shall have the power to accept or reject a tender without assigning any cause for so doing.

6. Each tender must be accompanied with earnest-money in Government promissory notes or Bank of Bengal or treasury receipts * for Rs. 2,000. Tenders without earnest-money will not be attended to.

* The receipt may be for currency notes or cash.

7. Earnest-money will be confiscated if the tenderer withdraws from his tender.

BANGALORE DIVISION.

ADVERTISEMENT.

The 17th October 1891.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Bangalore Division, up to 31st October 1891, for restoring the Ujini Gaurammanakere Tank. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of 31st October 1892.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Bangalore between the hours of 11 A. M. and 5 P. M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 200 in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for restoring the Ujini Gaurammanakere Tank," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with Executive Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within 8 days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond, in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

C. HAUDIN,
Supt. of Police, Mysore State Railway.

KOLAR DISTRICT.

NOTIFICATIONS.

The 16th October 1891.

The right of collecting kuranga or whet stones in the Sidlaghatta and Bowringpet Taluks will be put up to public auction on the 26th November 1891 at the Taluk Cutcherries commencing at 11 A. M.

2. The Amildar or the Sheristadar will hold the sale.

3. The sale will not become absolute until it has been confirmed by the Deputy Commissioner of Kolar.

4. The lease will be up to 31st March 1892.

5. The purchaser will be required to deposit twenty-five per cent of the purchase money at the time of the sale, and where the remainder of the purchase money, together with the prescribed local cess on the whole amount at one anna in the rupee, may not be paid within seven days from the date of his being informed by the Deputy Commissioner of the confirmation of the sale, the money so deposited shall be liable to forfeiture. When such deposits shall not be made, nor the remaining purchase money paid up, the right shall be resold at the expense and risk of the first purchaser.

6. The conditions of the sale are:—

(*a*) That the lessee is not to collect the stone on occupied lands, except with the consent of the occupants, who however are not authorized to collect the stones on their lands, or to sell them to any other than the lessee.

(*b*) That the lessee is not to interfere with the grazing of the hulbanni izardars, or renters of pastures.

(*c*) That the lessee is to allow unoccupied lands to be given out for cultivation by Government, reserving to himself the right of collecting the stone wherever found in them.

(*d*) That the lessee shall not dig up the lands for the collection of the stone, and if the lands are dug up, shall fill up the pits so as to leave the lands fit for culti-

Proclamation and Notification of sale of Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by Gundachari and another, revenue defaulters, the undermentioned immovable property will be sold by public auction at the office of the Amildar of the Bowringpet Taluk, Kolar District, on the 28th November 1891. The sale will commence at 11 A. M. and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is Rs. 97—0—9 as shown in detail in the statement at foot.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf or claiming an interest in the property tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale, shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale, and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final order in such appeal.

Proclamation and Notification of sale of Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by Srinivasachari revenue defaulter, the undermentioned immovable property will be sold by public auction at the office of the Amildar of the Bagepalli Taluk, Kolar District, on the 28th November 1891. The sale will commence at 11 A. M. and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is Rs. 16—2—3 as shown in detail in the statement at foot.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf or claiming an interest in the property tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale, shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale, and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final order in such appeal.

Proclamation and Notification of sale of Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by Venkatdasappa and others, revenue defaulters, the undermentioned immovable property will be sold by public auction at the office of the Amildar of the Bagepalli Taluk, Kolar District, on the 26th November 1891. The sale will commence at 11 A. M. and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is Rs. 310—4—3 as shown in detail in the statement at foot.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf or claiming an interest in the property tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale, shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale, and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final order in such appeal.

BANGALORE DIVISION.

ADVERTISEMENT.

The 17th October 1891.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Bangalore Division, up to 31st October 1891, for restoring the Ujini Gaurammanakere Tank. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of 31st October 1892.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Bangalore between the hours of 11 A. M. and 5 P. M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 200 in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for restoring the Ujini Gaurammanakere Tank," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with Executive Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within 8 days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond, in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

COMMISSARIAT ADVERTISEMENTS.

No. 32.

The 22nd September 1891.

Sealed tenders for the supply to the Bangalore Commissariat of the undermentioned articles in the quantities and at the places noted below from 1st April 1892 to 31st March 1893 will be received by the Chief Commissariat Officer (hereinafter referred to as the Commissariat Officer) at Bangalore up to noon on the dates specified below, and then and there opened in the presence of all parties who may choose to attend.

2. No tenders will be received except on form obtainable from Chief Commissariat Office at Bangalore, which, as well as any information required regarding the contract, will be given on application to the Commissariat Officer at Bangalore up to 5 o'clock P. M. on the day previous to opening tenders. No addition or alteration must be made in the tender forms.

3. Seals of tenderers will not be accepted ; they should have their marks verified by witnesses.

4. Covers to be superscribed "Tender for the supply of ."

5. The tender may be for all or any of the articles required, but should comprise the total requirement of the article or articles tendered for, and the term of contract must be as noted above and the rate an average for the whole period. The Commissariat Officer shall have the power to accept a tender in whole or in part, or to reject a tender without assigning any cause for so doing, but in the event of the tender being accepted in part only, and the tenderer failing to take up the contract, the whole earnest-money deposited for the article or articles in question will be confiscated.

6. Each tender must be accompanied with separate earnest-money for each description of article in Government Promissory notes or by Bank of Bengal or Treasury receipt * for the amounts noted below. Tenders without earnest-money will not be attended to.

* The receipt may be for currency notes or cash.

7. Earnest-money will be confiscated if the tenderer withdraws from his tender.

8. Samples of the articles to be supplied can be inspected at the Chief Commissariat Office at Bangalore.

No. 35.

The 21st September 1891.

Sealed tenders for the supply to the Bangalore Commissariat of meat for Bangalore from 1st April 1892 to 31st March 1893 at the stations in the Bangalore Commissariat Division and in the quantities noted in the memorandum at foot will be received by the Chief Commissariat Officer, hereinafter referred to as the Commissariat Officer, at Bangalore up to noon on the 4th November 1891 and then and there opened in the presence of all parties who may choose to attend.

2. No tenders will be received except on forms obtainable from the Chief Commissariat Office at Bangalore, which, as well as any information required regarding the contract, will be given on application to the Commissariat Officer at Bangalore up to 5 o'clock P. M. on the 3rd November 1891. No addition or alteration must be made in the tender forms.

3. Seals of tenderers will not be accepted ; they should have their marks verified by witnesses.

3*a*. Meat agents of the Commissariat Department are permitted to tender, and if their tenders are accepted, they will be discharged on becoming contractors.

4. Covers to be superscribed " Tender for supply of meat."

5. The tender must be for the supply of the whole requirement, and rates must be stated for the supply in camps and on command, without which tenders will not be attended. Government shall have the power to accept or reject a tender without assigning any cause for so doing.

6. Each tender must be accompanied with earnest-money in Government promissory notes or Bank of Bengal or treasury receipts * for Rs. 2,000. Tenders without earnest-money will not be attended to.

* The receipt may be for currency notes or cash.

7. Earnest-money will be confiscated if the tenderer withdraws from his tender.

BANGALORE DISTRICT.

NOTIFICATION.

The 28th October 1891.

Proclamation and Notification of sale of immovable property.

It is hereby notified that in satisfaction of arrears of land revenue due by Setlur Krishnaiengar, a Revenue defaulter, the undermentioned immovable property will be sold by public auction at the office of the Amildar of the Magadi Taluk, Bangalore District, on the 16th December 1891. The sale will commence at 11 A. M. and the property knocked down to the highest bidder, without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is Rs. 456—14—0, as shown in detail in the statement at foot.

3. The purchasers will be required to deposit 25 per cent of the purchase money at the time of sale and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited, shall be liable to forfeiture.

4. When such deposit shall not be made, nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents; and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf, or claiming an interest in the property tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money, will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale, shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of the sale and also to appeal to Government against his orders within the time prescribed by law, and the purchase shall be conditional on the final orders in such appeal.

K. MUHAMMAD ALI,
Offg. Dy. Commissioner.

KOLAR DISTRICT.

NOTIFICATION.

The 16th October 1891.

The right of collecting kuranga or whet stones in the Sidlaghatta and Bowringpet Taluks will be put up to public auction on the 26th November 1891 at the Taluk Cutcherries commencing at 11 A. M.

2. The Amildar or the Sheristadar will hold the sale.

3. The sale will not become absolute until it has been confirmed by the Deputy Commissioner of Kolar.

4. The lease will be up to 31st March 1892.

5. The purchaser will be required to deposit twenty-five per cent of the purchase money at the time of the sale, and where the remainder of the purchase money, together with the prescribed local cess on the whole amount at one anna in the rupee, may not be paid within seven days from the date of his being informed by the Deputy Commissioner of the confirmation of the sale, the money so deposited shall be liable to forfeiture. When such deposits shall not be made, nor the remaining purchase money paid up, the right shall be resold at the expense and risk of the first purchaser.

6. The conditions of the sale are :—

(*a*) That the lessee is not to collect the stone on occupied lands, except with the consent of the occupants, who however are not authorized to collect the stones on their lands, or to sell them to any other than the lessee.

(*b*) That the lessee is not to interfere with the grazing of the hulbanni izardars, or renters of pastures.

(*c*) That the lessee is to allow unoccupied lands to be given out for cultivation by Government, reserving to himself the right of collecting the stone wherever found in them.

(*d*) That the lessee shall not dig up the lands for the collection of the stone, and if the lands are dug up, shall fill up the pits so as to leave the lands fit for cultivation.

Proclamation and Notification of sale of Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by Gundachari and another, revenue defaulters, the undermentioned immovable property will be sold by public auction at the office of the Amildar of the Bowringpet Taluk, Kolar District, on the 28th November 1891. The sale will commence at 11 A. M. and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is Rs. 97—0—9 as shown in detail in the statement at foot.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf or claiming an interest in the property tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale, shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale, and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final order in such appeal.

4. When such deposit shall not be made nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf or claiming an interest in the property tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale, shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale, and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final order in such appeal.

C. MADIAH,
Dy. Commissioner.

BANGALORE DIVISION.

ADVERTISEMENT.

The 17th October 1891.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Bangalore Division, up to 31st October 1891, for restoring the Ujini Gauramnanakere Tank. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of 31st October 1892.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Bangalore between the hours of 11 A. M. and 5 P. M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 200 in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for restoring the Ujini Gaurammanakere Tank," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with Executive Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within 8 days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond, in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

Improving Ujini Tank, Registered No.—Dodballapur Taluk.

EDUCATION DEPARTMENT.

NOTIFICATIONS.

The 30th October 1891.

The Government of His Highness the Maharaja have been pleased to frame the following rules for the Oriental Library, Mysore :—

THE ORIENTAL LIBRARY, MYSORE.

Rules.

1. The Library shall be open to the public from 8 to 11 A. M. and from 3 to 6 P. M., every day except on Sundays, the last Saturday of every month and all other authorized holidays.

2. Persons under 14 years of age shall not be admitted.

3. Dogs shall not be allowed to enter the Library.

4. Every visitor shall, on admission, write his name, occupation and address in a book provided for the purpose.

5. The Librarian shall be at liberty to refuse admission to, or direct the removal of, any visitor who shall break the rules or otherwise misconduct himself. Against the Librarian's order an appeal may be made to the Curator or the Education Secretary.

6. Visitors shall not be permitted to take any book from the shelves of the Library or to replace it. The Librarian shall issue books to visitors for the purpose of reading or copying within the precincts of the Library.

7. No book, manuscript, map or other article belonging to the Library shall be removed from the premises without the express sanction of the Curator who may order the loan on a deposit of the full value of the book borrowed. No book or manuscript taken out from the Library shall be retained for more than 30 days.

8. Visitors and borrowers will be responsible for damage of any kind done to a book while in their possession, and shall be liable to replace the damaged book with a new copy, or to pay the published price of the book if it be printed and procurable, or to pay the estimated value of a rare or unpublished work to be fixed by the Curator.

9. Any visitor detected writing upon, defacing, soiling, or otherwise injuring a book or property of any kind belonging to the Library may be ordered in addition to the penalty inflicted under rule 8 to quit the premises and may be refused admission in future.

10. Government will adopt adequate measures for the preservation of manuscripts deposited in the Oriental Library by private owners. Such manuscripts will bear the name of the donor and should they be published by Government, the donor will be entitled to receive printed copies of the work.

11. A suggestion book will be placed on the Library table in which visitors may enter the names of works they consider worthy of a place in the Library, and make any other suggestions calculated to increase the usefulness of the Library.

By Order,
H. J. BHABHA,
Education Secretary.

The 3rd November 1891.

The following gentlemen have been appointed to form the Committee for the management of the Branch Hindustani Girls' School at Hunsur, in accordance with the rules of the 25th March 1891 :—

President.

Mr. T. M. N. Kamaluddin Ali Khan,

Amildar of Hunsur.

Members.

1. Mr. Ghulam Mohiadin, Inspector of Public Cattle.
2. „ Mohiadin Shariff, Police Inspector.
3. „ Madhava Rao, Municipal Commissioner.
4. „ Amir Haider Bég, Merchant.
5. „ Tirumala Rao, Mutsaddi.

The 6th November 1891.

The Higher Examination for women will be held at the Bishop Cotton Boys' School, Bangalore, on the 8th December and following days.

H. J. BHABHA,
Education Secretary.

KOLAR DISTRICT.

NOTIFICATION.

The 16th October 1891.

The right of collecting kuranga or whet stones in the Sidlaghatta and Bowringpet Taluks will be put up to public auction on the 26th November 1891 at the Taluk Cutcherries commencing at 11 A. M.

2. The Amildar or the Sheristadar will hold the sale.

3. The sale will not become absolute until it has been confirmed by the Deputy Commissioner of Kolar.

4. The lease will be up to 31st March 1892.

5. The purchaser will be required to deposit twenty-five per cent of the purchase money at the time of the sale, and where the remainder of the purchase money, together with the prescribed local cess on the whole amount at one anna in the rupee, may not be paid within seven days from the date of his being informed by the Deputy Commissioner of the confirmation of the sale, the money so deposited shall be liable to forfeiture. When such deposits shall not be made, nor the remaining purchase money paid up, the right shall be resold at the expense and risk of the first purchaser.

6. The conditions of the sale are :—

(*a*) That the lessee is not to collect the stone on occupied lands, except with the consent of the occupants, who however are not authorized to collect the stones on their lands, or to sell them to any other than the lessee.

(*b*) That the lessee is not to interfere with the grazing of the hulbanni izardars, or renters of pastures.

(*c*) That the lessee is to allow unoccupied lands to be given out for cultivation by Government, reserving to himself the right of collecting the stone wherever found in them.

(*d*) That the lessee shall not dig up the lands for the collection of the stone, and if the lands are dug up, shall fill up the pits so as to leave the lands fit for cultivation.

Proclamation and Notification of sale of Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by Gundachari and another, revenue defaulters, the undermentioned immovable property will be sold by public auction at the office of the Amildar of the Bowringpet Taluk, Kolar District, on the 28th November 1891. The sale will commence at 11 A. M. and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is Rs. 97—0—9 as shown in detail in the statement at foot.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf or claiming an interest in the property tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale, shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale, and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final order in such appeal.

Brick in chunam	Do	9,033		
Chunam plastering	Sq.	45·23		
Chunam pointing	Do	30·00		
Covering slabs	S. Ft.	713		
New stone work	C. Yd.	100		
Right Waste Weir—				
Excavation	C. Yd.	825		
Brick in chunam	C. Ft.	5,029		
Chunam plastering	Sq.	15·70		
Covering slabs	S. Ft.	409		
New stone work	C. Yd.	721		
Distribution—				
Irrigation channel..	..	..	Lump sum	1,000
Masonry aqueduct	..	..	Lump sum	1,000
Miscellaneous—				
Compensation for lands submerged	..	..	Lump sum	600

4. Each tender must be accompanied by a deposit of Rs. 200 in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for restoring Kyatagenkere Tank of Pavagada Taluk," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within 8 days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond ; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

REMARKS.

There were 78 deaths during the month, 34 from fevers, 2 from bowel-complaints, 2 from cholera and 40 from other causes as detailed in the previous page.

The number of deaths in Aug. 1891, as compared with that of July 1891, is as follows:—

Of Eurasians nil against 1, Muhammadans 18 against 18, Native Christians 1 against 5, Hindus 59 against 70, being 16 less than the previous month and 7 more than the total number registered in the corresponding month of the last year.

II. Letter No. 3309—266, dated 8th September 1891, from the Education Secretary to the Government of Mysore, informing that the Government Girls' School, Bangalore, had ceased to be under the control and supervision of the Municipal Board, a separate Managing Committee having been appointed under orders of Government.

Resolution.—Recorded.

III. Docket No: 1739, dated 24th August 1891, from the Senior Surgeon and Sanitary Commissioner, recommending an additional charge allowance of Rs. 10 per mensem being granted to the Hospital Assistant in charge of the Arlepete Dispensary.

Resolution.—Carried by a majority that the consideration of the question of increasing the Hospital Assistant's allowance be deferred.

IV. Proceedings of the Government of Mysore No. 6427—L 431, dated 3rd September 1891, forwarding for report copy of letter from Mr. Henry Hart, Manager, "Zion Works, Bangalore," requesting to be exempted from payment of duty on "Kopre" and "Salt" imported into Bangalore for extracting oil and manufacturing soap respectively.

Resolved.—That the papers be circulated to Municipal Commissioners for opinion and then brought up at the next Meeting.

V. Application from Mr. Vinall for a triangular piece of ground adjoining his compound on the Race Course Road.

Resolution.—Application granted on payment of Rs. 72, the price agreed upon.

VI. Application, dated 29th July 1891, from Lighting Contractor B. Munisami Chetti, soliciting a higher rate than that entered in the contract bond.

Resolution.—Petition rejected. Present arrangements for lighting being unsatisfactory, contractor to be warned.

VII. Application, dated 16th July 1891, from the Head Master, Kannada Boys' School, for a grant for prize distribution and also for purchase of furniture.

Resolution.—The matter be left to the Vice-President for disposal.

VIII. Docket No. 214, dated 8th September 1891, from the Senior Surgeon and Sanitary Commissioner, forwarding for favorable consideration letter from the servants attached to the Branch Dispensary near the Market requesting an increase to their salaries.

Resolution.—Disallowed.

IX. Petition from certain residents of the City of Bangalore, praying that a road may be constructed from Govipuram to Rudraswami Temple.

Resolution.—The estimated cost of the work is Rs. 709. The Board recognize the necessity for making this road. But as the greater part of the projected road lies outside the Municipal limits, the Municipality will contribute ¼th of the cost to the Local Fund Board, who will be requested to carry out the work as soon as possible.

X. Reply dated 9th September 1891, from Mr. William Pringle, Chemical Examiner and Analyst, to the terms offered by the Municipality for retaining his services for 6 months.

Resolution.—Carried by a majority of 11 to 4 that Mr. Pringle's modified terms be accepted, *viz.*, Rs. 1,000 for six months for 4 first and 4 second class analyses every month (two second class being equal to one first class).

Additional Propositions.

XI. Read Proceedings of the Government of Mysore, No. 6930—L. 537, dated 17th September 1891, forwarding for report a petition from certain inhabitants of the Bangalore City, regarding the appointment of a Municipal Commissioner for the Nagartpete Division.

Also Mahazars for and against the appointment of Mr. Sherkhan as Municipal Commissioner of Nagartpete Division.

Mr. B. Narayan Chetti, Municipal Commissioner of Nagartpete Division, stated that from enquiries made, he was in a position to say that the inhabitants of his Division were generally in favor of Mr. Sherkhan's appointment as their Municipal Commissioner and that the opposition was from a few people only who were not on the best of terms with Mr. Sherkhan. He said also that Mr. Sherkhan was now living in the Nagartpete Division.

Mr. Khazi Abid Shariff Sahib stated that Mr. Sherkhan's nomination would give general satisfaction to the Muhammadan community of Bangalore. Deputation consisting of certain Muhammadan and Hindu residents of Nagartpete Division waited on the President on the morning of the Meeting at the Municipal Office and represented that the nomination of Mr. Sherkhan would be acceptable to the residents of that Division.

It was carried by a majority of 10 to 3 (President and Vice-President not voting) that the Government be requested to appoint Mr. Sherkhan as Municipal Commissioner of Nagartpete Division as already recommended by the Board, the object being to appoint an additional Muhammadan gentleman on the Board.

XII. Correspondence *re* the allowance recommended to be granted to Mr. Knight and P. Swamidas Pille for special duty done by them in connection with the late Census of the Bangalore City.

Resolution.—Already sanctioned by Government and paid out of Provincial Funds.

XIII. Letter No. 256, dated 15th September 1891, from the Executive Engineer to the Municipality, requesting sanction to entertain a temporary Sub-Surveyor for 3 months on a monthly salary of Rs. 30 to complete the Survey map of the Petta and other projects.

Resolution.—Sanctioned.

XIV. Application from the cartmen of the Conservancy Department, praying for an increased rate of pay.

Resolutoin.—The present rate of Rs. 10 is very low. It will be raised to Rs. 15 per month from the 1st October 1891 under certain conditions regarding the capacity of carts, &c., which the Vice-President will lay down.

XV. Letter No. 977, dated 9th September 1891, from the Deputy Commissioner, Bangalore District, *re* compensation to be paid for the land taken up for the Hindu burial ground near the Jakkarayan Tank.

Resolution.—The amount of compensation, *viz.*, Rs. 2,502—14—0 is sanctioned as a special case.

K. MUHAMMAD ALI,
President.

MYSORE DIVISION.

ADVERTISEMENT.

The 4th November 1891.

Tenders are hereby invited for restoring Inam Umattur Tank, Registered No. 27, Chamrajnagar Taluk. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of February 1894.

2. The plans, estimates, schedule of rates and conditions may be seen at the Executive Engineer's Office between the hours of 11 A. M. and 4 P. M., daily.

3. Printed forms of tender will be supplied on application, free of cost, by the Executive Engineer. These forms should be filled in, signed by the contractor and forwarded in sealed covers to the Executive Engineer before the 27th November 1891.

4. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

5. No tenders will be received uuless accompanied by a deposit of Rs. 100 as earnest money.

6. Within 8 days of the acceptance of the tender, the contractor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be taken to meet any loss that may be sustained by Government.

7. The name of the contractor whose tender has been accepted will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries respecting the acceptance or rejection of a tender will receive any reply whatever.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned to applicants in due course.

Given under my hand and the seal of this Court, this 5th day of November 1891.

P. S. KRISHNA RAO,
Judge.

THE CHIEF COMMISSIONER OF COORG.

NOTIFICATION.

Bangalore the 29th October 1891.

No. 54.—The subjoined draft of a Regulation about to be submitted to the Government of India, is published for information.

2. The cess, which this Regulation contemplates and which corresponds to the patwari cess of other provinces has become necessary to provide a local fund to meet the cost of (*a*) village servants employed on revenue duties and (*b*) a larger and more efficient establishment for the work of maintaining annually up to date the land records and maps initially prepared in the present survey and of dealing with the village accounts.

3. Any representations that persons interested in the measure may have to make, will be received by the Commissioner of Coorg, Merkara, up to the 30th November 1891.

M. W. RAVENSHAW, *Captain,*
Secy. to the Chief Commissioner..

DRAFT.

Regulation for the levy of a cess to meet the cost of the Land Record Establishment and the village service fees in Coorg.

1. That all fees, contributions and allowances, which have hitherto been customarily collected by village officers employed on revenue duties for their support or remuneration by whatever denomination they may be called, shall absolutely cease and determine, and in lieu thereof it shall be lawful for the Chief Commissioner to impose a money cess upon all holders of land in Coorg from and after such date as the Chief Commissioner may by Notification in the local gazette appoint in this behalf. The proceeds of such cess shall be devoted to the payment of the Land Record Establishment and of village servants employed on revenue duties in the several Nads and Villages in Coorg.

2. The rate of the cess shall from time to time be determined by the Chief Commissioner but shall not in any case exceed the rate of fourteen and two-fifths pies in every rupee of assessment. In the case of rent free lands or lands held wholly or partially free from assessment such as Jahgir, Jama, Jodi, Umbli, &c., the cess shall be levied on full assessment which such lands would pay if they were not Inams or granted on privileged rates, and in that of free banes on double the assessment which such banés would pay were they assessed at full coffee rates.

3. The amount of cess payable by each holder of land shall be entered in his patta and shall be realized in the manner provided for the recovery of arrears of land revenue under the Coorg Revenue Regulation No. I of 1889.

4. No claim to the enjoyment of any portion of the cess imposed under the Regulation, and no question regarding liability to the same, or the rate thereof shall be cognizable by the Civil Courts, but the same shall be settled by the Commissioner of Coorg.

5. That any decision or order of the Commissioner under this Regulation shall be appealable to the Chief Commissioner within three months from the date of the decision or order; and the decision of the Chief Commissioner on appeal shall be final and conclusive.

6. This Regulation will come into force from such date as the Chief Commissioner shall direct by Notification in the Coorg Gazette.

COORG FOREST DEPARTMENT.

G. H. FOSTER,
Dy. Conservator of Forests.

LOST.

Right halves of Currency Notes—

Nos.	*Circle.*	*Value.*	*Owner.*
T. 28-75579 T. 28-75580 T. 28-75581	Madras.	Rs. 100 each.	Murigappa, Municipal Member at Ajjampur Town. The owner offers a reward of Rs. 10 to any one who may restore them to him.

REDUCTION IN THE PRICE OF THE PURE SULPHATE OF QUININE.

MANUFACTURED AT THE BENGAL GOVERNMENT CINCHONA PLANTATION.

On and after 1st April 1891, the price of this Quinine will be as follows:—

1	pound tin Rs. 16 „	or, post free, Rs. 16 as. 12
½	„ „ „ 8 „	or, post free, „ 8 „ 8
¼	„ „ „ 4 „	or, post free, „ 4 „ 8

Analysis shows this Quinine to be of the purest manufacture; and it is guaranteed to be free from wilful mixture with the inferior alkaloids Cinchonine and Cinchonidine. It is for sale only to Government officers, and only for cash, and may be had from the SUPERINTENDENT, Botanic Garden, Seebpore, near Calcutta. It can be had either white or coloured pink.

of Census, Bangalore Branch.

V. N. NARASIMMAIYENGAR,
Census Superintendent in Mysore.

Bowringpett with the Kolar Gold Fields. A broad guage line, which will obviate break of bulk and be in every way a greater convenience to the public and which will be worked by the Madras Railway with their own stock and on very favourable terms, is the one which has commended itself to us as the best. The Survey has been made by the Railway branch of our Public Works Department, and the estimates and plans are now being prepared. I hope we shall be in a position to undertake actual work in the course of the next few months, should our negotiations with the Madras Railway Company be carried through to a successful issue.

In addition to the above, our operations next year will embrace the preliminary survey of the branch contemplated from Birur to Shimoga. This extension will be of the greatest importance to the Province and should it be finally sanctioned, I hope to be able to allot funds for it in the course of the coming year. That Chikmagalur and Hassan ought, at an early date, to be connected with the Railway will be admitted by every one, but it is not equally easy to determine on the best points of junction, the best routes to follow or the feasibility of a single branch to serve both Chikmagalur and Hassan. This subject will engage our attention during the next few months. However these details may be settled, I need not assure you that as regards our main Railway policy, there will be no pause in the course of development which we have mapped out for the administration and, should our financial condition continue to improve as it has done, the next decade will see the Province intersected by lines which, in the decade proceeding the Rendition, were only thought of as remote possibilities.

Ordinary Public Works.—On Public Works other than Railways, the aggregate outlay during the year amounted to Rs. 29,31,882; Distributed under the several heads of service, it was as follows—

	Rs.
Military buildings	31,355
Civil buildings	3,09,258
Communications	8,82,679
Irrigation works	10,19,529
Miscellaneous Public Improvements	1,60,049
Tools and Plant	26,305
Establishment	4,88.797
	29,17,972
Suspense account	13,910
	29,31,882

Out of the above total amount, Rs. 19,90,630 were provided from the State Revenue, Rs. 4,98,318 from District Funds and Rs. 4,42,934 from the Irrigation Cess Fund.

The programme of works put before you in 1889 continues to be the basis on which the Public Works Department carries forward its projects, modified of course when items of that programme are shown to be impracticable or too costly or distinctly unremunerative.

Under Communications, the bridge across the Tunga has been practically completed; that over the Bhadra has not made such good progress as was expected and the main difficulties in connection with the Belur bridge, that is, the pier foundations, have been satisfactorily overcome, so that all the remaining arches can be turned this season. For the Káveri bridge at Yedatore, the project and estimate are now under preparation and will be shortly ready. The location of the bridge near the town and the

Notifications by the Govt. of India: Resident: Chief Court, &c.

JUDICIAL DEPARTMENT.

IN THE CHIEF COURT OF MYSORE.

Criminal Side.

Rule of Practice No. 56, *dated* 28*th October* 1891.

Under Section 533 of the Code of Criminal Procedure and with the concurrence of Government, the Chief Court has framed and issues the following rule for regulating the practice of the Criminal Courts in regard to the destruction of calendars :—

All calendars and statements of trials received by Sessions Judges and District Magistrates from Magistrates subordinate to them will be destroyed after the expiry of 6 months from the date of their submission.

ADJOURNMENT OF COURT.

The 13*th November* 1891.

The Chief Court of Mysore will be adjourned for the annual vacation from Monday the 4th January to Thursday the 3rd March 1892, both days inclusive.

No application for the admission of Civil appeals will be received during the vacation, except in cases where it is sought to obtain an injunction or an attachment or to stay proceedings.

Emergent applications in criminal cases will be disposed of by the Vacation Judge.

By Order,
S. HAMAJEE ROW,
Registrar.

EDUCATION DEPARTMENT.

NOTIFICATIONS.

The 30th October 1891.

The Government of His Highness the Maharaja have been pleased to frame the following rules for the Oriental Library, Mysore :—

THE ORIENTAL LIBRARY, MYSORE.

Rules.

1. The Library shall be open to the public from 8 to 11 A. M. and from 3 to 6 P. M., every day except on Sundays, the last Saturday of every month and all other authorized holidays.

2. Persons under 14 years of age shall not be admitted.

3. Dogs shall not be allowed to enter the Library.

4. Every visitor shall, on admission, write his name, occupation and address in a book provided for the purpose.

5. The Librarian shall be at liberty to refuse admission to, or direct the removal of, any visitor who shall break the rules or otherwise misconduct himself. Against the Librarian's order an appeal may be made to the Curator or the Education Secretary.

6. Visitors shall not be permitted to take any book from the shelves of the Library or to replace it. The Librarian shall issue books to visitors for the purpose of reading or copying within the precincts of the Library.

7. No book, manuscript, map or other article belonging to the Library shall be removed from the premises without the express sanction of the Curator who may order the loan on a deposit of the full value of the book borrowed. No book or manuscript taken out from the Library shall be retained for more than 30 days.

8. Visitors and borrowers will be responsible for damage of any kind done to a book while in their possession, and shall be liable to replace the damaged book with a new copy, or to pay the published price of the book if it be printed and procurable, or to pay the estimated value of a rare or unpublished work to be fixed by the Curator.

9. Any visitor detected writing upon, defacing, soiling, or otherwise injuring a book or property of any kind belonging to the Library may be ordered in addition to the penalty inflicted under rule 8 to quit the premises and may be refused admission in future.

10. Government will adopt adequate measures for the preservation of manuscripts deposited in the Oriental Library by private owners. Such manuscripts will bear the name of the donor and should they be published by Government, the donor will be entitled to receive printed copies of the work.

11. A suggestion book will be placed on the Library table in which visitors may enter the names of works they consider worthy of a place in the Library, and make any other suggestions calculated to increase the usefulness of the Library.

By Order,

H. J. BHABHA,
Education Secretary.

The 3rd November 1891.

The following gentlemen have been appointed to form the Committee for the management of the Branch Hindustani Girls' School at Hunsur, in accordance with the rules of the 25th March 1891 :—

President.

Mr. T. M. N. Kamaluddin Ali Khan,
Amildar of Hunsur.

Members.

1. Mr. Ghulam Mohiadin, Inspector of Public Cattle.
2. „ Mohiadin Shariff, Police Inspector.
3. „ Madhava Rao, Municipal Commissioner.

V. P. MADHAVA RAO.

BANGALORE DISTRICT.

NOTIFICATIONS.

The 28th October 1891.

Proclamation and Notification of sale of Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by Setlur Krishnaiengar, a revenue defaulter, the undermentioned immovable property will be sold by public auction at the office of the Amildar of the Magadi Taluk, Bangalore District, on the 16th December 1891. The sale will commence at 11 A. M. and the property knocked down to the highest bidder, without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is Rs. 456—14—0, as shown in detail in the statement at foot.

3. The purchasers will be required to deposit 25 per cent of the purchase money at the time of sale and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited, shall be liable to forfeiture.

4. When such deposit shall not be made, nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents; and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf, or claiming an interest in the property tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money, will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale, shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of the sale and also to appeal to Government against his orders within the time prescribed by law, and the purchase shall be conditional on the final orders in such appeal.

The 16th November 1891.

It is hereby notified that the Meeting of the District Fund Committee will be convened at the District Office, Bangalore, on Wednesday, the 9th December 1891 at 3 P. M., for the purpose of preparing the Budget estimates of the District Funds for the ensuing year 1892-93.

A memo of propositions to be discussed in the Meeting is appended hereto.

The following Members of the Board are requested to attend the Meeting :—

1. The 1st Assistant Commissioner, Closepet Sub-Division.
2. Senior Surgeon, Mysore Government.
3. Executive Engineer, Bangalore Division.
4. Amildar of Bangalore Taluk.
5. Amildars of other Muffissal Taluks in the District.
6. Mr. A. R. Sabhapathi Mudaliyar, R. B.
7. „ Subramanaiya at Bangalore.
8. „ Haji Mitta Kasim Sait.
9. „ Nandagudi Ramanna, Hoskote.
10. „ Gurakar Timmappa, Kankanhalli,
11. „ Mastan Sahib, Closepet.

Memo of propositions to be discussed at the District Fund Meeting to be convened on 9th December 1891 :—

1. Filling up the vacant post of Membership, consequent on the demise of Doddi Venkatramana Chetti.

2. Executive Engineer's letter No. 3931—294, dated 29th October 1891, recommending to appoint 5 watchmen to certain Inspection Lodges.

3. Senior Surgeon's docket No. 1909, dated 24th October 1891, recommending the supply of certain furniture to the several Local Fund Dispensaries.

4. Government Proceedings No. 8187-94—L. 648, dated 29th October 1891, regarding the sanitation of rural parts.

5. Government Proceedings No. 6591-600—L. 451, dated 10th September 1891, sanctioning the Budget estimates of receipts and expenditure under Local Funds General for the year 1891-92.

6. Government Proceedings No. 7259-66—L. 576, prescribing revised forms for the District Fund Budget estimates and issuing instructions regarding the utilization of District Funds.

7. City Municipal Vice-President's letter No. 766—E. 4, dated 13th October 1891, requesting the construction of a road from Gavipuram to Rudraswami's temple out of District Funds, the Municipality contributing ½ cost.

8. Yale Puttasami Setti's petition, dated 15th September 1891, requesting the opening of a road leading to Kadu Malleswara temple in the Bangalore Taluk.

9. Petition from the villagers of Kodihalli of Kankanhalli Taluk for sinking a well in that village.

10. Appointment of a District Fund Clerk or Accountant, for attending to the increased correspondence and accounts of District Funds.

11. Such other matters as may be brought forward at the time of meeting by the Members of the Board, about which 4 days' previous intimation is to be given to the undersigned.

12. Government Proceedings No. 8170-8—L. 646, dated 28th October 1891, calling for the opinion in the matter of the appointment of a Special Engineer, for each District, with suitable establishment.

P. H. BENSON, M. B.,
Offg. Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

MYSORE MUNICIPALITY.

Proceedings of the Municipal Meeting held at the Town Hall on the 26th September 1891, at 8 A. M.

Present.

President.

A. Rangaswamaiengar, Esq.

Vice-President.

T. Raghavendra Rao, Esq.

Ex-Officio Members.

The Police Superintendent, Mysore.

Non-Official Members.

Amble Annaiya Pandit, Esq.
Lingaraj Ars, Esq.
Mallappa, Esq.
Linganna, Esq.
Dodda Mallanna, Esq.
C. Raja Rao, Esq.
Niligiri Puttanna, Esq.
T. Nanjunda Setti, Esq.
Muhammad Gulkhan, Esq.
Davudkhan, Esq.
Revd. Henry Haigh.
Lakshmipataiya, Esq.
Shek Ibrahim, Esq.
Narayanaswami Mudaliar, Esq.

Absent.

Ex-Officio Members.

The Civil Surgeon, Mysore.
The Palace Controller, Mysore.
The Amildar of Mysore Taluk.
The Executive Engineer, Mysore Division.

Non-Official-Members.

Gudiappa, Esq.
Srinivasa Rao, Esq.
E. S. Subrayar, Esq.
M. A. Krishnaiengar, Esq.

Subjects.

I. Statements of receipts and disbursements on account of the Municipal Board for the month of August 1891.

II. Application of Krishnaiengar for a site to be sold to him at a reasonable rate per square yard.

Referred to Members for report to the Board.

III. Report of Sayer Daroga bringing to notice the practice of levying octroi duty on cloths presented on festivities by relations and not used.

Resolution.—The correspondence may be filed.

IV. Letter of City Amildar asking whether house-tax can be levied on Talimkhanas, which have not paid any fee nor obtained license from District Magistrate, with reference to the resolution of the Board, dated 26th April 1890.

Referred to a Sub-Committee consisting of Messrs. Amblo Annaiya Pandit, C. Raja Rao, Davud Khan, Shek Ibrahim and Vice-President.

V. Proposal of Mr. Amble Annaiya Pandit regarding certain arrangements made for the cart-stand behind Dodkere.

The arrangements are approved temporarily.

VI. Proposal of Education Secretary regarding the transfer of certain grant-in-aid to the Wesleyan High School in addition to the existing grant.

Referred to a Sub-Committee consisting of—

Mr. B. Mallappa.	Mr. Raja Rao.
,, Narayanasami Mudaliar.	Revd. Henry Haigh.
,, Wetherall.	Mr. Amble Annaiya Pandit and Vice-President.
,, Davud Khan.	

VII. Proposal of certain Municipal Members regarding the acquisition of a house and a site situated near Sanskrit Patasala in Devaraj Mohalla belonging to Hampapur Rama Rao.

Resolved.—That this be brought forward at the next Budget Meeting.

VIII. Read letter of the Sanitary Engineer informing that the finished lock-ups on the Eastern Frontage of the Market will be made over to the Municipality and requesting the decision of the Board with regard to the completion of the others.

Resolved.—That the lock-ups be taken over charge and the increase of the estimate of constructing the rest be approved.

IX. Letter from Messrs. Lingaraj Ars and Amble Annaiya Pandit requesting certain information with regard to the removed roofs of the western side of the Devaraj Market.

The matter having been discussed, resolved that the letter be filed.

X. Proposal of Mr. Subrayar, Municipal Commissioner, regarding the road repairs, &c., of certain streets to be undertaken during the current year.

Resolved.—That a statement be prepared of roads to be repaired, on receipt of lists from Municipal Members and a Sub-Committee to be formed to determine the order of works to be undertaken.

XI. Proposal of Dr. P. H. Benson regarding the purchase of a steam-roller for consolidating and keeping the roads in an efficient state in this City.

Resolved.—That this proposition be brought forward when Dr. Benson next attends the Meeting.

XII. Read Memorandum of Mr. Amble Annaiya Pandit, Municipal Commissioner, suggesting the adoption of certain measures for the convenience of the poorer people who attend the Dasara.

Resolved.—That the matter be discussed and put off for future consideration if required.

MYSORE DIVISION.

ADVERTISEMENT.

The 4th November 1891.

Tenders are hereby invited for restoring Inam Umattur Tank, Registered No. 27, Chamrajnagar Taluk. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of February 1894.

2. The plans, estimates, schedule of rates and conditions may be seen at the Executive Engineer's Office between the hours of 11 A. M. and 4 P. M., daily.

3. Printed forms of tender will be supplied on application, free of cost, by the Executive Engineer. These forms should be filled in, signed by the contractor and forwarded in sealed covers to the Executive Engineer before the 27th November 1891.

4. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

5. No tenders will be received unless accompanied by a deposit of Rs. 100 as earnest money.

6. Within 8 days of the acceptance of the tender, the contractor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be taken to meet any loss that may be sustained by Government.

7. The name of the contractor whose tender has been accepted will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries respecting the acceptance or rejection of a tender will receive any reply whatever.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned to applicants in due course.

V. H. KARVE,
Executive Engineer.

THE CHIEF COMMISSIONER OF COORG.

NOTIFICATION.

Bangalore, the 29th October 1891.

No. 54.—The subjoined draft of a Regulation about to be submitted to the Government of India, is published for information.

2. The cess, which this Regulation contemplates and which corresponds to the patwari cess of other provinces has become necessary to provide a local fund to meet the cost of (*a*) village servants employed on revenue duties and (*b*) a larger and more efficient establishment for the work of maintaining annually up to date the land records and maps initially prepared in the present survey and of dealing with the village accounts.

3. Any representations that persons interested in the measure may have to make, will be received by the Commissioner of Coorg, Merkara, up to the 30th November 1891.

M. W. RAVENSHAW, *Captain*,
Secy. to the Chief Commissioner.

DRAFT.

Regulation for the levy of a cess to meet the cost of the Land Record Establishment and the village service fees in Coorg.

1. That all fees, contributions and allowances, which have hitherto been customarily collected by village officers employed on revenue duties for their support or remuneration by whatever denomination they may be called, shall absolutely cease and determine, and in lieu thereof it shall be lawful for the Chief Commissioner to impose a money cess upon all holders of land in Coorg from and after such date as the Chief Commissioner may by Notification in the local gazette appoint in this behalf. The proceeds of such cess shall be devoted to the payment of the Land Record Establishment and of village servants employed on revenue duties in the several Nads and Villages in Coorg.

2. The rate of the cess shall from time to time be determined by the Chief Commissioner but shall not in any case exceed the rate of fourteen and two-fifths pies in every rupee of assessment. In the case of rent free lands or lands held wholly or partially free from assessment such as Jahgir, Jama, Jodi, Umbli, &c., the cess shall be levied on full assessment which such lands would pay if they were not Inams or granted on privileged rates, and in that of free banes on double the assessment which such banés would pay were they assessed at full coffee rates.

3. The amount of cess payable by each holder of land shall be entered in his patta and shall be realized in the manner provided for the recovery of arrears of land revenue under the Coorg Revenue Regulation No. I of 1869.

4. No claim to the enjoyment of any portion of the cess imposed under the Regulation, and no question regarding liability to the same, or the rate thereof shall be cognizable by the Civil Courts, but the same shall be settled by the Commissioner of Coorg.

5. That any decision or order of the Commissioner under this Regulation shall be appealable to the Chief Commissioner within three months from the date of the decision or order; and the decision of the Chief Commissioner on appeal shall be final and conclusive.

6. This Regulation will come into force from such date as the Chief Commissioner shall direct by Notification in the Coorg Gazette.

EDUCATION DEPARTMENT.

NOTIFICATIONS.

The 30th October 1891.

The Government of His Highness the Maharaja have been pleased to frame the following rules for the Oriental Library, Mysore :—

THE ORIENTAL LIBRARY, MYSORE.

2. Persons under 14 years of age shall not be admitted.

3. Dogs shall not be allowed to enter the Library.

4. Every visitor shall, on admission, write his name, occupation and address in a book provided for the purpose.

5. The Librarian shall be at liberty to refuse admission to, or direct the removal of, any visitor who shall break the rules or otherwise misconduct himself. Against the Librarian's order an appeal may be made to the Curator or the Education Secretary.

6. Visitors shall not be permitted to take any book from the shelves of the Library or to replace it. The Librarian shall issue books to visitors for the purpose of reading or copying within the precincts of the Library.

7. No book, manuscript, map or other article belonging to the Library shall be removed from the premises without the express sanction of the Curator who may order the loan on a deposit of the full value of the book borrowed. No book or manuscript taken out from the Library shall be retained for more than 30 days.

8. Visitors and borrowers will be responsible for damage of any kind done to a book while in their possession, and shall be liable to replace the damaged book with a new copy, or to pay the published price of the book if it be printed and procurable, or to pay the estimated value of a rare or unpublished work to be fixed by the Curator.

9. Any visitor detected writing upon, defacing, soiling, or otherwise injuring a book or property of any kind belonging to the Library may be ordered in addition to the penalty inflicted under rule 8 to quit the premises and may be refused admission in future.

10. Government will adopt adequate measures for the preservation of manuscripts deposited in the Oriental Library by private owners. Such manuscripts will bear the name of the donor and should they be published by Government, the donor will be entitled to receive printed copies of the work.

11. A suggestion book will be placed on the Library table in which visitors may enter the names of works they consider worthy of a place in the Library, and make any other suggestions calculated to increase the usefulness of the Library.

By Order,

H. J. BHABHA,
Education Secretary.

The 3rd November 1891.

1	Purna Venkata Rao's Lane ..	10	Ismail Bég	2 0 0
2	Kengeri Gate Police Station Road ..	1	Gulam Ali Khan	3 0 0
3	Akki Pete	127	Govindappa	1 0 0
4	Woollen Mills Road	..	Puttanna	3 0 0
5	Lal-Bagh Road	..	B. Ramanna	4 0 0
6	Avenue Road	$\frac{1}{10}$th	Govindappa	0 6 0
			Total Rs....	13 6 0

Resolution.—Approved.

Deferred Proposition.

XI. Proceedings of the Government of Mysore, No. 6427—L. 431, dated 3rd September 1891, forwarding for report, copy of a letter from Mr. H. Hart, Manager, "Zion Works, Bangalore," requesting to be exempted from payment of duty on "kopre" and "Salt" imported into Bangalore for extracting oil and manufacturing soap respectively.

Mr. Sambasiva Iyer thought that no remission should be granted on kopre as the Octroi revenues would suffer.

Mr. Hart explained that the present tariff was prohibitive with regard to the industry.

Messrs. T. T. Leonard and Cameron thought that as it would be a new industry deserving of encouragement, the Board should levy only $\frac{1}{8}$th of the present octroi rate on kopre.

The other Municipal Commissioners present thought that octroi being a tax imposed by Government, a recommendation should be made that Mr. Hart's application be considered favorably.

Resolution.—Carried by a majority that Mr. Hart's application be recommended for the favorable consideration of Government.

K. MUHAMMAD ALI,
President.

The 18th November 1891.

Memo of Propositions to be laid before the next Meeting of the Board to be held on Monday the 30th November 1891 at 8 A. M., at the Municipal Office, (Fort) Bangalore.

I. Cash account current, mortuary return, progress report of works and Itinerant Medical officer's return for the month of October 1891.

II. Proceedings of the Government of Mysore, No. 7657-70—L-623, dated 6th October 1891, passing orders on the Municipal Budget of the City of Bangalore for the year 1891-92.

III. Application from Mr. Gubbi Totadappa for grant of a site for building a chattram for the use of the Virasaivas (Lingayat sect).

IV. List of establishment submitted by the City Amildar for his office.

V. List of estimates sanctioned during the month of October 1891.

VI. Papers relating to compensation claimed by the Chief Commissariat Officer for certain portion of grazing lands in the Fort.

VII. Letter from the Municipal Executive Engineer, requesting an additional grant for the suburban roads and papers connected therewith.

VIII. The proposed cancelment of the present lighting contract owing to the failure of the contractor to carry out the work satisfactorily.

IX. Sub-Committee's report on the application of the Lady Superioress of St. Martha's Hospital for permission to enclose the vacant site lying to the east of Government Book Depôt.

ADDITIONAL PROPOSITION.

The 19th November 1891.

Letter No. 297, dated 22nd October 1891, from the Municipal Executive Engineer, bringing to notice the existing practice of daming up and utilizing the sewage in the main drain for gardening purposes together with the opinion of the Senior Surgeon and Sanitary Commissioner thereon.

The 21st November 1891.

II. Letter dated 18th November 1891, from Mr. A. Sambasiva Iyer, requesting to re-consider the resolution passed by the Board at a Meeting held on the 30th September 1891 regarding the increases recommended by the Senior Surgeon and Sanitary Commissioner to be granted to the salaries of the servants attached to the Branch Dispensary near the Market.

The 24th November 1891.

Consideration of the best means of securing a sufficient supply of water for the use of the Towns people, *i. e.*, adopting precautionary measure against the threatening drought.

S. VAIDYANATHA IYER,
Vice-President.

NOTICE.

C. RAGHAVACHARLU,
for *Dy. Commissioner.*

BANGALORE DISTRICT.

NOTIFICATIONS.

The 29th October 1891.

Proclamation and Notification of sale of Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by Rupaklu Ramaswami's son Suryanarayana and others, revenue defaulters, the undermentioned immovable property will be sold by public auction at the office of the Amildar of the Devanhalli Taluk, Bangalore District, on the 21st December 1891. The sale will commence at 11 A. M., and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is Rs. 62—7—6, as shown in detail in the statement at foot.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of sale and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made, nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents, and in the latter case, to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf or claiming an interest in the property tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description, or in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale and also to appeal to Government against his order, within the time prescribed by law and the purchase shall be conditional on the final orders in such appeal.

MYSORE DIVISION.

ADVERTISEMENT.

The 4th November 1891.

Tenders are hereby invited for restoring Inam Umattur Tank, Registered No. 27, Chamrajnagar Taluk. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of February 1894.

2. The plans, estimates, schedule of rates and conditions may be seen at the Executive Engineer's Office between the hours of 11 A. M. and 4 P. M., daily.

3. Printed forms of tender will be supplied on application, free of cost, by the Executive Engineer. These forms should be filled in, signed by the contractor and forwarded in sealed covers to the Executive Engineer before the 27th November 1891.

4. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

5. No tenders will be received unless accompanied by a deposit of Rs. 100 as earnest money.

6. Within 8 days of the acceptance of the tender, the contractor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be taken to meet any loss that may be sustained by Government.

7. The name of the contractor whose tender has been accepted will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries respecting the acceptance or rejection of a tender will receive any reply whatever.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned to applicants in due course.

THE CHIEF COMMISSIONER OF COORG.

NOTIFICATION.

Bangalore, the 29th October 1891.

No. 54.—The subjoined draft of a Regulation about to be submitted to the Government of India, is published for information.

2. The cess, which this Regulation contemplates and which corresponds to the patwari cess of other provinces has become necessary to provide a local fund to meet the cost of (*a*) village servants employed on revenue duties and (*b*) a larger and more efficient establishment for the work of maintaining annually up to date the land records and maps initially prepared in the present survey and of dealing with the village accounts.

3. Any representations that persons interested in the measure may have to make, will be received by the Commissioner of Coorg, Merkara, up to the 30th November 1891.

M. W. RAVENSHAW, *Captain,*
Secy. to the Chief Commissioner.

DRAFT.

Regulation for the levy of a cess to meet the cost of the Land Record Establishment and the village service fees in Coorg.

1. That all fees, contributions and allowances, which have hitherto been customarily collected by village officers employed on revenue duties for their support or remuneration by whatever denomination they may be called, shall absolutely cease and determine, and in lieu thereof it shall be lawful for the Chief Commissioner to impose a money cess upon all holders of land in Coorg from and after such date as the Chief Commissioner may by Notification in the local gazette appoint in this behalf. The proceeds of such cess shall be devoted to the payment of the Land Record Establishment and of village servants employed on revenue duties in the several Nads and Villages in Coorg.

2. The rate of the cess shall from time to time be determined by the Chief Commissioner but shall not in any case exceed the rate of fourteen and two-fifths pies in every rupee of assessment. In the case of rent free lands or lands held wholly or partially free from assessment such as Jahgir, Jama, Jodi, Umbli, &c., the cess shall be levied on full assessment which such lands would pay if they were not Inams or granted on privileged rates, and in that of free banes on double the assessment which such banés would pay were they assessed at full coffee rates.

3. The amount of cess payable by each holder of land shall be entered in his patta and shall be realized in the manner provided for the recovery of arrears of land revenue under the Coorg Revenue Regulation No. I of 1889.

4. No claim to the enjoyment of any portion of the cess imposed under the Regulation, and no question regarding liability to the same, or the rate thereof shall be cognizable by the Civil Courts, but the same shall be settled by the Commissioner of Coorg.

5. That any decision or order of the Commissioner under this Regulation shall be appealable to the Chief Commissioner within three months from the date of the decision or order ; and the decision of the Chief Commissioner on appeal shall be final and conclusive.

6. This Regulation will come into force from such date as the Chief Commissioner shall direct by Notification in the Coorg Gazette.

V. P. MADHAVA RAO,
District Magistrate.

The 25th November 1891.

Proclamation and Notification of sale of Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by Appurayachar, son of Surapura Venkatesachar, revenue defaulter, the undermentioned immovable property will be sold by public auction at the office of the Amildar of the Devanhalli Taluk, Bangalore District, on the 11th January 1892. The sale will commence at 11 A. M., and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is Rs. 31—14—0, as shown in detail in the statement at foot.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of sale and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made, nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents, and in the latter case, to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf or claiming an interest in the property tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale and also to appeal to Government against his order, within the time prescribed by law and the purchase shall be conditional on the final orders in such appeal.

MYSORE STATE LIFE INSURANCE.

CIRCULAR No. I.

Dated Mysore, the 26th day of November 1891.

The undersigned has the honor to request the attention of the Heads of Departments to the Notification of the Government of Mysore No. 305, dated 27th October 1891, published on page 322 of the *Mysore Gazette*, dated 12th November 1891, giving publicity to the Rules for the Mysore State Life Insurance.

Under the terms of those rules, the insurance of the lives of the persons entering Government Service on and after 1st December 1891 being compulsory, strict adherence to the said rules may be enforced. As regards the existing officials, every facility and encouragement must be given towards effecting the insurance of their lives. Proposal and other forms necessary for the purpose will be supplied in due course.

The Senior Surgeon to the Mysore Government has been requested to instruct the District Medical Officers to examine, free of charge, all applicants or proposers that may be referred to them by Heads of Departments for examination and to report to this Office their opinion in the manner prescribed on the back of the form of application or proposal.

All communications in connection with the Life Insurance of Government Servants under the above Rules should be addressed to the Secretary to the Insurance Committee, Bangalore.

POLICE DEPARTMENT.

NOTICE.

The 18th November 1891.

A reward of Rs. 20 is offered by complainant Mr. Varadaiengar in Case No. 4—106 of 1891 for such information as will lead to the arrest of one Krishnachar, accused in the case and whose descriptive roll has been published in the *Mysore Gazette* No. 44 of 1891, page 617.

C. HAUDIN,
Supt. of Police, Bangalore District.

MEDICAL DEPARTMENT.

NOTIFICATION.

The 8th December 1891.

Notice is hereby given that sealed tenders will be received up to 21st December 1891 by the Senior Surgeon and Sanitary Commissioner with the Government of Mysore for the supply by contract of all articles of diet, &c., (as per list accompanying) required for the use of the inmates of the Lunatic and Leper Asylums and for Maternity and for country medicines, &c., for the Medical Stores, Bangalore, from 1st January 1892 to 30th June 1892.

2. No tenders will be received after the date above mentioned.

3. Tenders to be superscribed "Tenders for the supply of provisions for the Lunatic and Leper Asylums and Maternity and for country medicines, &c., for the Medical Stores, Bangalore."

4. No tenders will be received unless accompanied by a deposit of Rs. 250 in cash, currency notes or Government securities.

5. Tenders will be opened by the Senior Surgeon and Sanitary Commissioner with the Government of Mysore at the Lunatic Asylum on the 21st December 1891 in the presence of such tenderers who may choose to attend at 8 A. M.

6. All tenders must specify the rate per diet of the following scales.

	Lunatic and Leper Asylums.	Maternity.
Natives	Full diet. Half diet.	Full diet. Half diet. Milk diet.
European or East Indians	Full diet. Half diet.	Full diet. Half diet. Milk diet.

7. The rates tendered must, besides the articles specified in the diet scales, include other articles shown in the list. All particulars regarding diet scales, &c., may be had from the respective Assistant and Sub-Assistant Surgeons in charge of them.

8. The Senior Surgeon reserves to himself the right of rejecting any tender without assigning any reason for so doing.

9. The deposit of the successful competitor will be retained and will be forfeited if he fails to execute the contract bond, or to furnish security to the amount of Rs. 1,000 in cash or Government bonds within one week from the date of the acceptance of his contract being made known to him.

10. No advance of cash will be made to the contractor. Payments for the articles supplied will be made by the Senior Surgeon, Mysore Government, as soon as possible after the first of each month.

11. Store-rooms will be made over to the contractor in which he can keep all non-perishable articles. Perishable articles, such as meat, &c., must be at the respective Hospitals by 8 A. M. daily.

12. The contract must not be sub-let.

13. A fine not exceeding Rs. 50 will be levied at the discretion of the Senior Surgeon, Mysore Government, for any infringement of the stipulation of the contract or for the supply of any inferior articles, and if frequently violated, the contract will be annulled and security confiscated to Government.

14. The decision of the Senior Surgeon and Sanitary Commissioner, Mysore Government, to be final in all questions of infringement of contract.

15. The contractor will be bound to purchase vegetables from the Lunatic Asylum garden for the use of the inmates at a fixed rate of 40 lb. per rupee.

304.

KADUR DIVISION.

ADVERTISEMENT.

The 28th November 1891.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Kadur Division, up to 21st December 1891, for increasing the capacity of the Madag Tank, Kadur Taluk, Registered No. I. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of February 1892.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Chikmagalur between the hours of 11 A. M. and 5 P. M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 200 in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for increasing the capacity of Madag Tank, Kadur Taluk," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within 8 days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond ; in default of which, his tender will be considered cancelled, and his earnest mony will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

BANGALORE DISTRICT.

NOTIFICATION.

The 25th November 1891.

Proclamation and Notification of sale of Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by Appurayachar, son of Surapura Venkatesachar, revenue defaulter, the undermentioned immovable property will be sold by public auction at the office of the Amildar of the Devanhalli Taluk, Bangalore District, on the 11th January 1892. The sale will commence at 11 A. M., and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is Rs. 31—14—0, as shown in detail in the statement at foot.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of sale and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made, nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents, and in the latter case, to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf or claiming an interest in the property tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale and also to appeal to Government against his order, within the time prescribed by law and the purchase shall be conditional on the final orders in such appeal.

CIVIL AND MILITARY STATION, BANGALORE.

IN THE COURT OF THE DISTRICT JUDGE.

Mis. Application No. 440 of 1891.

Revd. Philippe Paul Sigean .. .. *Applicant.*

In the matter of the estate of the late Bishop Jean Ives Marie Coadon .. *Deceased.*

Whereas Revd. Philippe Paul Sigean, one of the Executors of the Will of the deceased above named, has applied to this Court for Probate of the Will of the said deceased who died at Bangalore on the 14th day of September 1890 and Wednesday, the 16th day of December 1891, (11-30 A. M.), has been fixed for the hearing of the application.

All persons claiming to have any interest in the estate of the deceased are hereby called upon to come and see the proceedings, on or before the said Wednesday, the 16th day of December 1891.

Given under my hand and the seal of the Court this 7th day of December 1891.

P. S. KRISHNA RAO,
District Judge.

MYSORE STATE LIFE INSURANCE.

CIRCULAR No. I.

Dated Mysore, the 26th day of November 1891.

The undersigned has the honor to request the attention of the Heads of Departments to the Notification of the Government of Mysore No. 305, dated 27th October 1891, published on page 322 of the *Mysore Gazette*, dated 12th November 1891, giving publicity to the Rules for the Mysore State Life Insurance.

Under the terms of those rules, the insurance of the lives of the persons entering Government Service on and after 1st December 1891 being compulsory, strict adherence to the said rules may be enforced. As regards the existing officials, every facility and encouragement must be given towards effecting the insurance of their lives. Proposal and other forms necessary for the purpose will be supplied in due course.

The Senior Surgeon to the Mysore Government has been requested to instruct the District Medical Officers to examine, free of charge, all applicants or proposers that may be referred to them by Heads of Departments for examination and to report to this Office their opinion in the manner prescribed on the back of the form of application or proposal.

All communications in connection with the Life Insurance of Government Servants under the above Rules should be addressed to the Secretary to the Insurance Committee, Bangalore.

CIRCULAR No. 2.

Dated Mysore, the 27th of November 1891.

To

The Head of each Department or Office.

SIR,

Adverting to this Office Circular No. 1, dated 26th November 1891, I have the honor to forward the marginally noted printed forms, the use of which is explained in the following.

Form No. 1. Proposal for first insurance.
" 2. Proposal for further insurance.
" 3. Certificate by official superior.
" 6. Docket forms in counterfoil.

Forms Nos. 1 & 2.

The first page of each of these should be filled up by or for the Proposer and certified to by his official superior, the second page being left for the use of the Medical officer.

Form No. 3.

This must be filled in by Proposer's official superior and enclosed in a separate sealed cover addressed to the Secretary to the Insurance Committee and forwarded with the Proposal.

Form No. 6.

No. (1) is the draft to be retained in the office. No. (2) is the covering docket to the Proposal, to be filled in and forwarded to the Medical officer with Nos. (3) and (4). No. (3) will have to be filled in by the Medical officer and returned to the forwarding officer. No. (4) to be forwarded to this office by the Medical officer with the Proposal and his opinion.

The above printed forms only should be used. Manuscripts will not be accepted.

CIRCULAR No. 3.

Dated Mysore, the 27th November 1891.

The Heads of all Departments or disbursing officers are hereby requested that with their future Establishment Pay Abstracts they will send in a Statement in the accompanying form No. 10 (printed copies of which have this day been forwarded to them) showing the amount of premiums realized from the officials of their offices.

Whenever an insured person is transferred, promoted, degraded, dismissed or absent on leave or whenever his appointment under Government is affected in any other manner, such changes should be specially noted in the remark column of the statement without fail.

The net amount of the Pay Abstract after deducting the amount of premiums recovered should be drawn from the Treasury.

A. RANGASWAMAIENGAR,
Secretary to the Insurance Committee.

C. HAUDIN,

MEDICAL DEPARTMENT.

NOTIFICATION.

The 8th December 1891.

Notice is hereby given that sealed tenders will be received up to 21st December 1891 by the Senior Surgeon and Sanitary Commissioner with the Government of Mysore for the supply by contract of all articles of diet, &c., (as per list accompanying) required for the use of the inmates of the Lunatic and Leper Asylums and for Maternity and for country medicines, &c., for the Medical Stores, Bangalore, from 1st January 1892 to 30th June 1892.

2. No tenders will be received after the date above mentioned.

3. Tenders to be superscribed "Tenders for the supply of provisions for the Lunatic and Leper Asylums and Maternity and for country medicines, &c., for the Medical Stores, Bangalore."

4. No tenders will be received unless accompanied by a deposit of Rs. 250 in cash, currency notes or Government securities.

5. Tenders will be opened by the Senior Surgeon and Sanitary Commissioner with the Government of Mysore at the Lunatic Asylum on the 21st December 1891 in the presence of such tenderers who may choose to attend at 8 A. M.

6. All tenders must specify the rate per diet of the following scales.

	Lunatic and Leper Asylums.	Maternity.
Natives	Full diet. Half diet.	Full diet. Half diet. Milk diet.
European or East Indians	Full diet. Half diet.	Full diet. Half diet. Milk diet.

7. The rates tendered must, besides the articles specified in the diet scales, include other articles shown in the list. All particulars regarding diet scales, &c., may be had from the respective Assistant and Sub-Assistant Surgeons in charge of them.

8. The Senior Surgeon reserves to himself the right of rejecting any tender without assiguing any reason for so doing.

9. The deposit of the successful competitor will be retained and will be forfeited if he fails to execute the contract bond, or to furnish security to the amount of Rs. 1,000 in cash or Government bonds within one week from the date of the acceptance of his contract being made known to him.

10. No advance of cash will be made to the contractor. Payments for the articles supplied will be made by the Senior Surgeon, Mysore Government, as soon as possible after the first of each month.

11. Store-rooms will be made over to the contractor in which he can keep all non-perishable articles. Perishable articles, such as meat, &c., must be at the respective Hospitals by 8 A. M. daily.

12. The contract must not be sub-let.

13. A fine not exceeding Rs. 50 will be levied at the discretion of the Senior Surgeon, Mysore Government, for any infringement of the stipulation of the contract or for the supply of any inferior articles, and if frequently violated, the contract will be annulled and security confiscated to Government.

14. The decision of the Senior Surgeon and Sanitary Commissioner, Mysore Government, to be final in all questions of infringement of contract.

15. The contractor will be bound to purchase vegetables from the Lunatic Asylum garden for the use of the inmates at a fixed rate of 40 lbs. per rupee.

List of diet articles, &c., with probable quantities required for the Lunatic and Leper Asylums, Maternity, and country medicines, &c., for the Medical Stores, from 1st January 1892 to 30th June 1892:—

The 25th November 1891.

Proclamation and Notification of sale of Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by Appurayachar, son of Surapura Venkatesachar, revenue defaulter, the undermentioned immovable property will be sold by public auction at the office of the Amildar of the Devanhalli Taluk, Bangalore District, on the 11th January 1892. The sale will commence at 11 A. M., and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is Rs. 31—14—0, as shown in detail in the statement at foot.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of sale and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made, nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents, and in the latter case, to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf or claiming an interest in the property tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale and also to appeal to Government against his order, within the time prescribed by law and the purchase shall be conditional on the final orders in such appeal.

MYSORE DISTRICT JAIL.

NOTICE.

The 5th December 1891.

Notice is hereby given that sealed tenders will be received up to the 15th January 1892 by the Superintendent of the Mysore Jail for the supply by contract of all articles of diet, &c., required for the use of prisoners confined in the Mysore Jail from 1st April 1892 to 31st March 1893, both days inclusive.

II. No tenders will be received after the date above mentioned.

III. Tenders to be superscribed "Tenders for the supply of the provisions, &c., for the Mysore Jail."

IV. No tenders will be received unless accompanied by a deposit of (Rs). 500 in cash or currency notes for the supply of provisions and (Rs). 100, for the supply of raw materials for the manufactory.

V. Tenders will be opened by the Superintendent of the Mysore Jail at the Jail Office on the date above named in the presence of such tenderers who may choose to attend at 7-30 A. M.

VI. All tenders must specify the rate at which the following articles can be supplied in pound weights per rupee of good quality :—

1. Rice, boiled and unboiled, 2. Ragi, 3. Dhal, 4. Ballar, 5. Tyre, 6. Meat (without bones), 7. Gingelly-oil, 8. Ghee, 9. Tamarind, 10. Salt, 11. Onions, 12. Garlic, 13. Curry powder, 14. Vegetables, 15. Sugar, 16. Bread, 17. Milk, 18. Firewood (dry), 19. Kerosine-oil without tins.

VII. The contractor will supply ragi grain to be ground by convicts and it will be issued as flour. The supply to be calculated and payments made upon the quantity of flour so issued at the price of the ragi grain.

VIII. The Superintendent reserves to himself the right of rejecting any tender without assigning any reason for so doing.

IX. No advance of cash will be made to the contractor. Payment for the articles supplied will be made by the Superintendent, Mysore Jail, as soon as possible after the first of each month.

X. The deposit of the successful tenderer will be retained and will be forfeited if he fails to execute the contract bond or to furnish security to the amount of Rs. (500) in cash or Government bonds for the supply of provisions, and to the amount of Rs. (100) for the supply of raw materials within one week from the date of acceptance of his contract being made known to him.

XI. A store-room will be made over to the contractor in which he can keep all non-perishable articles. Perishable articles such as meat, &c.; must be at the Jail by 7-15 A. M. daily.

XII. The contract must not be sub-let.

XIII. The rice, ragi and dhal to be supplied by the contractor must be clean and free from grit. All stalks of chillies, fibres and stones of tamarind to be removed before they are supplied.

XIV. A fine not exceeding Rs. 50 will be levied at the discretion of the Superintendent of the Mysore Jail for any infringement of the stipulation of the contract or for the supply of any inferior articles and, if frequently violated, the contract will be annulled and security confiscated to the Government.

XV. The decision of the Superintendent of the Mysore Jail to be final in all questions of infringement of contract.

XVI. The contractor will be bound to purchase vegetables from the Jail garden for the use of the prisoners at a fixed rate of 5 pies per lb.

XVII. In case the contractor after taking the contract is not willing to carry out his agreement, he shall give at least one month's notice and shall forfeit the security money to Government. The contractor will also be bound to make good to Government any loss which may arise from his failure or by Government having to purchase the articles specified in the contract in the local markets at higher rates than those contracted for.

XVIII. Tenders must also specify the different rates per convict per diem for the following classes—

1.	Native laboring convicts	A Class.
2.	Do do	B Class.
3.	Do short terms	C Class.
4.	Native non-laboring males, females & under-trials	D Class.
5.	Juveniles	E Class.
6.	Europeans and East-Indians	F Class.
7.	Hospital full rice diet, half rice diet and full ragi diet.	

The contract for which will be under the same conditions as the above

328

XIX. Any further information and scales of diet can be obtained by applying personally at the office of the Superintendent of the Mysore Jail. The present strength of the Jail is 270 with an anticipated increase about 320 during the year.

XX. This contract will be subject to the confirmation of the Inspector General of Prisons in Mysore.

XXI. Samples of the raw materials, wool and thread, to be brought or sent with the tenders.

XXII. Separate tenders must be submitted for I. Grain, II. Condiments, III. Mutton, IV. Firewood, V. Kerosine-oil, VI. Other necessaries and articles for the Manufactory Department.

XXIII. Any sundry articles if required must also be supplied by the tenderer at the cheapest market rate. The quantity noted in the accompanying list are not guaranteed.

N. B.—No concessions of any description will be allowed in the above contract, and the contractor should always have in his store-room a week's supply in advance.

KADUR DIVISION.

ADVERTISEMENT.

The 23th November 1891.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Kadur Division, up to 21st December 1891, for increasing the capacity of the Madag Tank, Kadur Taluk, Registered No. I. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of February 1892.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Chikmagalur between the hours of 11 A. M. and 5 P. M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 200 in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for increasing the capacity of Madag Tank, Kadur Taluk," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within 8 days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

MYSORE STATE LIFE INSURANCE.

CIRCULAR No. I.

Dated Mysore, the 26th day of November 1891.

The undersigned has the honor to request the attention of the Heads of Departments to the Notification of the Government of Mysore No. 305, dated 27th October 1891, published on page 322 of the *Mysore Gazette*, dated 12th November 1891, giving publicity to the Rules for the Mysore State Life Insurance.

Under the terms of those rules, the insurance of the lives of the persons entering Government Service on and after 1st December 1891 being compulsory, strict adherence to the said rules may be enforced. As regards the existing officials, every facility and encouragement must be given towards effecting the insurance of their lives. Proposal and other forms necessary for the purpose will be supplied in due course.

The Senior Surgeon to the Mysore Government has been requested to instruct the District Medical Officers to examine, free of charge, all applicants or proposers that may be referred to them by Heads of Departments for examination and to report to this Office their opinion in the manner prescribed on the back of the form of application or proposal.

All communications in connection with the Life Insurance of Government Servants under the above Rules should be addressed to the Secretary to the Insurance Committee, Bangalore.

A. RANGASWAMAIENGAR,
Secretary to the Insurance Committee.

REDUCTION IN THE PRICE OF THE PURE SULPHATE OF QUININE.

MANUFACTURED AT THE BENGAL GOVERNMENT CINCHONA PLANTATION.

On and after 1st April 1891, the price of this Quinine will be as follows :—

1	pound	tin	Rs.	16	„	or, post free,	Rs.	16	as.	12
½	„	„	„	8	„	or, post free,	„	8	„	8
¼	„	„	„	4	„	or, post free,	„	4	„	8

Analysis shows this Quinine to be of the purest manufacture ; and it is guaranteed to be free from wilful mixture with the inferior alkaloids Cinchonine and Cinchonidine. It is for sale only to Government officers, and only for cash, and may be had from the SUPERINTENDENT, Botanic Garden, Seebpore, near Calcutta. It can be had either white or coloured pink.

BANGALORE DISTRICT.

NOTIFICATIONS.

The 12th December 1891.

Proclamation and Notification of sale of Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by Prananathachar and 8 others, revenue defaulters, the undermentioned immovable property will be sold by public auction at the office of the Amildar of the Devanhalli Taluk, Bangalore District, on the 28th January 1892. The sale will commence at 11 A. M., and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is Rs. 59—6—9, as shown in detail in the statement at foot.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of sale and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made, nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf or claiming an interest in the property, tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money, will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser, and a certificate of sale, signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale, shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale and also to appeal to Government against his order, within the time prescribed by law, and the purchase shall be conditional, on the final orders in such appeal.

Mr. B. Gangaiya observed that the registration of births and deaths might be transferred to the City Amildar. The Board resolved that this could not be done since the City Amildar was appointed to overlook the collections in all branches.

II. Proceedings of the Government of Mysore No. 7657-70—L. 623, dated 6th October 1891, passing orders on the Municipal Budget of the City of Bangalore for the year 1891-92 were taken as read and the following resolutions were passed on the points noticed in the above :—

(*a*) As to the necessity of retaining an Itinerant Medical Officer, Mr. Ramasami Chetti and all the other Native Commissioners said that the Arlepete Dispensary was intended for people who were able to attend that Institution and that the present Itinerant Medical Officer visited in their own houses the old and infirm especially women who for various reasons were unable to attend the Hospital. Mr. Leonard said that the Municipality was only bound to establish Dispensaries to afford Medical aid to those who went to them but that he would leave the matter entirely to the decision of the Commissioners living in the Petta as the Petta people were more concerned in the question.

It was then resolved that notwithstanding the existence of Aralepete Dispensary, the services of an Itinerant Medical Officer to the Municipality were very necessary and that the necessary application be made to Government for the retention of his services.

(*b*) As regards the Municipal Commissioners' Clerk, Messrs. A. Singaravelu Mudaliar and Ramasami Chetti said that the services of a Clerk for the Municipal Commissioners could not be dispensed with and that the man might otherwise be designated and directed to do work under the Municipal Commissioners since they had to go about the Town with petitions referred to them for opinions or report when Kanarese papers would have to be read to them and their opinions recorded by the Clerks ; but Messrs. Scaldwell and Leonard thought that no Clerk for the Commissioners was needed. The question was then put to vote.

Resolution.—It was carried by the majority of the Members that the services of the Clerk could not be dispensed with, but that the question of increase to the pay of the present man and the entertainment of an additional Clerk be dropped for the present.

(*c*) As to the same man holding Market Sergeant's and Hackney Carriage Inspector's posts, the Commissioners thought that as this arrangements had been allowed to be carried on for some time, the same might be continued till the man was otherwise provided for, but that the question of increase to the pay of the Hackney Carriage Inspector be dropped.

Touching the appointment of a new Registrar. The President was requested to explain the matter to Government and the Board observed that if the Government should sanction it, the higher rate of pay might be given to the man first on the list in that Department and the last appointment be given to the new man.

With reference to the increase to Public Works Department Overseer's pay, Mr. Scaldwell was of opinion that his case might again be recommended to Government for favorable consideration, as the Overseers' work had lately increased very much owing to the works connected with the Western Extension, the new Targupete and the Fort improvement. The other Commissioners had nothing to say against it, as Mr. Scaldwell was the best man to judge of that professional question.

III. Application from Mr. Gubbi Totadappa for grant of a site for building a chattram for the use of the Virasaiva (Lingayet Sect).

Resolved.—That the grant of the site applied for be sanctioned, subject to the approval of Government, that before commencing with the work, the applicant should submit a plan of the building for approval and that it be liable to be managed by the Municipality, if any one or all of the conditions mentioned in his application be not fulfilled.

IV. List of establishments of his office submitted by the City Amildar.

Resolution.—The Board saw no objection to any re-arrangements being effected in the existing collection establishment, provided that no extra charges were incurred on that account. The matter however was left to the Vice-President for disposal.

V. List of estimates sanctioned during the month of October 1891.

Resolution.—Approved and the usual notification be submitted to Government.

VI. Papers relating to compensation claimed by the Chief Commissariat Officer for certain portion of grazing land in the Fort.

Resolution.—After some discussion the Board resolved the amount of compensation to be granted be proportionate to the loss sustained by the lessee and that it be left to the President to be settled in communication with the Chief Commissariat Officer.

VII. Letter from the Municipal Executive Engineer, requesting an additional grant for the suburban roads and papers connected therewith.

Resolution.—A sketch plan may be prepared by the Municipal Executive Engineer in consultation with the Executive Engineer, Bangalore Division, showing the suburban roads running within the City Municipal limits together with the extent of each road in miles and the same be circulated to the Municipal Commissioners for information and the matter be brought before the next meeting of the Board for discussion.

VIII. The proposed cancelment of the present lighting contract owing to the failure of the contractor to carry out the work satisfactorily.

Resolution.—All notices served upon the lighting contractor by the Municipality and the statement showing the amount of fines inflicted on him for bad and imperfect lighting were read; which facts the contractor present admitted and earnestly prayed for a further time to substitute fresh lamps and burners for those that were said to be stolen in large numbers.

The Board after lengthy discussion allowed the lighting contractor as a last chance 5 days' time to enable him to improve the lighting and that from and after Friday next the lighting of the Town should be in conformity with the conditions imposed by the article of agreement and any infringement thereof will subject the contract to immediate cancelment by the President or Vice-President without the matter being again brought before the Board and without any further notice being given to the contractor.

IX. Sub-Committee's Report on the application of the Lady Superioress of St. Martha's Hospital for permission to enclose the vacant site lying to the east of Government Book Depôt.

Resolution.—The Board resolved to recommend the matter to the Government.

X. Letter No. 297 of 22nd October 1891, from the Municipal Executive Engineer, bringing to notice the existing practice of damming up and utilizing the sewage in the main drain for gardening purposes together with the opinion of the Senior Surgeon and Sanitary Commissioner thereon.

Resolution.—The Board considered that the practice of damming up a main sewer and utilizing the sewage water therein for gardening purposes was seriously objectionable in a sanitary point of view and that this practice should be put a stop to and with this view a notice should be served on the gardeners concerned and that if the terms of the notice were not complied with, they should be made liable to prosecution under the Municipal Regulations.

XI. Letter dated 18th November 1891, from Mr. A. Sambasiva Iyer, requesting to re-consider the resolution passed by the Board at a meeting held on the 30th September 1891, regarding the

increases recommended by the Senior Surgeon and Sanitary Commissioner to be granted to the salaries of the servants attached to the Branch Dispensary near the market.

Resolution.—The Board observed that this subject was already discussed at the last meeting and the expenditure was not sanctioned owing to the crippled state of Municipal finances. The Board however as a special case sanctioned the small increase of pay, *viz.*, Rs. 5 proposed to the servants in the Dispensary as recommended by the Senior Surgeon and Sanitary Commissioner and the necessary application be made to Government for sanction.

XII. Consideration of the best means of securing a sufficient supply of water for the use of the Towns people, *i. e.*, adopting precautionary measures against the threatening drought.

Resolution.—Mr. Scaldwell stated that there might be no occasions for consideration of this proposal should we have rains in the month of December next as is usual and till then the consideration of this matter might be deferred.

Resolution.—Carried *nem-con.*

Before the close of the meeting and on the proposal of the Vice-President, the Board unanimously resolved that a vote of thanks be conveyed to Mr. K. P. Puttanna Chetti for his very good and appreciable services rendered to this Municipality as Vice-President even though for a short time.

S. VAIDYANATHA IYER,
Vice-President.

	Soap-nut	300 lbs.	
	Marking-nut	200 lbs.	
	Lamp oil	300 lbs.	
	Brooms	1,500 No.	

The quantities above stated are not guaranteed.

7. The contractor will supply ragi grain to be ground by convicts, and it will be issued as flour. The supply to be calculated and payment made upon the quantity of flour so issued at the rate of the ragi grain.

8. The Superintendent does not bind himself to accept the lowest or any tender without assigning any reasons for it.

9. The deposit of the successful competitors will be retained and will be forfeited if they fail to execute the contract bond, or to furnish security to the amount of Rs. 500 for grain, Rs. 100 for condiments, Rs. 150 for mutton, Rs. 100 for firewood, Rs. 50 for kerosine oil and Rs. 300 for other necessaries, in cash or Government paper within one week from the date of the acceptance of their contracts being made known to them.

10. No advance of cash will be made to the contractors. Payments for the articles supplied will be made by the Superintendent of the Bangalore Central Jail, after the 1st of each month.

11. Store-rooms will be made over to the contractors in which they can keep all non-perishable articles, of which not less than one month's supply must always be in store. Perishable articles, such as meat, vegetables, &c., must be at the Jail by 8 A. M. daily.

13. A fine not exceeding Rs. 50 will be levied at the discretion of the Superintendent of the Bangalore Central Jail, for any infringement of the stipulation of the contract, or for the supply of any inferior articles, and, if frequently violated, the contract may be annulled and the security confiscated to the Government.

14. The decision of the Superintendent of the Central Jail to be final in all questions of infringement of contract.

15. The contractor will be bound to purchase vegetables from the Jail garden for the use of prisoners at the same rate as in the contract.

16. Any further information can be obtained by applying to the Superintendent's Office.

17. These contracts will be subject to the confirmation of the Inspector General of Prisons in Mysore.

18. In case the contractors after taking the contracts, are not willing to carry out their agreements, they shall give at least one month's notice and shall forfeit the security money to Government.

The contractors will also be bound to make good to Government any loss which may arise from their failure, or by Government having to purchase the articles specified in the contracts in the local markets at higher rates than those contracted for.

N. B.—No concessions of any kind will be allowed in the above contracts.

The 9th December 1891.

Notice is hereby given that sealed tenders will be received up to 1 o'clock on Friday the 15th day of January 1892, by the Superintendent of the Central Jail, for the supply, by contract, of all kinds of wool and other articles, required for the use of Jail Manufacture, from 1st April 1892 to 31st March 1893, both days inclüsive.

2. No tenders will be received, unless accompanied by a deposit of Rs. 250 in cash or Currency Notes.

3. Tenders will be superscribed "Tenders for the supply of manufacture articles" for the Bangalore Central Jail.

4. Tenders will be opened by the Superintendent of the Central Jail at his office, on the date above named, in the presence of such tenderers or other authorized agents who may choose to attend.

5. The Superintendent reserves to himself the right of rejecting any tender, without assigning any reason for so doing.

6. All tenders must specify the rate at which various articles will be supplied of good quality according to the annexed form.

7. The deposit of the successful competitor will be retained and will be forfeited if he fails to execute the contract bond, or to furnish security to the amount of Rs. 500 in cash or Government bonds, within one week from the date of the acceptance of his contract being made known to him.

8. No advance of cash will be made to the contractor during the month, but payments will be made for the articles supplied by the Superintendent of Central Jail, as soon as possible after the first of each month.

9. The contract must not be sub-let.

10 A fine not exceeding Rs. 30 will be levied at the discretion of the Superintendent of the Central Jail, for any infringement of the stipulation of the contract, or for the supply of any inferior articles, and if frequently violated, the contract may be annulled and the security confiscated to Government.

11. The decision of the Superintendent of the Central Jail to be final in all questions of infringement of contract.

D. A. CHOKSI,
Ag. Superintendent.

SHIMOGA DIVISIONAL JAIL.

NOTIFICATION.

The 15th December 1891.

Notice is hereby given that sealed tenders will be received on Friday the 15th January 1892 at 8 A. M., by the Superintendent of the Shimoga Jail, for the supply, by contract of all articles of diet, &c., required for the use of prisoners confined in the Shimoga Jail from 1st April 1892 to 31st March 1893, both days inclusive; and also of the articles for the Manufacturing Department for the same period.

2. This contract will be subject to the confirmation of the Inspector General of Prisons in Mysore.

3. No tenders will be

4. Tenders may be submitted for all the articles together in one tender, with deposit of Rs. 300 or separately for I Grain with deposit of Rs. 100 ; II Condiments with Rs. 50 ; III Mutton with Rs. 50 ; IV Firewood with Rs. 25 ; V Kerosine oil, &c., with Rs 25 ; VI Other necessaries with Rs. 25 and VII Articles required for Manufacturing Department with Rs. 25.

5. No tenders will be received unless accompanied with the above deposit amounts. Such deposit amount may be in cash or in Currency Note.

6. Tenders may be superscribed " Tenders for the supply of provisions and other articles for the Shimoga Jail, as the case may be.

7. Tenders will be opened by the Superintendent of the Shimoga Jail, at the Jail Office, on the above date and hour, in the presence of such tenderers as may choose to attend.

8. All tenders must specify the rate at which the articles, as per list attached, can be supplied in pound weights per rupee, except those otherwise mentioned under heads V Kerosine oil, VI Other necessaries and VII Articles required for Manufacturing Department which must give different quantities, and rates at which the various articles will be supplied.

The figures in tenders should neither be erased nor altered, so that there may be no room for doubt.

9. When the Jail supply of vegetables, earthen pots, including large and small lotas and plates falls short, the contractor will be bound to supply.

10. The contractor will supply ragi grain to be ground by convicts, and it will be issued as flour. The supply to be calculated and payment made upon the quantity of flour so issued at the price of the ragi grain.

11. The rice, ragi, dál, ballar and all other articles to be supplied by the contractor must be of good quality and thoroughly cleaned.

12. The Superintendent reserves to himself the right of rejecting any tender without assigning any reason for so doing.

13. The deposit of the successful tenderer will be retained and will be forfeited, if he fails to execute the contract bond, within one week from the date of the acceptance of his contract being made known to him.

14 No advance of cash will be made to the contractor. Payments of the articles supplied will be made by the Superintendent of the Shimoga Jail, as soon as possible after the first of each month.

15. A store-room will be made over to the contractor in which he can keep all non-perishable articles including rice and ragi, of which not less than a week's supply must always be kept in store. Perishable articles, such as meat, vegetables, milk, tyre, &c., must be at the Jail at 8 A. M. daily for inspection.

16. The contract must not be sub-let.

17. A fine not exceeding Rs. 50 will be levied at the discretion of the Superintendent of the Shimoga Jail for any infringement of the stipulation of the contract, or for the supply of any inferior articles, and, if frequently violated, the contract will be annulled and the deposit money confiscated to Government.

If any articles be rejected at the time of inspection as inferior in quality, and if the contractor fails to recoup immediately the same in good quality, the same will be purchased, if necessary, by the Jail authorities, in the local market, at the then existing rate, and the payment will be made to the owner of such articles, after deducting from the contractor's bill.

18. The decision of the Superintendent of the Shimoga Jail to be final in all questions of infringement of contract.

19. If any more information on the subject is required, it can be obtained by applying to the Superintendent of the Shimoga Jail.

20. The Superintendent will purchase, elsewhere whenever required, any other articles that is not mentioned in this notification.

21. In case the contractor after taking the contract is not willing to carry out his agreement, he shall give at least one month's notice and shall forfeit the deposit money to Government. The contractor will also be bound to make good to Government any loss which may arise from his failure or by Government having to purchase the articles specified in the contract bond in the local markets at higher rates than those contracted for.

N. B.—No concession of any description will be allowed in the above contract.

MYSORE DISTRICT JAIL.

NOTICE.

The 5th December 1891.

Notice is hereby given that sealed tenders will be received up to the 15th January 1892 by the Superintendent of the Mysore Jail for the supply by contract of all articles of diet, &c., required for the use of prisoners confined in the Mysore Jail from 1st April 1892 to 31st March 1893, both days inclusive.

II. No tenders will be received after the date above mentioned.

III. Tenders to be superscribed "Tenders for the supply of the provisions, &c., for the Mysore Jail."

IV. No tenders will be received unless accompanied by a deposit of (Rs). 500 in cash or currency for the supply of provisions and (Rs). 100, for the supply of raw materials for the manufactory.

V. Tenders will be opened by the Superintendent of the Mysore Jail at the Jail Office on the date above named in the presence of such tenderers who may choose to attend at 7-30 A. M.

VI. All tenders must specify the rate at which the following articles can be supplied in pound weights per rupee of good quality :—

1. Rice, boiled and unboiled, 2. Ragi, 3. Dhal, 4. Ballar, 5. Tyre, 6. Meat (without bones), 7. Gingelly-oil, 8. Ghee, 9. Tamarind, 10. Salt, 11. Onions, 12. Garlic, 13. Curry powder, 14. Vegetables, 15. Sugar, 16. Bread, 17. Milk, 18. Firewood (dry), 19. Kerosine-oil without tins.

VII. The contractor will supply ragi grain to be ground by convicts and it will be issued as flour. The supply to be calculated and payments made upon the quantity of flour so issued at the price of the ragi grain.

VIII. The Superintendent reserves to himself the right of rejecting any tender without assigning any reason for so doing.

IX. No advance of cash will be made to the contractor. Payment for the articles supplied will be made by the Superintendent, Mysore Jail, as soon as possible after the first of each month.

X. The deposit of the successful tenderer will be retained and will be forfeited if he fails to execute the contract bond or to furnish security to the amount of Rs. (500) in cash or Government bonds for the supply of provisions, and to the amount of Rs. (100) for the supply of raw materials within one week from the date of acceptance of his contract being made known to him.

XI. A store-room will be made over to the contractor in which he can keep all non-perishable articles. Perishable articles such as meat, &c., must be at the Jail by 7-15 A. M. daily.

XII. The contract must not be sub-let.

XIII. The rice, ragi and dhal to be supplied by the contractor must be clean and free from grit. All stalks of chillies, fibres and stones of tamarind to be removed before they are supplied.

XIV. A fine not exceeding Rs. 50 will be levied at the discretion of the Superintendent of the Mysore Jail for any infringement of the stipulation of the contract or for the supply of any inferior articles and, if frequently violated, the contract will be annulled and security confiscated to the Government.

XV. The decision of the Superintendent of the Mysore Jail to be final in all questions of infringement of contract.

XVI. The contractor will be bound to purchase vegetables from the Jail garden for the use of the prisoners at a fixed rate of 5 pies per lb.

XVII. In case the contractor after taking the contract is not willing to carry out his agreement, he shall give at least one month's notice and shall forfeit the security money to Government. The contractor will also be bound to make good to Government any loss which may arise from his failure or by Government having to purchase the articles specified in the contract in the local markets at higher rates than those contracted for.

XVIII. Tenders must also specify the different rates per convict per diem for the following classes—

1.	Native laboring convicts	A Class.
2.	Do do	B Class.
3.	Do short terms	C Class.
4.	Native non-laboring males, females & under-trials	D Class.
5.	Juveniles	E Class.
6.	Europeans and East-Indians	F Class.
7.	Hospital full rice diet, half rice diet and full ragi diet.	

XIX. Any further information and scales of diet can be obtained by applying personally at the office of the Superintendent of the Mysore Jail. The present strength of the Jail is 270 with an anticipated increase about 320 during the year.

XX. This contract will be subject to the confirmation of the Inspector General of Prisons in Mysore.

XXI. Samples of the raw materials, wool and thread, to be brought or sent with the tenders.

XXII. Separate tenders must be submitted for I. Grain, II. Condiments, III. Mutton, IV. Firewood, V. Kerosine-oil, VI. Other necessaries and articles for the Manufactory Department.

XXIII. Any sundry articles if required must also be supplied by the tenderer at the cheapest market rate. The quantity noted in the accompanying list are not guaranteed.

N. B.—No concessions of any description will be allowed in the above contract, and the contractor should always have in his store-room a week's supply in advance.

Lands.—Lands assessed at Rs. 746—1—7 were taken up for cultivation.

N. NARSIMMAIENGAR,
for *Dy. Commissioner.*

MYSORE STATE LIFE INSURANCE.

CIRCULAR No. 4.

Dated Mysore, 29th November 1891.

The Secretary to the Insurance Committee has the honor to request that District Treasury officers and Amildars will, from December next, maintain the marginally noted two Registers in the accompanying forms for recording the names, &c., of the Insured paying premium at the Treasury and the amount of premium credited.

No. I. General Register of Insured paying premium at the Treasury.
No. II. Daily Register of Premiums credited at the Treasury.

The following instructions should be carefully observed in recording entries in the above Registers.

On the receipt of Policies from this Office for delivery to the Insured or on the receipt of an intimation of the transfer of an Insured from another station as prescribed in Circular No. 5 of this date, they should be immediately entered in Register No. I.

Only the names of such Insured as draw their pay from the Treasury on separate pay bills signed by themselves need be shown in Register No. II. When payments are made on Establishment Pay Abstracts accompanied with a statement of premiums as required in this Office Circular No. 3, dated 27th November 1891, the total amount of premiums shown in the said statement should be posted in this Register; but before doing so the statement in question should be thoroughly scrutinized as to its correctness with reference to the deductions made in the Pay Abstract as per Circular orders.

Immediately after the close of the month, each Amildar will send a copy of the entries in his Register No. II, with the Departmental statements, to the District Treasury Officer who will check the statements, enter them in the District Treasury Register No. II and submit to this office a consolidated statement in abstract supported by Taluk and other Departmental statements. This consolidated statement will be called the District Monthly Return of Premiums collected (*vide* sample statement hereto annexed).

No. I.

CIRCULAR No. 5.

Dated 29th November 1891.

The undersigned has the honor, in continuation of this office Circular No. 3, dated 27th instant, to request that when an Insured is transferred from one office to another which is paid from a different Treasury, the Head of the Department under whom he was serving or his Disbursing Officer will give an intimation, of the transfer, to the District Treasury Officer concerned, in the form hereto annexed, printed copies of which will be supplied in due course. If the premium of the Insured so transferred is payable into any Sub-Treasury, the District Treasury Officer will forward the intimation on to that Treasury in original after entering or making necessary note of it in the District Treasury Register No. II.

NOTICE

The 14th December 1891.

Is hereby given to the public that Messrs. J. G. McDonnell and B. Gopalaiengar, Assistant Commissioners, Toddy Department, Mysore Government, will arrive at the places named in the margin on the dates indicated against each place to open and dispose of the Taluk Toddy tenders at the Taluk Cutcherry and all tenderers are invited to be present. In case of illiterate men, tenders will be received personally before the others are opened. Tenderers should bring their sureties to the Taluk Cutcherry. Cash will be accepted if tendered in lieu of personal security if desired by the tenderer to the extent of one-fourth of the total amount of the contract.

Honnali	... 5th	do	do
Shikarpur	... 6th	do	do
Sorab and Kumsi	... 7th	do	do
Shimoga	...10th	do	do

2. Should there be reason to apprehend any combination amongst the tenderers or on any other grounds which will affect the interests of Government, each farm by itself or all the farms together of the Taluk will be put up to auction, either before or after, or both before and after the tenders are opened, and the highest bid secured by open competition will be noted and submitted for the approval of the Deputy Commissioner and Government, if the Amildar is satisfied of the tenderer's or bidder's solvency, and capabilities for performing his engagements with Government. To obviate disappointment on this head, intending tenderers and bidders from other places are advised to bring a certificate from the Amildar of the Taluk, or any other responsible officer of Government, to that effect.

J. G. MCDONNELL,
Excise Asstt. Commissioner,
Toddy Department, Mysore.

MYSORE DIVISION.

ADVERTISEMENT.

The 1st December 1891.

It is hereby notified that the following sums are outstanding in the accounts of this office. All persons claiming them should either present themselves or by their duly authorized agents before the undersigned within two months from this date, failing which the sums due to them will be forfeited to Government. If any of the claimants are dead, their legal representatives should appear with the necessary heir certificates: —

Rs. 6—15—6.	due to Govindaraju, Peon No. II. Sub-Division, on account of his salary for December 1889, and January 1890.
0— 4—6	Do Do Travelling allowance for December 1889.
6—12—5	Do Madar do for April and May 1890.
1— 5—0	Do Do Travelling allowance for April 1890.
3—15—0	due to Lakshman Rao, Peon No. IV. Sub-Division, for January 1891. The value of a Service Book issued to this Peon is due.
75—8—0	Do to Puttaboyi and Dasaboyi, for improving Kalale Chelvamba Tank, Nanjangud Taluk. A cheque for this sum drawn in September 1891, remains undelivered, as the 2nd contractor is dead and no heir certificate has come forward.
15 0 0	received from Subba Rao and Venkatnarasaiya as deposit for A. R. of Chikkadevarayasagar Channel and placed in the Government Savings Bank in 1888-89.

KADUR DIVISION.

ADVERTISEMENT.

The 28th November 1891.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Kadur Division, up to 21st December 1891, for increasing the capacity of the Madag Tank, Kadur Taluk, Registered No. I. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of February 1892.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Chikmagalur between the hours of 11 A. M. and 5 P. M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 200 in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for increasing the capacity of Madag Tank, Kadur Taluk," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within 8 days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

From 1st April 1891, and until further orders, Cinchona Febrifuge can be purchased by all Government officers and by any one taking *ten pounds* at a time, from the Superintendent, Botanic Garden, Calcutta, at the following rates: four ounce tin *Rs.* 2, *ans.* 8; eight ounce tin *Rs.* 5; one pound tin *Rs.* 10.—The general public can be supplied by the Superintendent, Botanic Garden, *for Cash only* at the undernoted rates: per four ounce tin *Rs.* 3; per eight ounce tin *Rs.* 6; per pound tin *Rs.* 12. This medicine is also sold by the principal European and Native druggists in Calcutta. Postage four annas per 4 *oz.* tin, eight annas per 8 *oz.* tin, and twelve annas per pound tin, in addition to the foregoing rates.

NOTICE

The 6th December 1891.

Is hereby given that sealed tenders will be received up to the 20th January 1892, by the District Forest Officer, Nilgiris, at his office at Ootacamund, for the purchase of 1,800 maunds, more or less of sandalwood roots and billets now collected and stored at the Musnagudi Depôt.

2. Tenders should be superscribed "Tender for the purchase of sandalwood roots and billets" and addressed to the District Forest Officer, Nilgiris, Ootacamund.

3. The tenders should specify the rate per maund of 25 lbs and should be accompanied by a deposit of Rs. 200 in cash or currency notes. Half notes will not be received.

4. The deposit of the successful tenderer will be retained by the District Forest Officer and he should, within one week from the date of acceptance of his tender being made known to him, pay the whole sum due and then take delivery of the wood ; failing this, his deposit will be forfeited to Government and the sandalwood resold at his risk and loss.

5. Intending tenderers are recommended to inspect the sandalwood in the Depôt before they tender for it, as no remission will afterwards be granted in any case for the bad quality and other defects of the wood.

6. The right to reject all or any tender is reserved.

7. For further particulars apply to.

RHODES MORGAN,
District Forest Officer, Nilgiris.

TRANSLATION OF AN URDU NOTICE.

The 21st September 1891.

OFFER OF A REWARD OF Rs. 1,000.

Notice is hereby given that one Niaz Bahadur Khan, a resident of Rampur, is accused of having absconded on the 29th May 1891, with a boy named Rohan whom he kidnapped from the custody of his lawful guardian. A reward of Rs. 1,000 is hereby offered to any person who may apprehend the accused with the boy in question and bring the former to justice. Of the above reward Rs. 800 will be paid by the Regency Council, Rampur, and Rs. 200 by the father of the boy. And a reward of Rs. 500 is hereby offered to any person who may produce only the boy Rohan.

2. A description of both Niaz Bahadur and Rohan are subjoined.

Description of the accused.	Description of the boy.

PART IV.

Official Papers.

The 30th July 1891.

The subjoined draft Rules for the introduction of a system of State Life Insurance applicable to the officials of the Mysore Government are published for general information.

By Order,

T. ANANDA ROW,

Chief Secretary.

---

1. The following Rules of the Mysore State Life Insurance shall come into force on the

2. The Government reserve to themselves the right to add to or modify these rules after giving due notice thereof; but such additions or modifications shall have no retrospective effect.

3. In these rules—

The expression "Proposer" means the person whose life is proposed to be insured.

The expression "Insured" means the person who has insured his life under these rules.

The term "Policy" means the written document containing the contract for the payment under these rules of an endowment bonus in consideration of the premium paid by the insured.

"Pay" means "substantive pay" as defined in the Mysore Service Regulation.

4. Officers holding permanent apppointments under the Government of Mysore on the date of the introduction of these rules and Officers of other Governments now employed under the Mysore Government or hereafter entering its service may insure their lives under these rules; provided that in the case of the latter class of Officers, such insurance shall be subject to the consent of the Governments lending them.

5. Insurance shall be compulsory on all persons who may enter the service of the Mysore Government after the introduction of these rules from the date of their entering the Government service or in the case of those entering the Government service before 21 years of age from the date of their completing 21 years of age.

6. No Officer whose age exceeds 45 years or whose pay is below Rs. 10 shall be eligible for the first or subsequent insurance under these rules. For the purpose of these rules, the age of the Proposer shall be taken to be the age at his last birthday.

368

7. Ten per cent of the pay of the Insured shall be recovered every month as premium and credited to Government in consideration of which an endowment bonus (according to the table appended to these rules) shall be payable from the Mysore Revenues on the Insured completing 55 years of age or at his death if earlier. Fractions of a rupee, other than multiples of 4 annas, shall be excluded in calculating the monthly premium.

Whenever the pay of an Insured is permanently increased, a further insurance shall be effected for such endowment bonus as will cover the surplus premium available.

9. The maximum premium or premiums for which one or more policies may be issued on the life of an Insured shall not exceed Rs. 50 per month whatever may be his pay.

10. When an Insured ceases to be under the service of the Government before completing the age of 55 years, he may elect either to continue to pay the premium due on his policy till it becomes mature or discontinue payment of the same, in which latter case the arrears of premium so withheld shall be treated as a debt against his policy and deducted with compound interest at 4 per cent from the bonus payable to him.

11. If an Insured be degraded for any cause, he may either continue to pay the full premium on his policy or discontinue payment of the difference between such premium and that due on his reduced pay, the arrears being dealt with as prescribed in the preceding rule.

12. The business of the State Insurance Scheme shall be managed by a Committee composed of such persons as may be nominated by Government.

13. The Comptroller shall be the Secretary to such Committee and carry on all business under the general control of the said Committee.

14. The Committee aforesaid shall be competent to frame rules for the transaction of business and the conduct of its meetings.

15. All receipts and disbursements on account of the State Insurance shall be carried to a separate head of account and funds belonging to this account shall at the end of each month be invested in the Government Savings Bank or in such other manner as the Government may deem fit.

16. The accounts of the Fund shall be audited before 31st of July in each year by two Accountants of the Comptroller's or Public Works Examiner's Office who shall be selected by the Committee. And a report shall be submitted to Government by the Committee before the end of September as to the progress of the Fund during the previous official year, with such statements as may be prescribed by Government from time to time.

17. An Officer wishing to insure his life under these rules shall submit a proposal in Form No. 1 written in his own hand, whenever possible, and signed in the presence of his immediate superior, or the Chief Secretary to Government, or a Deputy Commissioner or District Judge who will forward the same in a sealed cover to the proper Medical Officer. Whenever the proposal is so forwarded by the Proposer's official superior, he shall state his own confidential opinion as to the eligibility of the life of the Proposer in Form No. 3 and attach it to the proposal in a sealed cover addressed to the Secretary to the Committtee.

18. It shall be the duty of the Medical Officer to examine the Proposer and record his remarks on the back of the proposal and forward the same direct to the Secretary in a sealed cover after obtaining the signature of the Proposer to the declaration prescribed therein.

19. Such Medical Officer shall be the District Medical Officer of the Government, not below the rank of an Assistant Surgeon, provided that when the pay drawn by the Proposer is not less than Rs. 250, the Medical Officer shall not be below the rank of a Civil Surgeon.

20. The proposal shall then be considered by the Committee. If the majority of the Committee are satisfied as to the eligibility of the Proposer, they may authorize the Secretary to issue a policy in Form No. 4 and to give intimation of the acceptance of the proposal to the Proposer through his immediate superior. If a proposal is not fully eligible, it may, with the consent of the Proposer, be accepted for a reduced bonus.

21. The Secretary shall forward the policy to the Officer in charge of the District Treasury within whose limits the Proposer may be employed, for delivery to him, on payment in cash of the first premium. The date of the payment of the first premium shall be the date of the policy and shall be entered therein by the Treasury Officer before delivery.

22. When an Insured has to further insure his life as required by Rule 8, he shall submit a proposal in Form No. 2, signed as prescribed in Rule 17. The Proposer need not undergo a fresh medical examination unless more than 5 years have elapsed since his last medical examination held for purposes of Insurance under these rules; in which case, the procedure prescribed in the said Rule 17 shall be followed. When a medical examination is not necessary, the proposal shall be forwarded in a sealed cover to the Secretary to the Committee. Whenever the proposal is so forwarded by the Proposer's official superior, he shall state his own confidential opinion as to the eligibility of the life of the Proposer in Form No. 3 and attach it to the proposal in a sealed cover addressed to the Secretary to the Committee. The procedure prescribed in rules 20 and 21 shall be applicable to this further insurance.

23. The Committee shall authorize payment of the bonus to the Insured as soon as possible on his completing the age of 55 years and on surrendering his policy. If the Insured is dead, the bonus shall be paid to his nominees by will or other document duly registered in the office of the Secretary to the Committee, and failing such nominees, to his legal heirs, after proof of the accrual of the claim and surrender of the policy.

24. The first premium on each policy must always be recovered in cash from the Insured. Subsequent premiums shall be payable in advance and be recovered monthly by deduction from the pay of the Insured.

25. When the Insured is absent from duty on leave with allowances, the premiums shall be realized when such leave allowances are drawn. If he should obtain leave without allowances or be suspended from service, the premium, if not otherwise recovered, shall be a debt on his policy carrying interest at 4 per cent per annum and shall be recovered as arrears from his future pay, if any, in instalments not exceeding 5 per cent of such pay.

26. When an Insured who has ceased to be in the service of the Government is permitted to continue to pay premium till his policy matures, he may be allowed by the Committee to pay such premium monthly, quarterly, half-yearly or yearly into any Treasury of the Mysore Government. A grace of 15 days shall be allowed when the premium is payable monthly and a grace of one month when it is paid otherwise. If the Insured fails to pay the premium within the days of grace, no further cash payments shall be received from him but the arrears due and all future premiums shall be treated as a debt against his policy and recovered with compound interest at 5 per cent from his bonus.

27. Every Insured shall be supplied with a Premium Receipt Book (Form No. 5) in which payment of each premium shall be acknowledged by the Officer in charge of the Treasury where his pay is disbursed or by his immediate superior as the case may be.

28. If an Insured should lose his policy, a duplicate thereof may be issued to him by the Committee on his paying a fee of one rupee.

29. False information furnished by an Insured or production by him of any false evidence in connection with the insurance of his life shall render his policy null and void and the premiums paid by him shall be forfeited.

Life Insurance
Form L.

Mysore State Life Insurance.

PROPOSAL FOR INSURANCE.

Statements to be made by persons proposing to insure their lives for the first time.

THE

MYSORE GAZETTE.

Published by Authority.

BANGALORE, SATURDAY, AUGUST 8, 1891.

☞ Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART IV.

Official Papers.

The 30th July 1891.

The subjoined draft Rules for the introduction of a system of State Life Insurance applicable to the officials of the Mysore Government are published for general information.

By Order,

T. ANANDA ROW,

Chief Secretary.

---

1. The following Rules of the Mysore State Life Insurance shall come into force on the

2. The Government reserve to themselves the right to add to or modify these rules after giving due notice thereof; but such additions or modifications shall have no retrospective effect.

3. In these rules—

The expression "Proposer" means the person whose life is proposed to be insured.

The expression "Insured" means the person who has insured his life under these rules.

The term "Policy" means the written document containing the contract for the payment under these rules of an endowment bonus in consideration of the premium paid by the insured.

"Pay" means "substantive pay" as defined in the Mysore Service Regulation.

4. Officers holding permanent apppointments under the Government of Mysore on the date of the introduction of these rules and Officers of other Governments now employed under the Mysore Government or hereafter entering its service may insure their lives under these rules; provided that in the case of the latter class of Officers, such insurance shall be subject to the consent of the Governments lending them

5. Insurance shall be compulsory on all persons who may enter the service of the Mysore Government after the introduction of these rules from the date of their entering the Government service or in the case of those entering the Government service before 21 years of age from the date of their completing 21 years of age.

6. No Officer whose age exceeds 45 years or whose pay is below Rs. 10 shall be eligible for the first or subsequent insurance under these rules. For the purpose of these rules, the age of the Proposer shall be taken to be the age at his last birthday.

7. Ten per cent of the pay of the Insured shall be recovered every month as premium and credited to Government in consideration of which an endowment bonus (according to the table appended to these rules) shall be payable from the Mysore Revenues on the Insured completing 55 years of age or at his death if earlier. Fractions of a rupee, other than multiples of 4 annas, shall be excluded in calculating the monthly premium.

Whenever the pay of an Insured is permanently increased, a further insurance shall be effected for such endowment bonus as will cover the surplus premium available.

9. The maximum premium or premiums for which one or more policies may be issued on the life of an Insured shall not exceed Rs. 50 per month whatever may be his pay.

10. When an Insured ceases to be under the service of the Government before completing the age of 55 years, he may elect either to continue to pay the premium due on his policy till it becomes mature or discontinue payment of the same, in which latter case the arrears of premium so withheld shall be treated as a debt against his policy and deducted with compound interest at 4 per cent from the bonus payable to him.

11. If an Insured be degraded for any cause, he may either continue to pay the full premium on his policy or discontinue payment of the difference between such premium and that due on his reduced pay, the arrears being dealt with as prescribed in the preceding rule.

12. The business of the State Insurance Scheme shall be managed by a Committee composed of such persons as may be nominated by Government.

13. The Comptroller shall be the Secretary to such Committee and carry on all business under the general control of the said Committee.

14. The Committee aforesaid shall be competent to frame rules for the transaction of business and the conduct of its meetings.

15. All receipts and disbursements on account of the State Insurance shall be carried to a separate head of account and funds belonging to this account shall at the end of each month be invested in the Government Savings Bank or in such other manner as the Government may deem fit.

16. The accounts of the Fund shall be audited before 31st of July in each year by two Accountants of the Comptroller's or Public Works Examiner's Office who shall be selected by the Committee. And a report shall be submitted to Government by the Committee before the end of September as to the progress of the Fund during the previous official year, with such statements as may be prescribed by Government from time to time.

17. An Officer wishing to insure his life under these rules shall submit a proposal in Form No. 1 written in his own hand, whenever possible, and signed in the presence of his immediate superior, or the Chief Secretary to Government, or a Deputy Commissioner or District Judge who will forward the same in a sealed cover to the proper Medical Officer. Whenever the proposal is so forwarded by the Proposer's official superior, he shall state his own confidential opinion as to the eligibility of the life of the Proposer in Form No. 3 and attach it to the proposal in a sealed cover addressed to the Secretary to the Committtee.

18. It shall be the duty of the Medical Officer to examine the Proposer and record his remarks on the back of the proposal and forward the same direct to the Secretary in a sealed cover after obtaining the signature of the Proposer to the declaration prescribed therein.

19. Such Medical Officer shall be the District Medical Officer of the Government, not below the rank of an Assistant Surgeon, provided that when the pay drawn by the Proposer is not less than Rs. 250, the Medical Officer shall not be below the rank of a Civil Surgeon.

20. The proposal shall then be considered by the Committee. If the majority of the Committee are satisfied as to the eligibility of the Proposer, they may authorize the Secretary to issue a policy in Form No. 4 and to give intimation of the acceptance of the proposal to the Proposer through his immediate superior. If a proposal is not fully eligible, it may, with the consent of the Proposer, be accepted for a reduced bonus.

21. The Secretary shall forward the policy to the Officer in charge of the District Treasury within whose limits the Proposer may be employed, for delivery to him, on payment in cash of the first premium. The date of the payment of the first premium shall be the date of the policy and shall be entered therein by the Treasury Officer before delivery.

22. When an Insured has to further insure his life as required by Rule 8, he shall submit a proposal in Form No. 2, signed as prescribed in Rule 17. The Proposer need not undergo a fresh medical examination unless more than 5 years have elapsed since his last medical examination held for purposes of Insurance under these rules; in which case, the procedure prescribed in the said Rule 17 shall be followed. When a medical examination is not necessary, the proposal shall be forwarded in a sealed cover to the Secretary to the Committee. Whenever the proposal is so forwarded by the Proposer's official superior, he shall state his own confidential opinion as to the eligibility of the life of the Proposer in Form No. 3 and attach it to the proposal in a sealed cover addressed to the Secretary to the Committee. The procedure prescribed in rules 20 and 21 shall be applicable to this further insurance.

23. The Committee shall authorize payment of the bonus to the Insured as soon as possible on his completing the age of 55 years and on surrendering his policy. If the Insured is dead, the bonus shall be paid to his nominees by will or other document duly registered in the office of the Secretary to the Committee, and failing such nominees, to his legal heirs, after proof of the accrual of the claim and surrender of the policy.

24. The first premium on each policy must always be recovered in cash from the Insured. Subsequent premiums shall be payable in advance and be recovered monthly by deduction from the pay of the Insured.

25. When the Insured is absent from duty on leave with allowances, the premiums shall be realized when such leave allowances are drawn. If he should obtain leave without allowances or be suspended from service, the premium, if not otherwise recovered, shall be a debt on his policy carrying interest at 4 per cent per annum and shall be recovered as arrears from his future pay, if any, in instalments not exceeding 5 per cent of such pay.

26. When an Insured who has ceased to be in the service of the Government is permitted to continue to pay premium till his policy matures, he may be allowed by the Committee to pay such premium monthly, quarterly, half-yearly or yearly into any Treasury of the Mysore Government. A grace of 15 days shall be allowed when the premium is payable monthly and a grace of one month when it is paid otherwise. If the Insured fails to pay the premium within the days of grace, no further cash payments shall be received from him but the arrears due and all future premiums shall be treated as a debt against his policy and recovered with compound interest at 5 per cent from his bonus.

27. Every Insured shall be supplied with a Premium Receipt Book (Form No. 5) in which payment of each premium shall be acknowledged by the Officer in charge of the Treasury where his pay is disbursed or by his immediate superior as the case may be.

28. If an Insured should lose his policy, a duplicate thereof may be issued to him by the Committee on his paying a fee of one rupee.

29. False information furnished by an Insured or production by him of any false evidence in connection with the insurance of his life shall render his policy null and void and the premiums paid by him shall be forfeited.

Life Insurance Form L.

Mysore State Life Insurance.

PART IV.

Official Papers.

The 30th July 1891.

The subjoined draft Rules for the introduction of a system of State Life Insurance applicable to the officials of the Mysore Government are published for general information.

By Order,
T. ANANDA ROW,
Chief Secretary.

---

1. The following Rules of the Mysore State Life Insurance shall come into force on the

2. The Government reserve to themselves the right to add to or modify these rules after giving due notice thereof; but such additions or modifications shall have no retrospective effect.

3. In these rules—

The expression "Proposer" means the person whose life is proposed to be insured.

The expression "Insured" means the person who has insured his life under these rules.

The term "Policy" means the written document containing the contract for the payment under these rules of an endowment bonus in consideration of the premium paid by the insured.

"Pay" means "substantive pay" as defined in the Mysore Service Regulation.

4. Officers holding permanent apppointments under the Government of Mysore on the date of the introduction of these rules and Officers of other Governments now employed under the Mysore Government or hereafter entering its service may insure their lives under these rules; provided that in the case of the latter class of Officers, such insurance shall be subject to the consent of the Governments lending them.

5. Insurance shall be compulsory on all persons who may enter the service of the Mysore Government after the introduction of these rules from the date of their entering the Government service or in the case of those entering the Government service before 21 years of age from the date of their completing 21 years of age.

6. No Officer whose age exceeds 45 years or whose pay is below Rs. 10 shall be eligible for the first or subsequent insurance under these rules. For the purpose of these

398

7. Ten per cent of the pay of the Insured shall be recovered every month as premium and credited to Government in consideration of which an endowment bonus (according to the table appended to these rules) shall be payable from the Mysore Revenues on the Insured completing 55 years of age or at his death if earlier. Fractions of a rupee, other than multiples of 4 annas, shall be excluded in calculating the monthly premium.

Whenever the pay of an Insured is permanently increased, a further insurance shall be effected for such endowment bonus as will cover the surplus premium available.

9. The maximum premium or premiums for which one or more policies may be issued on the life of an Insured shall not exceed Rs. 50 per month whatever may be his pay.

10. When an Insured ceases to be under the service of the Government before completing the age of 55 years, he may elect either to continue to pay the premium due on his policy till it becomes mature or discontinue payment of the same, in which latter case the arrears of premium so withheld shall be treated as a debt against his policy and deducted with compound interest at 4 per cent from the bonus payable to him.

11. If an Insured be degraded for any cause, he may either continue to pay the full premium on his policy or discontinue payment of the difference between such premium and that due on his reduced pay, the arrears being dealt with as prescribed in the preceding rule.

12. The business of the State Insurance Scheme shall be managed by a Committee composed of such persons as may be nominated by Government.

13. The Comptroller shall be the Secretary to such Committee and carry on all business under the general control of the said Committee.

14. The Committee aforesaid shall be competent to frame rules for the transaction of business and the conduct of its meetings.

15. All receipts and disbursements on account of the State Insurance shall be carried to a separate head of account and funds belonging to this account shall at the end of each month be invested in the Government Savings Bank or in such other manner as the Government may deem fit.

16. The accounts of the Fund shall be audited before 31st of July in each year by two Accountants of the Comptroller's or Public Works Examiner's Office who shall be selected by the Committee. And a report shall be submitted to Government by the Committee before the end of September as to the progress of the Fund during the previous official year, with such statements as may be prescribed by Government from time to time.

17. An Officer wishing to insure his life under these rules shall submit a proposal in Form No. 1 written in his own hand, whenever possible, and signed in the presence of his immediate superior, or the Chief Secretary to Government, or a Deputy Commissioner or District Judge who will forward the same in a sealed cover to the proper Medical Officer. Whenever the proposal is so forwarded by the Proposer's official superior, he shall state his own confidential opinion as to the eligibility of the life of the Proposer in Form No. 3 and attach it to the proposal in a sealed cover addressed to the Secretary to the Committtee.

18. It shall be the duty of the Medical Officer to examine the Proposer and record his remarks on the back of the proposal and forward the same direct to the Secretary in a sealed cover after obtaining the signature of the Proposer to the declaration prescribed therein.

19. Such Medical Officer shall be the District Medical Officer of the Government, not below the rank of an Assistant Surgeon, provided that when the pay drawn by the Proposer is not less than Rs. 250, the Medical Officer shall not be below the rank of a Civil Surgeon.

20. The proposal shall then be considered by the Committee. If the majority of the Committee are satisfied as to the eligibility of the Proposer, they may authorize the Secretary to issue a policy in Form No. 4 and to give intimation of the acceptance of the proposal to the Proposer through his immediate superior. If a proposal is not fully eligible, it may, with the consent of the Proposer, be accepted for a reduced bonus.

21. The Secretary shall forward the policy to the Officer in charge of the District Treasury within whose limits the Proposer may be employed, for delivery to him, on payment in cash of the first premium. The date of the payment of the first premium shall be the date of the policy and shall be entered therein by the Treasury Officer before delivery.

22. When an Insured has to further insure his life as required by Rule 8, he shall submit a proposal in Form No. 2, signed as prescribed in Rule 17. The Proposer need not undergo a fresh medical examination unless more than 5 years have elapsed since his last medical examination held for purposes of Insurance under these rules; in which case, the procedure prescribed in the said Rule 17 shall be followed. When a medical examination is not necessary, the proposal shall be forwarded in a sealed cover to the Secretary to the Committee. Whenever the proposal is so forwarded by the Proposer's official superior, he shall state his own confidential opinion as to the eligibility of the life of the Proposer in Form No. 3 and attach it to the proposal in a sealed cover addressed to the Secretary to the Committee.. The procedure prescribed in rules 20 and 21 shall be applicable to this further insurance.

23. The Committee shall authorize payment of the bonus to the Insured as soon as possible on his completing the age of 55 years and on surrendering his policy. If the Insured is dead, the bonus shall be paid to his nominees by will or other document duly registered in the office of the Secretary to the Committee, and failing such nominees, to his legal heirs, after proof of the accrual of the claim and surrender of the policy.

24. The first premium on each policy must always be recovered in cash from the Insured. Subsequent premiums shall be payable in advance and be recovered monthly by deduction from the pay of the Insured.

25. When the Insured is absent from duty on leave with allowances, the premiums shall be realized when such leave allowances are drawn. If he should obtain leave without allowances or be suspended from service, the premium, if not otherwise recovered, shall be a debt on his policy carrying interest at 4 per cent per annum and shall be recovered as arrears from his future pay, if any, in instalments not exceeding 5 per cent of such pay.

26. When an Insured who has ceased to be in the service of the Government is permitted to continue to pay premium till his policy matures, he may be allowed by the Committee to pay such premium monthly, quarterly, half-yearly or yearly into any Treasury of the Mysore Government. A grace of 15 days shall be allowed when the premium is payable monthly and a grace of one month when it is paid otherwise. If the Insured fails to pay the premium within the days of grace, no further cash payments shall be received from him but the arrears due and all future premiums shall be treated as a debt against his policy and recovered with compound interest at 5 per cent from his bonus.

27. Every Insured shall be supplied with a Premium Receipt Book (Form No. 5) in which payment of each premium shall be acknowledged by the Officer in charge of the Treasury where his pay is disbursed or by his immediate superior as the case may be.

28. If an Insured should lose his policy, a duplicate thereof may be issued to him by the Committee on his paying a fee of one rupee.

29. False information furnished by an Insured or production by him of any false evidence in connection with the insurance of his life shall render his policy null and void and the premiums paid by him shall be forfeited.

☞ Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART IV.

Official Papers.

The 30th July 1891.

The subjoined draft Rules for the introduction of a system of State Life Insurance applicable to the officials of the Mysore Government are published for general information.

By Order,

T. ANANDA ROW,
Chief Secretary.

1. The following Rules of the Mysore State Life Insurance shall come into force on the

2. The Government reserve to themselves the right to add to or modify these rules after giving due notice thereof; but such additions or modifications shall have no retrospective effect.

3. In these rules—

The expression "Proposer" means the person whose life is proposed to be insured.

The expression "Insured" means the person who has insured his life under these rules.

The term "Policy" means the written document containing the contract for the payment under these rules of an endowment bonus in consideration of the premium paid by the insured.

"Pay" means "substantive pay" as defined in the Mysore Service Regulation.

4. Officers holding permanent apppointments under the Government of Mysore on the date of the introduction of these rules and Officers of other Governments now employed under the Mysore Government or hereafter entering its service may insure their lives under these rules; provided that in the case of the latter class of Officers, such insurance shall be subject to the consent of the Governments lending them.

5. Insurance shall be compulsory on all persons who may enter the service of the Mysore Government after the introduction of these rules from the date of their entering the Government service or in the case of those entering the Government service before 21 years of age from the date of their completing 21 years of age.

6. No Officer whose age exceeds 45 years or whose pay is below Rs. 10 shall be eligible for the first or subsequent insurance under these rules. For the purpose of these [illegible] age of the Proposer shall be taken to be the age at his last birthday.

7. Ten per cent of the pay of the Insured shall be recovered every month as premium and credited to Government in consideration of which an endowment bonus (according to the table appended to these rules) shall be payable from the Mysore Revenues on the Insured completing 55 years of age or at his death if earlier. Fractions of a rupee, other than multiples of 4 annas, shall be excluded in calculating the monthly premium.

8. Whenever the pay of an Insured is permanently increased, a further insurance shall be effected for such endowment bonus as will cover the surplus premium available.

9. The maximum premium or premiums for which one or more policies may be issued on the life of an Insured shall not exceed Rs. 50 per month whatever may be his pay.

10. When an Insured ceases to be under the service of the Government before completing the age of 55 years, he may elect either to continue to pay the premium due on his policy till it becomes mature or discontinue payment of the same, in which latter case the arrears of premium so withheld shall be treated as a debt against his policy and deducted with compound interest at 4 per cent from the bonus payable to him.

11. If an Insured be degraded for any cause, he may either continue to pay the full premium on his policy or discontinue payment of the difference between such premium and that due on his reduced pay, the arrears being dealt with as prescribed in the preceding rule.

12. The business of the State Insurance Scheme shall be managed by a Committee composed of such persons as may be nominated by Government.

13. The Comptroller shall be the Secretary to such Committee and carry on all business under the general control of the said Committee.

14. The Committee aforesaid shall be competent to frame rules for the transaction of business and the conduct of its meetings.

15. All receipts and disbursements on account of the State Insurance shall be carried to a separate head of account and funds belonging to this account shall at the end of each month be invested in the Government Savings Bank or in such other manner as the Government may deem fit.

16. The accounts of the Fund shall be audited before 31st of July in each year by two Accountants of the Comptroller's or Public Works Examiner's Office who shall be selected by the Committee. And a report shall be submitted to Government by the Committee before the end of September as to the progress of the Fund during the previous official year, with such statements as may be prescribed by Government from time to time.

17. An Officer wishing to insure his life under these rules shall submit a proposal in Form No. 1 written in his own hand, whenever possible, and signed in the presence of his immediate superior, or the Chief Secretary to Government, or a Deputy Commissioner or District Judge who will forward the same in a sealed cover to the proper Medical Officer. Whenever the proposal is so forwarded by the Proposer's official superior, he shall state his own confidential opinion as to the eligibility of the life of the Proposer in Form No. 3 and attach it to the proposal in a sealed cover addressed to the Secretary to the Committtee.

18. It shall be the duty of the Medical Officer to examine the Proposer and record his remarks on the back of the proposal and forward the same direct to the Secretary in a sealed cover after obtaining the signature of the Proposer to the declaration prescribed therein.

19. Such Medical Officer shall be the District Medical Officer of the Government, not below the rank of an Assistant Surgeon, provided that when the pay drawn by the Proposer is not less than Rs. 250, the Medical Officer shall not be below the rank of a Civil Surgeon.

20. The proposal shall then be considered by the Committee. If the majority of the Committee are satisfied as to the eligibility of the Proposer, they may authorize the Secretary to issue a policy in Form No. 4 and to give intimation of the acceptance of the proposal to the Proposer through his immediate superior. If a proposal is not fully eligible, it may, with the consent of the Proposer, be accepted for a reduced bonus.

21. The Secretary shall forward the policy to the Officer in charge of the District Treasury within whose limits the Proposer may be employed, for delivery to him, on payment in cash of the first premium. The date of the payment of the first premium shall be the date of the policy and shall be entered therein by the Treasury Officer before delivery.

22. When an Insured has to further insure his life as required by Rule 8, he shall submit a proposal in Form No. 2, signed as prescribed in Rule 17. The Proposer need not undergo a fresh medical examination unless more than 5 years have elapsed since his last medical examination held for purposes of Insurance under these rules; in which case, the procedure prescribed in the said Rule 17 shall be followed. When a medical examination is not necessary, the proposal shall be forwarded in a sealed cover to the Secretary to the Committee. Whenever the proposal is so forwarded by the Proposer's official superior, he shall state his own confidential opinion as to the eligibility of the life of the Proposer in Form No. 3 and attach it to the proposal in a sealed cover addressed to the Secretary to the Committee. The procedure prescribed in rules 20 and 21 shall be applicable to this further insurance.

23. The Committee shall authorize payment of the bonus to the Insured as soon as possible on his completing the age of 55 years and on surrendering his policy. If the Insured is dead, the bonus shall be paid to his nominees by will or other document duly registered in the office of the Secretary to the Committee, and failing such nominees, to his legal heirs, after proof of the accrual of the claim and surrender of the policy.

24. The first premium on each policy must always be recovered in cash from the Insured. Subsequent premiums shall be payable in advance and be recovered monthly by deduction from the pay of the Insured.

25. When the Insured is absent from duty on leave with allowances, the premiums shall be realized when such leave allowances are drawn. If he should obtain leave without allowances or be suspended from service, the premium, if not otherwise recovered, shall be a debt on his policy carrying interest at 4 per cent per annum and shall be recovered as arrears from his future pay, if any, in instalments not exceeding 5 per cent of such pay.

26. When an Insured who has ceased to be in the service of the Government is permitted to continue to pay premium till his policy matures, he may be allowed by the Committee to pay such premium monthly, quarterly, half-yearly or yearly into any Treasury of the Mysore Government. A grace of 15 days shall be allowed when the premium is payable monthly and a grace of one month when it is paid otherwise. If the Insured fails to pay the premium within the days of grace, no further cash payments shall be received from him but the arrears due and all future premiums shall be treated as a debt against his policy and recovered with compound interest at 5 per cent from his bonus.

27. Every Insured shall be supplied with a Premium Receipt Book (Form No. 5) in which payment of each premium shall be acknowledged by the Officer in charge of the Treasury where his pay is disbursed or by his immediate superior as the case may be.

28. If an Insured should lose his policy, a duplicate thereof may be issued to him by the Committee on his paying a fee of one rupee.

29. False information furnished by an Insured or production by him of any false evidence in connection with the insurance of his life shall render his policy null and void and the premiums paid by him shall be forfeited.

Life Insurance Form 1.

Mysore State Life Insurance.

PROPOSAL FOR INSURANCE.

Statements to be made by persons proposing to insure their lives for the first time.

Instructions to the Proposer.	Statements to be made by the Proposer.

PART IV.

Official Papers.

The 30th July 1891.

The subjoined draft Rules for the introduction of a system of State Life Insurance applicable to the officials of the Mysore Government are published for general information.

By Order,

T. ANANDA ROW,
Chief Secretary.

1. The following Rules of the Mysore State Life Insurance shall come into force on the

2. The Government reserve to themselves the right to add to or modify these rules after giving due notice thereof; but such additions or modifications shall have no retrospective effect.

3. In these rules—

The expression "Proposer" means the person whose life is proposed to be insured.

The expression "Insured" means the person who has insured his life under these rules.

The term "Policy" means the written document containing the contract for the payment under these rules of an endowment bonus in consideration of the premium paid by the insured.

"Pay" means "substantive pay" as defined in the Mysore Service Regulation.

4. Officers holding permanent apppointments under the Government of Mysore on the date of the introduction of these rules and Officers of other Governments now employed under the Mysore Government or hereafter entering its service may insure their lives under these rules; provided that in the case of the latter class of Officers, such insurance shall be subject to the consent of the Governments lending them.

5. Insurance shall be compulsory on all persons who may enter the service of the Mysore Government after the introduction of these rules from the date of their entering the Government service or in the case of those entering the Government service before 21 years of age from the date of their completing 21 years of age.

6. No Officer whose age exceeds 45 years or whose pay is below Rs. 10 shall be eligible for the first or subsequent insurance under these rules. For the purpose of these

7. Ten per cent of the pay of the Insured shall be recovered every month as premium and credited to Government in consideration of which an endowment bonus (according to the table appended to these rules) shall be payable from the Mysore Revenues on the Insured completing 55 years of age or at his death if earlier. Fractions of a rupee, other than multiples of 4 annas, shall be excluded in calculating the monthly premium.

8. Whenever the pay of an Insured is permanently increased, a further insurance shall be effected for such endowment bonus as will cover the surplus premium available.

9. The maximum premium or premiums for which one or more policies may be issued on the life of an Insured shall not exceed Rs. 50 per month whatever may be his pay.

10. When an Insured ceases to be under the service of the Government before completing the age of 55 years, he may elect either to continue to pay the premium due on his policy till it becomes mature or discontinue payment of the same, in which latter case the arrears of premium so withheld shall be treated as a debt against his policy and deducted with compound interest at 4 per cent from the bonus payable to him.

11. If an Insured be degraded for any cause, he may either continue to pay the full premium on his policy or discontinue payment of the difference between such premium and that due on his reduced pay, the arrears being dealt with as prescribed in the preceding rule.

12. The business of the State Insurance Scheme shall be managed by a Committee composed of such persons as may be nominated by Government.

13. The Comptroller shall be the Secretary to such Committee and carry on all business under the general control of the said Committee.

14. The Committee aforesaid shall be competent to frame rules for the transaction of business and the conduct of its meetings.

15. All receipts and disbursements on account of the State Insurance shall be carried to a separate head of account and funds belonging to this account shall at the end of each month be invested in the Government Savings Bank or in such other manner as the Government may deem fit.

16. The accounts of the Fund shall be audited before 31st of July in each year by two Accountants of the Comptroller's or Public Works Examiner's Office who shall be selected by the Committee. And a report shall be submitted to Government by the Committee before the end of September as to the progress of the Fund during the previous official year, with such statements as may be prescribed by Government from time to time.

17. An Officer wishing to insure his life under these rules shall submit a proposal in Form No. 1 written in his own hand, whenever possible, and signed in the presence of his immediate superior, or the Chief Secretary to Government, or a Deputy Commissioner or District Judge who will forward the same in a sealed cover to the proper Medical Officer. Whenever the proposal is so forwarded by the Proposer's official superior, he shall state his own confidential opinion as to the eligibility of the life of the Proposer in Form No. 3 and attach it to the proposal in a sealed cover addressed to the Secretary to the Committtee.

18. It shall be the duty of the Medical Officer to examine the Proposer and record his remarks on the back of the propcsal and forward the same direct to the Secretary in a sealed cover after obtaining the signature of the Proposer to the declaration prescribed therein.

19. Such Medical Officer shall be the District Medical Officer of the Government, not below the rank of an Assistant Surgeon, provided that when the pay drawn by the Proposer is not less than Rs. 250, the Medical Officer shall not be below the rank of a Civil Surgeon.

20. The proposal shall then be considered by the Committee. If the majority of the Committee are satisfied as to the eligibility of the Proposer, they may authorize the Secretary to issue a policy in Form No. 4 and to give intimation of the acceptance of the proposal to the Proposer through his immediate superior. If a proposal is not fully eligible, it may, with the consent of the Proposer, be accepted for a reduced bonus.

21. The Secretary shall forward the policy to the Officer in charge of the District Treasury within whose limits the Proposer may be employed, for delivery to him, on payment in cash of the first premium. The date of the payment of the first premium shall be the date of the policy and shall be entered therein by the Treasury Officer before delivery.

22. When an Insured has to further insure his life as required by Rule 8, he shall submit a proposal in Form No. 2, signed as prescribed in Rule 17. The Proposer need not undergo a fresh medical examination unless more than 5 years have elapsed since his last medical examination held for purposes of Insurance under these rules; in which case, the procedure prescribed in the said Rule 17 shall be followed. When a medical examination is not necessary, the proposal shall be forwarded in a sealed cover to the Secretary to the Committee. Whenever the proposal is so forwarded by the Proposer's official superior, he shall state his own confidential opinion as to the eligibility of the life of the Proposer in Form No. 3 and attach it to the proposal in a sealed cover addressed to the Secretary to the Committee. The procedure prescribed in rules 20 and 21 shall be applicable to this further insurance.

23. The Committee shall authorize payment of the bonus to the Insured as soon as possible on his completing the age of 55 years and on surrendering his policy. If the Insured is dead, the bonus shall be paid to his nominees by will or other document duly registered in the office of the Secretary to the Committee, and failing such nominees, to his legal heirs, after proof of the accrual of the claim and surrender of the policy.

24. The first premium on each policy must always be recovered in cash from the Insured. Subsequent premiums shall be payable in advance and be recovered monthly by deduction from the pay of the Insured.

25. When the Insured is absent from duty on leave with allowances, the premiums shall be realized when such leave allowances are drawn. If he should obtain leave without allowances or be suspended from service, the premium, if not otherwise recovered, shall be a debt on his policy carrying interest at 4 per cent per annum and shall be recovered as arrears from his future pay, if any, in instalments not exceeding 5 per cent of such pay.

26. When an Insured who has ceased to be in the service of the Government is permitted to continue to pay premium till his policy matures, he may be allowed by the Committee to pay such premium monthly, quarterly, half-yearly or yearly into any Treasury of the Mysore Government. A grace of 15 days shall be allowed when the premium is payable monthly and a grace of one month when it is paid otherwise. If the Insured fails to pay the premium within the days of grace, no further cash payments shall be received from him but the arrears due and all future premiums shall be treated as a debt against his policy and recovered with compound interest at 5 per cent from his bonus.

27. Every Insured shall be supplied with a Premium Receipt Book (Form No. 5) in which payment of each premium shall be acknowledged by the Officer in charge of the Treasury where his pay is disbursed or by his immediate superior as the case may be.

28. If an Insured should lose his policy, a duplicate thereof may be issued to him by the Committee on his paying a fee of one rupee.

29. False information furnished by an Insured or production by him of any false evidence in connection with the insurance of his life shall render his policy null and void and the premiums paid by him shall be forfeited.

Life Insurance Form I.

Mysore State Life Insurance.

PROPOSAL FOR INSURANCE.

Statements to be made by persons proposing to insure their lives for the first time.

Instructions to the Proposer.	Statements to be made by the Proposer.

Read the following papers :—

From the Senior Surgeon and Sanitary Commissioner, Mysore Government, To the Chief Secretary to the Government of Mysore, No. 194, dated Bangalore, 24th June 1891.

I have the honor to forward for information of Government, the marginally noted papers, kindly furnished to me by Surgeon-Major W. G. King on special vaccine duty, showing the value of efficient vaccination in an economic sense and as a life-saving measure, and of the efficiency of the Lanoline-vaccine paste, which he is now preparing here for the use of the vaccinators of the Madras Presidency, with a request that Government will be pleased to permit me to purchase vaccine paste from him for supplying all the vaccinators of the Province.

1. Letter, dated July 1890, from Surgeon-Major W. G. King, to the Chairman, Municipal Council.
1. Memorandum showing facts proving the value of Vaccination as a life-saving measure.
1. Notes for the guidance of Medical-subordinates as to the use of Lanoline-Vaccine.
1. Bill showing cost of instruments and paste.

2. If Government sanction this proposal one of the great difficulties which we have had to contend with up to this, *viz.*, procuring lymph from the vesicles of successfully vaccinated children to which parents object so much, will be removed and any theoretical objections to vaccination, on the score of its being possible by means of the present system to convey communicable or constitutional diseases from one person to another will also be removed, as the paste is prepared with lymph had direct from the calf and mixed in certain proportions with lanoline, the natural oily or fatty matter of the wool of the sheep.

3. The use of the paste in addition to the above advantages would enable vaccinators to do much more work than they now perform, as they would then only have to verify the results of their operations, and would always have lymph in the form of paste with them to vaccinate every case they could get hold of, and still further, since the lymph in the paste would be always pure, and good if properly kept, the protection against small-pox afforded by vaccination with it would, no doubt, be much better than that had from the lymph now in use, which must occasionally be inferior, as vaccinators cannot always pick and choose the children from whom they might wish to extract it.

4. Doctor King has kindly permitted all our Deputy Inspectors of Vaccination to be trained at his Vaccine Depôt. Two have undergone training and the rest are now learning, and when all are done, if Government sanction the purchase of the paste, the Deputy Inspectors can instruct the vaccinators of their respective Districts in the method of using and preserving the paste.

5. Docter King is willing to supply the paste at two pies for sufficient to vaccinate one child, and is confident that he can always give us as much as we shall require, and if Government should hereafter allow him to use Amrut Mahal calves as vaccinifers he would probably during such time supply the paste free of charge. That however is but a small matter as the cost of the paste would be the merest trifle in comparison with the results which I think may be legitimately expected from its use, in getting a much larger number of persons efficiently vaccinated and so protected from small-pox and thereby preserving life and health and adding to the wealth of the State.

6. I herewith submit a bill amounting to Rs. 1,715—1—8, which can be easily met from savings from the Medical Budget, and which I request Government will be pleased to sanction. It consists of Rs. 673—7—0, for instruments as a first charge, and wear and tear for one year, and Rs. 1,041—10—8, for paste sufficient to vaccinate 100,000 children. Half the year has already passed, and hence the latter sum might perhaps be reduced by one half, but there can be no objection to passing the full amount as any unexpended balance will lapse.

7. For next year the estimate would only include the wear and tear of instruments, amounting to about Rs. 134—10—4, plus the value of the paste, say for 100,000 children Rs. 1,041—10—8, or possibly if the work extended, as I am hopeful it may, for 150,000 children Rs. 1,562—8—0, which would give a total of Rs. 1,176—5—0, or Rs. 1,697—2—4 as the case may be.

8. Doctor King is of opinion that vaccinators supplied with the paste ought to perform double, or nearly double the amount of work they do when left to their own resources as regards the procuring of lymph, and in this I am inclined to agree with him as far as maidan or thickly populated districts are concerned, but not to the same extent as regards the malnad parts of the country.

9. However, be that as it may, there can be no question as to the facility which supplying the paste will afford vaccinators of performing more work, and that of a better and more protective character, than the present system does, and I trust Government will sanction the proposal to purchase the paste and in addition, introduce at an early date a compulsory Vaccination Act, to enable us to remove, as far as is possible by these means, the great opprobrium which the Province has labored under up to this, *viz.*, an enormous annual mortality from the preventible disease small-pox.

10. I understand from Doctor King that the Madras Government contemplate reorganizing the Vaccination Department with a view to improving the pay and class of Deputy Inspectors of Vaccination and vaccinators now that the lanoline paste has been proved reliable and successful and has placed within their reach the means of carrying on vaccination more extensively and efficiently. This

however is a matter, as far as Mysore is concerned, which may stand over until my return from England, but I would like to see the paste brought into use as soon as possible, and see what can be done by means of it by our present staff.

11. I trust Government will pass early orders in the matter, as if my proposal is sanctioned it will take some time to procure a supply of instruments and instruct the vaccinators in using the paste.

From Surgeon-Major W. G. King, Acting Inspector of Vaccination and Deputy Sanitary Commissioner for Madras, To the Chairman, Municipal Council, No. dated Fort St. George, July 1890.

I have the honor to bring to your notice that whilst a large number of the municipalities in the Presidency have applied for and have been permitted to *exercise* the powers conferred by Sections 133 to 142 of Act No. 4 of 1884 referring to compulsory vaccination, I find that no such application to Government has been made by you. May I urge upon you the advisability of taking the sense of the Councillors upon this important subject at a very early date. Your experience of the present working of the Vaccination Department in your town must have shown you that it is a matter for regret that so important a life-saving yet simple operation as vaccination, should be left to the option of ignorant or superstitious persons who fail to see the benefit offered to them, and thus by incurring the possibility of infection, become a source of danger to their neighbours.

2. Whilst doubtless the greatest amount of opposition to the extension of vaccination is given by persons who cannot give any reason whatsoever for their action, it must be recognized that it is also experienced at the hands of persons who, from practical observation, believe themselves warranted in regarding the operation as useless or mischievous. It would be impossible for me in the scope of a circular letter to deal with the latter class of observations. I can only offer the assurance gathered from the experience of the whole civilized world—that where the operation is conducted with the care which should be bestowed upon it, no mischief can follow; but I conceive it desirable to place at your disposal information that should effectually meet the objections of the class of half-informed persons who would argue from the limits of their own meagre experience, without the advantage of possessing the requisite knowledge to correctly interpret facts that have fallen under their observation. One of the most common errors upon which such persons base false deductions is, that the supporters of vaccination maintain that the vaccinated are for all time safe from attacks of small-pox. This is a ridiculous error upon which to build opposition. The advocates of vaccination make no such assertion; for it is a matter of common observation that those who have been vaccinated do at times get small-pox. It would, indeed, be absurd to suppose that vaccination could do what even an attack of veritable small-pox fails to do, that is, to give a life-long protection: second attacks of small-pox are by no means rare, and death from a second attack is by no means unknown. Vaccination, however, reduces the chances of death enormously and well-nigh precludes the chances of disfigurement should an attack occur. Further, whilst those who have been once vaccinated enjoy a certain grade of protection from attack, *and a very decided protection against death*, those who have been re-vaccinated possess an almost absolute immunity against both.

3. The points above stated are not matters of mere theory; they have been proved by the impartial judgment of figures collected by various authorities in different countries in the most public manner possible, and have been subjected to a persevering criticism that has never been so much as able to suggest the possibility of their being inaccurate. One of the most striking collection of facts is that found in the Report of an epidemic of small-pox in the city of Sheffield, by Dr. Barry. I submit in the accompanying memorandum an abstract of the results obtained. I consider that an unbiassed interpretation of the facts set forth, ought to leave not the slightest doubt that any public body which longer allows the unthinking or ignorant portions of communities of which they have charge to obstruct by the power of option the progress of this valuable operation, does not fully appreciate its important position as the custodian of the public welfare.

4. In asking you to peruse the statement referred to in the preceding paragraph, I would especially draw your attention to the *important position which re-vaccination must occupy.* Experience prolonged over a number of years alone could teach how far the operation of vaccination *once* performed could confer complete, or what degree of, immunity. This was a point specially discussed by a Royal Commission, which lately sat in London to investigate fully as to the influence of vaccination. The testimony of experts before this Commission shows that re-vaccination certainly should be undergone at the age of puberty and that, where danger of exposure to infection is likely, this period should not be waited for but that the operation should be carried out at the age of ten; it being believed not that the changes of puberty cancel the effects of a former vaccination, but that a primary vaccination seems capable of affording protection only for that period, and that if the influence exerted by primary vaccination be confirmed by a re-vaccination about that age, the protective power of the operation is rendered permanent. Ignorance of these facts has resulted in England in the production of a curious state of age returns for deaths from small-pox; whilst it is shown that children under ten years of age derive a marked immunity from small-pox, adults suffer much more in proportion. Amongst an unvaccinated population this is, of course, the reverse of what obtains; as protection of the adult is usually secured by undergoing a small-pox attack in childhood. Taking, therefore, into consideration the immunity enjoyed by those who have been re-vaccinated, and the rate of mortality amongst those who have been but vaccinated once, the conclusion that re-vaccination is requisite is now definitely re-

cognized. I would hence impress upon you the desirability of seeing that your Municipal vaccinator undertakes re-vaccination freely, and informs *the parents or guardian of each child vaccinated of the necessity for a second operation being undergone at the age indicated.*

5. In advising you to ask for powers to carry out compulsory vaccination, I would wish you to bear in mind that vaccination cannot be efficiently performed by the ignorant, and that inefficient operations by giving false confidence are, in all senses of the world, mischievous. It is, therefore, imperative that the public body responsible for enforcing compliance shall take care that the method employed is such as to ensure that the operation shall be perfect; and it is consequently desirable that well educated men only be employed as vaccinators and that, as required by the Vaccination Code, they shall, at least, have passed a qualifying examination before the Medical Officer of the District. In speaking of modes, I would especially draw your attention to the great facilities which the up-keep of animal lymph provides for rapid, cheap, and successful vaccination.

6. I would remind you that a population that suffers from sickness is perceptibly poorer than one that can maintain the conditions consistent with continued labor. In the case of epidemics of small-pox, not only is the labor of the producer lost for the time being, but, frequently, the throwing permanently of whole families into a state of pauperism occurs from the injury done to survivors of attacks, by reason of loss of eyesight, lameness and deafness—calamities that are unknown in those who have been even once efficiently vaccinated.

7. As an example, in your midst of the efficacy of compulsory vaccination, I may point to the case of the City of Madras where compulsory vaccination was introduced in May 1884. You will see from the table given below how, whilst districts in close communication by rail have suffered from severe visitations, Madras has been comparatively free after vaccination was made compulsory—although in former days it suffered severely :—

Years.	Madras.	South Arcot.	Tanjore.	Tinnevelly.	North Arcot.	Salem.
1878	441	4,491	9,068	555	2,112	3,431
1879	888	2,120	1,332	721	539	133
1880	846	931	281	2,291	1,231	324
1881	1,594	1,108	131	2,376	2,978	427
1882	348	1,608	342	1,288	2,283	701
1883	1,937	2,910	1024	557	2,089	1,647
1884	3,997	5,858	4,039	1,401	3,276	1,365
1885	25	2,865	1,637	1,723	2,067	1,483
1886	1	1,029	453	1,753	2,200	1,169
1887	* 12	847	619	1,881	3,241	802
1888	35	1,530	1,278	461	2,205	1,433
1889	42	4,010	1,787	228	1,725	1,607

* These occurred mostly among non-residents.

8. In conclusion, I would express the hope that I may have the pleasure of ascertaining that, after a due consideration of the facts illustrated by the figures herewith supplied, your Council has come to the determination to no longer allow their fellow townsmen to suffer sickness and death, whilst they have it indisputably in their power to prevent both in the case of small-pox—*a preventable disease.*

MEMORANDUM ALLUDED TO IN PARA 3 OF LETTER.

Facts proving the value of Vaccination as a Life-saving measure.

An unusually severe epidemic of small-pox occurred in 1887-88, in the town of Sheffield, England. The Medical Officer of Health, Dr. Barry, utilized the occasion for ascertaining as to the efficacy of vaccination. House-to-house visitation was carried out, for the purpose of registering the age of each inhabitant and the date of his vaccination, or former attack of small-pox. Of a total population of 316,288,—275,878 persons were thus examined, and 59,807 houses were visited, and classified. During the period of observation, 6,088 cases of attacks of small-pox, and 590 deaths occurred. Every case of small-pox attack, or alleged small-pox attack, was investigated in detail by the Medical officer. In the house-to-house investigation, Dr. Barry was aided by qualified medical practitioners. Without the possibility of knowing what total results could ultimately be deduced from the mass of facts, each item of information as ascertained was impartially placed on record. It was found, notwithstanding the enforcement of compulsory vaccination, that the Borough contained 2 per cent of unvaccinated persons of all ages. These inhabited no special part of the Borough, but were distributed with the population generally. In the words of Dr. Buchanan, Medical officer to the Local Government Board of England, " two per cent of the population claims to be regarded as so many seventeenth or eighteenth century people scattered about Sheffield, for the very purpose of having themselves compared under

nineteenth century conditions of life with the law-abiding people of the present period." There was available, therefore, material for the carrying out of a "valid crucial experiment as to the relations of small-pox to vaccination." The following are the results of Dr. Barry's investigation, as summarised by Dr. Buchanan and slightly altered for the sake of brevity :—

(A) For children under ten years of age living in Sheffield during 1887-88, under the common conditions of infection in the whole Borough—

Per thousand of the number of children of each class—

The attack rate of the vaccinated was 5.
The attack rate of the unvaccinated was 100.
The death rate of the vaccinated was 0·09.
The death rate of the unvaccinated was 44.

Therefore of every 100,000 vaccinated children, there were 9 deaths, and for every 100,000 unvaccinated children 4,400 deaths ; hence, vaccinated children, as compared with unvaccinated children, had a 20-fold immunity against attacks by small-pox, and a 480-fold security against death by small-pox.

The above relates to children living in the Borough under common chances of infection, such as might be expected in a population suffering from small-pox. But, it is obvious that a more crucial test would be to compare the rate of attacks and deaths in the case of children of the different classes inhabiting houses actually invaded by the disease.

(B) The result found in this case was—

Per thousand of children inhabiting invaded houses—

Attack rate of the vaccinated was 78.
Attack rate of the unvaccinated was 869.
The death rate of the vaccinated was 1.
The death rate of the unvaccinated was 381.

Therefore, vaccinated children had, as compared with unvaccinated children, a 11-fold immunity against attacks, and a 381-fold security against deaths by small-pox.

(C) *Per thousand* of the number of persons over ten years of age in each class—

The attack rate of the twice vaccinated was 3.
The attack rate in persons once vaccinated was 19.
The attack rate in persons not vaccinated was 94.
The death rate among persons twice vaccinated was 0·08.
The death rate among persons once vaccinated was 1.
The death rate among the unvaccinated was 51.

Therefore of 100,000 persons over ten years old and twice vaccinated there would, at this rate, be eight deaths ; and of 100,000 over ten years old and once vaccinated there would be 100 deaths ; of 100,000 over ten years old and unvaccinated there would be 510,500 deaths.

Consequently, under the common conditions of living in an infected town, persons twice vaccinated and over ten years of age, as compared with the unvaccinated, have a 31-fold immunity against attack by small-pox, and a 640-fold security against death by small-pox : or, where persons over ten years of age had neglected to undergo re-vaccination, the single vaccination of infancy gave, as compared with persons who had never been vaccinated at all, a 5, fold immunity against attack by small-pox and a 51-fold, security against death.

(D) Again, in the case of persons who had been but once vaccinated, and who were over ten years of age at the time they were subjected to infective influence by living in actually invaded houses per thousand—

The attack rate of the vaccinated was 281.
The attack rate of the unvaccinated was 686.
The death rate of the vaccinated was 14.
The death rate of the unvaccinated was 371.

Consequently, under conditions identical for the vaccinated and unvaccinated, in the case of persons over ten years of age there was, as compared with the unvaccinated, a more than double immunity against attack by small-pox and a 26-fold security against death.

(E) Under the common conditions of residing in the infected Borough, the difference between vaccinated and unvaccinated persons of all ages is more conspicuous in the case of persons over ten, and less conspicuous in the case of children under ten, *per thousand* of the number of persons of all ages in each class :—

The attack rate in the vaccinated was 15·5.
The attack rate in the unvaccinated was 97.
The death rate in the vaccinated was 0·7.
The death rate in the unvaccinated was 48.

Therefore, in persons of all ages living in the infected Borough, the vaccinated had a 6-fold immunity compared with unvaccinated persons, against attack by small-pox, and a 64-fold security against death by small-pox.

(F.) When living in actually invaded houses *per thousand* of each class of all ages—

The attack rate of the vaccinated was 230.

The attack rate of the unvaccinated was 750.

The death rate of the vaccinated was 11.

The death rate of the unvaccinated was 372.

(G) In persons who had been previously attacked with small-pox it was found that—

The attack rate was 1·3 per thousand.

The death rate was 0·3 per thousand.

Therefore, under certain conditions of infection, people of all ages had a more than treble immunity against attack by small-pox, and a 34-fold security against death by small-pox, as compared with their non-vaccinated fellow-residents in invaded houses.

During the epidemic, in the small-pox hospitals of Sheffield there were 161 persons employed in the wards and offices ; of the 161, 18 had had small-pox before their engagement and 62 had been vaccinated in infancy only, and, of these, 6 were attacked and one died. *The remaining* 81 *persons had been successfully re-vaccinated, and of these not one contracted small-pox.*

Dr. Henry Tomkins, Medical Superintendent of the Fever Hospital belonging to the Manchester Royal Infirmary at Monsall, states :—"The most striking of all evidence is, perhaps, that derived from the small-pox hospitals themselves. Here the protective influence of vaccination is seen and proved in a manner beyond all cavil. At Highgate, during an experience of forty years, no nurse, or servant *having been re-vaccinated* has ever contracted the disease ; and evidence of the same character I can myself bring forward, for during the whole time that I have had charge of the Fever hospital more than a thousand cases of small-pox have passed under my care, yet no servant, nurse, porter or other person engaged there has, after re-vaccination, ever taken it, though exposed daily to infection in its most concentrated form. One woman, a laundress, who escaped vaccination, took the disease and died ; one nurse, who some years before had suffered from small-pox, and was then considered protected, had a very mild attack ; and this summer, a workman, who did not live on the premises, but came in to work as a painter, was not vaccinated, and had rather a severe attack ; and still more recently a servant, who by an oversight was allowed to go about her work three days before being vaccinated, had, before the latter had run its course, a slight abortive attack. Again, among all the students who, during the past two years, have attended the hospital for clinical instruction, not one has suffered, all having been re-vaccinated before being permitted to enter the small-pox wards."

Of 290 men and boys on the permanent staff of the Sheffield Post office, the whole had been *re-vaccinated* and no member of the staff contracted small-pox. It must be remembered that, in addition to ordinary conditions of infection, the staff was subjected to the risk involved in delivering letters at the houses of infected persons, and in handling letters that may have come from the same source.

The above facts should sufficiently prove, firstly, the importance of vaccination in infancy, and, secondly, that it is essential, if the grade of protection acquired by infantile vaccination is to be of advantage throughout life, that this primary vaccination be confirmed by re-vaccination at about the age of ten. The following tables, which were supplied by experts to the Royal Commission on Vaccination, also bear out the same point : in the first place, they prove that when vaccination is conducted by option, the protection gained by the population is greatly less than when it is rendered compulsory, and that when it is not only compulsory but is conducted by scientifically educated officers, the efficiency of the measure becomes still more pronounced. Further they demonstrate, where re-vaccination is not practised systematically although primary vaccination is duly enforced, that, whilst protection of life is very marked, as compared with the results found in a partially vaccinated population during the early years of life, a greater incidence of death occurs in the later periods of life ; showing, again, clearly the necessity of effecting re-vaccination. The fearful mortality during infancy from small-pox in an imperfectly protected population is also well shown.

TABLE A.

COMPARISON for the Epidemic, 1871-72, of the share of total small-box mortality borne by children 0—5 years in certain groups of small-pox towns of several countries having differing vaccination laws.

Country.	Population.	Small-pox death-rate per 100,000.	Small-pox deaths 0—5 per cent of total small-pox deaths.	—
Holland (eight chief towns, 1871—72).	693,080	1,009	60·7	No general vaccination law; indirect compulsion at school age.
Prussia (Berlin and Leipsic, 1870—72).	971,895	772	46·6	Law as to vaccination of infants nominal; practically no compulsion until school age; no penalty unless small-pox followed neglect.
England (London, 1871—72).	3,254,260	297	36·7	Imperfect, but improving, machinery of law requiring vaccinations at three months of age in towns.
17 Unions, most nearly corresponding to 17 chief towns, 1871—72.	2,446,353	312	34·3	
Scotland (chief towns, eight, 1871—72).	1,083,750	223	23·7	More efficient law operating at six months of age, and achieving annually, since 1st January 1864, vaccination of 96·5 per cent of births.

TABLE B.

MEAN Annual Deaths from Small-pox, at successive life-periods, per million living at each such life-period, 1847—53, 1854—71, and 1872—87.

Period.	All ages.	0—5.	5—10.	10—15.	15-25.	25-45.	45 and upwards.
(1) Vaccination optional, 1847—53* ..	305	1,617	337	94	109	66	22
(2) Vaccination obligatory, but not efficiently enforced, 1854—71. ..	223	817	243	8 8	163	131	52
(3) Vaccination obligatory, but more efficiently enforced by vaccination officers, 1872-87.	114	242	120	69	122	107	47

* In this table the period of optional vaccination begins with 1847, not with 1838, because the deaths were not abstracted in combination with ages until 1847.

Parents submitting their children to the operation of vaccination often object to several insertions of lymph being made; but the following table, giving the results of observation by Dr. Gayton of 10,403 cases of small-pox, demonstrates that the extent of protection gained by the individual is in proportion to the number of cicatrices borne, and the perfection of these marks as to typical development; that is to say, protection is in direct proportion to the number of vaccine vesicles raised and the care bestowed in the selection of lymph, as evinced by the perfection of the marks. The necessity of not regarding the operation of vaccination as one that can be successfully performed by those simply possessed of sufficient mechanical skill to make insertions of the lymph, is therefore self-evident.

TABLE C.

ANALYSIS of Dr. Gayton's 10,403 small-pox cases issued in 1885.

Fatality per cent of attacks.

Not vaccinated.	At ages.	1 scar.		2 or 3 scars.		4 or more scars.		Vaccination nominals.
		Good.	Imperfect.	Good.	Imperfect.	Good.	Imperfect.	
56·5	0— 5	0·0	17·0	0·0	11·1	0·0	6·6	39·8
35·2	5—10	2·5	7·4	1·0	5·5	0·0	1·5	19·3
23·3	10—15	1·9	5·8	1·1	3·1	0·0	1·0	19·6
42·1	15—20	2·3	8·9	2·1	6·4	0·9	1·2	19·0
49·8	20—30	4·8	18·0	2·8	11·5	6·7	7·0	32·1
40·7	30—40	8·1	18·6	13·5	13·0			
43·0	40							

Not vaccinated.	At ages.	Good.	Imperfect.	Vaccination nominal. *
56·5	0— 5	0·0	11·5	39·8
35·2	5—10	0·9	5·0	19·3
23·3	10—15	1·1	3·4	19·6
42·1	15—20	1·9	6·3	19·0
49·8	20—30	3·9	13·1	32·1
40·7	30—40	9·5	14·8	35·
43·0	40+	12·5	19·1	33·5

* Nominal = said to have been vaccinated but no marks visible.

In the recent Stanley expedition in Africa, Surgeon Parke, before starting, vaccinated forty native bearers. An epidemic of small-pox broke out in Stanley's camp, in which several hundred men were assembled and proved very fatal. "Thirty-eight of the men who had been vaccinated passed unscathed, while the unvaccinated were dying like sheep around them; the other two, who showed imperfect marks of vaccination, had slight attacks from which they recovered unharmed."

The estimated population of London proper up to the middle of 1888 was 4,282,921. In the midst of this huge population, the small-pox deaths for the last three years have not exceeded 9 per annum and during the last twelve months there has not been a single death, whilst the small-pox hospitals are reported as empty. Such a result in a city where arrivals occur from every part of the globe can only result from segregation of cases of small-pox as they occur, combined with the careful carrying out of vaccination.

Notes for the Guidance of Medical Subordinates as to the use of Lanoline-Vaccine.

As I have found that considerable confusion exists as to the mode of employing the scarificator issued with lanoline-vaccine, leading, as a result of clumsy and erroneous manipulations, to false opinions as to its sphere of utility, it is desirable that a more minute account of the operation should be issued to medical subordinates who have not had it demonstrated to them, but are called upon to practise it. In my first statement as to methods (Notes on the Preparation of Madras Vaccine Paste), I advised that free "cross" scarincations should be employed. A very short experience showed me that this is not requisite at a dilution of 1 in 7, at which strength the paste is now sent out by the Vaccine Supply Department. This concentration of vaccine is sufficient to ensure that with the four marks made by the scarificator, success shall be as absolute as with fresh animal lymph. The scarificator originally issued by me, I now designate pattern No. 1. I have designed a second form No. 2, which is cheaper and just as efficient. The latter consists of a single piece of burnished steel, and it approaches closely the general character of Dr. Weir's instrument. The screw arrangement of pattern No. 1 has been done away with, as it has been found that there is no necessity for its existence. It was formed with the desire to give the power of graduating the depth to which the scratches should be made; but, in actual practice, I have found that the difficulty is not to prevent vaccinators making these too deep, but to get them to make them of sufficient depth and with decision. Again, it was found convenient to reduce the number of instruments required from three to two. Thus, with pattern No. 2 is issued a paste measure having at one end a flattened ball with which the paste is rubbed in, whilst the ordinary bleeding lancet, with which it was directed in the case of pattern No. 1 the paste should be plastered prior to rubbing on the arm, is represented by a blunt spatula-like end, as in Weir's instrument. The cost of pattern No. 2 is Annas 8, and the paste measure Annas 6. These can be obtained on indent upon the Officer in charge of the Vaccine Supply Department, through District Medical Officers. Pattern No. 1 was issued at the cost of Government, but No. 2 must be paid for by the Local Boards employing the subordinates who forward indents.

The accompanying illustrations show the method of using the instruments. The attitude for making scarifications and inserting the paste is the same with both, except that in pattern No. 2 the ball end of the paste measure is substituted for the rounded end in pattern No. 1. To, however, avoid the possiblity of mistakes, I would ask attention to the following rules:—

(1) Wash the arm of the infant with water, and, if available, soap and water. If soap be employed, it should contain no antiseptic. After washing, rub the arm with a dry towel sufficiently to excite the local circulation, as shown by slight redness. With the left hand, grasp the arm so as to make the skin tight in the usual position for vaccination. Hold the scarificator in the right hand in the position assumed when resting the hand upon paper during writing, but taking care to keep the instrument in a position almost at right angles to the surface to be operated upon. By attention to these directions, it will follow that the points only of the scarificator are used, and that it will become practically impossible (the motion of the fingers and thumb being limited by the constrained position) to make the scratches longer than the desired length, namely, the same as the breadth of the scarificator—one-fourth of an inch: see fig. No. 1. If, however, the right hand be held carelessly and loosely on the arm, or it be incautiously moved during the making of the scratches, it is possible to produce a mark longer than the required length. Again, if the scarificator be not held in a position approaching right angles, the only sharp part of the instrument, that is, the points, will not be brought into play, and consequently instead of the scratches desired, mere indentations will result.

(2) The scratches should be made *with one stroke* by the exertion of a force sufficient to, at once, enter the true skin ; this force should be exercised by the motion of the thumb, index and middle fingers only, the rest of the hand remaining motionless and firmly planted on the arm of the child. The appearance of blood is by no means a necessary, though doubtless occasionally an incidental, part of the operation. All that is required is that the epidermis be fully penetrated, and that the paste be inserted in the true skin. That the scarificator has entered to a sufficient depth, therefore, can easily be judged by finding that the scratches, which should appear in four parallel lines, have the pinkish white and moist aspect of the true skin with, perhaps, at the bottom faint traces of blood. Any blood sufficient to cause oozing over the surface externally of the scratches, shows that penetration has been beyond what is required.

(3) Two scarification marks should be made on each arm ; * these should be formed as rapidly as possible one after the other, without pausing, on both arms.

(4) The scratches having been completed, the operator should at once cease to hold the arm ; otherwise, as a result of pressure, bleeding would be uselessly excited. Each scarification mark should then be rapidly examined by placing the fingers lightly on the arm in the position shown in figure No. 2, and thus stretching open each line.

(5) If the operator be not satisfied that he has reached the true skin, the scratches must be deepened by another stroke of the scarificator ; but the necessity for this should be carefully avoided, by making the first the only stroke required, by using sufficient force, once and for all.

(6) Care should be taken in making this examination to see that the lines are of the required depth throughout. Thus an unsteady and jerking action of the hand in making the stroke may produce scratches that are incomplete, that is, leaving portions of sound skin that have not been subjected to penetration ; in other words, the individual lines are not continuous throughout their length, but are interrupted.

(7) Should there be any oozing of blood, which should be either *nil* or very slight if the operation have been carefully performed, it should be removed by the use of clean blotting paper. This should be retained for ready use in packets of little fragments strung together by a thread, and enclosed in a small tin box.

(8) A portion of paste just sufficient when smeared over each scarification mark, to fill each line of scratches, should be taken from the vaccine paste pot, by means of the silver paste measure. There should be no surplus of paste on the arm, beyond that necessary to effect this.

The paste so withdrawn should then be removed from the paste measure by the use of a bleeding lancet, and be placed with one dab on each scarification mark. Vaccinators, I find, instead of making a single motion are apt to waste time in fantastic flourishes ; hence, the otherwise unnecessary caution to making a single and effective motion.

(9) The fingers of the left hand should then be placed upon the child's arm in the position shown in fig. 2, and with the rounded end of the scarificator, the paste should be made to enter each line of the scarification by *gentle* rotary friction. *It is perhaps the most important part of the whole operation, that during the rubbing in of the paste the skin be kept lightly on the stretch as shown in fig.* 2, *so as to make each line gape widely for receipt of the paste.* My former directions as to rubbing in the paste were so indefinite, that I understand certain operators continue the process for half a minute or more. This is not necessary : three or four seconds should be sufficient.

(10) It is well to keep the persons operated upon under observation for a few minutes to prevent the paste being rubbed off surreptitiously. Care should also be taken to see that contact with persons does not effect the same result.

Scarificator No. 2.

In using scarificator, pattern No. 2, the above rules must be observed in all respects, except that the special paste measure, which is supplied with a knob at the end, should be used for rubbing in the paste, and the spatula-shaped end of the scarificator should be employed for removal of the paste from the paste measure instead of the ordinary lancet as advised in the case of scarificator pattern No. 1.

Duration of Efficacy of the Paste.

Experiments up to date show that paste, taken the most ordinary care of as to cleanliness and as to being kept from the direct rays of the sun, will give perfect results up to 106 days, and, as experiments are still pending, probably longer. With the class of vaccinators now employed, however, it is not thought advisable to run the risk of the vaccine being longer in their possession than fifteen days, and in case of any being retained beyond this time, strict orders are issued that no paste be used 21 days after the date of its preparation.

* In speaking of "scarification marks," I wish to imply not the single scratches but collectively

Precautions as to Storage of the Paste.

It must be distinctly remembered that the lanoline with which the animal vaccine is mixed simply retards decomposition, and possesses certain inherent properties as to resistance of permeation by micro-organisms and powers of ready absorption by the skin, that render it peculiarly well fitted for the purpose it has been selected for; but in dealing with a living germ that perishes at the temperature of 140°, it is obvious that depreciation of vitality will occur, if it be subjected for a prolonged period to high temperature, even considerably below its perishing point. Nothing that man can do will enable the germ to resist destruction, or at least deterioration, if subjected to a definite temperature. What has been accomplished in the manufacture of vaccine paste is not then making the vaccine germ alter its habits—an absolute impossibility—but to place the living and dead matter of the vesicle under conditions favorable to the retention of life, and resistance to the action of germs of decomposition. *The method employed is such that if gross exposure to the direct rays of the sun be avoided*, activity is retained during the hottest weather any place in this Presidency can produce. But if instruments used indiscriminately for other purposes be introduced, and dust and dirt be allowed to enter the paste, not only must there be a tendency for it to undergo decomposition—although, as just stated, lanoline happily possesses the peculiarity of being not readily penetrable by micro-organisms—but the introduction of filth bearing matter into the scarifications would be possible. Hence two simple and always to be observed precautions are requisite—*the paste must be kept cool and clean.* As soon as the amount of paste required for a single case is removed from the vaccine pot, it should at once be closed by putting on the paraffine capsule and the lid. Paste should never be removed by any other instrument than the silver paste measure, which should be kept scrupulously clean. Neither should any of the paste once removed be returned to the jars. Again, even when kept in a room, a cool place should be selected for storage, care being taken that it be retained either in the special transport or dispatch boxes supplied departmentally. It is also obvious that the paste should be protected from the direct rays of the sun during transport, and that even when going from house to house in a village for vaccination purposes, every precaution should be exercised; such as by wrapping the transport box in folds of cloth or in some other simple way affording protection. It is requisite to recount these details notwithstanding their simplicity; I have seen a vaccinator whilst performing operations place a vaccine pot upon a stone that had been exposed to the sun, and was consequently so hot that he would have found it anything but comfortable to sit upon, whilst I have known others travel from village to village with the vaccine pot loose in their pockets, or in leather satchels on their shoulders. Need it be said that it is from such men that reports are received, showing results that seriously lower the percentage gained by conscientious workers.

Vaccination Results with Lanoline-Vaccine.

In my report to Government on the experiments with various substances for preservation, of which my choice ultimately fell upon lanoline, I stated that, "so advantageous is the use of the *vesicle pulp* as compared with *extracted lymph*, that the paste will, in the practice of skilled men, serve for the purpose of successful vaccination better than freshly-stored lymph." Further experience of the paste, however, shows that it is quite equal to fresh lymph in efficacy, as judged by "insertion success" and "vaccination success." It could hardly be expected that with the uneducated class of vaccinators up till now employed in this Presidency, anything approaching uniformity of results could be expected, seeing that individual skill in operating must necessarily differ within wide ranges; nor, on the other hand, could it be hoped that my first efforts would be free of errors of judgment; thus, of 22,040 cases reported and verified up to the 15th February, I find it desirable that in making the calculations of percentage of success 3,891 should be excluded. In saying this, it must be remembered that I have not excluded individual cases, but the whole groups referred to. These embrace one group reported from the Chingleput District, where the percentage of success reached only 80·61. The paste was experimental in nature, and the District Medical Officer was duly warned of the fact before issue. A second number was reported from the Trichinopoly District where, by mistake, paste had been forwarded to men who had never been trained as to the mode of application; here but 82·61 per cent, was attained. Again, to the South Arcot District a paste was unluckily issued which had been made from inferior vesicles, the finest, which had been first taken, having been kicked from the pan during the process of stripping; here but 77·90 per cent, was produced. The number rejected also includes cases performed by individuals who had asked for paste, and to whom no demonstration of the method had been made. If the whole of these bad groups be included, the percentage of vaccination success in 22,040 cases is 92·33 per cent; but if excluded, it amounts to 94·67 per cent in 18,149 cases. Judged by the percentage obtained in certain other parts of India with fresh animal lymph, this result does not appear brilliant. Any comparisons made by me, however, must necessarily deal with those obtained by the Vaccination Staff of this Presidency under changed conditions. *Thus when compared with the average percentage of* 93·2 *gained with fresh animal lymph in this Presidency during* 1890-91, it is seen that there remains 1·47 per cent in favor of the animal lymph preserved by the lanoline process, and that even taking the unfavorable groups into account, the difference in favor of fresh lymph is only ·87 per cent. The average percentage upon 13,371 cases which have been reported up to date (the 25th March) amounts to 95·24—no exclusion of cases being made; there is thus shown a distinct improvement in the second quarter as to results obtained, which is undoubtedly due simply to vaccinators becoming more accustomed to the new mode pursued. There is consequently every reason to think that further practice will produce still more satisfactory results. As it stands, therefore, in the second quarter, lanoline-vaccine shows better results than the average for the whole Presidency for fresh animal lymph by 2·04 per cent. This gain by lanoline-vaccine is rendered more marked when it is borne in mind that vaccination with fresh animal lymph has hitherto been entrusted to either specially skilled vaccinators, or to the Deputy Inspectors only; whereas "lanoline-vaccine"

has been issued to the full staff of districts indiscriminately, after but a single lesson as to the mode of insertion. The facts bearing on the comparative efficacy of various forms of vaccine may be at once appreciated by perusing the following table :—

Comparative Statement showing Vaccination Results with various forms of Vaccine and Lanoline-Vaccine.

No of Cases.	Nature of Vaccine.	Name of Operator.	No. of Insertions.	Results per 100 Cases—Insertion Success.								Vaccination Success per cent of Cases operated upon.	Remarks.

In short, the efficacy and trustworthiness of the lanoline preparation are beyond question. Comparisons made as to results with the same paste in the practice of numbers of vaccinators show clearly that inferior results are obtainable only by careless and unskilled men. Of course, if a vaccinator systematically exposes the paste to dust and filth, uses a dirty paste measure, or none at all, or exposes the paste to the direct action of the sun, failure must be expected; but if the simple precautions necessary as to keeping the paste cool and clean be followed, and the insertion be made in accordance with the above directions, with common skill, the paste is undoubtedly as effectual and trustworthy as fresh animal lymph.

CAMP NO. 208-9, DATED 22ND JULY 1891.

ORDER.—The Senior Surgeon's proposal is sanctioned.

2. The Officiating Senior Surgeon is requested to take the needful steps to train the staff and introduce the new system throughout the State as quickly as possible. The paste will be indented for from time to time according to actual requirements, and carefully distributed for use only by men previously thoroughly trained. The training of the staff is an important first step, as upon that will depend the success of the vaccination under the new system. The Government hope that the people will begin soon to prefer it to arm-to-arm vaccination, and a small leaflet, in Kanarese, describing its advantages, should be printed and widely circulated. A copy of the same being submitted for information of Government.

T. ANANDA ROW,
Chief Secretary.

Proceedings of the Government of Mysore.

READ—

Letter No. 3462, dated 6th instant, from the Chief Engineer in Mysore, forwarding copy of docket No. 2681—334, dated 30th ultimo, from the Executive Engineer, Mysore Division, reporting upon the uselessness of maintaining silt dams above tanks.

No. 5777-8—93, DATED BANGALORE, 10TH AUGUST 1891.

ORDER THEREON.—1. Recorded.

2. The entire *correspondence will be published in the Mysore Gazette for public information.

*1. Extract of Subject No. 267 from the Proceedings of the Dasara Representative Assembly.
2. Government Order No. 3926—66, dated 4th July 1891.
3. Chief Engineer's No. 3462, dated 6th August 1891 and enclosures.

T. ANANDA ROW,
Chief Secretary.

MYSORE DISTRICT.

Summary of discussion.—Public Works Department do not sufficiently attend to "neckal ane" (silt dams) which exist in the catchment grounds of large tanks. These are important.

Subject No. 267. (Silt dams above large tanks require better attention) brought up by Representatives from the Mysore District at the Dasara Representative Assembly held in October last.

Dewan's reply.—Commended to the Public Works Department.

Proceedings of the Government of Mysore.

No. 3926-66, DATED 4TH JULY 1891.

The Chief Engineer in Mysore is referred for information and needful action to Subject No. 267 (need for better attention to silt dams above large tanks) brought up by Representatives from the Mysore District at the Meeting of the Dasara Representative Assembly held in October last.

From the Chief Engineer in Mysore, To the Chief Secretary to the Dewan of Mysore,
No. 3462, dated Bangalore, 6th August 1891.

With reference to the Proceedings of Government No. 3926—66, dated 4th ultimo, forwarding for information and needful action, extract from the Proceedings of the Assembly of Representatives held at Mysore in October 1890, (Subject 267), regarding the complaint that the Public Works Department does not attend to silt dams which exist in the catchment grounds of large tanks in the Mysore District, I have the honor to enclose copy of docket No. 2681—334, dated 30th idem, from the Executive Engineer, Mysore Division; and to state that I concur in his remarks as to the uselessness of these silt dams above tanks.

II. The planting of trees round the margins of tanks proposed by the Executive Engineer has, I think, been often urged, but is apparently impracticable. The ryots holding lands above the tanks, on whom the duty of planting would fall, have no direct interest in the storage of water below, and it would be hard to enlist them in such work which to be of use, would have to be very extensive indeed.

From the Executive Engineer, Mysore Division, To the Chief Engineer of Mysore,
General No. 2681—334, dated Camp Malvalli, 30th July 1891.

Chief Engineer's No. 2879 of the 10th instant, forwarding copy of the Dewan's Proceedings No. 3926—66 of the 4th idem and enquiring whether the Executive Engineer knows of any silt dams above large tanks in this District, requiring repairs.

In reply, has the honor to report that undersigned is not aware of any such silt dams in this District but that he has seen many in the Kolar District.

2. He is of opinion that silt dams above tanks are utterly useless, inasmuch as when they breach, which they very often do, nearly all the silt stopped by them washes into the tanks below. Their breaching cannot be prevented unless they are raised as they go on silting up. This however would prove very expensive.

3. The best and cheapest contrivance, undersigned can think of, of partially preventing (total prevention is not possible) the silting up of tanks is to plant round their margins, a thick belt of "toddy"

PART IV.

Official Papers.

The 30th July 1891.

The subjoined draft Rules for the introduction of a system of State Life Insurance applicable to the officials of the Mysore Government are published for general information.

By Order,

T. ANANDA ROW,
Chief Secretary.

---

1. The following Rules of the Mysore State Life Insurance shall come into force on the

2. The Government reserve to themselves the right to add to or modify these rules after giving due notice thereof; but such additions or modifications shall have no retrospective effect.

3. In these rules—

The expression "Proposer" means the person whose life is proposed to be insured.

The expression "Insured" means the person who has insured his life under these rules.

The term "Policy" means the written document containing the contract for the payment under these rules of an endowment bonus in consideration of the premium paid by the insured.

"Pay" means "substantive pay" as defined in the Mysore Service Regulation.

4. Officers holding permanent apppointments under the Government of Mysore on the date of the introduction of these rules and Officers of other Governments now employed under the Mysore Government or hereafter entering its service may insure their lives under these rules; provided that in the case of the latter class of Officers, such insurance shall be subject to the consent of the Governments lending them.

5. Insurance shall be compulsory on all persons who may enter the service of the Mysore Government after the introduction of these rules from the date of their entering the Government service or in the case of those entering the Government service before 21 years of age from the date of their completing 21 years of age.

6. No Officer whose age exceeds 45 years or whose pay is below Rs. 10 shall be eligible for the first or subsequent insurance under these rules. For the purpose of these rules, the age of the Proposer shall be taken to be the age at his last birthday.

7. Ten per cent of the pay of the Insured shall be recovered every month as premium and credited to Government in consideration of which an endowment bonus (according to the table appended to these rules) shall be payable from the Mysore Revenues on the Insured completing 55 years of age or at his death if earlier. Fractions of a rupee, other than multiples of 4 annas, shall be excluded in calculating the monthly premium.

8. Whenever the pay of an Insured is permanently increased, a further insurance shall be effected for such endowment bonus as will cover the surplus premium available.

9. The maximum premium or premiums for which one or more policies may be issued on the life of an Insured shall not exceed Rs. 50 per month whatever may be his pay.

10. When an Insured ceases to be under the service of the Government before completing the age of 55 years, he may elect either to continue to pay the premium due on his policy till it becomes mature or discontinue payment of the same, in which latter case the arrears of premium so withheld shall be treated as a debt against his policy and deducted with compound interest at 4 per cent from the bonus payable to him.

11. If an Insured be degraded for any cause, he may either continue to pay the full premium on his policy or discontinue payment of the difference between such premium and that due on his reduced pay, the arrears being dealt with as prescribed in the preceding rule.

12. The business of the State Insurance Scheme shall be managed by a Committee composed of such persons as may be nominated by Government.

13. The Comptroller shall be the Secretary to such Committee and carry on all business under the general control of the said Committee.

14. The Committee aforesaid shall be competent to frame rules for the transaction of business and the conduct of its meetings.

15. All receipts and disbursements on account of the State Insurance shall be carried to a separate head of account and funds belonging to this account shall at the end of each month be invested in the Government Savings Bank or in such other manner as the Government may deem fit.

16. The accounts of the Fund shall be audited before 31st of July in each year by two Accountants of the Comptroller's or Public Works Examiner's Office who shall be selected by the Committee. And a report shall be submitted to Government by the Committee before the end of September as to the progress of the Fund during the previous official year, with such statements as may be prescribed by Government from time to time.

17. An Officer wishing to insure his life under these rules shall submit a proposal in Form No. 1 written in his own hand, whenever possible, and signed in the presence of his immediate superior, or the Chief Secretary to Government, or a Deputy Commissioner or District Judge who will forward the same in a sealed cover to the proper Medical Officer. Whenever the proposal is so forwarded by the Proposer's official superior, he shall state his own confidential opinion as to the eligibility of the life of the Proposer in Form No. 3 and attach it to the proposal in a sealed cover addressed to the Secretary to the Committtee.

18. It shall be the duty of the Medical Officer to examine the Proposer and record his remarks on the back of the proposal and forward the same direct to the Secretary in a sealed cover after obtaining the signature of the Proposer to the declaration prescribed therein.

19. Such Medical Officer shall be the District Medical Officer of the Government, not below the rank of an Assistant Surgeon, provided that when the pay drawn by the Proposer is not less than Rs. 250, the Medical Officer shall not be below the rank of a Civil Surgeon.

20. The proposal shall then be considered by the Committee. If the majority of the Committee are satisfied as to the eligibility of the Proposer, they may authorize the Secretary to issue a policy in Form No. 4 and to give intimation of the acceptance of the proposal to the Proposer through his immediate superior. If a proposal is not fully eligible, it may, with the consent of the Proposer, be accepted for a reduced bonus.

21. The Secretary shall forward the policy to the Officer in charge of the District Treasury within whose limits the Proposer may be employed, for delivery to him, on payment in cash of the first premium. The date of the payment of the first premium shall be the date of the policy and shall be entered therein by the Treasury Officer before delivery.

22. When an Insured has to further insure his life as required by Rule 8, he shall submit a proposal in Form No. 2, signed as prescribed in Rule 17. The Proposer need not undergo a fresh medical examination unless more than 5 years have elapsed since his last medical examination held for purposes of Insurance under these rules; in which case, the procedure prescribed in the said Rule 17 shall be followed. When a medical examination is not necessary, the proposal shall be forwarded in a sealed cover to the Secretary to the Committee. Whenever the proposal is so forwarded by the Proposer's official superior, he shall state his own confidential opinion as to the eligibility of the life of the Proposer in Form No. 3 and attach it to the proposal in a sealed cover addressed to the Secretary to the Committee. The procedure prescribed in rules 20 and 21 shall be applicable to this further insurance.

23. The Committee shall authorize payment of the bonus to the Insured as soon as possible on his completing the age of 55 years and on surrendering his policy. If the Insured is dead, the bonus shall be paid to his nominees by will or other document duly registered in the office of the Secretary to the Committee, and failing such nominees, to his legal heirs, after proof of the accrual of the claim and surrender of the policy.

24. The first premium on each policy must always be recovered in cash from the Insured. Subsequent premiums shall be payable in advance and be recovered monthly by deduction from the pay of the Insured.

25. When the Insured is absent from duty on leave with allowances, the premiums shall be realized when such leave allowances are drawn. If he should obtain leave without allowances or be suspended from service, the premium, if not otherwise recovered, shall be a debt on his policy carrying interest at 4 per cent per annum and shall be recovered as arrears from his future pay, if any, in instalments not exceeding 5 per cent of such pay.

26. When an Insured who has ceased to be in the service of the Government is permitted to continue to pay premium till his policy matures, he may be allowed by the Committee to pay such premium monthly, quarterly, half-yearly or yearly into any Treasury of the Mysore Government. A grace of 15 days shall be allowed when the premium is payable monthly and a grace of one month when it is paid otherwise. If the Insured fails to pay the premium within the days of grace, no further cash payments shall be received from him but the arrears due and all future premiums shall be treated as a debt against his policy and recovered with compound interest at 5 per cent from his bonus.

27. Every Insured shall be supplied with a Premium Receipt Book (Form No. 5) in which payment of each premium shall be acknowledged by the Officer in charge of the Treasury where his pay is disbursed or by his immediate superior as the case may be.

28. If an Insured should lose his policy, a duplicate thereof may be issued to him by the Committee on his paying a fee of one rupee.

29. False information furnished by an Insured or production by him of any false evidence in connection with the insurance of his life shall render his policy null and void and the premiums paid by him shall be forfeited.

Life Insurance Form 1.

Mysore State Life Insurance.

PROPOSAL FOR INSURANCE.

Statements to be made by persons proposing to insure their lives for the first time.

Instructions to the Proposer.	Statements to be made by the Proposer.
Your full Christian name and surname should be written on the line marked (*a*); or Your full name and father's name, your caste and residence, should be written on the lines marked (*a*), (*a*¹), and (*a*²).	I, (*a*)_____ (*a*¹)_____ (*a*²)_____
The place at which you were born should be stated on the line marked (*b*). If born in India, add the District or Province of birth.	declare that I was born at (*b*)_____
The day of your birth, and the month and year in which you were born, should be stated on the line marked (*c*)	on the (*c*)_____ day of _____ in the year _____ so that I was _____ years of age on my last birthday.
The appointment now held by you under Government should be stated on the line marked (*d*).	I now hold the appointment of (*d*)_____
The length of your service (if you are an old employé) under Government, and the period of leave taken by you, should be stated on the lines marked (*e*).	and my service under Government extends over a period of (*e*)_____ years. During that period I have taken the following leave, *viz* :— _____ _____ _____

NOTE.—If the Proposer be a Christian, he must attach to this proposal an attested copy of his baptismal certificate, or, if this is impracticable, produce satisfactory evidence as to his age. If the Proposer be other than a Christian, he must forward his horoscope or if this has not been written at his birth he must mention below the names and addresses of two respectable persons, to whom reference can be made, if necessary, regarding his age.

Dated the _____ *day of* _____ 189 . *Signature of Proposer.*

_____

Certificate by Officer before whom the proposal is signed.

I certify that I have read over and explained the above instructions and statement to the Proposer and that the Proposer's signature was affixed in my presence.

Station _____ (*Signature*)_____

Dated _____ 189 . (*Designation*)_____

Declaration to be signed by the Proposer in the presence of the Medical Officer.

I do hereby declare that the foregoing statements, and those made by me to the Medical Officer, are true to the best of my knowledge and belief, and that I have not withheld or concealed any circumstance with regard to which information has been required from me. PART IV.

Official Papers.

ADDRESS

OF THE

DEWAN OF MYSORE

TO THE REPRESENTATIVE ASSEMBLY HELD AT MYSORE,

on Thursday, the 15th October 1891.

GENTLEMEN,

BY command of His Highness the Maharaja, I have much pleasure in welcoming you to this Assembly, which meets here to-day for the first time under the election system sanctioned last year. You come here as the duly elected Representatives of the Agricultural, the Industrial and the Commercial interests of the State. Last year, when His Highness was pleased to grant the valued privilege of election, he was not without some misgiving as to how the experiment would succeed, but it is most gratifying to His Highness that, though unused to the system, the electoral body have been able, in the very first year of its existence, to exercise the privilege with so much judgment and sense of responsibility as to send to this Assembly men in every way qualified to speak on their behalf. That men representing the capital, the industry and the intellect of the country should have already taken so much interest in the working of the scheme augurs well for the future of the Institution. His Highness asks me to take this opportunity publicly to acknowledge the expressions of warm gratitude which have reached him from all sides for the privilege of election granted last year.

With the above message to you from His Highness the Maharaja, I now proceed to read to you the Statements of the Revenue and Expenditure of the past year. These statements differ from those of previous years in excluding all payments on account of the State Railway, as it is considered more convenient to reserve Railway Income and Expenditure for separate treatment.

State Income and Expenditure.—It will be seen from the first of the statements I have just now read, that the Revenue during the last year (145 lakhs) was the largest ever realized by the State. The revenue of 1889—90—about 143 lakhs—was itself an exceptional rise of some 11 lakhs as compared with 1888—89, and now we have a still further improvement of two lakhs.

Turning to examine the principal items of revenue, we find that the Land Revenue realized was only Rs. 87,12,000 against Rs. 89,21,000 in 1889—90, though the Land Revenue Demand for both years was nearly the same (Rs. 85,43,000 in 1890—91 and 85,25,000, in 1889—90). The decreased realizations of 1890—91 were due altogether to the fact that more of the arrears of previous years was collected in 1889—90 than in 1890-91. (Rs. 9,95,000 and Rs. 6,09,000 respectively).

Under "Excise," there was an increase of Rs. 2,65,000, of which Rs. 2,24,000 was under Toddy owing to the larger amounts for which the farms of the various Districts had been let under the new contracts which came into force on 1st April 1890. The remainder of the increase was under Arrack.

Under "Forests" also, there was a considerable increase, namely Rs. 77,000. Larger sales of timber and sandalwood and miscellaneous receipts together brought an increased revenue of Rs. 1,23,000, which however was reduced by a falling-off of Rs. 27,000 under Railway fuel owing to the discontinuance (at a saving of Rs. 33,000 in cost) of the supply by direct Government agency, and of Rs. 14,800 in Khedda receipts owing to the price of elephants sold not being wholly credited in the year's accounts.

Under "Gold Mining," there was an increase of Rs. 37,000 in the amount of royalty realized, while "Premia and Deposits on leases," a new item which did not occur in the previous year, brought in Rs. 71,000.

The mines in the Kolar Gold Field during 1890 extracted 1,06,903 ounces of gold of the value of Rs. 54,03,595. The mines which showed a considerable increase of production over the previous year's return were only three, namely:—

Mysore, with 58,183 oz., against 49,238 oz. in 1889,
Urigam, with 27,351 oz., against 16,437 oz. in 1889,
and Nandidroog, with 15,637 oz., against 6,129 oz. in 1889.

The other mines in the Kolar field, as well as the Harnhalli mine, are still in process of being developed, while very little work is reported from mines elsewhere.

The Investment account, as in the previous year, consisted of two principal items—(*a*) Interest and Premia on Government of India Pro-Notes and Mysore Railway Debentures, Rs. 2,63,670, and (*b*) Interest on deposits at the Madras Bank, Rs. 60,337.

The Mohatarfa realizations show a small falling-off owing to the exemption from House-tax of non-resident raiyats, while the decreased production of arecanut in the Shimoga and Kadur Districts owing to the disease known as *Kole Róga* somewhat affected the Sáyer Revenue of the year. Under "Stamps" also there was a decrease as compared with the figures of the previous year which contained some large exceptional items on account of stamp fees on Gold Mining leases.

The other items of Revenue call for no special remark.

The total expenditure of the year, exclusive of payments on account of Railway loans, amounted to Rs. 122,12,000, being an increase of Rs. 4,26,000 over that of the previous year. The increase has occurred chiefly under the following items:—

Rs.	
45,294	Under "Administration and Public Departments," including the Government House at Mysore.
1,14,093	Under "Forests," including Elephant Kheddas. In conservancy and working charges (owing chiefly to the larger collection of sandalwood, which accounts for an increase of Rs. 28,000), the total increase was Rs. 30,000, while to the improvement of the subordinate and office establishments was due an increased expenditure of Rs. 4,000. Under Elephant Kheddas, there was the large increase of Rs. 79,000, of which Rs. 72,000 was on account of 17 elephants imported from Burmah. The Khedda operations will, it is hoped, soon be so developed as to become financially remunerative.
18,244.	Under "Law and Justice," owing to the establishment of certain new Courts, namely those of the—

	Rs.
District Judge, Bangalore	7,198
Additional Munsiff	5,075
and Railway Magistrate	7,096

55,070	Under "Police," owing chiefly—

To the cost of the Railway Police and the Urigam Special Police being incurred for the entire year	16,000
To the transfer of the Mysore Town Police from the Municipal to State Funds	26,077
To the formation of an armed Reserve force at Shimoga and Bangalore	9,294
And to the improvement of the Bangalore Town Police ..	1,000

40,959	Under "Education," owing to new Schools, both direct and aided.
21,184	Under "Medical," chiefly on account of medicines purchased, some purchases of the previous years also being adjusted in the year under retrospect.
22,318	Under "Pensions and Gratuities," owing to the gratuities paid to runners belonging to the abolished Anche, the adjustment during the year of pensions paid from the British Treasury for 13 months and some retirements among the higher officers, such as the Chief Judge, Legislative Secretary, &c.
2,67,944	Under "Refunds," because 3 lakhs were refunded to the Irrigation Cess Fund in adjustment of previous years' omissions. The amount thus refunded being expended by the D. P. W. on Irrigation works, there was a corresponding decrease in D. P. W. expenditure from State Funds.
18,853	On account of the new Department temporarily entertained for the Census of 1891.
23,889	Under various miscellaneous items.

Having thus explained the principal variations in the income and expenditure of the past two years, I wish now to invite your attention to statements of the gross and net income and expenditure which give a comprehensive view of the net financial results of the past two years.

You will see, from these statements, that under all heads of Revenue, after deducting charges of collection, the net receipts amounted to Rs. 124,22,000 against Rs. 123,40,000 in 1889—90 ; that there occurred large increases under "Gold Mining," "Excise" and "Interest on investments" as already explained at some length ; that as against these increases, there was a considerable falling-off in "Land Revenue" and small decreases in minor items of income, and that the Revenue Receipts of the year were in the net result nearly one lakh better than in 1889—90. But if we deduct from the net Revenue Receipts, Refunds, Subsidy and Political Pensions, the net revenue of the year was only Rs. 95,45,739 against Rs. 97,23,097, owing to the refund of 3 lakhs to the Irrigation Cess Fund as already explained—an item which is not likely to recur.

From the net revenue receipts as above, has been met the net expenditure on account of His Highness the Maharaja's Civil List, the General Administration, Judicial Tribunals, Police, Military Forces, Public Works and charges of other Departments which are not sources of revenue. The aggregate of such net expenditure was very slightly in excess of the amount for the previous year (Rs. 72,41,520 in 1890—91 against Rs. 72,14,424 in 1889—90), and after deducting it from net revenue receipts, the surplus which accrued was Rs. 23,04,219 as compared with Rs. 25,08,673 in 1889-90.

Railway Income and Expenditure.—I have so far not taken into consideration the Receipts and Payments on account of the State Railway. Three-fourths of the net earnings of the Mysore-Harihar system received from the Southern Maharatta Railway Company amounted only to Rs. 1,24,987 as compared with the 1,79,574 received in 1889—90. The net earnings of 1890—91 appear to have amounted to Rs. 2,63,221, but the actual credits given to the Darbar during the year were in respect of the earnings of 12 months from October 1889 to September 1890, and amounted only to Rs. 1,24,987.

Against this Income, the Darbar have made the following payments :—

	Rs.
Contribution to the Mysore Railway Loans Redemption Fund	4,00,000
Interest on the Mysore Railway Loan of 20 Lakhs	1,00,770
Interest on the English Railway Loan of £1,200,000	6,10,176
Total..	11,10,946

Deducting Railway earnings from the amount of payments as above, we find that the net expenditure of the year on account of the State Railway built with borrowed capital was Rs. 9,85,959 as compared with a similar expenditure of Rs. 10,31,542 in 1889—90. With the addition of the cost of the Bangalore-Hindupur Railway, now under construction by the State, the total Railway net expenditure amounted to Rs. 10,39,587, thus reducing the surplus of the year (Rs. 23,04,219) to Rs. 12,64,632.

Cash balance.—This surplus, added to the opening balance of Rs. 92,11,424, gave on 31st March 1891 a closing balance of Rs. 104,76,056. Out of this, Rs. 58,85,200 were in investments in Government of India Pro-Notes and Mysore Railway Debentures, and the balance Rs. 45,90,856 in cash, held in Government Treasuries and in current Deposit in the Madras Bank. In addition to the above closing balance of ordinary State Funds, there was on the last day of the year, a sum of Rs. 10,28,463 to the credit of the Railway Loans Redemption Fund.

The Budget excluding all Railway Receipts and Payments.—The Budget for the current year as finally revised estimates for an income of Rs. 139,59,000, as compared with an actual

of Rs. 145,08,000 in the previous year. It provides for an expenditure of Rs. 122,56,000 and the anticipated surplus is therefore about 17 lakhs. The amount of the estimated expenditure is very nearly the same as the actuals of the previous year; yet there are included in it a few items, to which it is desirable to request your attention. The Civil List of His Highness the Maharaja has been raised from 13 to 14 lakhs per annum with effect from 1st June 1891 and from the same date, the expenditure on account of certain Muzarayi Institutions (Rs. 20,460 per annum) and the Palace Infantry and the Body-Guard, (Rs. 67,840 per annum) have been transferred from the Palace to the State Budget. Provision for these additional charges for ten months of the current year (amounting to Rs. 1,56,910) has been made in the revised Budget. The transfer of Her Highness the Maharani's Girls' School to Government management, the proposed Oriental Library of Sanskrit and Kannada literature, the organization of a Regiment of Cavalry for Imperial service, the Census Department, the new Courts established last year, all contribute to an additional expenditure of about Rs. 1,60,000 which is shewn in the revised Budget. The D. P. W. grant has, as in previous years, been fixed at 20 lakhs.

Railway Budget.—From the State Railway under the management of the Southern Maharatta Railway Company, a revenue of Rs. 2,97,000 is anticipated, while the provision made for payments on account of the same Railway (towards the Redemption fund and Interest on borrowed capital) amounts to Rs. 11,29,000. On the Bangalore-Hindupur Railway under construction by the State, an expenditure of 15 lakhs is provided, while Rs. 4,000 have been given for surveying a branch to connect the Kolar Road Station with the Kolar Gold mines. Thus the net expenditure of the year on Railways will amount to over Rs. 23¼ lakhs, while the ordinary State revenue is expected to yield a surplus of 17 lakhs.

Public Works.—*Railways.*—I have next to request your attention to the working of some of the principal Departments of the State. The Department that I shall first refer to is that of Public Works to which is devoted the largest proportion of our resources. In the administration of this Department, the item that will most interest you is, I believe, our new Railways. I informed you last year that the Bangalore-Hindupur Railway had been definitely sanctioned. Since then, work has been vigorously taken in hand and I am glad to say excellent progress has been made all along the line. There is every reason to hope that it will be opened to traffic as far as Dodballapur by April next. Works have been most satisfactorily pushed forward on the difficult ghat beyond Dodballapur—the link on which it was apprehended there would be difficulties and delay. From the foot of the ghat to Goribidnur, work has not as yet advanced far, but this section was the last one to take in hand, and on it the work will be comparatively easy, with the exception perhaps of the Pinakini bridge which involves well-sinking and the erection of large iron girders. Materials for the permanent way are daily arriving from England. I may add here that under a system of competition by means of tenders, we were able to obtain very favorable terms for these materials from first class firms in England and what they supply is of the best quality. The sleepers are being brought over from our own Forests. So far then, we have reason to congratulate ourselves on what has been done on this Railway.

The extension to Nanjangud has been all but completed and will shortly be opened for public traffic.

Amongst other Railway matters which have engaged the attention of Government during the last year, is a project for a link to connect the Madras Railway from

Bowringpett with the Kolar Gold Fields. A broad guage line, which will obviate break of bulk and be in every way a greater convenience to the public and which will be worked by the Madras Railway with their own stock and on very favourable terms, is the one which has commended itself to us as the best. The Survey has been made by the Railway branch of our Public Works Department, and the estimates and plans are now being prepared. I hope we shall be in a position to undertake actual work in the course of the next few months, should our negotiations with the Madras Railway Company be carried through to a successful issue.

In addition to the above, our operations next year will embrace the preliminary survey of the branch contemplated from Birur to Shimoga. This extension will be of the greatest importance to the Province and should it be finally sanctioned, I hope to be able to allot funds for it in the course of the coming year. That Chikmagalur and Hassan ought, at an early date, to be connected with the Railway will be admitted by every one, but it is not equally easy to determine on the best points of junction, the best routes to follow or the feasibility of a single branch to serve both Chikmagalur and Hassan. This subject will engage our attention during the next few months. However these details may be settled, I need not assure you that as regards our main Railway policy, there will be no pause in the course of development which we have mapped out for the administration and, should our financial condition continue to improve as it has done, the next decade will see the Province intersected by lines which, in the decade proceeding the Rendition, were only thought of as remote possibilities.

Ordinary Public Works.—On Public Works other than Railways, the aggregate outlay during the year amounted to Rs. 29,31,882. Distributed under the several heads of service, it was as follows—

	Rs.
Military buildings	31,355
Civil buildings	3,09,258
Communications	8,82,679
Irrigation works	10,19,529
Miscellaneous Public Improvements	1,60,049
Tools and Plant	26,305
Establishment	4,88.797
	29,17,972
Suspense account	13,910
	29,31,882

Out of the above total amount, Rs. 19,90,630 were provided from the State Revenue, Rs. 4,98,318 from District Funds and Rs. 4,42,934 from the Irrigation Cess Fund.

The programme of works put before you in 1889 continues to be the basis on which the Public Works Department carries forward its projects, modified of course when items of that programme are shown to be impracticable or too costly or distinctly unremunerative.

Under Communications, the bridge across the Tunga has been practically completed; that over the Bhadra has not made such good progress as was expected and the main difficulties in connection with the Belur bridge, that is, the pier foundations, have been satisfactorily overcome, so that all the remaining arches can be turned this season. For the Káveri bridge at Yedatore, the project and estimate are now under preparation and will be shortly ready. The location of the bridge near the town and the

number of spans, size and height of arches, &c., have all been decided on in such a way as will permit of the bridge being used by a possible future Railway. The bridge across the Hemavathi at Hole-Narsipur will next receive our attention.

And as regards our roads, I have had statements prepared for your information which shew that during the last 10 years, 471 miles of entirely new roads have been opened out and more or less completed in the various Districts, whilst 218 miles of incomplete roads which came to us at the Rendition have been fully completed. I say advisedly that the above 471 miles of newly opened Roads have been completed *more or less*, because, I wish you to understand that whilst many of them have been entirely finished, some of them, though open to traffic, have still to be worked out to standard by bridging, tunnelling, metalling, &c., on which progress is being pushed forward all round. On these new roads, an aggregate outlay of Rs. 10,84,709 has been incurred from Provincial and District Funds, and some of them are important Railway feeders on which the development of our Railway traffic mainly depends. I may, in this connection, also mention that the Government have passed orders on the subject of opening out the Western Malnad of Ságar. The Hinne Ghat has been decided upon as giving easy and ready access to the market at Gersoppa and I believe that the majority of the raiyats in the Malnad were in favor of this Ghat. The two roads now on hand, one starting from Avinahalli and the other from Talguppa, will afford an excellent outlet for the Supári of the Western Malnad and remove one of the many grievances of the raiyats of this tract.

Our large Irrigation works now in hand are simply those commenced in former years and referred to in my last address; these have been advanced towards completion. No new schemes of any great importance have been matured though several are in course of preparation. Last year, I alluded specially to the large irrigation scheme known as the Kalnathpur Channel project. Although the Government have had before them for some time the opinions of the various Officers consulted on the subject, a definite decision as to its final rejection or sanction has not been come to. The work is one involving both sanitary and financial considerations of wide effect, requiring most careful thought before final orders can be passed on it, but I may add that there exist several irrigation projects of equal magnitude which promise equally good, if not better, financial results than the Kalnathpur project.

I also alluded last year to the difference which had arisen with the Madras authorities as to the rights of Mysore to the full use of its drainage areas. I informed you that the question had been laid before the Government of India. No ruling on the points at issue has been issued as yet, but I am happy to inform you that the basis for a solution of the difficulty has been arranged with the Madras Government in a way that is likely to remove, to a considerable extent, the check that the progress of our Irrigation works had received in tracts bordering upon the Madras Presidency.

Though not connected with the Public Works Department, I may refer in this place to the subject of well-irrigation which, for protective value in times of drought and local prosperity in ordinary times, is far superior to ordinary works of tank Irrigation. During the last famine, the only oases in the midst of the general desolate appearance of the country were, besides the tracts watered by our river-channels, those special regions favored with well-irrigation. The disappearance of surface springs in localities where they formerly existed and the general lowering of the spring level in our northern and north-eastern Taluks, which have taken place during recent years, have indicated the need for exceptional activity in the construction of new Irrigation Wells on

a large scale. Want of capital and the almost usurious interest at which alone money can be had in the market have, where all other conditions were favorable, been the cause of the raiyat's inability to provide himself with Irrigation wells. Under such circumstances, His Highness' Government have resolved to make advances for the sinking of wells at a nominal rate of interest, repayable by easy instalments in a long series of years, and as the procedure under which such advances can be obtained has been made exceedingly simple, as no further security is demanded than the well and the land it irrigates, as exemption to the raiyat from enhanced assessment on the ground of the well has been guaranteed, while the risk of its failure has been undertaken by the Government and as a special officer has been appointed to give the advances on the spot without the delay of circuitous correspondence through the usual official channel, His Highness the Maharaja hopes that the agricultural population will not be slow to avail themselves of the benefit which is thus offered to them and that, year after year, the area under well-irrigation will expand till in the near future every spot where well-irrigation is possible will have its own well and thereby become the centre of an extra source of food-supply.

Forests.—Turning next to the Forest Department, we find the area brought under regular planting during the past year in the several Districts was 2,442 acres or about 4 square miles. The total area of Plantations stocked during the past five years has amounted to 9,500 acres or about 15 square miles. The planting operations this year have been somewhat retarded by the unfavorable character of the season.

You will be glad to hear that orders have been issued for the domarcation of the jungles in the Western Malnad of Sagar and Nagar with a view to allotments being made for Kumri. The Government trust that with the introduction of Kumri on a limited scale, the garden owner of the Malnad will obtain the much-needed relief from wild animals, the Bachehula and other pests, and will also be able to secure labor on easier terms and in greater quantity than he is now able to command. It may also be possible to utilize the system of Kumri for purposes of eliminating from Forests inferior kinds of trees and replacing them by valuable species by insisting that Kumri cultivators, when they clear fresh patches for cereal cultivation, should sow with their crops a certain quantity of seeds of trees yielding timber and forest produce. This, it is believed, they will cheerfully do, if they are paid for the healthy seedlings grown by them.

Sandalwood has, year after year, been yielding an increased revenue. The Forest Department has been unremitting in its attention to the reproduction of sandalwood and to the proper conservancy of this valuable source of revenue.

Government have passed Rules regarding fuel required by the raiyats and certain Mohatarfa-paying classes. From the District Forests, reasonable provision will be made for the requirements of villagers, and the remaining jungles, wherever their situation is favorable, will be constituted Fuel Reserves. The rates fixed for fuel are moderate, and will not press hard on the people. It has been already announced that the system of levying seigniorage at the gates of towns has been abolished. Government Reserves cannot possibly be expected to satisfy fully the growing demand for fuel. It is satisfactory to note that in the vicinity of populous centres, notably Bangalore and portions of the Railway line where the price of fuel has risen, private capitalists are forming numerous fuel plantations.

New rules have also been passed defining the privileges of Raiyats in regard to wood and bamboos required for agricultural purposes and for houses and cattle sheds. They have been conceived in a liberal spirit and it is trusted they will meet the complaints the raiyats have made from year to year both

Soppinbettas.—The Raiyats of the Malnad Taluks will be gratified to hear that Government have decided to grant full rights in their Soppinbettas to such garden owners as may have defined tracts attached to their gardens. With a view to allotting Soppinbettas to each Survey number of garden where no such allotment now exists, a Survey party was deputed last year to the Shimoga District. The garden owners will be free to cut all kinds of timber in their Bettas, except sandal and teak. The privileges conceded are large. I would call on the Representatives of Shimoga and Kadur Districts to explain to the Malnad Raiyats that such large concessions have been made under the belief that they will conduce to the better conservancy and improvement of the existing Bettas and that Government looks to them to exercise the privilege with great moderation and care.

Kheddas.—In January last, three drives were made on different dates in the Kakankote Forest and 70 elephants in all were captured; some of these died shortly afterwards. Out of 44 elephants retained, 41 (of which 14 were tuskers) were taken to Tellicherry this time and sold there for Rs. 50,705.

Education.—The last year has been one of increased activity and marked progress in education. The number of Public Institutions increased from 1,441 to 1,596 or by 10·7 per cent, and the number of pupils increased from 66,501 to 72,970 or by 9·7 per cent. Of the Public Institutions, 1,410 were Government Schools, 2 were Municipal Schools, 156 were aided schools and 28 were unaided schools. By the side of the Public Institutions, there were 1,814 private indigenous schools with 23,457 pupils. The total number of all schools was 3,410 and of pupils 96,427. The increase in the number of Government Schools during the year was 152. Of the new schools, 97 were Hobli Schools, 46 other Vernacular Schools and 8 were English Schools.

The total expenditure on Education (inclusive of new buildings) from all sources was Rs. 6,39,737, to which the State Funds contributed Rs. 3,17,552, the Local Funds Rs. 1,59,730, Municipal Funds Rs. 19,365, Fees Rs. 60,013 and other sources Rs. 83,077. The total amount spent on Grants-in-aid was Rs. 68,699, of which Rs. 57,651, was derived from State Funds, and Rs. 11,048 from Municipal Funds.

There were 59 scholars who studied the technical subjects of Engineering, Medicine, Veterinary Science, Arts and Forestry, at Poona, Madras, Bombay and Dehra Dun. They received scholarships from the State amounting in all to Rs. 11,829. A Mysore scholar passed this year, for the first time in the history of the Madras Uuiversity, the M. B. and C. M. Examination in the First Class. Another Mysore Scholar passed the L. C. E. Examination of the Bombay University in the First Class with the highest number of marks ever awarded, and won the guaranteed appointment of an Assistant Engineer in Bombay. Three Mysore scholars passed out of the Dehra Dun Forest School.

The total number of Girls' Schools was 97. The total number under instruction was 10,025, being an advance of 24·4 per cent as compared with the previous year. The total amount spent on Girls' Schools from all sources was Rs. 67,911.

An important change was made in the system of supervision over Girls' Schools throughout the Province. With a view to enable the local people directly interested in the success of female education to watch over the growth of the system and so direct it that every step taken in advance may have the sympathy and support of the native community at large, the Government last year placed every Girls' School maintained from State funds under the immediate supervision of local committees. The committees have been given large powers of management, and the initiative rests, in almost all cases, with [illegible] of Government. Female Education cannot become firmly

established in the country, until the people begin to look upon the education of their girls, whether children or adults, as necessary and as obligatory as that of their boys. The Government have thought that the best way of securing this result in the infancy of female education is to leave as much as possible to the intelligent and sympathetic guidance of local committees, Government reserving to itself the power of seeing that no departure is made from broad recognized general principles, in adapting either the system of studies or of discipline to local peculiarities and local prejudices.

Three important Girls' Schools—the Maharani's Girls' School, Mysore, the Arya Balika Pathasala, Bangalore, and the Empress Girls' School, Tumkur—have, during the year, been added to the number of Government Girls' Schools, and placed under the supervision of Committees.

Her Highness the Maharani's Girls' School has undergone a thorough revision of its system of studies and management in the hands of the influential committee appointed to supervise it. This School which is already a popular Institution in the State, promises to become one of wide-spread usefulness. Five Brahmin ladies trained in the School have lately been appointed teachers in this school and others will be appointed to the remaining classes also, as capable lady teachers become available. A trained European lady will soon be sent for from England for charge of the teaching of the normal classes.

Among the special classes, the number of Mahomedans receiving education in all public institutions increased from 6,518 to 8,033 or by 23·2 per cent. There were moreover 2,152 Mohomedans reading in private institutions.

The Inspecting Staff has been recently reorganized. The number of Deputy Inspectors has been increased from four to eight, and the grade of Sub-Deputy Inspectors of Hobli Schools has been abolished. Two Assistant Deputy Inspectors have been appointed for Hindustani Schools and one for Kannada Schools. The increase of cost is slight and the whole cost of inspection will hereafter be borne by the State Funds. It is hoped that the reorganisation of the Inspecting Staff, from which all incapable men have been weeded out, will give a great impulse to primary Vernacular education.

Steps have been taken to form an Oriental Library of Sanskrit and Kannada works which will be located in the Victoria Jubilee Institute of Mysore. A collection will be made of the best published literature and of rare and useful manuscripts both in Sanskrit and Kannada. Copies will be obtained of such manuscripts as cannot be procured in original and steps will be taken to publish rare works in a uniform series.

Archæological Survey.—During the year, the Kolar District was completed, and the survey was extended over 7 taluks, nearly all in the extreme North-West Malnad. More than 1,500 inscriptions were secured, some of them of great interest and value. One group confirms the traditions of the rule of the Gupta kings in the Mysore country. Another belongs to the Kadambas, while a third, found at the ancient Jain capital of Hombucha or Humcha, throws valuable light on ancient Jain ruling dynasties. And at the ancient capital of Balagami, the situation of the old Budhist monastery has been traced and an image discovered of Tara Dévi.

Excise.—An important step in advance has been recently taken by the Government in regard to the management of the Toddy Revenue. Under the present system of Districtwar contracts, owing to the existence of a series of middlemen between the Government and the Contractor, the State does not derive its proper share of the revenue, and, owing to the want of sufficient control, the date groves are themselves deteriorating to such an extent as in some places to imperil the

and in many instances the quality of toddy supplied to the public is so bad as to drive many persons accustomed to this comparatively innocent drink to resort to the more harmful arrack. In order to remedy these defects, the Government recently issued orders for dividing each Taluk into a number of convenient farms. This measure, when successfully carried out, as I hope it will be, is likely to bring to the State a much larger revenue than heretofore, besides enabling the Government to conserve and improve the existing date groves and ensuring the supply of a more wholesome article to the consuming public.

I may in this connection refer also to the vexed question of the Inamdars' Toddy Revenue, with which the Representatives from the Mysore District especially are so well acquainted. The Government have decided to compensate every Inamdar entitled to the Toddy Revenue by means of a fixed ready-money Inam from the Government Treasury, the amount of such inam, where doubtful, being ascertained by separate farming or otherwise as Government in each case may decide.

I now come to touch upon a few special subjects of general interest. The first among them is the Census.

Census.—On 26th February last, a Census of the entire Province was taken. The system of enumeration adopted was that prescribed for the whole of India. Including the Civil and Military Station of Bangalore, the population returned was 4,943,079 as compared with 4,186,188 in 1881 and 5,055,412 in 1871. It will thus be seen that the crease during the last decade was very considerable nearly 18·08 per cent ; but during the evious decade (from 1871 to 1881), about a million of the population had been swept ay by the disastrous famine of 1876-77. The population at present has over one lakh l to make up to reach the figure of 1871.

Municipal Elections.—The representatives from the cities of Bangalore and ysore will be glad to learn that His Highness has been pleased to direct the tension of the election system to their Municipalities with effect from April next. e qualification for a voter is fixed at either an annual house-rent of Rs. 30 or an nual payment of Rs. 10 as Municipal Mohatarfa and Land-taxes. The qualification a Commissioner is fixed at an annual house-rent of Rs. 100 or an annual payment of Rs. 50 as taxes. In the case of graduates of Universities, half of the above amounts of es has been fixed. These limits will, it is expected, give for either city about 1,500 tors and 100 persons qualified to be elected. The measure as now sanctiond contemplates that one half of the Municipal Commissioners should be elected by the Rate-payers, the other half being either ex-officio members or those appointed by the Government. Such a mixed constitution will, it is hoped, ensure the executive efficiency of the ctive Boards in the immediate future and at the same time place in the hands e Rate-payers, through their elected representatives, not only the power to control unicipal affairs but also by the good work done to establish their own claim to a share of representation.

Muzarayi Reform.—That reform in the management of the State Muzarayi (or religious and charitable) Institutions is much needed has been pressed upon the attention of the Government in previous meetings of this Assembly, and I am now able to inform you that it has been decided to depute a specially qualified officer as Muzarayi Superintendent to enquire into the subject on the spot and to carry out the needed reform in the case of each institution, under the general or special orders of Government. These duties will for a period of 3 or 4 years, but when once all Institutions are

thoroughly reformed and placed upon a sound and efficient footing, the future management of them on the lines laid down will, as heretofore, have to be carried on by the local executive authorities.

The new Civil Service Scheme.—His Highness the Maharaja has, for some time past, experienced considerable difficulty in filling suitably the higher appointments of the Executive and Judicial service by selection from among the lower ranks, and he has accordingly resolved to adopt a system under which proper recruits, with a high and liberal education and with talents far above the average, could be admitted as Probationers and be trained in due course of time for the future wants of the service. The scheme contemplates a periodical competitive Examination of the standard adopted in Madras for the selection of statutory civilians. The men who pass best at such examinations are to be admitted as Probationary Assistant Commissioners, an equal number being admitted by nominations made by His Highness the Maharaja from among members of old Mysore families and from distinguished Officers of the subordinate service and generally with reference to such considerations as may commend themselves to His Highness. The members of the present Assistant Commissioners' grade will have rank and prospects of advancement to the higher grade, equal to those of the men admitted under the new system. It will thus be seen that our chief aim is to introduce into our service some new blood and talent which it at present so badly wants, as admitted by every one capable of forming any opinion upon the subject, and at the same time to safe-guard in every possible way the interests of the really competent in the present service, whether they are already Assistant Commissioners or are now only i subordinate appointments.

You will be glad to know that His Highness has further been pleased to direct t constitution of *four Sub-Divisions of Districts under separate Office with the object as well of training future District Officers as of addi to the convenience of the people in the more distant Taluks.

*Sagar.
French Rocks
Closepet.
Chikballapur.

Gentlemen, before concluding this address, I must refer to the apprehend failure of the rains and the consequent scarcity which threatened us during the last fe months. It is a matter for sincere gratification that those apprehensions have now be allayed owing to the most seasonable rains we have had since the beginning of this mont Indeed, only a fortnight ago, the situation was regarded as so grave that orders were issu for throwing open the State forests for free grazing, as also for the actual commencement, in parts of Chitaldroog and Tumkur, of Village Relief works in connection with our existing system for the repair of minor tanks. This was considered sufficient to deal with the earlier stages of the distress which threatened, and for a more aggravated condition of things necessitating works on a larger scale, a programme of works was got ready exactly on the same basis as that which I explained to you in my address of October 1885, in which year the agricultural outlook was precisely similar. Happily, the recent plentiful rains have removed all cause for present apprehension, and I only touch on the above proposals so that you may be aware of the action of the Government in the circumstances of the anxious time through which we have passed. I may also add, that, notwithstanding the heavy drain on our food-stocks made by the distress in some Madras Districts and the temptation of the prevailing high prices, our Raiyats have from all accounts not been unmindful of their duty to reserve sufficient stock for their own use against a possible rainless season and this provident self-restraint was beyond all praise and truly a matter for sincere congratulation.

MYSORE,
15*th October* 1891.

PART IV.

Official Papers.

NOTES BY THE DEWAN ON TOUR (1891—92.)

Owing to the failure of the North-East monsoon this year and the reports that were received that crops were suffering and water was getting scarce, I decided upon making a tour through the Maidan Districts of the Province with the view of ascertaining by personal observation, the state of the crops, the supply of water and fodder and the state of the country, and, by direct communication with the people, obtaining full information regarding their wants and requirements in all matters.

2. Accordingly I left Mysore by special train with His Highness the Maharaja who was proceeding to Madras and, taking leave of His Highness at the French Rocks Railway Station, arrived in French Rocks Town at 1 P. M., on 10th December 1891. Mr. A. Rangaswamaiengar, Deputy Commissioner, Mr. Muhammad Ali, Sub-Division officer, French Rocks, and Mr. V. H. Karvi, Executive Engineer, accompanied me in my tour in the Mysore District.

3. 10*th December* 1891.—In the afternoon inspected the tank constructed by Colonel Georges to the west of the town. This is not an irrigation tank.

4. Walked into the town and inspected the place where the sante or weekly fair is held. Walked over the bund of the Herod Hirekere Tank. The local officers were directed to be careful in giving out the water in the tank for irrigation purposes, and to allow no wastage. The tank bund requires to be raised several feet. This is a Government work to take in hand, should occasion arise. On the representation of the Sub Division officer that there was no proper accommodation for his residence, inspected all the buildings available. The old residence of the Sub-Division officer is in a dilapidated condition and is useless for the purpose. The matter will receive consideration later on.

5. The raiyats who had assembled in large numbers were heard. They complained of the want of water for irrigation purposes and fodder for cattle and asked for remission of assessment owing to the expected failure of crops. They were told that water from tanks would be given out in a careful and economical manner to save standing crops where there was need therefor, and the local officers were directed to this effect. As regards fodder, they were told that orders had already been issued to throw open Government Forests for purposes of pasturage and that raiyats should avail themselves of the concession, wherever

6. As regards remissions of assessment, they were informed that the time had not yet arrived for passing any general orders in the matter, but that the matter would be taken into consideration in due course. Jamabandi officers will have instructions in the matter as soon as necessary.

7. A complaint was brought to the effect that there was not a sufficient stock of food grains in the market, that merchants raised the prices arbitrarily and that they sometimes refused to sell. The Deputy Commissioner and Sub-Division officer were asked to watch the sources of supply, and the flow of the grain trade in each Taluk, having regard to the several marts and the dates on which they are respectively held, to converse freely with the merchants as to the necessity of having a sufficient stock of grain and to suggest to them the means of obtaining grain when the ordinary sources of supply failed and to assure them that Government will be particularly watchful to ensure the safety of their stock both in transit and at the place of storage.

8. To provide work near their homes for such people as do not possess lands, the people present were informed that work to be done to village tanks under the 300 Rs. limit will, in affected localities, be treated as relief works to be executed by local labor under Revenue officers and will be paid for by Government without any labor contribution from the raiyats, which for the time being will be waived in special tracts.

11*th December* 1891.--Hirod (French Rocks) to Nagamangala, 20 miles.

9. The dry crops remain to be harvested for the most part. The ragi is likely to yield about 4 annas, on an average, and gram much less.

10. The tanks contain a fair supply of water, and drinking water is generally available.

11. More economical use of the water in the tanks is necessary to make what is available go as far as possible to save standing crops and for the use of men and cattle. The local officers have been directed accordingly.

12. People ask for restoration of Hosakere on the road to Melkote. I understand from the Executive Engineer that the bed has been given out for cultivation. The work is a good one and I understand that the lands likely to be submerged can be acquired for a nominal price. If so, this work is one to be undertaken.

13. Inspected the breached Busandra Tank, a mile to the east of the road across the Lokapavani. The Executive Engineer has the project nearly ready. It is a useful work and must be taken in hand at once. The people say that this tank used to feed certain other tanks more to the east and point out the remains of the feeder channel. This should be investigated in the D. P. W. The Busandra Tank should be commenced at an early date, as an ordinary P. W.. It will for the present suffice for that part of the country where no other work is going on.

14. The people generally have their harvest to finish before they can take up any work, but there are of course some men of the landless classes who should be enabled to earn wages near their homes on ordinary public works which alone are required in this point.

15. At Telya met carts bringing ragi from Gubbi at Rs. 10 per khandi of 200 seers. This price is very much lower than the 13 and 14 seers the Rupee which the District returns show. The matter will be investigated when I get into the Tumkur District. After inspecting the proposed Busandra Tank, walked on to Gaudanahalli cross country inspecting the crops in the way. Arrived at 11-30 A. M. at Nagamangala.

16. In the evening I visited Singarasinakere, Sulekere and Nagamangala Tanks. They all contain a fair quantity of water. The lands under Nagamangala Tank are still Bengar, and water from the sluice is not required for the crops, but the sluice is kept open on account of some 2 men who have chosen to

17. The new revetment at the place of the breach on the Hosakere was found to have slipped owing, it was complained to me, to small stones having been used in constructing the work, and these being put down without a foundation upon silt, upon a site different from that marked out by the Chief Engineer. The Executive Engineer explains however that the slipping of the revetment, which took place three months ago, was not due to bad work but to the softness of the ground at the foundation and that the bund is being made as strong as possible and raised to the proper level.

18. The day was market day at Nagamangala and it was reported that rice (1st sort) was sold at Rs. 15½ per Pallah or about 6½ seers per Rupee and rice (2nd sort) at Rs. 14 per Pallah that is 7⅐ seers per Rupee. Only one small heap of ragi was exposed for sale.

19. 12*th December* 1891.—I rode over some of the villages on the east side. Crops not likely to yield more than ¼th in most places.

20. In the evening, heard the raiyats and petitioners who had assembled in large numbers.

21. The raiyats of Ramachandrapur Agrahara and other villages pray for the restoration of the Ramachandrapur Tank breached about 3 years ago and the Cholanahalli raiyats apply for the restoration of their village tank. These works will receive attention immediately.

22. A large number of petitions for the restoration and repair of tanks were received. The raiyats present were informed that works for which projects were ready would be commenced at once, while the petitions regarding others would be referred to the Public Works Department for consideration, and such of them undertaken as were found useful and feasible.

23. Petitions on other matters were referred to the Deputy Commissioner for disposal.

24. As regards remission of kandayam, the people were informed that the time had not yet arrived for general remissions of kandayam and that the Jamabandi officers would be asked to report upon the condition of the crops and, upon their reports, orders would be passed in the matter. In cases in which the yield is less than a 6 anna crop, it seems desirable to allow a partial remission of assessment.

25. This taluk as far as I have seen does not require any relief works. Ordinary public works must be fairly distributed. The Executive Engineer is preparing a list which I shall send on to the Public Works Department.

26. 13th *December* 1891.—In the morning drove to Nelligere. From the main road branched off to visit Dadaga Tank. The tank contains a good supply but there is the usual wasteful system. Rice and sugar-cane under the tank in excellent condition. Dry crops poor as elsewhere.

27. From all I have seen of this taluk my conclusions are—

(1) That the people are fairly prosperous.
(2) That a sufficient stock of food exists and will receive a small addition from the present harvest.
(3) That there was a fair harvest last year in most places.
(4) That the suffering will be from the high prices and among working classes.
(5) That ordinary public works properly distributed are all that the taluk will require for several months. The people have yet their small harvest to collect.
(6) That there is fodder for several months.
(7) That in the higher parts, drinking water wells are required.
(8) That people are not so anxious about the immediate present as about the possible future.

and (9) That there is a great demand for tank restorations in almost every

28. 14*th December* 1891.—Left Nelligere at about 6-30 A. M. Drove about 2½ miles and then left carriages and walked out to see cultivation and tanks in the villages of Bellur, Nagalapur, Tigalanhalli and Mudigere.

In the course of this detour, inspected about 6 miles of dry crops and wet crops below three large tanks. The wet crops (standing and harvested) have been good. Of dry crops, the out-turn of ragi may be said to be a six anna crop in the highly manured fields adjoining villages and in a few low-lying or favored localities. In other places, out turn would be less, and in some only a crop of straw can be expected. Horse-grain which has been extensively sown has also almost entirely failed. A little area in Bellur has been sown with Bengal-gram which however has not thrived well. Under the most favorable circumstances, it may yield a 3 or 4 anna crop, but it is too early to form any estimate.

29. A great deal of water was flowing in the Kodihalla of the Bellur Tank (Dasankere). The sluices of the tank were open and water was running to irrigate some standing paddy, and some fields which were being prepared for a 2nd crop. The people complained that water was not being distributed economically or equitably, the richer or more influential taking it for a 2nd crop, while others had not raised even a single crop. This was evidently the case and it was also evident that water was being used wastefully. Provision exists for 4 Nirgantis but only one is in service. Impressed upon the Deputy Commissioner (Mr. Rangaswamaiengar) and the Sub-Division officer (Mr. Muhammad Ali) the importance of attending to these points at once. The full staff of Nirgantis should be maintained, the vacancies being filled up, if necessary, even by the restoration to office of the men who were dismissed a few years ago for misconduct, their long exclusion from office being a sufficient punishment for past misconduct. The lands irrigated by the main channels drawn from the sluice should be divided into blocks and allotted to the several Nirgantis. The old established customary method of distributing water should be ascertained and recorded and adhered to with such modifications as existing conditions may render desirable. In this exceptional season, the greatest economy possible should be exercised and the available water supply should be used so as to produce the greatest benefit in maturing standing paddy crops, in irrigating some quick growing dry crop which may with a little water be raised so as to yield an early supply of food and fodder, and in affording drinking water for men and cattle. The usual Vaisakh cultivation of paddy may, if necessary, be restricted with a due regard to the limited water-supply. In view of the great importance of conserving the existing water-supply and of the great expenditure of water in growing paddy, it is worth considering whether by preference ragi may not be raised in the fields nearest the bund. The local officers were asked to convene and consult a panchayat of respectable raiyats of the village and if possible establish one as a local body to supervise the arrangements which may be ordered.

30. The Bellur Dasankere Tank has an achkat (irrigable area) of about 430 acres assessed at about 2,340 Rupees. The revetment has in several places got displaced, but it is doubtful whether resetting the same is required if the capacity has to be increased as proposed. It was stated that the raiyats were required to carry out the necessary earthwork to the tank but that the grass on the bund was sold by auction and denied to them. This is against standing orders. The grass should be given to raiyats where they maintain the bund, or the sale proceeds applied towards the execution of what is raiyats' work. The bund is worn out and earthwork and turfing are required.

The Executive Engineer was informed that the raising of the waste weir of the tank, which the people were so anxious about, would be a most useful project locally. A portion of the fort wall at Bellur is in a dangerous condition. It will require to be pulled down. The stones are large and good and can be utilized for tank work.

31. The Tigalanhalli Tank has been recently improved by the P. W. D., and masonry work to the kodi is still in hand. Here too there was water running

32. The people complained that at one time there was a Nirganti to regulate the distribution of water and that Inam lands were attached to his office, but that the office is now extinct and the lands in possession of the Shanbhog. The Deputy Commissioner was instructed to investigate the matter and take steps to re-establish the Nirganti and restore the lands to him. Very probably the lands were given out only temporarily. The people represented that the surplus of the Tigalanhalli Tank at the left corner used to flow into the Arni Tank lower down but that it now flowed all along the bund towards the right corner, often damaging adjoining fields. The Executive Engineer was requested to examine the levels and see what could be done.

33. The Arni Tank is also a recently restored tank and contains about 3 months' supply of water, sufficient for the standing crops below it which are also in very good condition. The bund requires turfing.

On the whole there has been a very bad season for dry crops, particularly for the later sowings, which form the great majority. There is no distress now. There will be occupation for the people in the fields and fodder for cattle during the next three weeks or so. After that some ordinary D. P. W. works will afford help to such as need it till the next early rains. People here as in other parts have too vivid a recollection of the last famine not to be alarmed but they have been assured in every respect and been told that if famine does come (and it will not come unless the next monsoon also fails), there will be established various kinds of works within easy distances from their homes at which they can earn a livelihood. One commendable work of this class, it was pointed out to the local officers, was that of digging pits along the margin of the water-spread of tanks for planting indigenous trees which would bear coppicing and would yield fuel so much in request in a Maidan taluk like Nagamangala. If suitable trees were selected, these would grow thicker and thicker by coppicing above a certain height, other young plants would grow up from the roots, and thus in course of time these would form a good protection to the tank bed from silt. Where water-courses exist, aloes might be planted to complete the cordon.

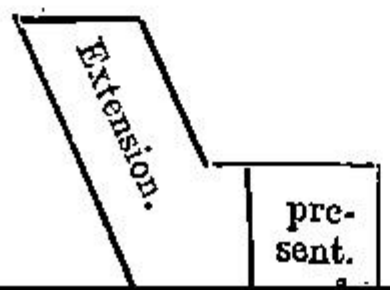
Arrived at the main road, I asked the local officers to pay every attention possible to the most economical use of the water in the tanks and to have fairly distributed throughout the drier Taluks of the Mysore District, ordinary public works, chiefly earthwork to tanks. These works should be carried on with local labor, only, however slow the progress might be.

34. Driving on three or four miles along much the same kind of cultivation as we had before met with and after exchanging a few words with the Priest of the Chanchanhalligiri Matt who had come down the hill to meet us, we arrived at the boundary of the Tumkur District, where the Deputy Commissioner Mr. Venkatvaradaiengar and the Executive Engineer Mr. Dalal joined us.

MEMORANDUM.

Camp No. D. 14, dated Mysore, 9th December 1891.

I would like Mr. Standish Lee to tell me to day how many coolies he can daily employ about Mysore for the next 5 months. There is much that has to be done, about the fort, the big tank, bathing tanks, &c. Mr. Lee should try and keep as much water as possible in the bathing tanks, the level of which could easily be raised to that of the floor of the female bathing ghat. The pure water reservoir can be extended, as roughly shown below. In the present season much can't and need not be spent upon chunam work, &c., and as much as possible should be spent on earthwork.



Extract from Office Memorandum.

CAMP No. D. 25, DATED MYSORE, 10TH DECEMBER 1891.

Mr. B. G. Krishnaiengar is engaged in giving advances for irrigation wells in Chitaldroog. He must early proceed to Tumkur after completion of his work in Chitaldroog. Many applications for advances in parts of the Bangalore and Kolar Districts have been received, and in the present season it is desirable to give them at once without waiting till Mr. B. G. Krishnaiengar can go round to those Districts.

In the Bangalore District, the duty should be entrusted to Mr. Kumarswami Naik, and in the Kolar District to an officer whom either the Survey or Forest Department should be asked to lend. Consult Mr. Chentsal Rao and ask him kindly to issue the needful orders.

If he prefers it, he can put an Assistant Commissioner (any) on this duty in Kolar and put one of the best local Munsiffs (who are to be lent to the Revenue Department during recess) to do the work of the Assistant Commissioner, or during Recess and Christmas holidays Nanjundaiya can be employed on the special duty. The grant made for the entire State should be distributed among the four Districts named. If more money is required, I will give it if Mr. Chentsal Rao will name it.

The diaries of the Special officers should go to Mr. Chentsal Rao for orders and each Special officer should send me to Camp marked 'urgent' weekly a brief list of advances given showing amounts and localities.

The Deputy Commissioners of Bangalore and Kolar should specially look after the comparatively Junior officers to whom the duty has to be entrusted in their Districts.

In all Districts, the advances should be given in the affected tracts until further orders.

K. S.

TELEGRAMS.

From Dewan, To Colonel C. Bowen, R. E., Bangalore.

CAMP MYSORE, DATED 9TH DECEMBER 1891.

Village tanks in affected tracts should be relief works under Revenue officers. Expedite orders for border taluks, Kolar District.

From Dewan, To C. Madiah, Esq., Deputy Commissioner, Kolar.

Village tanks below 300 Rupees limit will be relief works under Revenue officers. Meet me at Banasandra on 18th with full information after inspecting affected taluks.

CAMP No. D. 6-11, DATED MYSORE, 7TH DECEMBER 1891.

ORDER.—In view of the present prospects of the season in the Maidan portions of the Province where it is reported that the crops are suffering and the water-supply is scarce owing to the failure of the N. E. monsoon, the following instructions are issued for the guidance of the officers concerned :—

2. The Deputy Commissioners of the Districts of Mysore, Bangalore, Kolar, Tumkur and Chitaldroog should, at once, in person, or where that is impossible through Assistant Commissioners or through competent Amildars in special cases, make a careful examination of the state of the crops in each taluk and mark out on the Taluk Survey Maps (1 inch = 1 mile scale) all villages the dry lands of which are not expected to yield more than an 8 anna crop, indicating in the case of each village or tracts of villages as may be most convenient, the average yield of the various crops in annas, the total loss of crop, if such exist in any locality, and the occupied lands lying waste. The same information as regards wet lands under tanks should also be shown on the maps. Separate lists, showing in detail information as above, should also be simultaneously prepared and submitted along with the maps for the information of the Dewan. Lists showing tanks which have dried up should also be submitted. Deputy Commissioners should also send a comparative statement showing the area under cultivation in December 1890 and in December 1891.

3. Dried tank-beds should be given for cultivation to applicants from the villages concerned on the average dry rates of assessment, for one year only, and without any claim for compensation, should the crops be destroyed by submergence or otherwise.

4. As much scarcity of drinking water is experienced in many parts of the country, Deputy Commissioners should have a thorough examination made of the number and the condition of existing wells, and of the places where new wells are required and make an estimate of the cost of sinking new wells and deepening existing wells. For this purpose, the whole sum of Rs. 10,000 promised to each District from Local Funds General in the Proceedings of Government No. 13680-9—288-L. 375, dated 4th March 1891, and partially allotted by Proceedings No. 6591-600—L. 451, dated 10th September 1891, will be placed at the disposal of the Deputy Commissioners of Mysore, Bangalore, Kolar, Tumkur and Chitaldroog. This would leave the following sums at the disposal of the Deputy Commissioners above named, for excavation of wells alone during the current year :—

Name of District.	*Already sanctioned.*	*Now allotted.*	*Total.*
Bangalore	... * 1,325	... 5,255	... 6,580
Kolar	... 4,705	... 2,649	... 7,354
Tumkur	... 800	... 5,800	... 6,600
Mysore, including French Rocks Sub-Division	4,668	... 3,113	... 7,781
Chitaldroog	8,474	... 876	... 9,350

*Out of this, Rs. 1,000 since sanctioned for Anekal Taluk.

The Deputy Commissioner of Kolar has obtained a further allotment of Rs. 5,000 from District Funds for the same purpose under Proceedings No. 7368-70—L. 581, dated 25th September 1891. The above allotments should be carefully and judiciously utilized and made to go a long way towards providing drinking water where most required. The present grants should be used by the Deputy Commissioners of Mysore and Bangalore for the drier parts of their Districts and by the Deputy Commissioners of Kolar, Tumkur and Chitaldroog throughout those Districts. The Deputy Commissioners should divide the allotments now made as between themselves and the Sub-Division officer, if any, in their Districts according to actual requirements. If the present allotments are insufficient for the actual requirements of any District, immediate application should be made for more funds with full details. The Deputy Commissioners are requested to give their personal attention to the question of the supply of drinking water, wherever needed, and see that each well is sunk in a suitable locality and so as to supply a village or circle of villages and to be a *permanent* work of utility. The situation of the wells should be carefully selected so as to avoid danger of silting or pollution. The works should be executed by the Revenue Department and may be commenced

labor or men towards the construction of wells need not be enforced at present in the above named Districts in localities suffering from want of water. The Comptroller will be requested to place the above mentioned sums at the disposal of the Deputy Commissioners concerned.

5. Full effect should be at once given wherever necessary to the orders already issued, throwing open all Government forests to the raiyats for purpose of pasturage.

6. Until further orders, no leave will be granted to any Deputy Commissioner, Assistant Commissioner or Amildar or other executive officer, except upon medical certificate.

CAMP No. D. 12-13, DATED MYSORE, 9TH DECEMBR 1891.

ORDER.—The Deputy Commissioner of $\frac{\text{Mysore}}{\text{Bangalore}}$ must convene a small Meeting at once of the principal merchants in the City and encourage them to import as much rice as possible during the next few weeks. Government will help them by giving a Police guard when applied for.

2. The Deputy Commissioner should submit a careful forecast showing rice and ragi likely to come into $\frac{\text{Mysore}}{\text{the City of Bangalore}}$ weekly during the next few months and the quantities required for ordinary consumption in the City.

No. D. 16-24, DATED CAMP MYSORE, 9TH DECEMBER 1891.

ORDER—Assistant Comissioners and Amildars are likely to have much executive work and a good deal of travelling during the next few months. The Chief Court will accordingly be requested to place at the disposal of the District Officers of Bangalore, Kolar, Tumkur, Mysore and Chitaldroog the services of the Sub-Judges and Munsiffs in those Districts, during the approaching Christmas holidays and the annual recess of the Civil Courts. Similarly the Munsiffs of Honnali and Hole-Narsipur should be placed respectively under the Deputy Commissioners of Shimoga and Hassan. The Deputy Commissioners in question will utilize the services of these officers, in the best manner possible. In the case of the transfer of any of these officers, the Deputy Commissioners concerned may, in communication with the Chief Court, utilize the services of either the present incumbents or of those that are to replace them. If any of the Munsiffs in the above named Districts are, for any reason, not available, the Deputy Commissioners may, with the permission of the Chief Court, obtain the services of others in any of the remaining Districts.

CAMP No. D. 15, DATED MYSORE, 9TH DECEMBER 1891.

ORDER.—The Comptroller is requested to submit to the address of the Under-Secretary, Dewan's Camp, at once, a statement showing total receipts and total payments from the various Treasuries (including the Madras Bank) in each of the months from September to May, during the three preceding years, in the appended form. The receipts during the next few months will be very small owing to the recent alteration of the Revenue khist, and the present condition of the season. A careful forecast should also be submitted at once of probable receipts and expenditure

during each month from December to end of May next, in a tabular form showing the principal items separately.

PART IV.

Official Papers.

NOTES BY THE DEWAN ON—TOUR. (1891-92.)—*Continued.*

35. 14*th December* 1891.—At the frontier of the Tumkur District, the Deputy Commissioner Mr. B. K. Venkatavaradaiengar, and the Executive Engineer Mr. Dalal, joined us.

36. A herd of Amrut Mahal cattle grazing in a kaval on the frontier as we entered the Turuvekere Sub-Taluk seemed in excellent condition.

37. The standing dry crops on either side of the road and those within the limits of Chik Settigere and Dod Settigere were looking better than what we had seen in the Nagamangala Taluk. Ragi was being harvested and may be taken as about a four anna crop.

38. Mayasandra village was next reached. A large number of people had assembled here to meet us. They were more concerned about the future than the present. The Brahmans represented that in times of scarcity like this, some means of earning a livelihood should be devised for them and that grain doles should be ordered for them as was done during the last Famine. They were told that no need for any special measures of the kind can arise for several months to come. Equally important and doubtless somewhat more pressing is the case of the Totis and Kulavadis. In seasons like the present, they are the first to suffer with little or no crops on their own often ill cultivated lands and with no "aya" from raiyats who are badly off themselves. They often leave the villages to which they belong in search of wages or food to other villages and even to the Coffee Districts. It is the duty of the District Officers to afford some help to them, by finding work for them on village works, even before the time for opening such works for the benefit of the general population. In the matter of remissions, these village servants should be treated liberally.

39. There is a large tank in this village (Mayasandra). It was a painful sight to see how much water was being wasted from this tank. On the pretext of irrigating a small area of standing paddy and preparing land for Vaisakh cultivation, the water was being led a very long distance in channels whose banks were broken in some places, and parts of which were roadside check drains and gravel pits. By a little tact and thoughtfulness on the part of the local officers and community, the water could be made to serve very valuable purposes. Raiyats should have been got to keep the channel in good repair, so that water did not escape from it and carry it away from gravel pits which it [illegible] should be discouraged

particularly at a distance from the tank. The tank has now about 2 months' supply of water, and it would be preferable by far to get some quick growing dry crop like jola raised on the lands nearest the bund with the help of a little irrigation. Instructions to this effect and similar to those noted in the case of the Bellur tank were explained to the Deputy Commissioner for attention. An estimate for work to the Mayasandra tank is also in hand in the Public Works Department. This will be one of the ordinary Public Works Department agency works which will be useful in this part of the country and should be undertaken as early as possible.

40. The villagers asked for remission of assessment on their dry lands. Here as well as in other places, it was explained that it was too soon to decide about remissions; and after all a remission of assessment would go only to help those that did not require immediate help. In some places the laboring classes (who have no employment owing to the small dry harvest and to no wet harvest) have to be provided with work and the intentions of Government were explained to the effect that works within easy distances of their homes would be provided wherever and whenever necessary.

41. The road beyond Mayasandra turns near the Travellers' Bangalow and goes north-west to Turuvekere. As we went on towards Turuvekere, we met what were on the whole better crops. The road passes over the watershed, and crops on either side being on particularly high lying lands, are not a fair index of the state of crops generally. But, such as they were, the horse-gram so extensively sown was withering on the high level lands and looked indifferent on the lower fields. This was so also with the late sowings of ragi. But the earlier sowings looked much better than what we had hitherto seen, and improved as we approached Turuvekere. About Mallagatta, Visvanathapur and Turuvekere, the ragi, ballar and jola were very fair, having been sown early, though the horse-gram being sown late looked indifferent. The land in these parts is fertile and this tract of country is especially a ragi-growing tract. Compared with the crops of Nagamangala and Mysore Taluks, the out-turn may be declared to be good; though compared with the local out-turn of previous years, it may be taken at the proportion of 6 annas to the rupee.

42. The avenue trees have been well looked after, and it is evident that the Deputy Commissioner has been paying special and constant attention to them. Each tree had a ring bund of earth put round its base to catch and hold rain water. This would catch but the rain falling on it. It would be better to construct little bunds or kattes across the slope of the land so as to catch and retain as much as possible of the flowing water. The country lends itself to such cross bunds which would also arrest washed soil and thus also benefit the trees. This was pointed out to the Deputy Commissioner.

43. Reached Turuvekere at noon for breakfast.

This was market day at Turuvekere. The market was fairly supplied. About 600 seers of ragi were reported to have been sold at 22 seers per rupee, and about 300 seers of rice at the following prices:—

1st sort,	6	seers per rupee.	
2nd „	7	„	„
3rd „	7½	„	„

all in retail and for local consumption.

From this market it is usual to export rice to Chiknayakanhalli and ragi to Nagamangala and Bangalore. But on this date, no purchases were made for export.

44. In the afternoon, numerous petitions were received which being classified were—

1st. for remissions of assessment owing to the bad season;

2nd. for various local useful works, for supply of drinking water, for restoration of local tanks; and

3rd. other miscellaneous matters forming ordinary subjects of complaint.

To the 1st class of petitions, answers were given as in other places. The suggestions contained in the 2nd class of petitions were noted and commended to the Deputy Commissioner for attention. The 3rd class were disposed of on their merits.

45. 15*th December* 1891.—In the forenoon drove out to the Tiptur road as far as Nonavinkere, riding across country to inspect cultivation and tanks in the villages of Guddenhalli, Mallaghatta Basthihalli, Annappanhalli and Aldur. The dry crops are much in the same state as observed in the neighbourhood of Turuvekere yesterday. Public health is good; cattle are in good condition; there has been no cattle disease. But as fodder and grazing will be very much less than usual, the people asked for the Amrut Mahal Ghantepura kaval (through which we were riding) for grazing purposes. They were even willing to take up the land for cultivation and stated that the Amrut Mahal cattle seldom came here for grazing. Favorable consideration was promised. The Amrut Mahal officer will be requested to place at the disposal of the Revenue Department this (the Ghantepur) kaval and other kavals elsewhere in affected tracts, which without inconvenience can be relinquished to the Revenue Department temporarily for the next few months.

46. The Mallaghatta tank has an extensive waterspread. But now it is not full and a great part of the bed is dry. It has an atchkat (irrigable area) of about 650 acres assessed at Rs. 2,650, most of which is usually cultivated with Vaisakh paddy. The sluice has been opened and water flows ostensibly for nurseries and for preparing the land for Vaisakh cultivation, but much of it is wasted, If the raiyats were provident and industrious, a good crop of jola could be quickly grown over an area of 10 or 15 acres from the waste water alone. Instructions similar to those given elsewhere were here repeated, and the Deputy Amildar was asked to get the raiyats together and induce them to grow such crops. They may not be accustomed to this, but a little persuasion and explanation would be sufficient. If necessary, the Deputy Commissioner might get a small area planted under Batayi. Indeed in such cases, special cultivation is itself a highly suitable relief work. But more imperative than such cultivation is conserving as much water as possible for men and cattle during the next dry months and this was duly impressed upon local officers.

47. A portion of the tank bed has been ploughed and sown with Bengal-gram. But a larger area could have been cultivated if the raiyats were sensible and energetic. For one thing they began late and a large area which might otherwise have been available is now too dry for cultivation with Bengal-gram. A good margin near the edge of the water has been needlessly left out as too moist. This was pointed out and advice given to make the most of the bed in existing circumstances, and if necessary to resort to Batayi.

48. The Aldur tank has about six weeks' supply of water. The sluice is out of order and water which leaks through it is being used, though not as economically and carefully as possible, for gardens behind it.

49. The road turns sharp at the kodi and as the side is precipitous, the people represented that carts had often upset at the turn and asked for a parapet wall or other protection. This was promised and the Executive Engineer asked to provide the needful.

50. The Nonavinkere tank is a magnificent reservoir with a very extensive water spread. The tank contains a fair supply of water. The owners of gardens want the water to be let out for irrigating their garden crops. This should be done carefully and economically. Usually Vaisakhi paddy is grown on the wet lands below this tank. But this year, this is impossible as the water-supply is insufficient for the purpose.

51. Inspected the Nonavinkere village also. There is much work that can be done for village sanitation and conservancy, in excavating side drains, removing debris and filling pits when village works have to be established in these parts.

52. Returned home at noon.

53. In the evening walked over the kodi and bund of the Turuvekere tank. It is a large tank and contains a fair supply of water. The leaky sluice underneath the kodi requires attention. The atchkat yields a revenue of Rs. 7,000, of which Rs. 1,500 are derived from gardens. I then drove into the town and visited the temples, two of which (Chennakasava and Senkareswara) were constructed by the famous Jakkannachari. The large bull in the former temple made of black stone, is an object of interest. It was brought to my notice that the large temple of Byatarayaswami leaks in some places and is otherwise in bad repair. The Muzarayi Superintendent will be asked to suggest measures for the repair of this and other temples. I also noticed that plants were growing in crevices on the walls and roof of these temples. The Deputy Commissioner was requested to take early measures for their removal, using if possible, the new preparation called the "Weed Exterminator." The compounds of these temples are unsightly and contain the remains of fallen houses. It was ordered that these compounds should be levelled and that no houses should be built therein. Impressed upon the Deputy Commissioner the necessity for levelling the ground and improving the drains as measures of town sanitation, should it become necessary to start village works in this locality. On the representation of some of the towns-people, I asked the Deputy Commissioner to enquire if it was true that a fee was levied by the Municipality for every cart-load of mud removed from the ruined fort wall and to remove the impost if possible.

54. *16th December* 1891.—Left Turuvekere and drove to Banasandra Railway Station, after deputing the Chief Secretary to visit the Chamarayapatna, Arsikere and Tiptur Taluks and to report to me regarding their condition by the time of my return from Bangalore. The raiyats of Banasandra asked for a well of drinking water in their village. There is a large well at the station which contains a fair supply of water. The Deputy Commissioner was asked to have a well sunk in the village in a suitable locality. Thence travelled to Bangalore by train, making inquiries at the several intermediate stations regarding the state of the crops, the water-supply, &c. The raiyats were strongly advised to cultivate the beds of tanks, which would not only add to the existing stock of food grains, but would also afford fodder for cattle. They were further told that Amrut Mahal kavals, at least such of them as would not be required by that Department at present, would be thrown open to the raiyats for purposes of pasturage temporarily for the next few months. I learnt from the merchants at Gubbi that ragi was being taken by traders of Salem and other districts at 40 to 45 rupees per cart-load of 640 seers. I impressed upon them the need for keeping local markets fully supplied.

K. S.

CAMP NOS. 26, 27 AND 28.

The following extracts from the Dewan's Memoranda in the P. W. D. are published for the information and guidance of the officers concerned :—

Extract from Dewan's Memo Camp No. D. 26, *dated 12th December* 1891, *addressed to the Secretary, D. P. W.*

* * * *

The following instructions will be issued to the Deputy Commissioner regarding the selection and management of the *works in question which should be called "Village Relief Works."

* Restoration of village tanks below the limit of Rs. 300 by the Revenue Officers.

1. Some of the works sanctioned (as Village Relief Works) should be commenced at once in the tracts where they are most required. The Taluks most affected should be the first to begin with.

2. In selecting the works for execution, care should be taken not to crowd them together too near each other, nor should any work be more than four or five miles from any village for the inhabitants of which it is intended to provide. The object being to find work for the poorer agriculturists, the Madigars, the Holéyars and landless classes, while enabling them to continue to reside in their villages, too much attention cannot be paid to the proper selection of the works. The people can live upon comparatively small wages, if they can be earned near their villages, for in that case they are able to take care of the weaker members of their families and of their cattle and property and what is more important the mutually helpful bonds of village society will be preserved. *Therefore each work should be so selected as to enable the laborers to return to their own villages at the end of each day.*

3. If on the same work several villages are employed, the work may be assigned in blocks one for each village and the Patel of that village be made to look to exacting proper work upon that block.

4. *(a) The Amani system.*—The work should be entrusted to the Patel of the village. Where necessary or desirable, the Patel of neighbouring village in which no work may be going on may be associated with him. In some cases, it may be advantageous to associate with the Patel of the village two leading raiyats or Buddhivants in the charge of the work. In some cases, the Shanbhog may, with advantage, be in joint charge with the Patel. Even when all this is done, the Patel in whose village the work is, should be the party immediately responsible for its proper execution and for the proper payment of wages.

(b) The work should be on the task system, the quantity of task must vary from time to time according to the requirements of popularity, the condition of the people, &c. The Patel should be responsible that proper work is done for the wages paid.

(c) A nominal list should be prepared with the help of the Shanbhog and against each name a cross should be marked for each day's work done and paid for.

(d) The wages paid shall be such as will be fair and reasonable, having regard to the prevailing price. The Deputy Commissioner will at once fix the rate for the time being as regards each tract and report the same. How many seers of ragi should each adult male cooly be able to buy daily with the wages earned by him, is the question for the Deputy Commissioner to decide.

5. *Contract System.*—Where it is more convenient, the contract system may be adopted, provided—

(*a*) the Patel is the contractor himself, and

(*b*) he undertakes to employ the poorer villagers and pays them promptly and at equitable rates approved by the Amildar, and, where feasible, in kind or rather partly in kind and partly in cash.

6. *(a) Supervising Agency.*—The Shanbhog (not when in joint charge of the work) should go round all works within his Firka and give every assistance possible to the Patel in charge. He should help the Patel in making the weekly jarib and the payment pattis. The payments may be weekly on the day preceding the *Sante* day, unless where daily payments are considered necessary.

(b) The Shekdar should regularly inspect all works in his Hobli at least once in every week and bring to the notice of the Amildar irregularities, if any, in execution or payment by means of weekly diaries.

(c) The Amildar must constantly move about and will be held responsible for the success of the system.

(d) The District should be divided between the Deputy Commissioner and his Assistants for purposes of inspection and general control and management.

(e) Shekdars engaged in inspection of village relief works will be given an allowance of Rs. 2-8-0 per mensem.

(f) An allowance to Patels and Shanbhogs in charge of relief works may have possibly to be given, but upon this point the report of the Deputy Commissioners will be awaited, and

(g) The Deputy Commissioners of Shimoga, Kadur, Hassan and Mysore will warn the Tank Sub-Overseers and Tank Inspectors in their Districts to hold themselves in readiness to start at a moment's notice for duty in the affected tracts.

7. Complete discretion will be vested in the Deputy Commissioner as regards the details of carrying out the system of village relief as above. Its success will depend upon the energy, tact and judgment he will be able to bring to bear upon it. He will keep me constantly informed of progress in the various taluks. His object should be to afford the maximum amount of relief and at the same time secure a work of undoubted local utility of the prescribed standard, regarding the details of which standard, full instructions should be issued by the Deputy Commissioner.

Extract from Dewan's Memorandum to D. P. W. Secretary, Camp No. D. 28, dated 13th December.

---

* * * *

As regards task, I am doubtful whether we should abandon it so early in the day. As the Patel is to be the task master, there is no fear of the task system making the works unpopular. But the Patel should be responsible that no man (except the incorrigibly idle) goes without wages on the pretext of his not doing the allotted task.

I have great faith in the sympathy of the Patel for his villagers and in his ability to get some fair return for the money spent. It is far safer for us to rely upon the autonomy of the village than upon paid agency. This is a lesson we learn from the late relief operations during the last famine, and it should not be lost upon us.

There should be some measurement of work (already done and paid for), by the Shekdar or Tank Inspector. I will not stop payments on the work if the measurement falls short of what is reasonable, but the information will enable the local officers to take notice of the fact, to warn the Patel and, in extreme cases, to supersede him. It must be distinctly understood that, for short work rendered, the Patel and his village will be answerable.

The Government leave the elaboration of all details to the Deputy Commissioner, it devolves upon him, according to local circumstances and the stamp of local men available, to arrange effectively for supervision, payment for work, &c., and generally so to work the scheme as to carry out to the fullest extent possible the intentions of the Government which are to afford the maximum amount of relief to the poorer classes *near their own homes* and to secure in return for the same some work of undoubted local utility.

Extract from the Dewan's Memorandum addressed to the P. W. D. Secretary, Camp No. D. 28, dated 13th December 1891.

* * * *

I have no faith whatever in the so called distance test. It is a heartless test and is worse than useless. Far better it will be to keep the suffering people at

their own homes by giving them some means of earning their wages near their homes, though not unfrequently there would be no return to show for the money spent, than to attempt to concentrate them on large distant works. When they are compelled to quit their homes, they are more likely to enter upon a career of aimless wandering than to go to the distant works. I would not establish such works unless they become *absolutely necessary*. At the same time, the Public Works Department should be ready to carry out the programme of such works at a moment's notice.

CAMP D. No. 29, DATED NELLIGERE, 13TH DECEMBER 1891.

ORDER.—The tanks named in the margin are some of the Inam tanks which are breached in this Taluk. The Jodidars are too poor to restore them, but Government are willing to help them with advances of money on the following terms :—

Nelgundi Tank.
Kaldevanhalli Tank.
Kalnathpur do
Kandahalli do
(All in the Nagamangala Taluk.)

1st. The money advanced should carry interest at 5 per cent.

2ndly. It will be given in instalments to the extent of work done.

3rdly. Earthwork should at once commence and continue vigorously according to the amount of labor forthcoming from the neighbouring villages and the entire work should be completed within a specified reasonable time, which the Deputy Commissioner will fix for each case.

4thly. The village and tank should be security for the money advanced.

5thly. The loan with interest should be repaid in instalments within a period not exceeding ten years to be fixed in each case by the Deputy Commissioner.

2. The construction details will be prescribed by the Executive Engineer.

3. The object is to have as much work going on at once as possible. The Deputy Commissioner will accordingly take immediate action and apply for the money required with full details with a statement in the appended form.

Name of Owner.	Area.										Assessment.					Details regarding Tanks to be repaired.					
	Dry.		Wet.		Garden.		Total.		Unarable.	On cultivated area.	On uncultivated arable area.	Total Berij.	Other items of Revenue if any.	Jodi or Quit-rent.	Drainage area.	Water spread.	Capacity.	Achkat.	Level waste weir.		
	Cultivated.	Uncultivated.	Cultivated.	Uncultivated.	Cultivated.	Uncultivated.	Cultivated.	Uncultivated.													

READ—

The following extract from a Memorandum submitted by Mr. Madhava Rao, Deputy Commissioner of Bangalore, dated 10th December 1891.

Extract from a Memorandum submitted by Mr. Madhava Rao, Deputy Commissioner of Bangalore, dated 10th December 1891.

Amildars will advance money to raiyats where necessary for excavating and stone facing permanent irrigation wells and for holes required to save standing crops. The Amildars and the Officer to be specially deputed for making advances for wells will be personally responsible for due securities being taken for the advances. These may be repaid either in one lump sum after the harvest or in instalments, as the Amildar and Special Officer may decide in each case.

For weavers weekly advances may be made where the Sahukars have failed to employ them and the cloths turned out shall be purchased at a fair valuation and stored in the Taluk Cutcherry or other secure place, if not, sold at ruling prices. Weavers live mostly in Municipal Towns. Three Municipal Commissioners shall be held personally responsible for the advances for supervising the work and for securing cloths of value sufficient to cover the loans. The disbursements shall be weekly and shall be made by the three Commissioners and certified by them under a nominal roll to be kept by them.

CAMP No. D. 31, DATED TURUVEKERE, 15TH DECEMBER 1891.

ORDER.—The weaving class is beginning to feel the pressure in several places in the Bangalore, Kolar, Tumkur and Chitaldroog Districts and the Government generally approve of the scheme proposed in the above. The advances should be made only where really required, as the Government cannot afford to pay a large sum for this purpose. The local Amildar should be made responsible (with selected Municipal Commissioners) to see that the advances are given only where deserved. They may in many cases, be, with advantage, made upon working looms and upon the security of the produce. The following sums will be placed at the disposal of the Deputy Commissioners for this purpose :—

	Rs.
Bangalore	1,000
Tumkur	1,000
Kolar	1,500
Chitaldroog...	1,500
Total.....	5,000

CAMP No. D. 32, DATED TURUVEKERE, 15TH DECEMBER 1891.

ORDER.—For the purpose of enabling the Deputy Commissioner of Bangalore to establish village relief works in localities where they are really required, on the principles and rules laid down in Dewan's D. P. W. Memos Nos. 26, 27 and 28, dated 12th and 13th instant, a sum of Rs. 3,000 will be placed at the disposal of the Deputy Commissioner of Bangalore.

CHITALDROOG DISTRICT.

CAMP No. D. 33, DATED TURUVEKERE, 15TH DECEMBER 1891.

ORDER.—The Deputy Commissioner reports in his D. O. that the Hiriyur Taluk, parts of which he is now visiting, is worse than either Molkalmuru or Chellakere. He recommends the immediate commencement of the Vudavalli Tank work, lately sanctioned, where there is Rs. 20,000 worth of earthwork to be done and which would benefit the Kasaba and Javanagondanahalli Hoblis. The work will be started as early as possible. The Deputy Commissioner's attention will however be drawn to the fact that there is very little population in the vicinity of this work. What will really benefit the people in their present condition is a large number of

which can be dealt with under the agency of Revenue Officers in accordance with the principles laid down in my Memo of 12th instant. The Deputy Commissioner should at once select a number of such small tanks for being taken in hand at once through the local Patels. A sum of Rs. 5,000 will be at once placed at his disposal for the commencement of such works in this and other Taluks where they are most urgently required, in strict accordance with the rules laid down in my Memo of the 12th instant and extracts from D. P. W. Notes, copies of which were sent to him by the Under-Secretary with a D. O.

CAMP No. D. 34, DATED TURUVEKERE, 15TH DECEMBER 1891.

ORDER.—In the drier Taluks of the Mysore District, of which the Dewan has visited Nagamangala, and in the greater part of the Tumkur District, (except perhaps Sira and a few special tracts) no relief works are required at present. What is required is an expansion of ordinary Public Works and their proper distribution. The necessary action towards this end will at once be taken in the Public Works Department. The agriculturists will not be able, to take up work for the next month or so, having their harvest to do, but there should be established early, suitable works where they can obtain ready employment. On these works, only local labor should be employed, and if owing to this cause the progress of the works should be slow, that is rather an advantage than otherwise.

TELEGRAM

From the Dewan of Mysore, To Major Macintire, Adyar, Madras.

CAMP No. D. 36, DATED CHIKNAYAKANHALLI, 19TH DECEMBER 1891.

Please resign to Revenue officers temporarily this season all Amrut Mahal kavals which can possibly be spared in dry taluks.

CAMP No. D. 37, DATED CHIKNAYAKANHALLI, 19TH DECEMBER 1891.

ORDER.—During the Dewan's present tour the raiyats of several villages have been asking that with the view of providing fodder for cattle in this season of drought, the kavals of the Amrut Mahal Department be laid open to them for grazing purposes. There is no doubt that there is great want of fodder in the affected tracts, and all possible measures must be taken for providing it. The privilege of grazing in Government Forests which has recently been allowed cannot be availed of by the raiyats in many villages owing to the prohibitive distance of the Forests. The Dewan understands that some of the kavals are not visited for several years by Amrut Mahal cattle. The Officer in charge of the Amrut Mahal Department is therefore requested temporarily to make over at once to the Deputy Commissioners for the use of raiyats' cattle all kavals which are not likely to be required for the Government cattle during the next few months, and to report his having done so to this office by wire.

CAMP No. D. 38, DATED CHIKNAYAKANHALLI, 19TH DECEMBER 1891.

ORDER.—The head sluices of the river channels in the Mysore and Hassan Districts are usually closed on the 10th of January. But in this exceptional season, they should be kept open as long as may be necessary for maturing standing crops

2. A hot weather supply of water is allowed under these channels for sugar-cane crops and incidentally for manurial crops. The Deputy Commissioners should, in consultation with the Public Works Department, determine to what extent, without prejudice to the interests of the sugar-cane crops, water may be allowed for raising a quick growing dry crop of some kind: and to that extent they should encourage raiyats to cultivate dry crops. By this means the local supply of food grains and fodder for cattle will be appreciably augmented. The Deputy Commissioners and the Public Works Department will at once take the needful action to carry out the foregoing orders.

L. ANANTASWAMI RAO,
Under-Secretary.

No. 9798-803—CIR. 157, DATED BANGALORE, 12TH DECEMBER 1891.

ORDER.—The one lakh of Rupees sanctioned for advances for wells in Government Proceedings dated 29th September 1891, should be distributed as follows :—

					Rs.
Kolar District	...	...	..	...	30,000
Tumkur do	...	...	...	...	30,000
Chitaldroog District	...	...	...	....	40,000

2. A further allotment of Rs. 30,000 for Bangalore is now sanctioned.

3. Mr. B. G. Krishnaiengar after completing his work in Chitaldroog is requested to go to Tumkur as soon as possible and commence his work in that District, meanwhile placing himself in communication with the Amildars of the Taluks for any preliminary arrangements that may be necessary for the admission of the applications for advances and inspection of localities.

4. As it would be sometime before Mr. Krishnaiengar can go to Kolar and Bangalore, the Deputy Commissioner of Bangalore is requested to entrust the work of granting advances in his District under the Rules already issued to the Probationary Assistant Mr. Kumaraswami Naik and see that the work of receiving applications and granting advances is pushed on vigorously. Mr. Nanjundaiya, Sub-Judge, Bangalore, is requested to proceed at once to Kolar and report himself to the Deputy Commissioner of that District who will place him in charge of the work of advancing loans to raiyats. The Chief Judge of the Chief Court will make the necessary arrangements for the discharge of Mr. Nanjundaiya's duties as Sub-Judge till the commencement of the vacation, and report them for the approval of Government. The arrangement may be carried out in anticipation of sanction.

5. The Special Officers employed on well work should submit their diaries through their Deputy Commissioners once a week to the Government Office, Bangalore, and also a brief report of the advances made and the location in which they have been made, to the Dewan's Camp Office. If there are any points on which special orders are required, separate communications should be submitted to the Government Office, Bangalore, marked "urgent."

6. Although Special Officers have been appointed to grant loans, the Government look to the Deputy Commissioners, for the proper discharge of their work and its success, they should guide the Special Officers with their advice, and it is open to them to restrict their powers if they deem that to be necessary reporting the same to Government. As Mr. Kumaraswami Naik is comparatively new to the work, Mr. Madhava Rao is requested to bestow special attention to the work done by him and see that advances are given on a proper scrutiny of the circumstances of each case.

7. The advances must, for the present, be given in those parts only where there is scarcity of water, and some relief is urgently called for.

A. SRINIVASACHARLU,
Under-Secretary.

PART IV.

Official Papers.

READ—

Proceedings of Meetings held to consider the proposed Civil Service Scheme for Mysore.

His Highness the Maharaja, in view to meet the demands of a progressive Administration, has for sometime had under consideration the question of raising the status of the Mysore Service, and of adopting measures for securing a better type of officers than are now available for manning the higher grades of the State Service. The defects in the present system of selecting men from the lower ranks, and of promoting them by seniority have pressed themselves upon His Highness' consideration for sometime past. It was resolved that the whole question of recruiting for the Civil Service should be gone into, and such a system adopted as shall secure the best men available for the responsible posts in the Executive and Administrative Branches.

2. With this view, the Dewan drafted a scheme on the lines of the Rules for admission to the Statutory Civil Service in Madras, and submitted it for the consideration of His Highness with a recommendation that in view of the importance of the measure, the question might be considered by His Highness with the help of a Special Meeting of the Council and of some of the most experienced Officers of Government.

Bangalore, 14*th August* 1891.

By command of His Highness, the Dewan and Councillors and the other Officers as noted in the margin assembled at the Palace at Bangalore on the 14th August 1891. His Highness presided at the meeting. The draft Rules of the Dewan (Appendix I,) had been previously circulated to the Officers present. The proceedings were opened by Mr. Ricketts reading a paper of which an extract is appended. (*Vide* Appendix II.)

K. Sheshadri Iyer, Esq., C. S. I., Dewan.
P. Chentsal Rao, Esq., C. I. E., Member of Council.
T. R. A. Thumboo Chetty, Esq., Chief Judge and Member of Council.
A. Ramachandra Iyer, Esq., Judge, Chief Court.
P. N. Krishna Mu·ti, Esq., B. L., Judge, Chief Court.
L. Ricketts, Esq., Inspector General of Police and of Forests and Plantations and Director of Statistics.
Colonel J. P. Grant, Superintendent of Revenue Survey and Settlement and of Inam Settlements.

B. L. Rice, Esq., C. I. E., Director of Archæological Researches in Mysore. (Formerly Director of Public Instruction)
Major A. H. Macintire, Military Secretary to H. H. the Maharaja, and formerly of the Revenue Survey and Deputy Commissioner, Mysore Service.
V. P. Madhava Rao, Esq., B. A., Deputy Commissioner of Bangalore, and Officer on Special duty.
T. Ananda Row, Esq., B.A., Chief Secretary to the Dewan of Mysore.

2. There was a general approval of the principle of the scheme, and all present seemed to be agreed also as regards the necessity that had arisen for some such scheme being adopted.

3. A discussion then followed. Major Macintire was doubtful if the proposal to officer the higher ranks by men admitted through open competition would not seriously prejudice the officials in the service who had entered it with the expectation of rising to the higher posts. The Dewan explained that ample provision had been made

505

for the men already in the graded ranks, and, in fact, vacancies in the higher appointments for some years would have to be filled by selecting from the present graded service such men as were qualified for them. The new men would take some years to qualify for the higher posts.

4. Mr. Chentsal Rao, in commending the scheme for the approval of His Highness, dwelt on the benefit to the Mysore Administration that will result from the best men available in India being drawn into His Highness' service, and observed that, regarded as a measure that will confer lasting good on the people and redound to the glory of His Highness' rule, no better scheme could have been devised.

5. Colonel Grant was not sure if Europeans were to be debarred from competing. Mr. Chentsal Rao remarked that it would be necessary in their case to obtain the sanction of the Government of India, but this could be easily secured. His Highness observed that provision should be made for the admission of members of the families of such European Officers as had done good service to the State in the past.

6. Major Macintire inquired if the rule allowing graduates of all Indian Universities to compete would not practically exclude local men. The Dewan explained that the local men could of course compete, and should they not come at the top, they could still enter the service by nomination; that the want of some men in the service with abilities far above the average was much felt, and unless steps were taken to remedy this want, the Administration must deteriorate.

7. Colonel Graut was of opinion that to insist on candidates for the competition to be graduates in arts would exclude many qualified men, and that the examination itself was sufficiently severe to exclude incompetent men and men of indifferent education. It was agreed that some test for selection for the competition would be necessary, and it would not do to go lower than graduates, though some modification might be made in the case of European candidates.

8. Mr. Rice was of opinion that provision should be made in the Rules for physical qualification. The Dewan explained that it was intended to make such provision in the detailed Rules which have to be drafted.

9. All oxpressed themselves very strongly that liberal pay should be provided, and that existing salaries were too low.

10. Mr. Ramachandra Iyer remarked that the pay of the Munsiffs was too low to attract capable young men to the Judicial Department, and that Mysore in this respect contrasted unfavorably with Madras. He expressed a hope that the prospect which Munsiffs now have of eventually becoming Subordinate Judges may be assured to them, and that they may be kept separate from executive officers. He added that some of the new Civil Servants might with advantage learn Judicial work as Public Prosecutors.

11. His Highness then called on each individual member to give his opinion regarding the scheme. Each Officer was questioned, and one and all expressed their hearty approval of the measure.

12. His Highness was then pleased to signify his general assent to the principle of the scheme, and called on the Dewan to prepare a Draft of the Rules to bring it into effect, and to consult the Officers present regarding the same at a subsequent meeting.

13. There was some discussion on Mr. Ricketts' scheme to make the Police independent of Deputy Commissioners and Amildars. Mr. Chentsal Rao and Mr. Ricketts were in favor of a complete separation. Mr. Thumboo Chettiyar, Mr. Ramachandra Iyer, Mr. Krishna Murti and Mr. Madhava Rao thougut that such a separation was most undesirable. His Highness reserved the subject for further consideration.

14. The Proceedings closed at 4 P. M.

Bangalore, 19th September 1891.

A meeting to settle the details of the scheme was held at the Government Offices in Bangalore, on Saturday, the 19th September. The Dewan presided. The following Officers were present:—

T. R A. Thumboo Chetty, Esq.
P. Chentsal Rao, Esq.
A. Ramachandra Iyer, Esq.
P. N. Krishna Murti, Esq.
Colonel J. P. Grant.
L. Ricketts, Esq.
B. L. Rice, Esq.
and V. P. Madhava Rao, Esq.

2. Major Macintire was unable to be present owing to his absence from Bangalore, but had previously informed the Dewan that he had no observations to offer on the subject.

3. The Dewan opened the Proceedings by explaining that he feared from what had transpired at the last Meeting at the Palace, that some misapprehension had arisen regarding the prospects, of the men now in the graded service. He had drawn up a Memo which he hoped would show that their claims were not to be overlooked

appointments would have for some years to come to be drawn from the existing men. He then explained the principle on which the officers now in the service had been distributed over the different Departments, and how the prospects of the really deserving among them would not be affected by the new scheme. He then proceeded to read from his Memo the following extract:—

"The men to be admitted under the proposed "Civil Service" Scheme will be young men, likely to require several years' training before they can be expected to become useful for the higher kinds of Head-Quarter and Executive work, and it is therefore desirable to make suitable arrangements by selection from the existing staff, for immediate requirements.

Such arrangements will also afford the opportunity for disposing of the claims of the really deserving in the present service, and prevent the new Civil Service Scheme prejudicing them in any way in the future.

The Councillors and myself have already said and written a good deal pointing out the urgent necessity for suitably arranging for—

(*a*) Work in the Government Head-Quarter Office which is now twice as much as it was 10 years ago,

and (*b*) Executive work which suffers seriously from incompetent men getting by seniority to the top of the list, and really good men on small and insufficient pay having to do the hardest and most important portion of the executive work. In order to ensure that more responsible work should always go together with higher salaries, it has already been decided to form at least 4 Sub-Divisions and 2 Town Magistrateships and officer them with the best available men and to place Police Assistants in a separate list by themselves, taking them by selection from the present Assistant Commissioners' class as far as possible. The most active and qualified men being thus separately provided for, the remaining number of present Assistant Commissioners have to be employed on general duty and for Treasuries, some specially qualified men being selected for work in the Government Office."

Bearing in mind the foregoing reasons, I have drawn up a Statement No. 1 showing the distribution required for Executive District work in Revenue and other Departments; and another Statement No. 2 showing the men selected for Head-Quarter work.

Regarding Statement No. 1, I would add,—

"1stly, Four Sub-Division Officers and 2 Town Magistrates are required, the salaries of the various appointments as a permanent arrangement and for immediate adoption being as follows :—

		Permanent.	Immediate.
		Rs.	Rs.
Sagar Sub-Division..	..	700	600
French Rocks Sub-Division	..	600	600
Chikballapur Sub-Division	..	500	500
Closepet Sub-Division	..	500	500 + 100 personal allowance.
Mysore Town Magistrate	..	500	500
Bangalore Town Magistrate	..	500	400
		3,300	3,200

2ndly, Men likely to make good General Assistants often fail to qualify themselves by Examinations and cannot be invested with 1st Class Magisterial powers. It is very rare to get competent men to exercise 1st Class Magisterial powers, and the delay in disposal of criminal work, of which we hear so much, is due in a large measure to this cause. In Bombay Thasildars who are invested with 1st Class Magisterial powers get I think an allowance of Rs. 50 a month. I would give such an allowance (Rs. 50 a month) to every Assistant Commissioner on Rs. 250 provided.

(*a*) He is invested with and exercises 1st Class Magisterial powers,

and (*b*) He is employed on General duty (not merely the charge of a Treasury).

3rdly, Two General Assistants are required for Mysore, Bangalore and Shimoga, besides a temporary one for Kadur and one to each of the other 5 Districts; also an extra Assistant on General duty to be available for acting appointments. The total on General duty will thus be 12.

4thly, I would give each District Treasury an Assistant Commissioner and I would select for this work men who cannot well be entrusted with general executive duty, either

5thly, Regarding the men for Police Department I append Statement No. 3 showing the men whom Mr. Ricketts would like to have and the salaries present and prospective he proposes for his Department. I would however adopt the following scale as more suitable in every way :—

	Rs.
Superintendents, 1st Class	.. 450
Do 2nd do	.. 350
Do 3rd do	.. 300
Assistant Superintendents	.. 250
Probationers from	Rs. 100 to 200

Regarding the men to be selected, Mr. Ricketts and I have had several discussions and Statement No. 1 shows the names of men he would like to have.

* * * * *

Regarding the men required for Head-Quarter work (see Statement No. 2 appended). I am quite satisfied that it is necessary to place separate Departments under separate responsible officials, who should eventually occupy a position corresponding to that of Uncovenanted Assistants in the Madras Government Office. Six officers of this class are required.

A statement has been prepared which gives in full the details of the number of appointments in the "*Mysore Civil Service*," and sanctioned full salaries and, proposed *ad-interim* salaries. It also puts the men immediately required as Assistant Commissioners on a Schedule A, and leave the Schedule B blank for men that may enter the service under the new scheme. The Schedule A should be closed, no new admissions being hereafter permitted into it. Schedule B will contain all Probationers and Assistant Commissioners under the new Civil Service Scheme. For ordinary purposes, we require 26 officers of the Assistant Commissioners' Class, namely, 12 for General duty, 8 for Treasury duty, and 6 for the Government Office. For loans to Police, Survey and other Departments and for employment on special duty or in special appointments, we will, in addition, want always a good number of men. This number now is 12 + 4 = 16, but it may be much less hereafter, say only 8. We may safely estimate that we would always require 34 men of the position of Assistant Commissioners, besides 22 others for special higher appointments, total 56.

To fill vacancies among these 56, we have to entertain and train recruits under the new Civil Service Scheme.

4. The proposals as above, met with general approval.

5. There was some discussion as to the necessity for two General Assistants for the Bangalore, Mysore and Shimoga Districts as these Districts had been provided with Sub-Division Officers. Mr. Madhava Rao and Mr. Krishna Murti thought one was sufficient, but Mr. Ricketts and Colonel Grant were of opinion that for efficient administration it was necessary to have two. The arrangement in the scheme was accepted by the meeting.

6. Colonel Grant proposed that Kadur should also be classed as a first class District as the Deputy Commissioner had to keep open house. He would give the Kadur Deputy Commissioner also a local allowance of Rs. 200. It was decided to attach Rs. 200 allowance to this District also.

7. There was also much debate as to how the Chief Secretary should be graded, what his position should be, and whether he should not ordinarily reside at the Head-Quarters. It was finally agreed that he should be graded with Deputy Commissioners, and that whether he should reside at Bangalore be decided by the Dewan according to convenience of work, &c.

8. The question whether the pension of Rs. 6,000 per annum should have effect as regards the present officers, or only as regards those that may enter the service hereafter under the new scheme, was reserved for consideration of Government.

9. The Rules for the admission to the Statutory Civil Service in Madras and the Madras scheme of examination were then read and generally approved. The question of the proportion between appointments by competition and by nomination by His Highness then came up for discussion. Mr. Ricketts was for one man being nominated for every three admitted by competition. Mr. Thumboo Chetty would have one nominated for every two admitted by competition, in his opinion a lesser proportion would shut out many deserving Amildars and Munsiffs now in the service. The question was long debated, Mr. Chentsal Rao being of opinion that it would take all merit out of the new scheme, and tend to lower the status of the service if such a large proportion was allowed to be nominated. The sense of the meeting was in favor of one nomination to three entering by competition. The Dewan then remarked that there may be cases where men connected with Mysore families including those related to the European Officers who had done valuable service to the State had failed to come at the top of the list within the required number for the year, whom it would be a great pity to debar from

they were attached by family traditions. It would be a legitimate and commendable exercise of the powers of nomination vested to His Highness the Maharaja, if such men could be taken into the service by direct appointment by His Highness. In view to meet such cases and also to provide for an opening to distinguished members of the Amildari and Munsiffs' service, and occasionally to members of high families, he would make the nominations to stand as one for every two appointments by competition. There was also a proposal from the Dewan to keep the proportions as above suggested and to alter the ratio of admission by competition after a few years should such a step be called for. Mr. Krishna Murti was strongly for the proportion of one by nomination to three by competition being adopted once for all, and this was the opinion of the majority present.

To allow of sufficient time for candidates to appear, it was agreed that the first examination under the new scheme might be held in July next.

The Draft Rules were then discussed and the following draft adopted subject to such modification as His Highness might think fit to make.

[This draft is sanctioned and issued.]

Bangalore, 20th September 1891.

On the evening of 20th September, the Dewan and Members of Council met at his Residence to discuss the distribution of the officers now in the graded service.

The question whether the existing officers should have the benefit of the new scale of pay was considered and after much discussion, it was resolved that the matter should be decided on the merits of each case. In the majority of instances where the men did not possess exceptional merit the top rate may be arrived at by annual increments or by other arrangement which the Government may think proper. The gradation and distribution of the present officers as per list to be appended to the draft order regarding the new scheme were discussed and duly approved.

APPENDIX I.

Dewan's Memo of a scheme for improving the Executive and Judicial Service of the Mysore State.

It is no exaggeration to say that it is found impossible to fill suitably, the higher appointments of the Executive and Judicial Service by selection from among the lower ranks, and unless immediate steps are taken to admit and train properly qualified recruits, the administration will soon find itself in a position of considerable embarrassment.

2. The best remedy in my opinion is to regard *Assistant Commissioners, Sub-Judges, Sub-Division Officers, Town Magistrates, Deputy Commissioners, District Judges and Under and Chief Secretaries. as belonging to a special higher service, with status corresponding as far as possible, to the Statutory Civil Service of British India. I would call this the "*Mysore Civil Service.*"

*Including future Survey Assistants and possibly a proportion of Police Assistants also who may, with advantage to the General Service, be lent to those Departments for temporary employment therein.

3. All future admissions into this service should be only in one of two ways namely :—

1st. By means of a competitive examination of nominated candidates.
2ndly. By special selection made by His Highness the Maharaja.

(*a*) From distinguished members of the lower ranks of the Mysore Public Service, and
(*b*) From among members of high families.

Provided that the total number of men thus admitted into the Mysore Civil Service by nomination shall, at no time, *exceed one-fifth of the total number admitted into it by means of a competitive examination as above.

*I believe the proportion for nomination adopted by the Government of India for the Statutory Civil Service was one-seventh ; but in a Native State it may well be higher.

4. The competitive examination shall, in point of difficulty and range of subjects, be the same as that in British India for Statutory Civilians. The examination shall be held from time to time as required, but not more frequently than once in each year. I estimate, we want about 4 young men immediately, and about two next year, and afterwards one in each year.

5. Nomination for admission to the examination shall be made with reference to family and character. The nominated candidate shall be a graduate in Arts of some University.

6. (*a*) The candidate should not be more than 25 years old.

(*b*) But during the next two years, older candidates may be admitted if they have been in the public service or been practising as Advocates of the Chief Court, for a period [illegible] and their age next birthday.

7. The subjects for examination, the dates on, and the manner in which it is to be held, the proportion of marks required for passing and the number of Civil Servants required will all be duly notified at least three months before the examination.

8. The results of the examination will be duly published and the number required for the "Mysore Civil Service" will be selected from the top of the list of passed candidates. Persons admitted into the "Mysore Civil Service" (by means of competition or nomination under clauses 1st and 2nd of para 3) will be enrolled as "Probationers" on Rs. 200 a month. In the 1st year, they should pass 1stly an examination in equitation, and 2ndly, a service examination (unless they have already passed the Local Service examinations or the Local Revenue examination plus B. L. or other corresponding Judicial Tests, as will be more fully described in the rules to be published).

9. If they fail to pass the above examinations in the first year, they will be given a year's grace, and if they fail in the 2nd year, they will be allowed to remain in the service for another year, but upon $\frac{1}{2}$ of their salary, and if they fail to pass in the third year, then their names will be removed from the list of Probationers.

10. The Probationers, when they qualify under para 8 or 9 above, will be appointed Assistant Commissioners on Rs. 250 and they will afterwards be promoted as follows:—

(1)	From 250 to 300 ...	After one year's approved service.
(2)	From 300 to 375 ...	After a further period of 2 years' approved service.
(3)	From 375 to 400	Do do 2 years' approved service.

11. Thus a person entering the "Mysore Civil Service" as Probationer, will ordinarily attain to a salary of Rs. 450 in six years. Promotion thence forward will be according to vacancies and on ground of merit. Among higher appointments thus available to the Civil Servants admitted under this scheme as well as to those already in the service, there will be the following for the present:—

No.		
4	Sub-Division Officers	Rs. 500 to 700.
2	Sub-Judges	
1	Registrar, Chief Court	
1	Under-Secretary	
2	Town Magistrates	
7	Deputy Commissioners...	Rs. 800 to Rs. 1,400. To rise to 1,000 by service; to 1,200 according to vacancies and to the higher classes by appointment to the Special Districts to which they may be attached. [For details, see para 17.]
3	District Judges	
1	Chief Secretary	

12. In the case of men already in the Public Service who may enter the Mysore Civil Service either by selection under clause 2 (*a*) of para 3, or by a competitive examination under clause (*b*), para 6, they will, (if qualified in equitation and by service examination as laid down in para 8 above) be given a salary next higher to the one previously drawn by them in the Public Service, and given a corresponding rank in the list of Mysore Civil Servants. All others will begin on Rs. 200 as Probationers.

[*N. B.*—Such cases will be very rare and this para may perhaps be omitted altogether.

The old and new Civil Servants will form the Mysore Civil Service *vide* para 17. Men outside that service such as School Masters, who may hereafter enter it can well begin on the minimum salary of Rs. 200 and rise like the others. The point is worthy of consideration.]

13. The first competitive examination under this scheme will be held in December 1891. Nomination for admission to the examination will be completed in September 1891.

14. The Assistant Commissioners admitted to the "Mysore Civil Service" under this scheme will be placed on a list separate from the present officers of the corresponding grade.

15. The present maximum limit of pension for uncovenanted servants is Rs. 5,000 per annum. For the Mysore Civil Service, it may be increased to Rs. 6,000 as for the British Statutory Service.

16. The present sanctioned scale of Assistant Commissioners in the higher classes is as follows:—

No.	
3	in 1st Class on Rs. 500,
6	in 2nd Class on Rs. 400,
8	in 3rd Class on Rs. 300,

and this scale (slightly reduced perhaps?) may continue to be maintained as far as necessary, for purposes of promotion by vacancies as at present, of such of the present Assistant Commissioners as may be qualified by prescribed service examinations and be otherwise deserving of promotion as Assistant Commissioners.

17. If the scheme described in the foregoing paragraphs be adopted, the "Mysore Civil Service" will (exclusive of special higher appointments) consist of the following Officers:—

[*N. B.*—I have omitted the Comptroller, for it would be desirable to secure for it always a special officer qualified by a financial examination such as that prescribed for the higher Financial appointments of the Government of India.]

1 Chief Secretary. Rs. 1,000 to Rs. 1,200 by annual increments of Rs. 50.

1 Deputy Commissioner on Rs. 1,200.
6 Deputy Commissioners to rise from Rs. 800 to Rs. 1,000 by annual increments of Rs. 50.

The Districts of Mysore, Bangalore and Shimoga to be 1st Class Districts, the Deputy Commissioners of which should have Rs. 1,400 each. Effect is best given to the higher scale by regarding Rs. 200 as personal allowances to Deputy Commissioners in charge of these Districts for the time being.

1 District Judge on Rs. 1,200.
2 District Judges to rise, from Rs. 800 to Rs. 1,000 by annual increments of Rs. 50.

Shimoga District to be regarded as 1st Class, to the District Judge of which a special salary of Rs. 1,400 may be attached; the increase of Rs. 200 is best treated as allowance as in the case of Deputy Commissioners.

The maximum salaries shown against these appointments are reached only be given as men whom His Highness considers deserving of them become available.

1	1st Class Sub-Division Officer...	...Sagar	...Rs.	700	*Vide* Note against para 16.
1	2nd Class Do do ...	...French Rocks	... „	600	
2	3rd Class Do do ...	Chikballapur, Closepet		500 each.	
3	Sub-Judges including Registrar, Chief Court.	1 on ...	...Rs.	600	Do.
		2 on ...	... „	500 each.	

1 Under-Secretary. Rs. 500 to Rs. 600 by annual increments of Rs. 50.
2 Town Magistrates for Bangalore and Mysore at Rs. 500 each to rise to Rs. 600 by annual increments of Rs. 50. ... ... Do.

Schedule A.

Assistant Commissionerships to be gradually abolished.

2 on Rs. 500
4 on Rs. 400
6 on Rs. 300
—on Rs. 250. (There will be no new appointments hereafter on Rs. 250 in this Schedule).

Schedule B.

Assistant Commissionerships under new scheme.

	Rs.
5 years' standing	450
3 Do	375
1 Do	300
Newly appointed Assistant Commissioners	250
Probationers	200

18. The number of Assistant Commissioners of Schedule A and B have to be fixed with reference to requirements of the General, Executive and Judicial Service, Head-Quarter Offices and loans to the Survey and Police Departments. Their aggregate cost will not be much more than at present, but it is not capable of definite ascertainment now. But the maximum cost of the higher appointments under present sanctioned scale and the proposed scheme may be compared as follows:—

Maximum monthly cost under present sanctioned scale.

No.		Rs.	
1	Chief Secretary ...	1,200	Orders of 29th August 1890.
7	Deputy Commissioners—		
	1 1st Class ...	1,200	
	1 2nd do ...	1,000	
	5 3rd do on 800 ...	4,000	
3	District Judges—		
	1 on Rs. ...	1,200	
	1 do ...	1,000	
	1 do ...	800	
3	Assistant Commissioners, 1st Class—		
	3 on Rs. 500	1,500	
3	Sub-Judges and Registrar, Chief Court—		
	1 on Rs. 600	600	
	2 on Rs. 500	1,000	
1	Under-Secretary	600	
1	Town Magistrate, Bangalore ...	600	
19	Maximum cost ...	Rs. 14,700	

Maximum monthly cost under the proposed scheme.

No.		Rs.
1	Chief Secretary ...	1,200
7	Deputy Commissioners—	
	3 on Rs. 1,400 ...	4,200
	1 on Rs. 1,200 ...	1,200
	3 on Rs. 1,000 ...	3,000
3	District Judges—	
	1 on Rs. 1,400 ...	1,400
	1 on Rs. 1,200 ...	1,200
	1 on Rs. 1,000 ...	1,000
4	Sub-Division Officers—	
	1 on Rs. 700 ...	700
	1 on Rs. 600 ...	600
	2 on Rs. 500 ...	1,000
3	Sub-Judges and Registrar, Chief Court—	
	1 on Rs. 600 ...	600
	2 on Rs. 500 ...	1,000
1	Under-Secretary ...	600
2	Town Magistrates at Rs. 600	1,200
21	Maximum cost ...	Rs. 18,900

The increase of cost per month is Rs. 4,200 and of

No. 2.	... ...		Rs.
(*a*)	Improvement of Deputy Commissioners' pay costs	...	2,200
(*b*)	Do District Judges	...	600
(*c*)	Do Sub-Division Officers' pay and increase of number to 4 against 3 1st Class Assistant Commissioners' costs...		800
(*d*)	A separate Town Magistrate for Mysore as for Bangalore	...	600

In the foregoing calculations, the maximum pay is taken into account. This maximum of course will not be reached for several years to come.

19. If the foregoing proposals are approved, they can readily be put into the form of a few simple rules.

20. I beg respectfully to suggest that His Highness may be pleased to call a special meeting of the Council and of Officers of experience to wait upon him and submit their opinions in person, on the foregoing scheme, as well as upon Mr. Ricketts' scheme for the Revision of the Police Department, before coming to a definite decision upon these most important questions.

K. SHESHADRI IYER,
Dewan.

Bangalore, 7th August 1891.

APPENDIX II.

Extract from a paper read by Mr. Ricketts at the Meeting of 11th August 1891.

1. I agree with the Dewan in every word he has said in his preamble to the scheme regarding the serious administrative crisis towards which we are drifting. The situation has indeed become grave and some drastic reforms are necessary to raise the tone of the service and inculcate a proper sense of duty and a religious performance of work. * * * * * * * *

2. The present Assistant Commissioners have, as a rule forfeited, in many respects, all claims to consideration; an earnest sense of duty and zeal and promptitude in the discharge of their functions are utterly wanting in most of them. I have not had opportunities of judging of their Revenue Work, but in their Magisterial work I can conscientiously and strongly condemn a large number of them with whose work I have had to come in contact. Delays in even serious cases have become common. * * * * * * * * Decadence of Magisterial work is gettieng more and more general. The regular Magistrates try to do as little criminal work as possible and shunt their own legitimate duties on Munsiff Magistrates encumbered with other work. I would welcome Magistrates who would zealously and earnestly watch the conduct of investigations by the Police and expose their misdeeds, but such indeed are very rare; and how many Assistant Commissioner-Magistrates are there now who make full and adequate inquiries into cases before them independent of what the Police put forward! They are ready enough to throw the responsibility of failure on the Police, but they seldom use their best energies to arrive at the truth. The standard of service has been steadily deteriorating. It is difficult to say where we shall land unless immediate remedies are applied.

3. These evils are the creation partly of the system under which the rule of promotion by seniority has been observed more or less strictly and which pushes forward inferior men, who managed to get into the service, to the forefront where their inequality to their responsible duties becomes conspicuous and partly because the present Commission is recruited too much from the rank and file who have acquired many bad habits as Taluk Gumastas, Sheristadars, Amildars, &c. Let the rule of promotion by seniority be set aside whenever indisputable merit is available. Let the incompetent or prorastinating Magistrate be deprived of his Magisterial powers when found wanting, then every one of our officers will strive to secure a reputation for a high standard of efficiency to the great advantage of the public service. I am therefore in hearty accord with the scheme now placed before His Highness the Maharaja. There is one drawback in the proposals which may be easily remedied. There are about 80 or 90 Munsiffs and Amildars who constitute or ought to constitute the back-bone of the administration. Their total exclusion from the Mysore Civil Service will create a stagnation which may be prejudicial to the administrative fabric. The selection of one officer, out of the total number of 5, and that this selection again should be from among the high families and a large number of the members of the subordinate grades, means very rare promotion among Amildars and Munsiffs. There are some good Munsiffs and a few good Amildars whose exclusion would be a disadvantage to the service. It would be hard on men who have entered these branches of the service in the expectation of advancement into the graded ranks. In Madras the grades of Deputy Collectors and Sub-Judges are open to Amildars and Munsiffs. Mysore, under the scheme, will have nothing corresponding. Rather than consign the Amildar's and Munsiff's grades to stagnation, we may select for those offices, or a certain percentage of those officers, only men with certain educational status. I would then limit the proportion of competition men as follows:—

Out of every four officers to be appointed for the Mysore Civil Service, two should be selected by competition and two should be nominated by His Highness the Maharaja from among the best Munsiffs and Amildars and from high families upon their passing the Local Service Examination, Civil, Criminal and Revenue branches. This limitation is only necessary for a few years, as I am entirely opposed to the idea that the posts of Amildars and Munsiffs are good training grounds for admission into the graded or commissioned ranks of the service. As education spreads, the proportion of nominations may be reduced gradually till competition becomes the rule. The selection of candidates for competition will, I presume, be made by His Highness and we cannot stop at the Civil Service alone. The Police, Forest and Public Works Departments must follow suit and on the same principle of nomination and competition added to direct nominations or patronage of the Maharaja. Turning to the details of the scheme, the following remarks [illegible] themselves. The men selected for competition should also be of fair physique

examination referred to should include Kanarese high and low standards in the case of foreigners. It appears that Rs. 5,000 is sufficiently liberal pension. The emoluments of the Chief Secretary should be the same as First Class Deputy Commissioner including personal allowance of Rs. 200. Although not immediately connected with this subject, I would strongly advocate that, in the grades of Amildars and Munsiffs and the lower classes of officials, the percentage of different castes or classes should be fixed by rule which should be invariably adhered to. The present and over increasing one-sided feature in these grades in which other classes than Brahmins are not adequately represented must occasion dissatisfaction among them which it is sound policy to prevent.

Lastly I beg to add that I am glad of this opportunity for giving my views. We are all interested in the subject. To the Maharaja it is a dynastic question. To us, the servants of the State, it is also one of great importance to be associated with a service which promises to be what it should be according to European lights and standard, whereas in the present mixture of good, bad, indifferent, dishonest, &c., there is much to be ashamed of.

* * * * *

I would, at the same time, deprecate any change which may have the effect of greatly lowering the status of the Police Service. If separation is to stamp the grades of Police Superintendents with marked inferiority to their comrades in the Revenue and Judicial line, better have no separation at all. If the Police service should be looked down upon, none but the lowest classes of men will seek it. My proposals are distinctly meant to raise rather than lower their status. In order that the higher grades in the Police Service may be improved in tone, I think it would be necessary that Police Superintendents of the highest grade should take rank with competition men of 5 years' standing and that to the former, as well as to the latter, the grades of Sub-Division Officers and other prizes of the Service should be open in recognition of special ability. Inspectors and others of exceptional Police ability may, in spite of inferior educational qualifications, be rewarded with an Assistant Superintendentship, but not to be promoted to the grade of Superintendents. None but those who are worthy of being admitted to the ranks of Sub-Division Officers, &c., need be advanced Superintendents.

* * * *

CAMP NO. 407—22, DATED MYSORE, 1ST NOVEMBER 1891.

ORDER THEREON.—Difficulties having been experienced in suitably filling the higher appointments of the Executive and Judicial Services in Mysore, entirely by selection from the lower ranks as these are at present constituted, and it being necessary to secure and train properly qualified recruits, and improve the status of the higher grades of the service, His Highness the Maharaja has resolved to constitute a special higher service to be called the Mysore Civil Service as explained below :—

I. The following offices shall constitute the Mysore Civil Service :—

Assistant Commissioners including those attached to the Government Head Office for work therein as well as those who may be lent to the Survey, Police, or other Departments ;
Sub-Division Officers (Revenue) ;
Town Magistrates ;
Deputy Commissioners ;
Sub-Judges and Registrar of the Chief Court ;
District Judges ;
Under-Secretary ; and
Chief Secretary.

II. All future admissions into the Mysore Civil Service shall be only in one of two ways, *viz* :—

1st, By success at a competitive examination of nominated candidates ;
or 2ndly, By special selection made by His Highness the Maharaja

(*a*) from distinguished members of the lower ranks of the Mysore Public Service,
(*b*) or on family or other considerations.

Provided that the total number of men thus admitted into the Mysore Civil Service by special selection will not exceed the number admitted into it by means of a Competitive Examination under the first head.

III. Both in point of severity of the tests applied, and range of subjects, the Competitive Examination shall be similar to that adopted for the Statutory Civil Service in British India. It shall be held once in one or two years as may

quired. The subjects for Examination, the dates on, and the manner in, which it is to be held, the proportion of marks required for passing and the number of Civil Servants proposed to be selected for the Mysore Civil Service, will be duly notified at least 4 months before the Examination.

IV. Candidates for the Competitive Examination must be under 25 years of age on the date of Examination and must have graduated in Arts in an Indian University.

V. Candidates who fulfil these conditions and who are desirous to compete shall send in their names with evidence of age and qualifications and information as to their place of birth, caste and family and means, and also with certificates of character and conduct, to the Chief Secretary to Government, not later than a date to be fixed. From these candidates and from such members of the families of European Mysore Officers as His Highness the Maharaja, with the previous sanction of the Government of India, may consider fit, selections will be made by His Highness, and the names of those selected will be notified in the Official Gazette. Within a month of such notification, the selected candidates shall present themselves before a Medical Board at a place and on a date to be notified by Government. It will be an instruction to this Board to reject all candidates not possessed of a good physical organization, and not especially fitted for the active duties of an Executive Officer. The candidates passed by the Board will then be eligible for the Examination.

VI. The first Examination under the Scheme will be held in July 1892.

VII. During the next two years, candidates more than 25 years old will be allowed to compete, if they have been in the public Service of Mysore or been practising as Advocates of the Chief Court, Mysore, from or before their 25th year.

VIII. The results of the Examination will be duly published, and the number required for the Mysore Civil Service will be selected from the top of the list of candidates declared to have passed a satisfactory Examination.

IX. Persons admitted into the Mysore Civil Service under para II above will be enrolled as Probationary Assistant Commissioners on Rs. 200 a month. In the first year they shall pass,

1st, an Examination in Equitation ;

2ndly, a Departmental Service Examination according to rules in force for the time being ;

3rdly, such of them as have not taken Kanarese as the optional language in the B. A., the prescribed standard in that language.

A Probationer failing to pass in the first year, will be allowed a further year's grace. Failing to pass in the 2nd year also, he will be allowed to remain another year in the service, but upon half his salary, *viz.*, Rs. 100. Failing to pass in the third year also, his name will be removed from the list of Probationary Assistant Commissioners.

X. On becoming fully qualified as above, a Probationer will be appointed an Assistant Commissioner of the 4th Grade on Rs. 250, and afterwards rise according to the scale given below :—

To Assistant Commissioner, 3rd Grade, on Rs. 300.	After one year's approved service in the 4th Grade.
To Assistant Commissioner, 2nd Grade on Rs. 375.	After two years' approved service in the 3rd Grade.
To Assistant Commissioner, 1st Grade, on Rs. 450.	After two years' approved service in the 2nd Grade.

Promotions thence forward will be according to vacancies and on the ground of merit.

514.

XI. The higher appointments available for them are :—

4 Sub-Division Officers (Revenue).

Salaries as below :—

			Rs.
Sagar	...	...	700
French Rocks	...	...	600
Chikballapur	...	...	500
Closepet	...	...	500

2 Town Magistrates.

3 on Rs. 1,000 ... ... } Mysore, Bangalore, Shimoga and Kadur Districts,
3 on Rs. 700 rising to Rs. 800 .. } and the Chief Secretary.

2 Sub-Judges and 1 Registrar, Chief Court.

1—1st Class on Rs. 600.
2—2nd Class on Rs. 400 rising to Rs. 500.

3 District Judges.

1 on Rs. 1,200 ... ... } with a local allowance of Rs. 150 besides, for
1 on Rs. 1,000 ... . } Shimoga.
1 on Rs. 700 rising to Rs. 800 ... }

Under Secretary.

1 on Rs. 500 rising to Rs. 600.

XII. The Mysore Civil Service shall consist of—

(*a*) the officers holding, for the time being, the appointments enumerated in the preceding paragraph XI,

and (*b*) Assistant Commissioners and Probationary Assistant Commissioners, those already in the service being placed on a Schedule A and those to be entertained under the scheme now sanctioned on a Schedule B.

XIII. In regard to present officers holding the appointments specified in para XI, the Government reserves for future consideration the question whether they shall have the salaries attached to the appointments at once, or whether the same shall be given by increments or otherwise.

XIV. Appointments specified in para XI will be made by selection from the Schedules A and B according to merit.

XV. The maximum limit of a pension of half of average emoluments for officers of the Mysore Civil Service will be Rs. 6,000 per annum, after an active service of not less than 30 years.

READ THE FOLLOWING LETTERS :—

From the Inspector General of Police in Mysore, To the Chief Secretary to the Government of Mysore, No. 2919—371, dated Bangalore, 30th March 1891.

I have the honor to submit, for the consideration of Government, the great necessity for removing the existing anomalous conditions, under which the Police Department has been laboring and the evils of which are, year after year, becoming more apparent. It may be within the recollection of the Dewan that, I have been urging this question for his consideration for some time past. The drawbacks of the present system are so grave that, in view to increased efficiency of this Department, I feel it my duty to place the matter before Government without further loss of time. Many years' close acquaintance with the Police Administration, confirmed by the intimate experience of the past 5 years at the head of the Department, lead me to the conclusion that, if sustained good work is to be looked forward to, the present system must be changed and that at the earliest possible opportunity. I do not propose on the present occasion to dwell on the vital importance of reorganizing the Village Police which, must be the basis and foundation of every satisfactory Police system in this country or, to urge immediately the expediency of improving the status of the present station house officers and of vesting them with higher functions and responsibilities, or the other equally important question of constituting a well trained special detective establishment to supplement the ordinary Police Force. These wide questions will be dealt with hereafter. I shall on this occasion confine myself to those shortcomings which, directly exercise an unfavorable influence on the present system of Police Administration.

2. The first point that I have to place before the Government for consideration is the undefined nature of the dual control involved in the present system under which the Administrative and Magisterial Heads of the Taluk and the District are also responsible for the efficiency of their respective Police. Deputy Commissioners are so heavily encumbered with other work that as a rule it is hopeless to expect them to exercise any but a general control, and, while an honest and zealous Amildar finds himself unequal to the very large addition in the shape of Police work, an Amildar, unlike the one above referred to, is not at a loss to find opportunities of evading his responsibility. Amildars also being above my power of punishment, I find myself at times in a delicate position when the work of my Department suffers from the incapacity or unwillingness of an Amildar, it being difficult to apportion blame between the Amildar and the Inspector. As between the Deputy Commissioner and his Police Assistant Commissioner, I propose defining their powers and responsibilities in the following manner. The Deputy Commissioners should not interfere except on appeal, with the powers of punishment, appointment and promotion of subordinates conferred in Dewan's Proceedings No. 107—2, dated 6th May 1885, and that their connection with the appointment and punishment of Jamadars and of the officials of the District Police Office establishment should be confined to that of vetoing objectionable nominations and punishments. I have reason to believe that, the practice at present is not uniform in these respects and in some instances there is, on the part of Deputy Commissioners, a degree of interference too minute to be conducive to the strict maintenance of those indispensable relations of subordinate and superior which ought to subsist between the lower grades and the Police Assistant Commissioners who are held answerable for bad work and to whom the subordinates should look to for rewards and punishments. In the matter of detection and investigation, I am afraid some Deputy Commissioners do not enter with zest into the history of important cases or afford the Police real and useful guidance. Their interference in cases is too often ineffective. They ought to give Police Assistant Commissioners very large discretion, holding them responsible for good work and reporting them for bad work; at the same time, if there is any instance of gross failure, Deputy Commissioners ought not to hesitate to take the direction of detection under their personal guidance, setting aside Police Assistants when necessary. In short, they should be the Heads of the Police more than in name, and their interference less frequent and more effective and decisive than now. Under the present system, their power for interference is unlimited, and yet they often hold their Police Assistants responsible for miscarriage. The principle which ought to govern the policy of Deputy Commissioners is non-interference, careful watching and decisive personal action when necessary. In thus requiring Deputy Commissioners to afford Police Assistant Commissioners a large measure of freedom of action and in giving them also power to set aside Police Assistant Commissioners in extreme cases, we will be, on the one hand, vesting in Deputy Commissioners a real share of responsibility and on the other, awakening in the minds of Police Assistant Commissioners a sense of the risk of being set aside for negligence. In this connection, I beg to invite attention to my remarks in the introductory portion of the Police Administration Report for 1887 as per copy appended.

3. Similarly, Amildars should not be permitted to evade responsibility by holding up the Inspector for blame. When an Amildar finds that an Inspector or Jamadar is not doing his duty, he must unhesitatingly take up the investigation of cases, submitting Special Diaries himself and setting aside the subordinate officer if need be. Cases actually investigated by Amildars are few. In the majority of instances they rest content with issuing instructions and take no more active part. That was not intended in the late Chief Commissioner's Proceedings of 1880; nor is it conducive to efficient administration. Each Officer, Amildar or Inspector, should be held individually responsible for each case investigated by him. It would certainly be an advantage if the relative responsibilities of Amildars and Inspectors should be thus clearly defined and stated.

4. I now come to another point of, by no means subordinate importance, concerning a very serious anomaly the removal of which is urgently called for. There is as things stand too much facility for Officers changing from the Police to the General Department. There is a tendency to use the Police Department as a stepping-stone for promotion and getting away from it as soon as that promotion is assured. An Assistant Commissioner employed in the Police Department has only to prove his incapacity or unwillingness for the difficult work of this service, to get out of my hands. I leave it to Government to consider whether, under such circumstances on this Department is likely to be attractive to the efficient and what sort of control I can exercise over the non-efficient. This system of transfer has had a bad effect on the Department. Frequent transfers impair efficiency by the consequent loss of local knowledge and influence. Unless there is a separate service in which Officers must sink or float according to their qualifications and exertions, this undesirable state of things must continue. Intolerance of control or discipline, unwillingness to master the intricacies of the work, shirking out-door work, indifference to reprimands and bad work, are the inevitable consequences of this system. The evils are so obvious that I shall not take up time in dilating upon them.

5. If separate grading of Police Assistant Commissioners which, the interests of the service so urgently demand, be decided upon, I have to urge the kindred question of pay for consideration. The difficult and onerous character of the work is well known. The Public Works, the Survey, the Forest and even the Revenue and Judicial Departments have comparatively light work, involving less anxiety, less temptation and less responsibility, considerations which ought

in some respects to influence the amount of remuneration. Of all Departments of Government, that which presents the greatest difficulties, risks and temptations is the Police Department. A Police Officer has to ferret out evidence, appreciate its value and learn how to properly unfold it before the Judge or Magistrate. He must be well versed in human motives and character, observant and yet reticent and still when he has done his best and really called into play much skill and judgment, he must be prepared at times to see his cases collapse from various causes. Further the Police Officer must be ready in resource and quick in action : failure of such times, especially if leading to disastrous results, often means disgrace if not ruin—whilst success should imply credit and with it tangible rewards, but which are not available at present. In cholera and small-pox epidemics and the like, the services of Police Officers are much in request, and I can say unhesitatingly that as a rule on such occasions, they cheerfully and readily come to the front. The Police Assistant Commissioner, moreover, has to make large sacrifices of personal comforts. He is liable to be called out at any moment and at all hours, and required to undertake long journeys upon the shortest notice. The question, however, is not only one of fair pay, but of the retention of trained hands in the same line where they first gained their experience.

6. In grading Police Assistant Commissioners, I would propose to deal with the existing men under two divisions ; the first to consist of Officers who will be borne on the general gradation of Assistant Commissioners temporarily lent to the Police Department and the second of purely Police Officers. The former upon approved service may, at any time, be allowed the option of reverting to the general line, while the latter should be permanently attached to the Police service, exceptional good work or merit being specially rewarded by transfer or promotion to the general ranks. I propose two grades of Police Officers. Superintendents and Assistant Superintendents of Police, with a Probationer fully trained and ready to relieve Assistant Superintendents on leave or otherwise absent, till it should fall to his turn to be appointed as an Assistant Superintendent. I submit a scale of pay which may be sanctioned but need not be given effect to in full and which may gradually, under sanction of His Highness' Government, be filled up according to good work.

Police Superintendents	..	2	on Rs. 550
Do	..	2	„ 450
Assistant Superintendents	..	3	„ 350
Do	..	4	„ 300

Probationer ranging from Rs. 100 to Rs. 200.

The Superintendents and Assistant Superintendents will be distributed as follows :—

1	Inspector General's Office.
8	Districts.
1	French Rocks Sub-Division.
1	Railway Police.
11	

It will be seen that in thus fixing the scale I propose that Police Superintendents and Assistants should, while serving in the Police Department, get a higher scale of pay than their equal grades in the Revenue Department. The permanent scale being thus decided upon and fixed, I would propose arranging the existing Officers under the following scale which may be given effect to at once :—

2	Superintendents of Police	on Rs.	450
2	Assistant Superintendents	„	350
3	Do Superintendents	„	300
4	Do Superintendents	„	250
1	Probationer	„	100 to 200

If the scale is approved, I shall submit a further nominal list for sanction.

7. As an encouragement to deserving Inspectors, I beg most strongly to recommend that a scale of Inspectors on Rs. 70 + 15, one for each District, may be sanctioned. The grades will be kept open till decidedly meritorious service is shown deserving of promotion. Upon the approval of this proposal, I shall submit the usual proposition statement for sanction.

8. Lastly, and I trust I shall not be considered as asking for too much, I would beg the favor that hereafter when an Inspector by approved service is selected for the post of Amildar, he may be promoted to that grade and then seconded and allowed to remain in the Police. It will not be necessary to always adhere to this principle but it will be advisable at times. In fact I know now of an able Inspector whose promotion to Amildar would be a great loss unless he were allowed to remain on in the Police.

From the Inspector General of Police in Mysore, To the Chief Secretary to the Government of Mysore, No. 194—26, dated Bangalore, 18th April 1891.

In continuation of this Office letter No. 2919—371, dated 30th ultimo, I have the honor to submit, for consideration a few additional observations mainly bearing upon the drawback of the dual control of the District Police under the Police Assistant Commissioners and Deputy Commissioner. As it is not my intention in this communication to enter into individual particulars, I refrain from citing instances, of which I can quote many, if the Government wish to be placed in possession of the same. The drawback I refer to is day by day shown to be more and more injurious to Police Administration and, there is an urgent need for some remedy which is my reason and apology for bringing this matter again to notice.

2. The first of the evils of the dual control is the long and almost paralysing delays on the part of Deputy Commissioners in responding to requisitions from me. Even references from the Dewan's Office are not attended to with that degree of promptitude which is due to orders from the Head of the Government. Petitions referred from me or the Dewan's Office containing allegations of miscarriage of justice or abuse of official authority are disregarded. References on the simplest matters require weeks and months to answer, and this chronic delay extends to even graver matters. For these delays the present system of addressing Deputy Commissioners even in cases of common routine is mainly answerable. The reference has to go to the Deputy Commissioner. In the midst of other work, presumed to be equally pressing, the Deputy Commissioner who may be in camp sends the paper to the Police Department at Head-Quarters, from whence the paper is sent on to the Police Assistant Commissioner in camp. The paper has sometimes to travel over the whole District before it reaches the Officer who is likely to furnish a complete reply to the reference. If unfortnately, a further reference to the Amildar becomes necessary, an additional cause for delay occurs. To this cause of delay have to be added others arising from indecision, want of mastery of the subject and perhaps incapacity to deal with so many varying subjects.

3. Deputy Commissioners exercise practically no control over the work of the Police and they do not lend them much material help or guidance. In my Report for 1886, I remarked "practical and regular teaching and example before a case is sent up for trial is what is wanted. Subsequent fault-finding when the case has broken down owing to incomplete investigation is comparatively but of little avail." The policy of Deputy Commissioners ought to be, as I submitted in my last communication to Government on this subject, non-interference, careful watching and decisive personal action. But the practice on the part of most Deputy Commissioners is characterised by interference more especially in matters of detail and of patronage, no watching and no personal action ; no guidance before trial or during investigation of cases, and lastly holding up Police Assistant Commissioners for ultimate failure.

4. Deputy Commissioners as a general rule, appear overwhelmed with their other work, but whether this is the result of avoidable or unavoidable causes it is not for me to say. They appear wanting in firmness in dealing with defaulting subordinates, without whose assistance Police Administration is impossible. These defects are not capable of being rectified by frequent censure or criticism, because Deputy Commissioners are high functionaries, are District Magistrates and are the Executive Heads of Districts.

5. If Deputy Commissioners would, only confine themselves to their functions as District Magistrates directing the Police in the matter of crime and never interfering in departmental details, it would be a great advantage. As it is, the subordinate Magistrates require as much supervision of their work as the Police, whose operations, the Police Assistant Commissioner, checks and guides. If Deputy Commissioners would perform their due share of Magisterial work, closely watch the trials of cases by subordinate Magistrates and, rectify unnecessary adjournments, lenient punishments and capricious acquittals and discharges, they will do far more real good than by continuing to be the Departmental Heads of the District Police. As District Magistrates, they may be held responsible for the state of crime. They may issue any instructions in regard to the detection or prevention of crime which the Police may be bound to obey. In short, their position might be one of real and positive responsibility and not as it is at present one of plenty of powers of interference without liability to blame for failures. On this subject I may appropriately quote the remarks of an able Chief Commissioner of the Central Provinces. "Magistrates" says he "are often only too ready to throw the responsibility for failure on the Police. The "Chief Com- "missioner considers that, if the Police of a District are bad and their work unsuccessful, the "officer principally responsible for this, is the Deputy Commissioner. The Deputy Commissioner "is bound to see that the Police are properly instructed, controlled and directed by the District "Superintendent and the superior native officers. He is also bound to see that the subordinate "Magistrates make full and adequate inquiries into cases before them and are not content with "merely recording the evidence the Police lay before them." A Magistrate trying or inquiring "into case must himself use every effort to arrive at the truth.

* * * * *

complete investigation and with insufficient evidence, the responsibility must be shared between him and the District Superintendent."

In this Province Deputy Commissioners do not confine themselves to their functions of District Magistrates nor do they take any active or useful part in investigations.

6. I need hardly urge that this is a state of things which calls for urgent reform. A District Magistrate of resource and capacity will be at no loss to devise means for keeping himself thoroughly acquainted with not only the state of crime of his District, but of the efficiency or otherwise of the Police Officer and his subordinates. He will issue specific instructions in particular cases which, the Police would be bound to obey. The Diaries of Police Assistant Commissioners can be submitted through him for any remarks he may have to offer in the matter of crime. Lastly, he can have a voice in the appointment of Inspectors. This is confining strictly to functions vested in them by the Code of Criminal Procedure. When Mysore was handed over to Native rule, it seemed to be a prevalent impression that the Officers of the Public Works Department would be somewhat behind hand, but subsequent experience has amply illustrated the fallacy of such idea. Would however there be the present standard of efficiency and regularity of work, if Executive and Assistant Engineers had to be addressed through Deputy Commissioners and their replies received in like manner? I think there is only one reply and that "certainly not." Divided responsibility, growing delays, discouragements, if not indifference consequent thereon added to the fear of giving offence, would tend to alter individual character and freedom of action to even the lowering of the general standard of efficiency, or if it did not come to this pass, still there would be a tendency to retrogression or decline. I therefore venture to assert that if more scope be allowed to individual responsibility and energy, an invaluable *esprit de corps* will be maintained which will ensure in the separated Police service results not less favorable than in the Public Works Department and with this decided further advantage that, in course of time there will rise to the front, some officers at least to widen the field of selections by Government for posts in Revenue and other branches of the Administration.

CAMP No. 450—60, DATED MYSORE, 1ST NOVEMBER 1891.

ORDER THEREON.—The principal questions submitted by the Inspector General of Police for the orders of Government are:—

1st. That the Police powers and duties of Deputy Commissioners should be defined in a more definite way than is the case at present, or the Deputy Commissioners should be relieved altogether of Departmental control over the Police Department;

2ndly, That the Amildars do not make efficient Heads of Taluk Police;

& 3rdly, That the Police Assistants should be graded separately by themselves as Superintendents and Assistant Superintendents of Police and should be better paid than they are at present.

2. The Government have given their best consideration to these questions and have had the advantage of discussing them personally with Mr. Ricketts.

3. Upon the 1st question, the Government are of opinion that the Deputy Commissioners should, in the interests of an efficient Police administration, continue to be the Heads of Police in their respective Districts. The policy which should regulate their interference, as enunciated by Mr. Ricketts in para 2 of his letter of 30th March 1891, is, in the opinion of the Government, very reasonable; and in supersession of the Memo appended to the late Police Secretary's Circular Order No. 107—2, dated 6th May 1885, the Government are now pleased to issue for future guidance, the Memo appended to these orders.

4. Upon the 2nd question, the Government are free to confess that Amildars as Heads of Taluk Police, have not fulfilled the expectations formed of them when in 1879-80 they were re-invested with Police functions. The Government think that the experiment of relieving them of Police duties (except of course the exercise of such control over the Police as they are entitled to exercise as Magistrates under the Code of Criminal Procedure) may perhaps be tried in 2 selected Districts, *viz.*, in one Head-Quarter District and in one Muffasil District to be selected by Mr. [illegible] however be introduced gradually as competent [illegible] charge of a

519

Taluk in the selected District, his salary may have to be raised somewhat. Should the Inspector General wish such an experiment to be introduced into any particular Taluk or Taluks, he will submit a recommendation to that effect in due course.

5. There is much force in Mr. Ricketts' remarks regarding the necessity for placing the Police Assistants in a list separate from the other Assistants, though in a small service like ours, such separation must necessarily make somewhat unequal the chances of promotion in separate Departments. The Government are however unable to agree with the Inspector General in his opinion that the Police Superintendents should be better paid than Assistant Commissioners. So long as the two classes of officers are equal in point of qualifications and general ability, the harder work of the Police Department, is no doubt some ground for better pay to the officers of that Department. But the Revenue and Magisterial service should contain the best available talent; and when this is secured, as the Government hope to be able to do, the Police Superintendents and Assistant Superintendents may well be paid salaries somewhat lower than those of Assistant Commissioners, though in themselves liberal. Under these circumstances, the Government sanction the following scale of Superintendents and Assistant Superintendents of Police and Police Probationers :—

One for each District	8	2 Superintendents of the 1st Class on Rs. 450 each.
For French Rocks Sub-Division ...	1	3 Superintendents of the 2nd Class on Rs. 350 each.
For Railway Police	1	3 Assistant Superintendents of the 1st Class on Rs. 300 each.
For Office	1	3 Assistant Superintendents of the 2nd Class on Rs. 250 each.
Total...	11	2 Police Probationers from Rs. 100 rising to Rs. 200.
Police Probationers to be available for acting appointments of Assistant Superintendents of Police	2	
Grand Total...	13	13

The maximum monthly cost of the scale now sanctioned will be Rs. 4,000.

6. The scale as above will, as regards the number in each grade, not be immediately adopted. Under such circumstances, the following appointments in the Police Department are directed :—

1. Mr. K. P. Puttanna Chetty, Assistant Commissioner, 3rd Class.	To be Superintendent of Police, 1st Class.
2. Mr. Dalavayi Devaraj Ars, Assistant Commissioner, 3rd Class. 3. Mr. J. W. Knight, Assistant Commissioner, 4th Class. 4. Mr. H. Ramanujaiengar, Assistant Commissioner, 4th Class. 5. Mr. P. R. W. Wethorall, Assistant Commissioner, 4th Class.	To be Superintendents of Police, 2nd Class.
6. Mr. V. N. Gopalaiengar, Assistant Commissioner, 4th Class. 7. Mr. C. Haudin, Assistant Commissioner, 4th Class. 8. Mr. M. Chengaiya Chetty, Assistant Commissioner, 4th Class. 9. Mr. G. Dunning, Assistant Commissioner, 4th Class. 10. Mr. M. Nanjaraj Ars, Assistant Commissioner, 4th Class. 11. Mr. Mir Kamaluddin Ali Khan, Assistant Commissioner, 4th Class.	To be Assistant Superintendents of Police, 2nd Class.
12. Mr. Devaraj Ars, Revenue Probationer. 13. Abdul Rahim Mekri, B. A., Deputy Amildar.	To be Probationary Assistant Superintendents of Police.

7. The names of the above mentioned 11 Superintendents and Assistant Superintendents of Police will be retained on the Assistant Commissioners' list, notwithstanding their appointment as above, in order to draw attention to the fact that they are available in the future for appointments higher than those of Assistant Commissioners in the general service, but till so promoted [illegible] own Department [illegible]

by passing the examinations prescribed for Assistant Commissioners under the rules in force for the time being, their relative positions in the Assistant Commissioners, list will be maintained ; but the names of such as fail to qualify themselves within the next three years will be removed from the list of Assistant Commissioners' without further notice, and they will not be eligible for promotion to the higher appointments of the general service.

8. Mr. B. Sitaramaiya, at present in charge of the Police of the Shimoga District, will revert as Amildar.

9. Mr. Syed Udin (Head-Quarter Inspector), in charge of the Chitaldroog Police, will report himself to the Inspector General of Police, for employment as Special Detective officer on Rs. 200 a month.

MEMO.

In supersession of the Memo published with Circular Order No. 107—2, dated 6th May 1885, the following Memo of the powers and duties of Deputy Commissioners and Superintendents and Assistant Superintendents of Police (other than those under the Criminal Procedure Code or other law) is published hereunder for information and guidance of all concerned :—

I. Powers and duties of Superintendents and Assistant Superintendents of Police—

1. To appoint and dismiss Constables and Dafadars :-

   Appeals against such dismissals to lie to the Deputy Commissioners.

2. To nominate Jamadars and submit such nomination to the Deputy Commissioners who may veto any such nomination and require the Superintendent or Assistant Superintendent to submit a fresh nomination.

3. To receive Taluk and Head-Quarter Inspector's Diaries ; to pass orders on them and submit important Diaries to the Deputy Commissioner.

4. To hold investigations in important cases.

5. To inspect all Stations and check all Registers, or, when he is unable to go himself, to depute the Head-Quarter Inspector to do so.

6. To have entire charge of the Establishment of the District Head-Quarter Police Office attached to the Deputy Commissioner and to make all his proposals in his Diaries only.

7. To submit weekly Diaries to the Deputy Commissioner, who will forward them with his remarks and recommendations to the Inspector General of Police.

8. To send extracts of such Diaries affecting a Sub-Division to the Sub-Division Officer, who, if he has any special remarks to offer, may communicate such remarks to the Deputy Commissioner.

9. To receive and to check all special and Station-House Diaries and to pass orders on them.

II. Powers and duties of the Deputy Commissioner—

1. General supervision and ultimate responsibility in all matters connected with the Police Administration of his District.

2. To confirm or veto Police Superintendent or Assistant Superintendent's nomination of Jamadars and to entertain and dispose of appeals against dismissals of Constables and Dafadars.

3. To nominate Inspectors, submitting Police Officer's recommendation or opinion to the Inspector General of Police.

4. To issue such instructions as he may deem fit whether when sought for by the Police Superintendents or Assistant Superintendents, or not.

5. To receive first information reports in heinous cases.

6. To receive Police Superintendent or Assistant Superintendent's weekly Diaries and to submit them with his remarks to the Inspector General of Police.

7. To watch the detection of crime in his District; when the Police Superintendent or Assistant Superintendent fails satisfactorily to deal with the investigation of any important crime, to supersede him as regards such investigation and to take the same into his own hands or to depute a qualified Assistant Commissioner to make it. An Assistant Commissioner so deputed, shall exercise all the powers of an investigating Police Officer.

8. To take adequate precautions for protection of person and property and preservation of order throughout the District and generally to be responsible for the prevention of crime in his District as far as possible.

9. To report any Police Superintendent or Assistant Superintendent what is remiss or otherwise unsatisfactory in the discharge of his duty.

T. ANANDA ROW,
Chief Secretary.

Official Papers.

Season Report for the Week ending 10th October 1891.

District.	Rain-fall at—	Present week.	Corresponding week of last year.	Price of food grains in seers per Rupee; and market fluctuations in the prices of food grains.	Market how supplied.	Progress of agricultural operations, state of standing crops, prospects and probable out-turn of the harvests, serious damage done to crops by insects or other natural calamities.	Prospects of Season; tracts in which the rain-fall has been insufficient; areas affected by scarcity, number of people under relief, and state of food stocks.	Public Health.	Remarks as to the condition of agricultural stock, failure of pasturage or fodder, &c.
alore ...	Bangalore C. & M. Stn. ...	I. ... C. ...	I. ... C. ...	This week. Past week. Rice Seers. 8 Seers. 8.	Well supplied.	Standing crops much benefited by the recent showers, but rainfall of the week insufficient especially in parts of Hoskote and Devanhalli Taluks, where the standing crops are still reported to be in a backward condition. Paddy, ragi and horse-gram were sown in Nelamangala Taluk. Probable out-turn 6 to 8 annas.	Prospects of season very hopeful, if rain continues.	Good.	Water procurable. Pasturage improving.
